

**IN THE VALLEY**

By FRED ZIMMER

Going back into the history of Cornhusker athletics we find that Nebraska and Drake have met on the grid-iron seven times, and in five of these seven contests the Huskers have been victorious. These teams will meet for the eighth time in the Nebraska Memorial Stadium Saturday October 2.

In the on-coming contest we pick Nebraska to win, although the margin may not be large. Both schools lost heavily by graduation, not in numbers, but in the prowess of individual men. Both teams lost an All-American man, when Weir of Nebraska and Sloane of Drake were graduated.

Ossie Solem, Drake mentor, has a hard proposition on his hands this year. As will be remembered, last year's game was played in a blizzard, on a field covered with snow and ice and it was the general opinion of Nebraska followers that the Huskers would have won on a dry field. Drake is hoping to repeat last year's victory and it is Coach Solem's intention to prove to the world in general, and to Nebraska followers in particular, that his 1925 team would have won regardless of the condition of the playing field. The burden of proof lies with the 1926 Drake football team.

Nebraska followers will, in all probability, see many men in action on the Husker team this year. Coach Bearg has been working on four full teams this season and undoubtedly each of these teams will see action against the freshmen in the game next Saturday. A team is usually as good as its reserves and Nebraska has plenty of excellent reserve material.

**FIFTY TRACK MEN CHECK OUT SUITS**

Many Candidates Compete For Cross Country Team Which Lacks Veteran Material

Over fifty candidates for fall track and cross-country checked out suits at the stadium Monday afternoon. Coach Schulte, who is back for a few days, was helping Jimmy Lewis look the prospects over.

Jimmy Lewis, acting coach of the cross-country team announced that a practice run would be held Friday at 4 o'clock over the regular five mile course. Old men will accompany the new men in order to give them some idea of pace. Little can be determined as to the chances for a successful team this fall until after this first trial.

The squad is weak in cross-country letter men. Ability of the new men is still uncertain and must remain so at least, until the first meet.

**125 IN SUIT FOR YEARLING SQUAD**

Keim and Racely Added to Assist Rhodes With First Year Gridsters

Two new assistants have been added to the Freshman coaching staff to aid "Choppy" Rhodes in making his first year eleven. They are Raceley, a former Cornhusker track man who is assisting in the backfield, and Keim, from California, who is helping in the line.

The Freshman grid squad now numbers one hundred and twenty-five. This number shows a considerable increase in interest over last year. One hundred of the green-caps turned out for the squad last season.

The following is a complete list of the candidates for the Freshman team. All have been issued equipment.

Ossie Solem Has 12 Veterans; Nebraska Game Oct. 2 Is Big Test

Gathering a dozen veterans and a host of new material at the Bulldog camp, Coach Ossie Solem started Wednesday on an extensive training program in preparation for the Cornhusker contest on October 2, the initial game on the hardest schedule ever arranged for the Drake University football team.

Solem is more than anxious to duplicate the 14-0 victory his team gained over the Huskers last fall, but with six members of the 1925 aggregation lost by graduation the Blue and White mentor has tackled a big job. With only two weeks in which to whip his team into shape Solem faces the problem of filling vacancies left by Captain Don Carlos and Amend, centers; Ted Sloan, the speedy end who was a big factor in the Husker downfall last season; Darl Ambelang, guard; Roland Henry, tackle; and Glen Spears, shifty halfback.

**Need Freshmen.**

Chances for a successful season depend largely upon Solem's ability to develop the outstanding material from last year's freshman squad. As a nucleus around which to mould his team, the coach has Captain Gail Fry, Chuck Everett and Newton, quarterbacks; Sutherland, Cook and Greenlee, halfbacks; Dustin, fullback; Robertson, Ewart and Tipsord, tackles, and Ray Dalbey, end. So

the big task lies in developing new material for the line positions.

**Hard Game.**

The early date of the Husker tussle has led Drake followers to predict the Nebraska game as probably the most difficult on the schedule. To conquer the opening game would bring double significance, for not only would it be a big feather in Coach Solem's hat but it would also give his gridders added confidence for the intersectional clash with the United States Naval Academy at Annapolis the following week. The Drake schedule calls for intersectional games with the Navy, Mississippi and Notre Dame, and Missouri Valley conference games with Nebraska, Oklahoma, Iowa State and Grinnel.

Teachers' courses at the University of Wisconsin summer session enrolled 1,491 students.
