Will Be Distributed This Afternoon from Y. M. C. A. Office; Price Is One Dollar.

The final plans for the senior banquet at the Scottish Rite temple, on Wednesday, June 3, from 6 to 8 o'clock, are being completed. John Klevan, president of the senior class appointed the following committee chairmen to finish the arrangements: John Otley, general chairman; Frances Mentzer, menu; Richard Johnson, hall; Herbert Rathack, tickets; Helen Guthrie, toasts, and Clifford Hicks, invitations.

The tickets will go on sale this afternoon and will be one dollar apiece. The tickets will also be distributed at the fraternity and sorority houses.

The Nebraskans will furnish music during the evening, and Orville Andrews will sing. There will also be some other form of entertainment.

Wendell Berge is the toastmaster, and Chancellor S. Avery and Dan W. A. Seavey, of the Law College will give short speeches. There will also be two seniors speak. The toasts will be short so the banquet will be over by 8 o'clock as planned.

Governor Adam McMullen and the administrative officials, and heads of the departments will be guests of honor. They are: Chancellor S. Avery, Dean L. A. Sherman; Dean E. A. Burnett, Dean I. S. Cutter, Dean J. J. Keegan, Dean R. A. Lyman, Dean O. J. Ferguson, Dean J. E. LeRossignol, Dean W. A. Seavey, Dean W. E. Salock, Dean G. A. Grubb, Prof. P. H. Grummann, Prof. M. M. Fogg, Coach E. E. Bearg, Maj. Sidney Erickson, Dean Amanda Heppner, Arthur Jorgensen, and Irma Appleby.

The graduating class is having a banquet this year instead of the traditional picnic because the size of the class made it nearly impossible to provide transportation for everybody. It is thought that the banquet will leave a more lasting impression of the University, its aims, its traditions, and its administration.

M. M. FOGG, Chairman Student Publication Board. May 23, 1925.

Innocents Make Statement

"The Innocents tapping will take place Thursday morning immediately following the May Queen ceremony, instead of in the afternoon, in order to accommodate three of our men, Gleason, Crites, and Buffett, who must leave shortly after noon for the track meet at Norman, Oklahoma.

"It is fitting that a word be said relative to the requirements for membership in the Innocents Society. Each man considered must be within a year of graduation. Nobody is considered if there is any probability that he will not get his degree in the year following. The student must have attended the University of Nebraska during his sophomore and junior years.

"In selection of candidates chief consideration is given to qualities of character, leadership on the campus, participation in student activities, scholarship, and ability and willingness to work with other men. The Innocents do not aim necessarily to choose the most popular men but rather to select those who will be able to render in their senior year the most valuable service to the University.

"Although the members of the Innocents aim all year to study and observe the outstanding men of the Junior class with a view to their qualifications for Innocents membership, the electing is done by two ballots cast in one continuous meeting shortly before Ivy Day. On the first ballot the list of candidates is reduced to thirty and on the second ballot to thirteen. The ballots are cast under a system of preferential voting whereby each man voting ranks the candidates in the order of his choice and then in the tabulation the total number of choices of each candidate is divided by the total number of votes he receives. This system of voting, therefore, gives the weighted judgment of the group as a whole upon the candidates.

"It is probably understood that the President, Vice President, Secretary, Treasurer, and Sergeant at Arms are tapped in the above-named order. The remaining eight men are not tapped necessarily in the order which they were chosen.

"The Innocents of this year have made an honest effort to select for their successors the thirteen most outstanding men from next year's senior class."

REGISTRATION BEGINS JUNE 8

May Enroll for First Term of Summer Session at the Armory Monday.

CLASSES WILL BEGIN ON TUESDAY, JUNE 9

The registration for the first term of the 1925 summer session will be held on Monday, June 8, in Memorial Hall. Those students desiring to register earlier may do so on Friday and Saturday, June 5 and 6, at the Teachers College building. Classes will begin Tuesday morning, June 9. Six hours is the maximum amount of work that can be carried each term. There are two terms, each lasting six weeks.

Registration for the second term will be held Tuesday and Wednesday, July 14 and 15 and the second term classes begin Tuesday morning, July 16.

The summer session of 1924 had a total enrollment of 3,084 students. The first term had the largest enrollment with 2,745 students and the second term had 1,362. This year a larger attendance is expected.

The summer session is planned to offer unusual opportunities to the teachers of the state as well as to serve the needs of the regular students who desire to shorten their collegiate course. The great increase in attendance in recent years has made it necessary to add new departments and to increase the number of courses in other departments already represented.

The size of the student body and the maturity of the membership of the summer session has not only (Continued on Page Five.)

Fourth Annual Alumni Roundup Opens Tomorrow With Ivy Day Ceremonies

Tomorrow is the first of the three days of the Fourth Annual Cornhusker Alumni Roundup. It will mean as much to students, however, as to alumni for it has been set aside as the traditional Ivy Day.

