Watch Your Spirit!

VOL. XXV. NO. 44.

THE UNIVERSITY OF NEBRASKA, LINCOLN, NEBRASKA, WEDNESDAY, NOVEMBER 18, 1925.

PRICE 5 CENTS

## START RAZING OF "U" HALL TOWER TODAY

### Electrical Circuit Feeding Beacon Light in Building Is Cut Monday

### FENCE IS CONSTRUCTED

#### Expect to Remove Old Campus Bell From South Side of Roof in Few Days

Actual demolition of University Hall upper stories will start today when workmen begin tearing down the tower. Monday night was the first time in years the beacon light on top of the tower was not shining over the campus. The electrical circuit had been cut Monday.

The wrecking of the tower is expected to take but a few days. The next part to be torn down will be the east wing roof and attic. A board protecting fence was put up around the building yesterday.

Temporary classroom schedules were put into something of a permanent workable form yesterday. The master bulletin board will be found on the east side of the University Hall on the wooden fence.

Many of the books and records of faculty members on the first floor and in the basement have not been moved because these floors will be little affected by the wrecking operations and building of the flat roof. These rooms are locked up, and precautions have been taken to safeguard the contents against dust and debris.

### Campus Bell To Be Kept

The old campus bell resting on the south side of the roof will be removed in a few days. A special wooden cage will be constructed to house it, and it will be kept as an historical relic. Operating Superintendent Seaton said yesterday.

Favorable weather will permit the rapid wrecking of the outside parts, thus insuring the use of the ground stories after the Christmas holidays. Wallpaper stripped off in some of the rooms on the third floor revealed seven distinct stages in the interior decorating of the walls. There were probably more. Dark colors predominated. First was the original plaster, which was painted red and brown as shown by the faded parts where subsequent wallpaper was pulled off.

The first wallpaper attached directly to the plaster seems to have been a drab blue-green. Not much of it could be seen at any one place because the next coating of paper was applied with very durable paste which held the two closely together throughout.

Green-brown faded leaf designs were brought to light in the third layer, followed by what must have been a solid green paper as the fourth layer.

A lighter and more cheerful color design was selected for the fifth coating which shows up now as well as a yellow-pink flower design. The next to the last layer was a brown-tan paper, similar to the kind now on the walls.

### Need More Women To Help Sell at Game

The Women's Athletic Association needs more women to help handle concessions for the Notre Dame football game Thanksgiving. The lists are posted on the W. A. A. bulletin board, and any woman who will sell is urged to sign up. All W. A. A. members are expected to help either before or during the game.

## Hall Lined With Elephants Will Be Striking Feature of Morrill Hall

A hall of elephants will be one of the striking features in the new Morrill Hall to be erected upon the city campus next year. The hall will be a part of the museum which will occupy the lower floors. In it will be placed a dozen fossil skeletons of elephants, dug up in their entirety from the various parts of the state, which have been waiting in the cellars of the present museum for a suitable place for exhibition.

One of these skeletons, which were recently mounted and placed on exhibition, is pronounced by experts from the American Museum of Natural History in New York City to be the largest specimen of the prehistoric elephant in existence.

All of the fossils to be displayed in the new hall have been dug up in this state. Geologists state that the state was entirely covered with water once or twice. On the edges of this primitive lake roamed a large variety of strange animals. Fossil beds

## STUDIO MAKING RADIO TESTS

### Experimental Readings Are Being Given Every Tuesday Night

The University studio is making tests in giving readings over the radio every Tuesday night. Miss Howell give readings a week ago, and Ray Ramsay read last night. The purpose of these tests is to find the type of readings which are preferred by the public, whether or not the expression can be heard over the radio, and how far it can be heard. If the experiment proves successful, readings will be given by members of the dramatic department on University night, which is every Tuesday night. Later in the season, radio plays may be attempted.

Students are always welcome to the University studio, which is on the second floor of the Administration building, according to Robert Craig.

## MISS DRAKE TALKS AT VESPER SERVICE

### Y. W. C. A. Secretary Speaks on the Necessity of Missionary Work in South America

"It takes a certain amount of spirit to be a pioneer," said Miss Frances Drake, who spoke at Vespers Tuesday evening on her missionary work in China where she explained that a woman missionary in South America is a real pioneer. Miss Drake is the general secretary of the Y. W. C. A. in Lincoln and has spent five years as a Y. W. C. A. secretary in Montevideo, Uruguay, South America. The leader of the Vesper services was Rose Faytinger. A special vocal number was given by Pearl Miller.

