

Pioneer Tracksters Appear Strong

GRINNELL MEET WILL BE STIFF

Look for Real Competition When Pioneer Track Squad Comes to Lincoln for Dual Contest Saturday.

SCHULTE PREDICTS FIGHT

Nebraska Likely to Lose Many of Field Events and to Have Hard Fight to Place in Distance Runs.

"The meet will be a great one—with Grinnell stronger than she has ever been, and Nebraska struggling to hold her lead for the Missouri Valley championship there will be some wonderful performances," Coach Schulte said yesterday while speaking of the dual meet with Grinnell next Saturday. "Grinnell has the greatest dual meet team in the Valley it appears. New records are sure to be established."

The Pioneers are strong in the dashes, their sprinters, Scharnweber and Taylor are expected to capture second and third places in the 100 and Scharnweber and Jones can be counted upon to win second and third in the 220.

Kitchen, colored flash, and his team mate have equaled the best time of Crites and Scherich in the 440 and are expected to furnish strong competition in that event in the meet Saturday. Their best half mile will press Lewis and Houderschildt in the 880, having done the event in 2:00.

Grinnell's mile is one of the best men in the Valley and will press Lewis hard for first place. He beat the Nebraska entries badly at the Missouri Valley indoor meet. The Pioneers can run the two mile event in 9:55, which is better time than any of the Nebraska runners have made it in.

Weir has beaten and been beaten in the high hurdles by J. Morgan Taylor, Olympic star, in the Kansas and Drake Relays. Green, their other entry is almost as fast as Taylor. Weir is not in very good shape following his injury on a hurdle at Drake.

Taylor ranks as the second best low hurdler in the world, having run a yard behind Brookins when he made the world's record in 23 seconds. Green can run the hurdles in almost as fast time, being clocked in 24 seconds.

Grinnell can place first and second in the high jump if its entries can go over the bar at their usual heights. Taylor can go over at 5 feet 11 inches and his team mate can do 5 feet 10 inches.

The results in the broad jump will be a tossup according to present indications. Taylor and Jones of Grinnell and Mandary and Rhodes of Nebraska can all do 22 feet consistently.

Nebraska, with Wirsig, Gleason, Rhodes, and Davis, holds the edge in the pole vault. All of them can clear the bar around 12 feet, which is better than the marks made by Pioneer vaulters so far this year.

Grinnell holds the edge in the shot put according to present marks made this year. Rhinefort and Meeker have been heaving the shot 43 to 45 feet which is much farther than the Nebraska weight men have been able to do. Krimmelmeier and Molzen have been doing 41 to 42 feet 6 inches.

Rhinefort, Grinnell discus heaver, won a third at Drake with a toss of better than 138 feet. Nueher can throw the discus 135 feet in practice. These two men look good for a sure first and second unless they fail to live up to advance notices.

Rhinefort throws the javelin 170 feet consistently and the next best man can do 165. Nebraska men can do 165 feet.

The mile relay promises to be a thriller. Grinnell beat the Husker team at the Kansas Relays but Nebraska reversed the decision at Drake with Locke leading off.

Give Assignments For Managers

Sophomore basketball managers report at the Armory as indicated below:

Thursday, 4-6—Schroyer and King.
Friday, 7-9—Luikhart and Mousel.
Monday, 7-9—Larson and Schroyer.

Tuesday, 4-6—King and Luikhart.
Wednesday, 7-9—Mousel and Larson.

Thursday, 4-6—Schroyer and King.
Friday, 7-9—Luikhart and Mousel.
Report at least ten minutes before the hour indicated to take care of the equipment.

WASHINGTON UNIVERSITY—A spring festival to be given about the middle of May will take the place of the traditional May Day celebration.

The "Yellow Cab" is the name of a humorous publication at DePauw University.

