

## FORUM WILL HEAR COLLINS

"The Basis of International Goodwill" Will Be Subject of Discussion at Wednesday Luncheon.

## ENDS YEAR'S MEETINGS

Tomorrow's Address Is Addition to Series of Military Training Speeches Closed Last Week.

"Shorty" Collins, who is in Lincoln for a series of meetings this week, will discuss "The Basis of International Goodwill" at a World Forum luncheon at the Grand hotel Wednesday noon.

It had been planned to close the World Forum's activities with the series on military training which was closed last week, but when those in charge of the Forum learned that Mr. Collins was to be in Lincoln this week it was decided to have an extra meeting.

Students are requested to purchase tickets for the luncheon before this evening so that officials may have some idea of the number who will attend. Tickets may be bought at the "Y" office in the Temple or at the Y. W. C. A. office in Ellen Smith Hall. Members of the committee who are selling tickets are also asked to report on the number of tickets sold this evening.

During the war Collins was captain of a machine gun company and saw active service in several campaigns. At the present time he is travelling secretary of the Fellowship of Youth for Peace, an organization with headquarters in New York which is attempting to coordinate the various peace movements among the youth of the world.

While speaking in the interests of this organization and its purposes during the last two or three years, Collins has probably visited as many colleges and universities in this country as any other man and he has had opportunity to study student sentiment on the war question.

Mr. Collins will speak at the Y. W. C. A. vesper service in Ellen Smith Hall this afternoon and will address a joint meeting of the Y. W. C. A. and Y. M. C. A. cabinets on Wednesday evening. It is probable that several other meetings will be scheduled for him, but ample time for interviews with students who are interested in the peace movement will be allowed on Thursday. Students who would like to meet Mr. Collins and talk with him personally should communicate with John Allison in the "Y" office in the Temple.

Mr. Collins is coming to Lincoln from a series of meetings at the University of Kansas at Lawrence.
