THE UNIVERSITY OF NEBRASKA, LINCOLN, NEBRASKA, THURSDAY, NOVEMBER 4, 1926

PRICE 5 CENTS

RECEPTION FOR U.S. NAVY BAND BEING PLANNED

R. O. T. C. Band, Corncocks, Tassels, and Cadets To Meet Visitors

GUESTS AT GRID GAME

Lieutenant Benter and His Musicians Will Arrive Saturday Morning

A huge reception for the United States Navy Band, which will appear in concert at the University Coliseum Saturday night under the auspices of the University of Nebraska, is being planned under the direction of John K. Selloek, agent of student activities who has charge of the arrangements for the program.

The R. O. T. C. band, the Corncocks, the Tassels, and a company of cadets will meet Lieutenant Charles Benter and his band at the Rock Island depot Saturday morning at 9:40 o'clock. The band will then be escorted to the Lincoln Hotel where the members will make their headquarters while in Lincoln.

In the afternoon, Lieutenant Benter and his musicians will be the guests of the University at the football game to be played between the Nebraska freshmen and the Kansas Aggie freshmen.

Hour of Arrival Changed

The Navy band had not expected to make the jump from Sioux City until Saturday afternoon, arriving in Lincoln at 3:35 o'clock, but a telegram from the committee in charge of the program inviting them to attend the football game, caused Lieutenant Benter to order the taking of the earlier train, and plans are now being made to give this premier musical organization of the United States Navy a royal welcome to the university.

All university students interested in the reception are invited to join the reception committee at the Rock Island depot and march in the parade from there to the Lincoln.

Parade Forms on Q Street

The parade will form on Q Street and follow that street to Sixteenth, where it will turn south to O Street, which street will be followed to Ninth, and then to the Lincoln Hotel.

In a telephone conversation yesterday, Lieutenant Benter announced that he would have his band do anything possible at the football game in the afternoon.

It is against the governmental orders, he explained for the band to play any pieces at public gatherings of any kind except the official concerts, and for that reason he will not be able to have his musicians play for the football fans.

Benter to Lead University Band

He volunteered, however, to assume the leadership of the University (Continued on page 2)

DANCE TICKETS ARE SELLING ON CAMPUS

Competition is Running High Among Contestants; Prize to Each Person Selling Supply

A good-sized sale of Military Carnival dance tickets was reported yesterday, the first day on which the tickets were sold. Competition is running high among the men and women students who have entered the contest, and it is expected that many will sell all of the tickets allotted to them.

The allotment of tickets is necessarily limited and in case the supply is sold, the first prize of five dollars will be awarded to each contestant who sells his supply.

This is the first year that Military Carnival dance tickets have been placed for sale on the campus, and although more persons may be accommodated in the Coliseum than in the Armory where the event has been held before, there may be some difficulty experienced in getting tickets.

The Greek-letter organization which registers the most names at the entrance of the Coliseum at the Military Carnival dance on the night of the event will be given a piece of furniture, according to the announcement of the general chairman.

The committee is selecting the piece of furniture now, which will be on display in a few days. Registrants do not need to be registered under the organizations to which they belong, but may put their names down for any organization they wish making the system one of voting rather than registration.

The Military Carnival dance this year is taking the place of the Military Carnival of former seasons, and promises to be one of the biggest social events of the year. Although city authorities have banned gambling devices of former Carnivals, other new features are being planned and will help to improve the event over former years.

MYSTICISM IS FORUM TOPIC

Third Basis of Religion is Beyond Scientific Proof Or Disproof, Says Sears

Pointing out mysticism as something beyond scientific proof or disproof and as a matter for each individual, Professor P. B. Sears of the botany department yesterday concluded the series of talks on "The Basis of Religion" before the World Forum at its weekly meeting at the Grand Hotel.

"Neither of the preceding speakers was willing to cut away entirely from the other two viewpoints," announced Professor Sears in introducing his talk. "Both had the same evidence but they made two different choices. The difference lay, not in the evidence, but in them. The difference was a highly personal, mystical affair. It was entirely free from scientific proof or disproof."

Threefold Tension is Factor

That religion is the result of the three-fold tension of authority, rationalism, and mysticism, was next voiced by Prof. Sears. He averred that Jesus was a mystic and that Paul was a mystic. "They launched Christianity into the world from a mystical viewpoint," he declared. "Later it had to be crystallized into dogma. Conflicts arise from the changes that are continually occurring."

The difficulty of justifying mysticism because of the difficulty of explaining it was shown by Professor Sears. He pointed out that mysticism was difficult to justify also because it was a thing that couldn't be communicated. "It can't be formulated into words," he said. "It can only be lived."

Mysticism Analyzed is Ludicrous

"Mysticism, when analyzed by cold reason becomes ludicrous," declared Professor Sears. "The only way reason has of analyzing is by taking things apart." He then illustrated with a poem of William Blake's how (Continued on Page Three.)

STATE BANKERS ARRANGED DANCE FOR STUDENTS

Convention Committee Plans Entertainment at Coliseum November 11

TICKETS AT REGISTRAR'S

Concert by University Band Will Open Evening Affair

Nebraska students and the faculty are invited to be the guests of the state bankers at a dance given at the Coliseum the evening of Thursday, November 11. The committee in charge of the State Bankers Convention has made all the necessary arrangements with the university authorities and Thursday evening will be an open night for the University men and women who wish to attend this dance.

No persons will be admitted to the dance without invitations. Students who do not receive tickets can get them from Miss Florence McGahey, University Registrar. The dance will commence at 9 o'clock and will end promptly at 11.