440-yard dash—McMahon, time—49.8 seconds (1919).
One-half mile run—Gardner, time—1:56.6 (1923).
One mile run—Anderson, time—4:26 (1911).
Two mile run—Graff, time—9:52 (1919).
120-yard hurdles—Wright (equaled by Weir), time 15 seconds (1921) (1925).
220-yard hurdles—Crites, time—24.8 seconds (1923).
Pole vault—Gleason, distance—12 feet 3 3-4 inches (1924).
Shot put—Dale, distance—44 feet 9 1-2 inches (1921).
Javelin—Hartley, distance—189 feet 6 inches (1923).
Discus—Weller, distance—131 feet 5 1-2 inches (1921).
High jump—Turner, height—6 feet 3 inches (1924).
Broad jump—Werner, distance—23 feet (1917).

INDOOR

50-yard dash—Locke, time—5.4 seconds.
440-yard run—Crites, time—52.1 seconds.
660-yard run—Roberts, time—1:26.4.
880-yard run—Lewis, time—2:00.4.
One mile run—Lewis, time—4:34.7.
Two mile run—Zimmerman, time—10:01.
Shot put—Kriemelmier, distance—41 feet 8 inches.
High jump—Turner, height—6 feet 1-4 inch.
Pole vault—Wirsig, height—12 feet 2 1-2 inches.
Broad jump—Triba, distance—21 feet 10 inches.
High hurdles—Weir, time—6.6 seconds.
Low hurdles—Weir, time—5.9 seconds.

Three Varsity Records Are Broken at Kansas and Drake

Three Varsity records have been broken and one equaled at the Kansas Relays and the Drake Relays this year. The records broken were the one mile relay, the one-half mile relay, and Locke broke the 100-yard dash Varsity record and equaled the world's record.

Locke set a new Varsity record and equaled the world's record in the 100-yard dash at the Kansas Relays. The Husker sprinter ran the distance in 9 3-5 seconds. The former Varsity record was held by Smith, joint holder of the Missouri Valley Conference record, who made the distance in 9 4-5 seconds in 1922.

A new record was made in the one-half mile relay at the Kansas Relays when the team composed of Hein, Locke, Dailey and Scherich lowered the time to 1:27.4. This record has not been made official.

The former record was held by Smith, Layton, Noble and Lukens, who ran the event in 1:28.4 in 1922.

The mile relay team was responsible for the breaking of another broken record, formerly held by Hawkins, Smith, Layton, and Beckord, who ran the event in 3:28.8 in 1922. The Husker team composed of Locke, Captain Crites, Scherich and Dailey, lowered this record to 3:19.8 at the Drake Relays last Saturday.

Weir equaled the Varsity record in the high hurdles at the Kansas Relays. His time was 15 seconds. The other holder of the record is Wright, who set this mark in 1921.

A large crowd is expected to be in the stadium to watch the Cornhuskers in their first home meet of the season with Grinnell. Several records are expected to be made by the Huskers.

PLANNING FOR THIRD ACADEMIC CONTESTS

Winners of District Meetings to Decide State Honors Here May 9.

Plans have been made for the third annual interscholastic academic contest for Nebraska high schools, which will be held May 9 at the University. The preliminary contests for the separate districts were held on Saturday, April 25 in each of the six districts.

Uniform questions will be provided by the University for all subjects included in the average high school curriculum. Representatives from the district contests and from high schools not represented in the district contests are eligible for the state contest.

The preliminary contests were held at Kearney, Wayne, Hastings, Alma, Holdrege, McCook, Chadron, and Bridgeport. The two winners of each contest, which have not as yet been announced, will comprise half of the delegates at the state meet. Only the accredited high schools that did not enter students in the preliminary contest are eligible to send students on May 9.

The first contest of this kind was held in 1923 for eight different subjects. Since then the subjects offered have increased considerably in number. Omaha Central was the easy winner of the first contest. In 1924 the number of subjects was increased to eighteen and Omaha Central again took a majority of the medals. All questions to be asked in the contest are being prepared by faculty members of the University of Nebraska, and are to be of such a nature that only general school work will help in preparation.