Miss Drake explained how many of the students in the University of Nebraska are descendants of pioneers and how therefore Nebraskans have pioneering blood in their veins and the need of true pioneers in the missionary fields in South America.

### Speaks of Grace Coppock

"As I have been sitting here I have been thinking of other girls who have attended this university and especially of Grace Coppock, who was so much of a pioneer that she could build the first Y. W. C. A. in China and develop the first pioneering spirit among the women of China," Miss Drake said.

"South American cities are more beautiful than most of American cities, and most people do not see the necessity of missionary work in South America, but the place of women in society shows what great need there is. It is not considered proper for girls to attend high school or colleges in South America and the girls that do are attending in defiance of the custom.

"Being a woman in South America, is mostly an indoor sport, limited in its outlook," is the way a man in South America characterized the life of a woman," said Miss Drake. "Whether in University of Nebraska or in after years you are out facing the problems of the world you have chances to be pioneers and it is your responsibility to hold other girls in other lands who are pioneers in their field of activity," she concluded.

## Junior League Will Hold First Meeting

The Junior League of Women's Voters will begin their activities this year with a meeting Wednesday evening at Ellen Smith Hall at seven o'clock. Evelyn Schellack, the president of the organization, will preside at the meeting and introduce the speakers, Miss Annis Robbins and Miss Alheid Dettman. A group of representatives from each sorority house and from each rooming house for University women have been asked to attend the meeting.

## Hall Lined With Elephants Will Be Striking Feature of Morrill Hall

A hall of elephants will be one of the striking features in the new Morrill Hall to be erected upon the city campus next year. The hall will be a part of the museum which will occupy the lower floors. In it will be placed a dozen fossil skeletons of elephants, dug up in their entirety from the various parts of the state, which have been waiting in the cellars of the present museum for a suitable place for exhibition.

One of these skeletons, which were recently mounted and placed on exhibition, is pronounced by experts from the American Museum of Natural History in New York City to be the largest specimen of the prehistoric elephant in existence.

All of the fossils to be displayed in the new hall have been dug up in this state. Geologists state that the state was entirely covered with water once or twice. On the edges of this primitive lake roamed a large variety of strange animals. Fossil beds

## TO OBSERVE CHURCH DAY

### Ask Students to Attend Denomination of Their Choice On Sunday

### SEND MANY INVITATIONS

Five thousand five hundred invitations to students of the University of Nebraska, to observe all-University Church Day, Sunday, Nov. 22, are being mailed this week.

The invitation being sent out is as follows:

"It has been an annual custom for the students and faculty of the University of Nebraska to observe the Sunday preceding Thanksgiving as a day of universal attendance at their several places of worship.

"Many of the Lincoln congregations, at this time, give the students opportunity to unite with the church as regular or affiliated members.

"Please accept this as an invitation to be present at the place of worship you prefer, Sunday, November 22, 1925."

### Avery Makes Statement

Regarding this invitation Chancellor Avery says: "This invitation which goes out to the students of all religious connections has my hearty approval. I shall be greatly pleased if the movement results in a marked increase attendance at all places of worship. This is one of the fine customs that has well become an all-University tradition, and every student is urged to help make it such."

At a luncheon at the Grand Hotel, Tuesday noon, a group of church workers met to give a report of the activities of their respective churches in furthering observance of all-University Day, and to make further plans for carrying out the movement. Mr. Harold Fey, University pastor, presided at the meeting, at which several of the other University pastors as well as student workers were present.

Student representatives from the various denominations are making personal calls to encourage observance of universal attendance at the churches, November 22. Many of the churches are also giving an opportunity to become affiliated members at this time. The movement is meeting with marked approval and it is anticipated that a large number will observe all-University Church Day.

## TO HOLD BONFIRE THANKSGIVING EVE

### Will Be One of Features of Rally Before Last Football Game of the Season

The freshman bonfire, which heretofore was postponed because of the disagreeable weather, will be held on Wednesday, November 25. It will take place previous to the torchlight parade. Every freshman in the University is to bring a box for that evening, the bigger the better. A sign will be posted the first of next week as to where the boxes will be placed.

This is to be a freshman affair and every freshman should cooperate to make it a real success.

According to present arrangements the speaking stand will be in the light of the bonfire, if the weather permits.

