

## FRESHMEN SLOW IN SCRIMMAGE

Varsity Second String has Little Trouble Stopping Yearling Gridsters

The freshman football artists showed a lack of punch and drive in their scrimmage with the Varsity Tuesday afternoon. The usual exhibition of pep was entirely gone and the Varsity second string had little work to stop them. Varsity ends made wing plays undesirable, but McBride ploughed through center for an occasional first down.

Formations to be used against the Kaggie freshmen Nov. 6 are being groomed and polished. An unbalanced line and a double pass behind the line of scrimmage are the mainstays of the youngsters.

Meet Team from Ag Campus Tomorrow evening, the yearlings will meet a team from Ag college on stadium sod. This eleven is not the regular Aggie high squad but consists of a number of players not eligible for that team.

Ed Weir's shift to the yearling coaching staff seems to be more than temporary. He has been schooling the freshman line since the first of the

week, while Hutchison is laboring with the Varsity line.

Tuesday's lineup against the Varsity: Lewandowski and Rodman, ends. Munn and Richards, tackles. Craig and Broadstone, guards. Case, center. Miller, quarter, Farley, fullback. Witte and McBride, half.

## SEVEN INJURED GRIDMEN LISTED

Jinx Invades Husker Camp Preceding Game with Iowa State

Seven regulars on the squad of the Nebraska Cornhuskers were still on the injured list when Coach Bearg started preparing his eleven for the game against Iowa State this week. All of the injured players were warming the bench in the Kansas game Saturday, except "Blue" Howell, hard hitting fullback, who entered the Jayhawk tussle for two plays, one of which sent the ball across for a touchdown.

The Cornhuskers who were taking things easy, included besides Howell, Wally Marrow, brilliant substitute

halfback, Eward Lee and Leon Sprague, ends, "Jug" Brown, quarter back and halfback, and Dan McMullen and Clarence Raish, guards. McMullen probably will be in shape for the Saturday game, but the other six men are likely to watch the tussle from the bench.

In the Jayhawk struggle of last Saturday, the initiation of Elmer Holm of Omaha into a guard position was pleasing to Nebraska followers. Holm has been playing in the backfield until last week, when he was shifted to the line in order to add weight and speed to the forward wall. He was paired with Bob Whitmore, 181-pound guard of Scottbluff, who has been playing a consistent game all season.

The work of Glenn Presnell in the Nebraska backfield probably was the most impressive of the entire K. U. struggle. The DeWitt youngster carried the ball forty-one times for a total of 159 yards, more than the total gained by all his team mates or by the entire K. U. backfield. His average gain was nearly four yards.

### New Reducing Method is Discovered

Sigma Kappa girls at Stanford University think they have found a solution in striving for trimmer figures. Those who wish to add weight sit on one side of the table and those who wish to lose weight on the other.

## Seals of Missouri Valley Schools are Placed on Stadium

The seals decorating the Nebraska Memorial Stadium are nearly all in place. When the work is completed there will be twenty seals on the west side of the stadium and sixteen on the other. The seals are those of Missouri Valley universities. The contract for the making of these seals was let out nearly two years ago, but lack of funds caused the delay in completing them.

The seals were enlarged from a photograph of the originals, which are only about two to four inches in diameter. It took an artist many hours to develop these to full size. A sculptor, next, had to work these out in minute detail; from this a pliable glue mold was made, and then it was possible to make a plaster cast from the glue mold.

The seals are made of reinforced concrete. The greenish tint is the result of the chemical treatment to the concrete. The chemical treatment is much superior to paint, because it always holds its color, and does not have to be gone over again. The seals weigh from three hundred and fifty to four hundred pounds. One of the rods used to reinforce the concrete is left out so as to provide a means of tying them in place.

## VARSITY-FRESHMAN TRACK MEET TODAY

Track and Field Events Will be Held in Stadium; Prospects Will Show Up

A Varsity-Freshman track and field meet is scheduled for this afternoon in the Stadium. Freshmen will compete against both lettermen and non-lettermen from the three upper classes. This will be the first opportunity Nebraska fans will have to get a line on track prospects for next spring and for succeeding years.

Coach Schulte has a splendid bunch of material in the freshman class this year, and with proper development anticipates the turning out of a wonderful team. A host of sophomores will make their first bid for permanent places on next spring's Varsity in the meet tomorrow.

Not much work has been done on the field events so far, but all events will appear on the program. The members of the cross-country team will not participate.

The result of a recent vote taken at Brigham Young University showed that students preferred informal dancing.

The University of Wisconsin summer session last year enrolled 65 students from 19 foreign countries.

The University of Wisconsin maintains a lifeguard to patrol Lake Mendota in a speedboat.

A degree in metallurgical engineering is granted by the University of Wisconsin.

No student is complete without a Remington Portable

THE student who uses a Remington Portable Typewriter will tell you he couldn't get along without it, because it takes the drudgery out of writing up his lectures and preparing his reports and theses. Besides the time it saves, the Portable provides neater work than could possibly be turned out by hand. Profs are human, you know, and they appreciate and reward neat and legible work.

You'll find Remington Portable the handiest, fastest, and simplest to operate of all portables. It is the lightest (8½ pounds, net) and most compact portable (carrying case only 4 inches high) with four-row standard keyboard.

Can be purchased for \$10 down and \$5 monthly.