The Department of Fine Arts at the University has prepared a design for the medals to be presented to the winners of the state contests. A wreath of laurels surrounds the dome of the new capitol, typical of Nebraska, upholding the torch of learning. On the reverse is the cupola of Nebraska Hall, representing scholastic endeavor. The medals are in gold, silver, and bronze.

Four students and four faculty members are to be named as a committee to discuss the control of student publication at Syracuse University. The faculty publications committee decided that the two men and two women should be chosen by the presidents of the student body and of the W. S. G. A.

Nebraska Highs Will Compete in State Meet May 9

Nebraska high school coaches are rounding the corners off their squads this week in preparation for the big event in the high school track world, the state meet on the Stadium track here May 9.

Meets this week bring almost every team into action in the final competition before the state classic staged by the University. At Scottsbluff, Mitchell, Alliance, Gering, Bayard, Bridgeport, and Sidney will run for Nebraska honors, while numerous invitational meets throughout the state make the card a large one.

Hastings college, Kearney Normal, and Nebraska Central invitational meets will bring a lot of high school talent together, and the Harlan county meet at Alma and the Tri-State meet at McCook will take care of the larger teams of the southwestern part of the state.

The Northeast Central Athletic association meet is expected to be the best of that association, and hot competition is expected.

TWENTY-SIX SIGN FOR MAT CONTEST

Extend Time for Entries Two More Days Because of Few Contestants.

Twenty-six men had signed up for the wrestling handicap meet at six o'clock yesterday evening. Dr. Clapp has decided to extend the time when entries can be made, permitting men to enter two more days. The meet probably will be held Thursday and Friday of next week, if sufficient interest is shown. Medals will be awarded to winners of each class, if at least four men are competing.

The men already entered for the meet are: 108-pound—A. W. Dunham and Smith; 115-pound—Gottman, Karrer, A. S. Dunham, and Waterman; 125-pound—DeFord, Millette, Weber, Hudson, and Huddleston; 135-pound—Kellog, Luff, Andrews, and Buck; 145-pound—Skinner, Stinner, Richardson, and Bishop; 158-pound—Lundy, and Branigan; 175-pound—Davis Johnson, Waldo, Scheeckle and Brainard.

Accounting, salesmanship, advertising, auditing, commercial engineering, banking, and teaching are jobs that take most of the graduates of the Course in Commerce, University of Wisconsin.

SPRING WORK FOR CAGERS

Off-season Work Is Introduced Here by Coach E. E. Bearg.

WILL TEACH PLAYERS OWN STYLE OF PLAY

Spring basketball practice opened for the first time in the annals of the winter sport at Nebraska when twenty-five men reported at the Armory yesterday evening. Coach E. E. Bearg, the new Husker coach for basketball, delivered a short talk to the men in which he outlined some of his plans for the coming year.

Spring practice will start immediately, the first work-out being this afternoon at 4 o'clock, and will continue for three weeks. The practices will be held from 7 to 9 o'clock on Monday, Wednesday and Friday and 4 to 6 o'clock on Tuesday and Thursday. All basketball men are urged to turn out daily for these practices.

The chief object of the spring practice is to get the men thoroughly accustomed to the style of play which the new coach will use next season. The Husker five man defense, which was rated as one of the strongest in the Valley, will remain practically the same. Slight changes will be made in floor tactics, especially on the offensive, and emphasis will be stressed on the short pass. The system in the main will be patterned after the Illinois style which was so successfully used in the Big Ten.

The men reporting for practice last night were: Goodson, Smaha, Klepser, Eckstrom, Black, Page, Beerle, Searles, Banning, Swanson, Oehrich, James, Jacobson, Decker, Petersen, McIntyre, Bernard, Cass, Grace, Egger, Chaiken, Roth, Gerelich, Norling, Lawson.

GOLD HALTS BALL SQUAD'S PRACTICE

Will Have Plenty of Work to Prepare for Games This Week-end.