## Cadet Officers May Get New Uniforms

Blue gray uniforms for junior cadets in the advanced military science courses arrived Tuesday morning at the Hub Clothing Store. The measurements will be made each evening at 8 o'clock. A special force of tailors will be on hand then, and students are asked not to come during the day.

## The Will To Win

We have the team. We have the spirit. We have the WILL TO WIN.

Last year Notre Dame defeated Nebraska decisively. This year they again have an enviable record. The Notre Dame team is sure that it is going to beat Nebraska.

Nebraska spirit is a powerful thing. Two years ago when our team met Notre Dame it was invincible—unconquerable. Walter Eckersall is credited with saying that "it was Nebraska's spirit that beat Notre Dame." Knute Rockne says, "I can tell whether my team will win a game or not by the spirit that they show a few days before the game." We Nebraskans take pride and delight in the fighting spirit the student body can put into the team. Can we repeat what Nebraskans did two years ago? Nebraska students will rally to the cause and WE WILL WIN THAT GAME ON THANKSGIVING DAY.

Let's start that old fight and spirit. Let's sing between classes and keep it up until the night of the rally and then blow the roof off with our "Will to Win." If Nebraska students do this we will see another invincible—unconquerable team on the field as we did two years ago. Then we will BEAT NOTRE DAME. Come on, let's get started, everyone.

## Prospective Teachers Will Meet on Monday

All prospective teachers, registered in Teachers College, desiring positions for the year 1926-1927 will meet Monday, November 23 in Teachers College, room 200 at 5 o'clock. All those registered in colleges other than Teachers College, will meet Tuesday, November 24, in Teachers College, room 200, at 5 o'clock.

## FORUM WILL HEAR WILSON

### Speaker Will Undertake Discussion of "The Educational System"

### MEETINGS ARE RESUMED

A discussion of "The Educational System" will be undertaken at the meeting of the World Forum today. After an enforced vacation of two weeks due to the finance drive of the two "Y" organizations, and last week to Armistice Day, the Forum is resuming its weekly Wednesday noon meetings at the Grand Hotel.

The speaker on the educational question is J. Stitt Wilson, who is nationally known, as a speaker on educational, social, and industrial questions. His interest was aroused in the educational situation several years ago and his attention has been centered on it since. His work for twenty-five years has been in subjects of interest to students. Of recent years, much of his time has been spent with undergraduates.

The committee wishes to call the attention of all students to the coming of Mr. Raymond Fosdick on December 2. While it will be impossible to bring him to the World Forum, students will have several opportunities to hear Mr. Fosdick. He is a world figure known not only as the brother of Harry Emerson Fosdick but as former under-secretary of the World Court of which he will speak.

Miss Julia Deuricott, national Y. W. C. A. secretary for colored women is expected to speak at the Forum on December 8. Her talk is expected to include some discussion of the work being carried on among the colored students of the country and of race relationship which she has had special opportunity to observe.

## HOLD VESPER CHOIR DINNER

### Thirty Members Attend First of the Series of Monthly Affairs

The first Vesper Choir dinner of the year was held at 8 o'clock on Tuesday evening at Ellen Smith Hall. Thirty members were present with Miss Erma Appleby, Y. W. C. A. secretary, as guest of honor. After the dinner of which Blanche Stevens had charge, a musical program was presented including a vocal solo by Constance Stevens and a piano solo by Georgia Sitzer.

The members of the choir plan to have monthly dinners throughout the year to promote friendship among the members.

## FRESHMEN MEET THURSDAY

### Final Arrangements Are to Be Made For Coming Olympics

A meeting of the freshmen class class has been called for 3 o'clock Thursday afternoon by Don Miller, president of the class. It is hoped that a large number of the first year students will attend as final arrangements are to be made for the annual Olympics which will be held next Saturday.

The freshmen plan to add one more victory this year to the already long list of victories over the sophomore class and thus be able to discard the green caps early in the year.

## ASK STUDENTS NOT TO HAZE

### Olympic Committee Issues Letter to Fraternities Asking Cooperation

### SCHEDULE IS ANNOUNCED

Announcement made by the Innocents yesterday of the order of the events for the Olympics Saturday and the issuance of an open letter by the Olympics committee to all fraternities urging the suppression of hazing brought the annual battle for supremacy between the freshmen and sophomores nearer achievement.