University Authorities Cooperate

The State Bankers' Convention this year is strictly a University-Bankers occasion in every way. University authorities have cooperated to the greatest extent in aiding the bankers to make their convention as successful as possible. The day sessions will be held in the new "Ag" field house.

The program arranged for Thursday evening to precede the dance will consist of a band concert by the University band. If it is possible the bankers hope to have a demonstration of football strategy in which Coach Bearg will illustrate the plays made in a mock game to be played for them. The Thursday afternoon program will be a parade given by the R. O. T. C. regiment.

WALTER CAMP DAY WILL BE OBSERVED

Quota for Memorial to be Raised by Kansas Aggies Freshmen-Nebraska Freshmen Game

Walter Camp Day will be held at the University of Nebraska Saturday. Camp died last fall and colleges and universities all over the country have set aside a day to give tribute to his life.

Walter Camp is known as "the father of American football". He did more, probably, for the gridiron sport than any other man in the history of the game. He was a graduate of Yale University, where he was prominent in all athletics and especially in football. Camp devised new methods of play that revolutionized football. After that he became a famous sport writer, and foremost authority on football. His choices for All-American eleven were regarded over the country as the best.

Memorial to be held at the meeting of the National Col. (Continued on Page Three.)

It is 60 by 100 feet in size and will accommodate five hundred couples. The reviewing staff will consist of the company sponsors, the cadet colonel, and the staff officers.

Y. M. C. A. TEAMS CHECK UP DRIVE

Group Led by Olson is First To Date in Campaign; \$441 Collected

The teams in the Y. M. C. A. finance drive met at the Temple Wednesday evening for dinner and a check-up on the results of the drive. When the results were tabulated, it was found that Olson's team had taken first place since Monday evening. Willard Bailey and L. G. Strombeck were runners-up. The total is four hundred and forty-one dollars up to date.

There are ten teams in the drive and each captain made a report on the results of his team. There has been much difficulty in seeing the men, the majority of the captains reported. This was due to change of address and not finding the men at home.

One hundred university students are working on the drive and expect to put it over the top. There will be another meeting at 7 o'clock tonight to check up on the results for today.

Annual Bake Sale To Be Held Today

The Home Economics Department of the College of Agriculture will hold their annual Bake Sale Thursday. In former years it has been the practice to have the products on display, but this year it has been decided to get orders.

All orders for bakery products must be in by Thursday night. These orders will be delivered Friday. All persons interested should call Helen Noyes at B2049 and leave their orders.

FIRST FRESHMAN RALLY TO BE HELD

Monte Munn to Speak at Meeting Preceding Game With Kaggie First-year Men

The first Freshman Rally ever held at the University of Nebraska will take place Friday night in the Armory. The class of 1930 will be the backers of the Freshman eleven in the tussle with the Kansas Aggie yearlings. For the first time a Cornhusker team composed of first year men will be introduced to the student body.

The principal speaker of the evening will be Monte Munn, former gridiron star, legislator, loyal Nebraskan, and now a contender for the world's heavyweight boxing championship. Monte has a brother on the squad who probably will be one of the eleven to be on the field with the kick-off.

Squad is Promising

Nebraska's yearling squad is promising. The line has some heavy men and the backfield boasts of future Husker stars. "Choppy" Rhodes is the head coach. He has been assisted this season by Ed Weir, Harold Hutchison, Coach Henry F. Schulte and E. Keim. The Kaggies have a brilliant team for a first year squad. Although not heavy, they seem more experienced than the average freshman eleven. The Coach is W. G. Speer, former mentor at Midland and Peru.

The entire freshman squad will be on the stage in the Armory. Coach Rhodes will introduce the players. The Freshman staff of cheer leaders, James Hamilton, Cleo Leichter, Ted Shurdeman, George Gregory and Howard Kennedy, will lead the yells. They will also do the pep-directing at the game Saturday.

De Giorgio, Cornet Soloist In Navy Band, Studied Music in Italy

Giovanni De Giorgio, cornet soloist with the United States Navy Band, which will appear in Lincoln Saturday evening at the University Coliseum, under the auspices of the University of Nebraska, began his musical studies as a lad of ten years in the little city of Torre Regio, Province Catanzaro, Italy.

He had, as his maestro, Professor Pasquale De Sandro of the Conservatory of Milan, one of the great musical schools of Europe. Prof. De Sandro taught him not only instrumentation, but harmony, theory, arranging, and everything that pertains to a well-rounded musical education.

Dr. Giorgio, by 1904, when but 20 years old, had completed his schooling, and had gained considerable experience as a soloist in European bands.

He then sailed for the United States. Upon his arrival in this country, he enlisted as a musician in the United States Navy.

Within a comparatively short time, De Giorgio was assigned to the band of the presidential yacht, The Mayflower, and in 1913 he was given the grade of bandmaster and assigned to the U. S. S. Dolphin, then the yacht of the secretary of the navy.

In 1919, De Giorgio was transferred to the Washington Navy Yard Band as solo cornetist, and since that organization was reorganized as the United States Navy Band he has held that position with increasing popularity.

At the Saturday evening concert, De Giorgio will play "A Soldier's Dream," by Walter B. Rogers. This descriptive piece is intended to represent a complete cycle from morning until night covering the events of a soldier's day. First, morning reveille, is sounded; the assembly,

"The Soldier's Farewell," "Bold Soldier Boy," "Hall Columbia," "The Return," "Home, Sweet Home," "Tattoo," taps, and finale.