With stately tread, and attended by a bevy of rosy youngsters and college girls in billowy frocks, the May Queen will advance to her Gothic throne, set picturesquely under a clump of great trees on the lawn between University and Administration Halls. Her identity has been kept secret and the campus will be breathless with curiosity until she steps upon the green.

The personnel of next year's senior honorary societies has been a subject of equal speculation. In the morning will occur the tapping of the thirteen new Innocents, and the masking of thirteen senior women to fill the places of the outgoing Mortarboards, will take place in the afternoon.

William Norton will speak as Ivy Day Orator, and hundreds of men's voices will be raised in competitive melody in the interfraternity sing, to the winners of which Kosmet Klub offers a cup. John Klevan, senior class president, will oversee the planting of the ivy, symbolic of the transfer of learning from one college generation to the next, and many dignified seniors will wind their way over the green grass in the Ivy Chain.

Association business will be discussed by the alumni council in the Temple at 9:30 Friday morning, while alumnae will meet at Ellen

Pan Hellenic To Entertain For Alumnae

As part of the Round-up week program, the Pan Hellenic board is giving a tea, Friday afternoon, from 4 to 5 o'clock, at Ellen Smith hall, in honor of all the sorority alumnae who are back, and for the seniors in the sororities.

In the receiving line will be Miss Amanda Heppner, dean of women, Mrs. Ernest Ames, the president of the Lincoln alumnae, Miss Marguerite McPhee, the chairman of the Pan Hellenic board for the past year, and Mrs. R. N. Westover, who is the Pan Hellenic chairman for the new board which will officiate next year.

Spring flowers will be used in decorating, and there will be a program.

Five Engineers Will Take Testing Course

Five from the graduating class of Electrical Engineering are to take the testing course offered by the General Electric Company at Shenectady, New York. They are R. R. Schindler, H. E. Edgerton, F. J. Boucher, Jay Anderson, and Craven Crawford and will report for duty during the summer.

About this many men have gone to the General Electric Company from the Electrical department each year. The course lasts about a year and a half but many stay in the employment of the company. Nebraska graduates have organized a Nebraska Club at Shenectady.

Snapshots of 250 famous alumni were interspersed among the pages of the 1925 Badger yearbook of the University of Wisconsin.

MUST CALL FOR ANNUALS TODAY

Will Meet Heavy Demand for Cornhuskers by Putting Unclaimed Copies on Sale After Today.

RESERVE FOR ALUMNI

1925 Edition Is 19th Annual Publication of University of Nebraska—Contains Seven Sections.

Fifteen hundred Cornhuskers have been distributed from the office in the basement of Administration building. Today is the last opportunity to get one of the year books since, beginning tomorrow morning, all books unclaimed for will go on sale as extra copies. This is necessary due to the unprecedented demand for the books. In event that the first installment has been paid, it will be refunded. The office will be open from 9 to 12 o'clock and from 1 o'clock to 4:30 today.

The students who made a part payment are given their books after they sign their names and pay the final installment. Those persons who did not subscribe and desire a Cornhusker should apply as early as possible as the extra books are almost gone. The price is four dollars and fifty cents a copy. A few of the 1925 books are being reserved for alumni who will be here for Round Up Week. These books can be secured at the Cornhusker office in the basement of University Hall after Wednesday at the regular price.

The 1925 Cornhusker is the 19th annual publication of the University of Nebraska. It is larger than any previous annual, having a total of 640 pages. The first ten volumes printed have been on display in the south window at Speier's at 10th and O streets since Thursday and have received many comments on their beauty.

The 1925 publication is said to surpass all former annuals in style and beauty, especially in the art section. The book is bound in a lighter color than usual, gray trimmed with gold.

The Cornhusker has seven sections arranged in the following order: I. Nebraska and the University; II. Administration; III. Classes; IV. Scarlet and Cream Days; V. Athletics; VI. Military; VII. Mirrors of Nebraska. The annual is dedicated to the Fathers and Mothers of the students of the institution.

"The Cornhusker of Service" is stressed throughout the publication. The first section contains the history of past, present and future. The growth of the University is told in six parts: I. The Beginning, 1869-1888; II. A Seat of Learning, 1888-1905; III. The Transition, 1905-1914; IV. Rapid Expansion, 1914-1919; V. A Greater University, 1919-1925; VI. L'Avenir, from the present into the future.

Seventy-eight of Nebraska's distinguished alumni have their pictures and biographies in the administration section. A feature of the third section, "Classes," is the small scenes of Nebraska under the panel of each page. A picture and a greeting from the Honorable Adam McMullen, Governor of Nebraska, is included.

"Scarlet and Cream Days," the fourth section, is composed of a pictorial division entitled "Campus Events," of various activities, publications, fraternities, sororities, clubs, societies and other organizations.

