STUDENTS WILL COVER TOURNEY

School of Journalism to Report Games for State Papers

BUREAU IS ORGANIZED

Students of the School of Journalism are again to cover the annual high school basketball tournament, sending out local-end stories to the home-town papers, especially the weeklies. In 1924 they sent 60,000 words to 128 papers; last year, when the tournament was smaller, 37,000 to 62 papers. The newspapers, as a rule, publish these stories under the names of the student correspondents. Last year numerous telephone and telegraph messages came from editors, expressing appreciation of the service. Now and then a complimentary check arrives.

"The primary purposes of this work," said Prof. M. M. Fogg, director of the School, "are to be of service to the newspapers and to give the students some more capital practical training in getting and writing news. To cover all the papers in the 341 towns represented by teams will, of course, be impossible; the students' other studies and class engagements will prevent that. But we shall do the very best we can."

Equipment Provided
Into a Correspondence Bureau students in the School of Journalism and other students have been organized.

Y.M.C.A. Gets Less Than \$400 in Finance Drive

The Y. M. C. A.'s one-evening finance drive netted just a little less than \$400, Arthur Jorgenson, general secretary, announced Saturday afternoon. "While it is not quite as much as we hoped for we are not at all discouraged," he declared. "It was an all cash drive, with no pledges being taken."

Y. M. C. A. officials are very grateful to those who took part in the campaign and to those who contributed, he stated.

COPPOCK DRIVE FALLS SHORT

Y. W. C. A. Secretary Calls it Most Unsatisfactory Ever Carried on

\$700 MORE IS NEEDED

The Grace Coppock memorial campaign which is carried on annually on the Nebraska campus for the physical education of Chinese women, has fallen \$700 short of the original goal of \$1700. The official drive closed Friday at 6 o'clock, and although money is still coming in and follow-up teams will carry on the work next week, it is not expected that the hope-for amount will be reached.

Miss Erma Appleby, secretary of the University Y. W. C. A. states that this campaign is the most unsatisfactory one she has ever seen carried on on this campus.

Ruth Barker's team, which until Friday had held second place in the competition among the twenty teams, took first place at the close. Wilhelmina Schellack captained the team which placed second. The winning team will be entertained soon by the Y. W. C. A. cabinet.

Chinese Student Speaks
Kingsley Chen, a Chinese student, spoke at the last of the campaign luncheons, on the work that the American missionaries are doing in China. He places as first in value the progress in the physical education

Nebraska Rally Late in Missouri Games Seares Opponents But Falls Short

ST. LOUIS, Mo., March 6.—(Special to The Daily Nebraskan)—The University of Nebraska basketball team was defeated by Washington University, 22 to 14, in the final game of the season for the Huskers. This was the second defeat for the Huskers in two days, Missouri having taken them to time at Columbia Friday evening.

Smaha, star Nebraska forward, was well guarded and failed to do anything spectacular. The Nebraska team returns to Lincoln late Sunday.

The Missouri Game

The Nebraska basketball team was defeated by the University of Missouri five Friday night, 24 to 22. The Tigers were superior all the game until the last few minutes, when Nebraska started a rally. The Huskers nearly came out winner, as they ran up eleven points during the rally, while the Missouri athletes were scoring four.

The Nebraska defense was good, and Missouri had to shoot many of their shots from out on the floor. Smaha, as usual, was the high point man for the Huskers. He scored eight points and Brown followed him with six. Buchner and McDonald, both guards for Missouri, played outstanding games, and the latter totaled eleven points for his team.

From about fifty institutions on its exchange list the department receives far more publications in return than are sent out, according to Professor Wolcott. Foreign studies are printed in the native languages, but have summaries of the season for the Huskers.
