

TO HOLD TRACK TRYOUTS FRIDAY

K. C. A. C. Meet the First Part Of February Will be the First Contest

NEEDING HIGH-JUMPERS

Preliminary tryouts for the Kansas City Athletic Club meet will be held Friday, January 15, on the indoor track under the east stands of the stadium, according to an announcement made by Coach Henry F. Schulte. The date for the Kansas City meet received at the Husker office is February 5, but reports from Kansas City have stated that the meet will take place both February 5 and 6. The correct date will be announced later.

Coach Schulte has not given up his search for high-jumpers as yet, and the prospects are no better. Several men are working on the event, but none of the prospects have shown exceptional ability according to the coach. The distance men have been given some pace work so far this season, but hard training will begin immediately. Several men are showing up well in the quarter mile, but the sprinters and half milers have not been put to any test of speed.

Huskers prospects with the other Valley teams for a good two-mile team are excellent with such veterans as Rose and Lewis and such new men as Johnson and Roberts coming in for the other positions. Only a fair mile team is in view at present.

Reports from the Tiger camp at Missouri indicate that Coach Simpson is well satisfied with his prospects except for a lack of hurdle men. Among the Missouri specialties are the shot-put and discus throw with Captain Richardson as the star. Lancaster in the high-jump and pole-vault with Bransford in the high-jump, takes good care of the Missourians in the field events. The Tigers were always capable of taking care of themselves in the running events.

FIELD HOUSE TO TAKE CARE OF SOCIAL LIFE

(Continued from Page One.)

The concourse which runs around three sides of the dancing floor is 803 feet long. When used for social occasions, wicker furniture may be put into this concourse to form one continuous reception room two and one-half city blocks in length. Wicker chairs, lamps, and lounges may be purchased to complete this plan.

Every detail has been furnished to make this structure useful for large social events. All of the athletic section of the basement can be locked off, and at the foot of the stairs are the men's and women's lounge rooms. Between the stairways are six checking windows, enough to take care of a capacity crowd on the dance floor.

When banquets are held, food will be distributed from a serving room built in one corner of the dance floor. Directly underneath this is a steam room, where foods may be kept hot until served. Everything necessary for an occasion even as large as the Cornhusker banquet could be cooked at the nearby cafes or cafeterias and taken directly to the steam room in the basement.

The stage may be used for serving refreshments during social functions. An orchestra pit has been built for use when the structure is used as an auditorium. When used for dancing, a floor will be placed over the pit to make it level with the regular floor.

Freshmen who violate rules and traditions at the Brigham Young University are hauled before a number of the senior class, who acts as judge and passes judgment.

IN THE VALLEY

...by...
"Zim" and "Zim"

The Valley basketball schedule got off to a good start the past week-end when six conference teams went into action against each other. The University of Oklahoma jumped out in front with two wins in as many starts. Missouri and the Oklahoma Aggies each won one and lost one.

Oklahoma defeated Washington and Missouri by scores of 32 to 31 and 28 to 23 respectively. Missouri won from the Oklahoma Aggies and the Aggies won from Washington. Drake defeated Iowa State 26 to 18.

The Kansas Aggies, Grinnell, and Nebraska also saw action over the week-end, but with non-conference opponents. The Aggies showed good form in defeating the strong independent Schooley team of Kansas City by a 44 to 28 margin. Grinnell went down to defeat before the fast Hilliard team of St. Joseph, and Nebraska won over Creighton in Omaha 20 to 15.

The race for the Valley championship this year should be faster and harder fought than ever before. Kansas, the team that has three straight conference titles to its credit, is about due to be toppled from the throne.

In dope coming from Lawrence, Kansas, they are again conceded a good chance at the title. Kansas Aggies, Oklahoma, Oklahoma Aggies and Drake are expected to be very strong bidders for the top rung while Washington, Missouri and Grinnell dangerous at all times are expected to still offer competition. Nebraska and Iowa State are apt to upset the dope any night.

Nine games will be played this week. Thursday night finds Grinnell tangling with Kansas at Lawrence. The following night Grinnell meets the Kansas Aggies, Drake plays the Oklahoma Aggies and Ames plays at Washington. Saturday night Grinnell meets Nebraska at Lincoln, Ames plays at Missouri, and Drake meets Oklahoma. During the middle of the week the two Kansas schools tangle at Manhattan.

