Heat Fails to Stop Nebraska Football Squad; Practice Continues Strenuous.

DRILL ON FUNDAMENTALS

Varsity Meets Freshman Team in First Open Practice Saturday.

The heat means nothing to Nebraska's football squad. Workouts Friday and Saturday were as strenuous as those of the first few days of official practice, and Coach E. E. Bearg and his assistant tutors are driving the grid squad hard in an effort to round it into shape for the first game with Illinois October 3.

"We have only two weeks left," says Coach Bearg, "and we have to make the best of that. There is lots of work to be done before that first game."

Cornhuaker fans will have their first chance to see the Varsity in action next Saturday, when the regulars meet the freshmen in a public scrimmage. The doors will be thrown open on that day and will probably remain closed during all the remaining practices.

Continued drill on the fundamentals was a feature of the program Friday and Saturday, as well as some hard scrimmage. The first scrimmage of the season was pulled off Friday when Coach Bearg lined up a red-sweated team and a white-shirted bunch. The scrimmage, being the first, was somewhat ragged with a good number of fumbles.

Saturday's scrimmage, coming after a session of drill on passing and punting, was better organized and worked more smoothly. The squad of "regulars" included Sprague and Joe Weir at ends, Stiner and Ed Weir at tackle positions, Pospisil and Scholz at guards, and Hutchinson on the pivot. The backfield was made up of Bob Stephens at quarter, Locke and Ayard Mandery at half, and Chippy Rhodes at fullback.

The regulars played the defensive game throughout the Saturday scrimmage, with the white-shirted team playing a fast offense. The white shirts broke through several times for goodly gains, but the regulars held them down better as the practice went on.

"Chippy" Rhodes made himself conspicuous by his continued breaking through the white line. Stiner was also pulling some pretty work at tackle.

On the ball-carrying team—the whites—were Gillen and Dover on the wings, Zuber and Bandels, tackles, Kriemelmeier and Raish, guards, and

Roland Locke Will Head Track Team

Roland Locke, the fastest man ever in a Nebraska track suit, was elected captain of the 1926 track squad in an election held by mail during the summer. Locke is from North Platte and is spending his last year as a Nebraska athlete. The cinder star twice equalled the world's record in the 100-yard dash last season, and once tied the record in the 220-yard event.

Grove at center. The backs were Du Teau, Praeland, Mielenz, and Oehlrich.

A general shifting around in all positions came as the afternoon waned, with most of the candidates getting a chance in the struggle. Coach Bearg took his regulars and put them to running signals while the second string fought it out in scrimmage.

A distinct scarcity of backfield material has become evident in the Cornhusker camp. The line is fairly well-filled, with some capable men, but only a few backs have appeared at this stage of the game.

Closed practice will continue all next week until the Varsity meets the freshmen on Saturday.

LOCKE TO PLAY ON GRID TEAM

Coach H. F. Schulte Makes A Statement Concerning Sprint Star in Football

TRACK TUTOR CONSENTS

Coach Schulte's Statement. I am told that Nebraska wants Locke in football. Today I advised him to go out for football. As a sprinter Roland Locke, if he enters the track season next spring in good health, will win international recognition for the University of Nebraska; in the next Olympiad he will carry Uncle Sam's shield in glorious fashion. He is a member of our student body and therefore is subject to the wishes of that body.

Henry F. Schulte. The uncertainty as to Henry F. Schulte's stand on Roland Locke's position on the football squad was dispelled yesterday with a statement made by the track coach. Locke, Nebraska's sprint star who tied the world's record in the 100-yard dash last spring was undecided in regard to donning the mole-skins again this fall.

It was previously understood that Coach Schulte wished Locke to stay out of football in order to train for the 1926 track season—his last at Nebraska. Schulte's statement, however, puts the problem into the hands of the student body.

"Whether or not Locke plays football now depends upon the opinion of the student body," says Coach Schulte.

Locke has been in mole-skins and is working out with the squad every day.

FRESHMEN REPORT FOR GRID PRACTICE

Large Number Drilled on Football Fundamentals And Given Workout on Illinois Plays.

A large number of freshmen are reporting daily to Coach Newman for football practice. The first part of the practice was spent in drilling the first year men in the fundamentals of football, including passing and punting. The freshman squad has

Fine Stetsons by Speiers

Showing a few of the high grade Stetsons that fashion presents this Fall for the approval of the well dressed man. Wider brims and light shades predominate-- Lustrous in finish and easy on the head--judged by style, quality and wear; a Stetson represents more value and gives better service than any other fine hat in the world-- Try them all on and you'll come back to a Stetson. It's a hat we like to recommend to a man that's hard to please.
