

To Take Measurements For Military Uniforms

Juniors in the advanced military science courses and members of the band will report for uniform measurement in the locker room in the basement of the Armory Saturday morning from 8 to 1 o'clock according to a memorandum issued yesterday by Lieutenant Colonel Jewett. There are a few uniforms on hand, which will be issued. They are of better material than the ones to be made in New York, store room employees say.

Helen Wills Honored.
Helen Wills, University of California junior and the nation's best woman tennis player, has just been elected to Phi Beta Kappa, the national scholastic honor society. The college man has some smart ideas about his fall clothes

HERE THEY ARE

DOUBLE-BREASTEDS are going to be popular with young men this fall; a very definite type of two and three button model. You see it in the picture. A broad shouldered, easy hanging model. Hart Schaffner & Marx have produced it just as college men want it; in the right colors and fabrics. We've priced it the way young men want it—to give lots of value.