If Missouri will be as good on the cinder track as the pre-season reports indicate, the Tigers from Columbia must have the fond hopes of another outdoor Valley championship in mind, not to mention the indoor possibilities. The return to school of Thelen and Lewondski to strengthen the 440-yard and 880-yard events, brings their total of middle distance men to eight excellent runners.

Keeps Your Hair Neat—
Rich-looking and Orderly

If your hair lacks natural gloss and lustre, or is difficult to keep in place, it is very easy to give it that rich, glossy, refined and orderly appearance, so essential to well-groomed men.

Just rub a little Glostora through your hair once or twice a week, or after shampooing, and your hair will then stay, each day, just as you comb it.

Glostora softens the hair and makes it pliable. Then, even stubborn hair will stay in place of its own accord.

It gives your hair that natural, rich, well-groomed effect, instead of leaving it stiff and artificial looking as waxy pastes and creams do. Glostora also keeps the scalp soft, and the hair healthy by restoring the natural oils from which the hair derives its health, life, and lustre.

Try it! See how easy it is to keep your hair combed any style

indicate that the Missouri authorities are negotiating for a dual track meet with the University of California on the coast either April 3 or 10.

In discussing the indoor possibilities, reports have Farley and Granello, the Tiger sprint stars, running better than ever before. Predictions from Columbia are that the runner who beats either of these two men, must do some record breaking. From the Husker camp, and based on past performance, it might be said that just the man to do this thing is Captain "Gip" Locke himself.

Iowa State college opened their wrestling schedule with a decisive victory over Des Moines University. The Ames mat artists won every match and gained a total of 44 points. This is no comparative rating however, of the strength of the Iowa boys since Des Moines is a smaller college in Iowa circles.

ANNOUNCE SCHEDULE FOR WRESTLING TEAM

(Continued from Page One.)

Through the change from the Western collegiate rules to the National intercollegiate rulings. This change will probably affect only the Valley dual meets, and it is still a question as to what rules will govern the meets with Iowa and Minnesota. The Big Ten teams are governed by the Western Collegiate rulings, according to Dr. Clapp.

"It is doubtful that there will be a 108 pound class this year according to the National rules," Dr. Clapp stated. The length of the bouts have been changed from 12 to 10 minutes, except for the final bouts in the championships which shall last 15 minutes each. A time advantage of one minute, and the referee's decision are necessary to win a bout instead of the former system of two minutes required. This gives the referee a privilege of awarding the bout to the other man or call it a

tie, should the one with the advantage stall for time. "The changes are made to speed up the matches," Dr. Clapp stated. The referee must take the wrestling ability and aggressiveness of the wrestlers into consideration in his decisions. Though the amount of time advantage is kept when the men are compelled to go to extra periods to decide the match, the final decision will be made by the referee. More power is placed in the hands of the referee by these changes. Previously a wrestler could gain the advantage and keep it winning the bout without attempting to throw his opponent.

Changing from the Western intercollegiate to the National rulings has also changed the method of scoring. Five points are awarded for a fall in either case, while three points will be awarded to the wrestler winning a decision instead of two as used last year. The referee may call the match a tie in a dual meet but in the championship matches he must award to one of the opponents the decision.

Bar Several Holdh
A point will also be awarded to

any man winning a fall in the preliminary events of a championship which will count toward the teams total score for the meet. Several holds which were allowed in the Western intercollegiate rules are barred in the National rules according to Dr. Clapp. Dr. Clapp is a member of the National rules committee along with H. R. Reiter of Lehigh, August Peterson of Columbia, and G. M. Trautman of Ohio State.

With six letter men back and a group of promising new men, Dr. Clapp hopes to produce a winning team this season. Oklahoma Aggies, winners of the Valley meet last year, and Iowa State, are the strong teams of the Valley this spring. Kansas has shown a marked growth in the past three years, and the Jayhawkers should show good class this year. Missouri with almost a hundred men out for the sport will also be a strong contender for Valley honors.

A student ballot at Yale University recently showed that campus sentiment was against compulsory chapel, one of the oldest traditions of the school.

Statistics compiled at Stanford University show that women are 2.6 per cent more brilliant than men.

A rooters club made of five men from each organized house furnish the yelling at the University of Washington.

Northwestern University plans the erection of a \$1,000,000 three-decked stadium with a seating capacity of 75,000 persons.

Tulsa University has established a kindergarten on the campus with an enrollment of fifty children taught by the students from the education department.

A women's campus similar in nature to the men's quadrangles is being planned at Northwestern university.
