

SNOW HINDERS HUSKER SQUAD

Beary Moves Gridsters to Space Under East Stand of Stadium

HAVE PRACTICE INDOORS

Snow and yet more snow. A four and one-half inch blanket on the stadium sod yesterday forced Coach E. E. Beary to move his practicing grid squad indoors for a while. The snow has at last become a real hindrance.

The gridsters yesterday went through a snappy offensive drill under the east stand of the stadium. Two teams were running through dummy scrimmage, and in spite of the handicap of limited space, got good drill out of it.

It was seen too, however, that the kickers on the squad took their daily dozen. Part of the snow was scraped away from the stadium field and Brown, Dailey, Mandery, Locke, Rhodes and Mielen took a workout on kicks of every variety.

After the drill under the stadium the team was moved to the regular field and there ran signals for a short time.

The snow, of course, is a handicap to the Huskers, but it is not so serious as it would be without the space under the stands. Nebraska is indeed fortunate to have a covered space such as this.

Use Every Foot of Stadium Space
Yesterday Coach Henry Schulte was holding a numeral track meet on his track—his track aspirants were running on the cinders and using the south half of the arena. At the north end were the gridsters, and so every foot of space was in use.

The Oklahoma squad arrives here this morning with a squad of huskies bent on taking the large end of a score Saturday. From all present indications, it looks as if the best swimmers will win, as the melting of the snow will make the playing field soft and muddy.

On yesterday's first string were Locke, Rhodes, Avard Mandery, and Brown. On the line were Sprague, Stiner, Raish, Hutchinson, Scholz, Ed Weir and Joe Weir.

Presnell was shifted to work with the seconds, Frank Dailey, fleet half-back, is being given a try-out at quarterback in Stephens' absence. The loss of Stephens' passing is still noticeable, and Dailey is being trained as a possible reserve for Brown. Heretofore Wickman has been the only other quarter on which Coach Beary could rely.

The starting lineup tomorrow will probably consist of the same men who were playing first string yesterday, with the possible exception of Presnell in the backfield.

Most Popular Student to Get Cup
A contest which bids fair to be one of the most hotly contested of the year will make its appearance on the campus of the Tulane University, of New Orleans this session in the form of a race for a popularity cup. The cup goes to the most popular student in the school.

The details of the contest have not been completely worked out as yet, but it is believed that no restrictions will be placed as to the eligibility of students to receive the cup other than that no person shall win the cup more than once. The contest will be an annual affair from this year on and the elections at the close of the school sessions.

The cup will become the personal property of the winner and a new cup will be donated each year.

Snow Stops Freshmen Football Practice for First Time This Year

For the first time this year the weather put a crimp in the freshman football practice. A blanket of snow which covered all the playing fields made any outdoor work impossible. The Varsity occupied a part under the stadium and the try-outs for the track numerals took up the rest of the room. The freshmen enjoyed this forced delay and should be back next week stronger than ever. It is very seldom that snow will stop football practice this time of the year but the coaching staff has no power over the elements.

SECOND TRACK MEET IS HELD

Numerals Events Are Run on Indoor Oval on Account Of Severe Weather

GOOD TIME IS RECORDED

The second numeral track meet of the season was held on the indoor track under the east stands of the stadium yesterday because of the severe cold. The runners unaccustomed to the indoor conditions were somewhat slower than on the cinder oval last week. Good time was made in the half and quarter mile runs and much better time prevailed in the mile and two-mile. Several of the field events were checked from the schedule, allowing the football team to work out in the north end of the stadium.

Roberts made very good time for the 880-yard run when he beat Lemly by running the event in 2 minutes 6.3 seconds. Graham bettered his own time in the 2-mile run when he completed the thirteen laps in 10 minutes 53 seconds. Jack Ross ran the mile in 4 minutes 57 seconds without trouble. Davenport made fair time in the 440-yard dash winning his heat in 56 seconds. Fisher was second. Beerle won the second heat in 56.5 seconds followed by Dexter who ran it in 57 seconds even. In the field events Reneau won the pole vault by clearing the bar at 10 feet. Poppe took second place at 9 feet 6 inches. The broad jump went to Doty who made a leap of 20 feet 4 inches. Fleming was second leaping 20 feet 3 inches. These were the only field events run off during the meet.

No Record in Fifty-yard Dash
Several heats of the fifty yard dash were run but no fast time was recorded. Hancock won the first heat in 5.8 seconds and Ishmael took second one tenth of a second slower. Fleming won the fast heat of the low hurdles in 6.9 seconds. Ishmael made second best time. Beerle and Voris tied in the high hurdles running them in 7.7 seconds.

Do You Know? "HOW TO STUDY"
The Students' Hand-Book of Practical Hints on the Technique of Effective Study by **WILLIAM ALLAN BROOKS**
A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy and fatigue.
ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra-curriculum activities and for average and honor students who are working for high scholastic achievement.
Some of the Topics covered
Scientific Shortcuts in Effective Study
Preparing for Examinations
Writing Good Examinations
Brain and Digestion in Relation to Study
How to Take Lectures and Reading Notes
Advantages and Disadvantages of Cramming
The Athlete and His Studies
Diet During Athletic Training
How to Study Modern Languages
How to Study Science, Literature, etc.
Why Go to College?
Developing Concentration and Efficiency
etc., etc., etc., etc., etc., etc., etc.
Why You Need This Guide
"It is safe to say that the failure to guide and direct study is the weak point in the whole educational machine." Prof. G. M. Whipple, U. of Michigan.
"The successful men in college do not seem to be very happy, stout of them, especially the athletes are overworked." Prof. H. S. Conby, Yale.
"Misdirected labor, through honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study, without knowledge of this his labor may be largely in vain." Prof. C. F. Swain, M. I. T.
"To students who have never learnt "How to Study," work is very often a chastisement in a degeneration, and an insuperable obstacle to contentment." Prof. A. Inglis, Harvard.
"HOW TO STUDY" will show you how to avoid all misdirected effort. Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.
