Nearly every student who is registered in any of the courses, whether he is in the School of Fine Arts or not, will be represented in the departmental exhibit. The display will include drawing in charcoal, pencil, ink and pastels as well as painting in oils, water-colors and tempera. Stagecraft will have its place, and some special display cases have been brought in to show the work of the ceramics, modeling, pottery and design classes.

Had Exhibits Before

The art department has had an annual exhibit for several years, but this is the first one which has been held since Mr. Dwight Kirsch and Miss Theresa Emerson have been added to the teaching staff of the art department. There will be three studies by Miss Emerson, two portraits and a Breton scene. Mr. Kirsch will be represented by some tapestries and Chinese paintings, made to look several hundred years old.

Mr. Kirsch's class in stage design has made the settings for all the University Players' productions this year. Many of the stenciled draperies, lanterns and other properties used in the plays may be examined closely. The course in stagecraft has been offered only since the beginning of this school year. Three students registered for the course the first semester, but there are now about fifteen in the class. It is given mainly for the dramatic students, in order that they may learn something about painting settings for the stage.

The modeling class, also under the direction of Mr. Kirsch, will have some interesting exhibits. There are about thirty students in this class. At the beginning of the course, they modeled from casts for the practice in using the medium. The rest of the work is original. The instructor assigns a new subject each month. One subject was, "Springtime." Another time, the students modeled heads of other members of the class.

Now, they are working on designs for outdoor sculpture, such as bird-baths and fountains.

The interior decoration class has been working from blueprints. They show the rooms, elevations, plans, and make color drawings of the decorations as they would arrange them. The fifteen students in this class have made some of the actual decorations, such as wall hangings and piano scarfs.

Illustrations for stories and poems are taken up in the class of illustration and commercial art. Posters and layouts for advertisements and even cartoons come from this versatile group. Over half of the drawings for the 1925 Cornhusker were done by the commercial art and illustration students.

The Husker tracksters will have to be running at top form to take first honors in the big triangular meet between Kansas, Kansas Aggies and Nebraska to be held here Saturday afternoon. The meet will be a real contest as it brings together several of the best men in the valley.

The condition of Locke and Ed Weir will be a big factor in determining the Huskers chances in the meet. Locke has been suffering with a cold the past week and Weir's leg, which was injured at the Drake relays, is still bothering him. Both men, however, are entered in the events and will probably be in condition for the meet.

The entries from Kansas and Kansas Aggies have been received at the athletic office of the University. The list includes two Olympic stars, Poor and Graham of Kansas, and several others of the Valley's best track men. Kaggies have entered Shaw, Foote and Knoune in the dashes. Kansas has entered Fisher, one of the fastest century men in the valley; Rooney; Wongwai, the Hawaiian "Flying Fish"; and Peters in the dashes. In the 440, Knouse, Russell, Davis and Brockway will represent the Aggies; while Rooney, Engle, Fisher, Powers and Adams are running for Kansas.

Kimpert of the Aggies is the outstanding entry in the 880-yard dash. Balzer and Salee are also entered for the Aggies in this event. Watson, Lewis, and McAdams are the Kansas men.

Balzer and Kimpert are the valley stars in the mile and two-mile events. They ran both events, with only a half-hour rest between the two races, at the Kansas meet and placed second and third, the winner being forced to do record time in both races to take first place. Grady, Pratt, Bronson, and Ernst are the milers for Kansas. Davis and Meek will run in the lows, and Roberts and Davis will run in the high hurdles for the Kansas Aggies. Graham, Roombos, Engle, and Powers are the hurdlers for Kansas.

Kansas is well represented in the field events. Poor, Graham and Ferguson all do over six feet in the high jump. Graham, Kansas captain and Olympic star, also broad jumps over twenty-three feet. The other entries in this event are Goodell and Issett. Graham and Zuber are entered in the shot put and Phillips and Goodell in the pole vault. Frunkau, Pierson, and Gartner are the Aggie entrants in the shot and Carter in the pole vault.

The meet will be one of the most interesting Valley triangular events of the season and a large crowd is expected to be on hand when the meet, which will start at 2 o'clock, will begin.

Small Fire Put Out In Bessey Hall Thursday

The shrieking sirens of three fire trucks and the chief's car broke the stillness of the campus as they sped down Twelfth street yesterday afternoon at 4:40 and came to an abrupt halt at Bessey Hall.

A student discovered dense smoke coming from a basement room in the southwest corner of Bessey Hall and immediately reported it to the janitor. The storekeeper, who was nearby, turned in the fire alarm, while the janitor made a dash through the smoke with a hand extinguisher. He found the gas meter of the building afire and made his way to the next room where he turned off the gas and prevented a serious fire.

The fire was extinguished by the firemen before any damage was done and the curious crowd of students departed.

SET DATES OF REGISTRATION

Students May Sign up for Next Year's Courses All Next Week Until Noon Saturday, May 23.

MAY GET PROGRAMS SOON

Must See Advisers and Then Leave Applications With Statement of Outside Activities with Dean of College.

Registration for the first semester of next year will take place next week until Saturday, May 23, noon. Programs of courses to be offered came off the press yesterday and will be available at the registrar's office soon. Only those students who have been registered in the University this semester are to register this spring, new students registering next fall. A late fee of three dollars will be charged all students who have not completed their registration by noon, a week from tomorrow.

Advisers will be in their offices at the hours designated on the programs for registration next week. After registration blanks have been filled out, approved and signed by the adviser, they will be left together with a statement of the outside activities of the student in the office of the dean of the college registered in. If the student registering is an undergraduate woman, she must first have her registration application approved at the office of the Dean of Women in Ellen Smith Hall.

The applications will be approved in the offices of the deans and the statement of fees checked. Fees will not be paid until September, however, but the money must be in the hands of the Bursar of the University by September 7. They may be paid either by mail or in person. All students who do not pay their fees between September 1 and 7 will also be charged a late registration fee.

A statement of fees will be mailed to each student before August 25. FINALS HELD IN WRESTLING MEET

Considerable Interest Aroused in Grapplers' Handicap Tournament.

The final matches of the handicap wrestling tournament were held yesterday afternoon. Four classes were represented in the tourney, there being no entries in the 108-pound, 115-pound, and heavyweight divisions. Considerable interest was aroused in the tournament although activities interfered with the staging of the event so late in the season. Dr. Clapp expressed himself as pleased with the outcome although there were not as many entries as would have been possible earlier in the season.

Weber won from Huddleston by scoring the only fall of the afternoon in the finals of the 125-pound class. The fall came after four minutes and ten seconds of hard grappling. Weber was handicapped three minutes and thirty seconds in his match.

In the 135-pound class Mallette won from Watterman by piling up a time advantage of five minutes and twenty-four seconds. The handicap which Mallette had to overcome was three minutes and thirty seconds.

Kellog won the final match in the 135-pound class by defeating Bishop by a time advantage. He was handicapped three minutes and thirty seconds in his match but succeeded in winning by a margin of seven minutes and nine seconds.

Brainerd won a close match from Lundy in the 175-pound class by securing a time advantage of but three minutes and forty-seven seconds. Lundy had been handicapped two minutes for the match but Brainerd stretched his advantage above this margin after a thrilling tussle.

The University of Texas was recently the scene of a class fight in which one student was seriously injured and six others were sent to the hospital.