The athletic section contains many interesting pictures. Action pictures of the leading Husker athletes add to the attractiveness of the section. Two pages are given to pictures and stories of Captain Ed Weir, All-American tackle, with statements from Frank Birch, noted football referee, and Walter Eckersall, sports writer of the Chicago Tribune.

The military section contains two unusual statements to the Cornhusker military training; one is from John W. Weeks, Secretary of War, and the other is from Major-General Hinx, Chief of Staff.

The student life section is called the "Mirrors of Nebraska" and contains sarcasms and jokes on various students.

The publication of the book was under the supervision of Wendell Berge, editor-in-chief. Many Students contributed material and helped edit the publication.

Fraternity Sing Event Of Ivy Day

The fourth annual interfraternity sing, sponsored by Kosmet Klub, will be one of the events of Ivy Day tomorrow, starting at 2 o'clock immediately before the Ivy Day oration.

Every fraternity has the privilege of entering the competition. Each one will be allowed to sing two songs. Three judges who will decide upon the winners are Professors Paul H. Grummann, Carl F. Steckelberg, and Parvin Witte. Four points will be considered in the decision: diction, selection, ensemble effect and general presentation. A piano will be available to get the pitch but the fraternities will sing unaccompanied.

A large silver loving cup will be presented to the winners. The cup is now held by Delta Tau Delta, won last year. Alpha Sigma Phi held the cup the preceding year. Last year almost every fraternity entered the sing. Dietrich Dieck and James Marshall, members of Kosmet Klub are directing this year's sing.

Scholarship Key Is Presented to Cohen

At a special convocation at 11 o'clock Tuesday morning the local chapter of Delta Sigma Pi, international honorary business fraternity, made its annual presentation of the society's scholarship key. This key is one that is awarded annually to that male student in the college of Business Administration who, upon graduation, ranks highest in scholarship for the entire course. Dr. Virtue in conjunction with Dean LeRossignol made the presentation to Harry Bernard Cohen who had the highest average during four years of this year's senior class. Mr. Cohen, in his speech of acceptance pointed out of this key should be of great value in encouraging higher scholarships and should encourage the incoming freshman to greater efforts.

DeBaufre and Luebe Return from Meeting of Mechanical Engineers

Prof. W. L. DeBaufre, chairman of the department of mechanical engineering, and Prof. A. A. Luebe, have returned from their trip to Milwaukee to attend the spring meeting of the American Society of Mechanical Engineers.

"Analysis of Power Plant Performance Based on the Second Law of Thermodynamics" was the title of the paper which Professor DeBaufre read before Thursday's session. The paper, which was published in the A. S. M. E. magazine last month, gives the details of a step-by-step method of analyzing power-plant performance that shows the losses of available energy occurring in each stage of the process.

The American Society of Refrigerating Engineers, the National Association of Stationary Engineers, and the Wisconsin Engineering Society united with the A. S. M. E. in some of its meetings. Engineers from all parts of the country were present.

Business meetings, papers on power plant equipment and manufacturing processes, a hearing on the standard tests codes for mechanical equipment, filled the first day of the meeting. The convention was divided in sections, including those on the national defense, materials, materials handling, management, railroad problems, apprenticeship (under the direction of the Committee on Education and Training for Industries), forest products, pulverized fuel, machine shops, and hydro-electric power.

EXHIBIT WORK OF ART CLUB

Members Display Five or More Pieces in Second Annual Exhibition.

GALLERY IN LIBRARY IS OPEN ALL WEEK

Smocks—green, orange, plaid and plain will be prominent on the campus today for the last time. They are to advertise the Art Club exhibit which is on display in the University art gallery all this week. All types may be seen in the cases and on the walls and bulletin boards.

The second annual exhibit has nearly three times as many entries as the one of last year, which had about 175 pieces. Many more lines of the arts and crafts are included this year. There are fifty-five students in the Art Club, and each is represented by not less than five pieces of work. Some have entered as many as twenty.

The china painting department is worthy of much attention. The students spend a whole semester on a very limited number of pieces, so intricate is the work. The design and color scheme must be planned in detail before the china is touched. A lamp, done in combination of etched gold and dark blue lustre was painted by Marie Irwin. Aileen Acton has contributed an etched platinum lustre plate, and La Vada Zutter, has an attractive porch set in pussy-willow design. The colors are a pleasing combination of blue, ivory and orange. A rose jar adds a bit of delicate color to the collection.

Some very professional work has been done this semester in the interior decoration class. Edith Henry and Karen Jensen have some notable pieces mounted. Pauline Campbell also has some of this kind of work.

Perhaps one of the most appealing corners of the exhibit is that of Dwight Kirch's artistic photography. Every one is a masterpiece of art. (Continued on Page Five.)