When the Olympics were started it was agreed by all students that no hazing would be practiced. Occasionally the agreement was forgotten and small groups violating the spirit of the Olympics by hazing practice. The Olympics committee is making every effort to make the Olympics the struggle between the classes instead of having various unregulated occurrences which always promote ill feeling between the two classes.

The fraternities were requested to be responsible for preventing any of their members or pledges from taking part in hazing as the Olympics approach. It has also been arranged to forfeit the contest if any class is found guilty of violating the rules against hazing.

### Contests Start at 2 O'clock

Leo Black, chairman of the committee arranging the events for the Innocents for the Olympics, announced that the contests would begin promptly at 2 o'clock in the stadium Saturday afternoon. The boxing and wrestling matches, relay race, and tug-of-war will be held in the stadium after which the contestants will proceed to the drill field for the mass games.

The schedule of events is:—In the stadium starting at 2 o'clock:

- 135 lb. wrestling.
  - 145 lb. wrestling.
  - 158 lb. wrestling.
  - 135 lb. boxing.
  - 145 lb. boxing.
  - 158 lb. boxing.
  - Tug-of-war.
  - 440 yard relay race.
- Immediately afterward on the drill field will follow in the order given:
- Bull pen.
  - Shoe rush.

The number of women and their cheering will be judged throughout the contests and not at any one particular time. Special judges will have charge of this innovation and the result will be announced near the close of the contests.

### Sophomores are Confident

Walter Cronk, sophomore president, is confident that the freshmen are in for the fiercest Olympic encounter in years. "The sophomores," he says, "are learning from their experiences last year will refrain from any attempts to haze or harass the freshmen on the eve of the Olympics." Likewise he warns the freshmen to put their efforts into the Olympics rather than into violating both the rules and the spirit of the contests by doing and hazing.

Sophomore stock took a rise when Coach Bearg announced that the football men could participate in the Olympics. Previously it had been thought that the men out for Varsity football would be kept out of the contest to assure them being in shape for the Notre Dame game Thanksgiving but Coach Bearg's declaration yesterday assured their participation along with the other members of the sophomore class.

## OPEN SOCCER SEASON MONDAY

### Athletic Association Asks That Many Report for Practice Monday

The Women's Athletic Association announced today the opening of the soccer season Monday, November 23. Dorothy Peterson, the soccer manager, urges all women to come out. New women who do not know the game are invited to come out and learn.

All classes must be represented in order to have been competition, and material to play a good tournament. Senior women are especially urged to make provisions to come out for this sport.

All who are interested sign up immediately on the W. A. A. bulletin board in west Armory, and come out for practices beginning next Monday.

### Will Hold Meeting For Engineers

An Iouicque meeting will be held for all members in the department of architectural engineering, Friday, November 20, in Mechanics Arts 403. There will be several speakers on the program.

**Weather Forecast**  
Wednesday: Generally fair; continued moderate temperature.

## GIVE CUP IN R.O.T.C. CONTEST

### Award in Meet Presented for Merit in Freshman Firing

The Commandant's Cup which is annually awarded to the winning company in the intercompany rifle tournament, will this year be awarded on the basis of prescribed firing by freshmen cadets instead of by a selected team picked from each company as has heretofore been the custom. The change was made by Colonel Jewett in order to arouse more interest in the required freshman range laboratory shooting.

The scores fired by the freshmen will be totaled up and divided by the number required to fire. Cadets failing to fire by the time limit of December 31 will lower their company standing just that much.

## SILVER SERPENT HOSTESS AT TBA

### Weekly Affair Will Be Held from 3 to 5 O'clock Instead of from 4 to 6

The regular Thursday afternoon tea at Ellen Smith Hall for all University women will be held this week from 3 to 5 o'clock instead of from 4 to 6 o'clock, in order that it will not conflict with the Kindergarten Club party which will begin at 5:30.

Silver Serpent will have charge of the tea, and will decorate in green and white. Helen Aach is chairman of the entertainment committee, and Wilma Searson is chairman of the refreshment committee. Elinor Pickard will serve and there will be a musical program. Dorothy Strubbel, Waitie Thurlow and Neva Robbins will give solos; Elsie Nealey and Joy Schaeffer will sing; Ruth Ann Coddington will give a harp solo; Rowena Royer will play the violin and Grace Modin the cello; and Alice Olmstead will read.