The Varsity baseball squad has been forced to discontinue practice at the Rock Island Park the last two days on account of the cold rainy weather. Coach Kline is planning on a final workout this afternoon before leaving for Manhattan, Kas., where the team will meet the Kansas Aggies Friday and Saturday. Local fans will have their first chance of the season to see the Nebraska team in action when they return to meet the Iowa State squad on the Rock Island diamond Monday and Tuesday.

"Choppy" Rhodes will be busy dividing his time between the two spring sports this week-end. He will pitch the first game against the Kansas Aggies and will return to the track Saturday where his services are needed in the dual meet with Grinnell.

FRATS POSTPONE BASEBALL GAMES

Today's Schedule Brings Ten Teams Together in Second Round of Tourney.

TODAY'S FRAT SCHEDULE
Delta Sigma Delta vs. Zeta Beta Tau.
Delta Upsilon vs. Pi Kappa Alpha.
Farm House vs. Sigma Nu.
Phi Kappa vs. Phi Delta Theta.
Kappa Sigma vs. Sigma Phi Epsilon.

Ten fraternity baseball teams are slated to mix this afternoon in second round contests, after delays caused by rain and bad ground conditions. Yesterday's three games were postponed because of bad grounds, and will be played today.

Meanwhile a pair of contests originally scheduled for today will be run off if the conditions are fair. Five diamonds in Lincoln will be the scene of Greek engagements.

Delta Sigma Delta meets Zeta Beta Tau at 3:30 o'clock. The Dentist—Zeta Beta game was originally scheduled for Wednesday. The D. U. team will play Pi Kappa Alpha in a game which will bring two strong teams together.

The Farm House—Sigma Nu, postponed from Wednesday, will be played at four o'clock at the Ag college and Phi Kappa will play Phi Delta Theta on the Lincoln high school diamond. Kappa Sigma and Sigma Phi Epsilon, winners of last year's trophy, will play at 3:30 at the State Hospital.

nell. "Murph" Lang, who held the opposing teams to three hits in two games on the recent trip, will hold the mound on the second day.

The Huskers will meet a strong aggregation in the Kansas Aggie squad. With two victories over Missouri and an even split in a two-game series with Oklahoma they are leading the Valley. The Nebraska squad emerged from their last week's trip with an even break in Valley standings, having both won and lost two games.

The Husker games up to the present time are as follows:
Nebraska..... 7 Missouri..... 0
Nebraska..... 3 Missouri..... 4
Nebraska..... 3 St. Louis U..... 17
Nebraska..... 3 Washington..... 1
Nebraska..... 3 Washington..... 7

Some 78 doctor's degrees were granted by the University of Wisconsin at its latest commencement.

Thrills enough will be on schedule Saturday afternoon when the Grinnell Pioneers will try to do what hasn't been done in Valley circles for some years, and that is, defeat the Husker track men in a dual meet.

Close competition in every event and the final score promises to be close. Grinnell has one of the strongest teams in years. Forty some odd athletes will compete in this meet in comparison to the twenty-two players who line up in football games.

There will be only one other home meet of the season in which the followers of the Husker runners will be seen in action. Among the Huskers of nation fame are Locke and Weir. These two men have been the center of attraction in two of the nation's greatest relays.

Grinnell is bringing some men of prominence in the athletic world. Taylor, of the Olympic team has his name on the honor roll as a world record holder in the hurdles. His field of competition includes the two hurdle races, the high and broad jump, the two-twenty yard dash, and the quarter mile.

The triangular meet with Kansas and Kansas Aggies will be the next event on the Husker schedule. This will be held on the ninth—the same day as the High school meet. The next week will be one of rest, but the week following the Huskers meet the Kansas farmers at Manhattan and then journey to Norman, Oklahoma the week following for the Missouri Valley championship.

Every national sorority in the United States has a chapter at the University of Minnesota.