## HOLD ANNUAL KID PARTY TUESDAY

### Students in Kindergarten-Primary Department Will Sponsor Affair in Ellen Smith Hall

The annual kid party for students in the kindergarten-primary department of the University will be held Thursday evening at Ellen Smith Hall from 5:30 to 8 o'clock. Tickets are thirty-five cents and may be purchased from Miss Clara O. Wilson or students in the department.

Dinner will be served after which the time will be spent in stunts and games. Ten dollars is offered as a prize for the best stunt put on by any group of girls in the department. There will also be two other prizes given for the best child's costume and for the cleverest character costume.

Mrs. O. Chittendon, kindergarten supervisor of the Omaha schools, and Miss Merle Beattie, kindergarten supervisor of the Lincoln schools, are to be the special guests for the evening.

The party is given under the auspices of the Kindergarten-Primary Club of which Lucille George is the president. The chairmen of the committee in charge of the party are: Nellie McReynolds, dinner; Melba Burke, kitchen; Mary Lou Barker, entertainment; and Priscilla Towle, publicity.

### Fordyce Addresses Banquets

Prof. Charles Fordyce of the department of educational psychology and measurements addressed a Father-and-Son banquet at Columbus on Tuesday evening, and a Father-and-Son banquet in Lincoln at the First Baptist church on Friday evening.

## Country School Days Are Recalled By Name Carved in "U" Hall Tower

When lighting fixtures in the old tower of University Hall were taken out yesterday, one of the electricians discovered on one of the beams the engraved name of an old boyhood friend with whom he went to country school forty-one years ago. The electrician is K. F. McMillin of Lincoln, and the boyhood friend of forty-one years ago is D. N. Lehmer, a graduate of the University of Nebraska in 1893, and now professor of mathematics at the University of California.

The name of D. N. Lehmer with the date of 1887 stands out plainly on one of the six by six beams that support the brick masonry of the tower. It was punched deep into the wood. The letters which are two inches high stand out almost as clear as they did decades ago, although dust, water and air have made the wood as dull and gray as the surrounding part of the beam.

Vivid recollection of the old school

## DIRECTORIES ARE PUT ON SALE TODAY

### Students May Purchase Copies From Booths and Tables On Campus

### PRICE TO BE FIFTY CENTS

#### About 6,000 Names With Detailed Information About Each Are Included in Lists

The official Student Directory is on sale. Copies will be sold at various booths and tables on the campus. The price will be fifty cents as in past years.

Tables at which directories may be purchased will be maintained today and Thursday from 9 to 3 o'clock in Social Science, Teachers College, Law, Mechanic Arts and Temple buildings. Booths at the northwest corner of Twelfth and R streets will be open from eight to five o'clock today and Thursday.

At the Agricultural College, a table will be placed in Agricultural Hall, both Wednesday and Thursday. Gleis Buck is in charge of distribution at that campus.

V. Royce West, '27, Elmwood, was editor of the book; Marion Woodard, '26, Shenandoah, Ia., business manager, and Genevieve Clark, '26, associate editor. The editorial staff included Blanche Allen, Geraldine Heikes, Katherine McWhinnie and Charles Johnson. The business staff was Kate Goldstein, Betty Webster, Glen Buck, Harold Douthit, George Gesman, Merle Jones and Oscar Norling.

In addition to the regular student list of one hundred ten pages are the faculty, home town and social organization lists making a total of two hundred.

### Includes About 6000 Names

Approximately 6000 names are included in the main section, with detailed information as to college and year, home town, Lincoln address, social organization affiliations and telephone number. These names are repeated under alphabetical groupings according to home address.

Sorority, fraternity and literary society members and pledges are listed together alphabetically by groups. A directory of sorority and fraternity house addresses precedes this section. Organization, class, fraternity and sorority presidents are listed alphabetically by the name of the organization in its respective field division.

The cover is in scarlet with a black letter "N" in cream.

Delay was occasioned in issuing the directory by the impossibility of the gaining access to a list of the students early in the semester. Last year's experience in omission of names proved the impracticability of distributing cards in classes from which lists were to be made.

Checking in every way possible was effected to insure absolute accuracy. More than a thousand mistakes were rectified. It is judged by those who have inspected it to be the most accurate directory to have been published.

## Give Out Awgwans at Post Office in Long's

Those who were late in receiving their copies of the Awgwan may get them at the post office in Long's Book Store. Extra copies are available at the post office or at the Awgwan office under the west side of the Stadium.

(Continued on Page Three.)
