

CAGEMEN LEAVE FOR TRIP TODAY

Black Will Take "Big and Little" Teams to Meet Missouri Schools

MAY TAKE 12 PLAYERS

The Husker basketball squad leaves this afternoon for a week-end trip in Missouri. They will meet the Washington Bears at St. Louis Friday evening and the Tigers at Columbia Saturday. Ten men were chosen by Coach Black yesterday afternoon to make the trip.

Captain Smaha, Kenneth Othmer, Ted Page, Merritt Klepser, Roy Anderson, Phil Gerelick, Elmer Holm, Jug Brown, Tom Elliot, and Robert Krall, are the members chosen for the journey. If twelve men should be taken Vint Lawson and Carl Olson will be included.

Two Teams Chosen

Coach Black picked his men after running the squad through a lengthy scrimmage. Smaha and Othmer, forwards, Page, center, Anderson and Holm, guards, was the line-up of the first squad. They were opposed by Klepser and Brown, Elliot, Gerelick and Krall. These combinations are recognized on the court as Black's "big" and "little" teams. Gerelick later replaced Anderson on the "Big" group and Lawson was substituted in his place.

Captain Smaha and Othmer presented a shifty offense in the work-out. They have been working together in fine shape in the practices this week and will probably be in the starting line-up against the St. Louis Bears. Ted Page, who proved the statement that a good big man is better than a good little one by his playing against the Kaggies last Saturday, has been holding down a regular position in the center ring.

Holm Looks Good

Elmer Holm, who played his first game on the home court against the Aggies, is putting in a strong bid for a starting position as guard. Gerelick will probably hold down the other defensive job. Klepser was the mainstay for the "little" squad. He tossed in three baskets and was a leading factor in the passing game. The entire squad has been spending considerable time on tossing free attempts and working on the short pass. Early reports on games in the Valley this season show that free throws play a prominent part in the total score. Both teams were making good on most of their attempts in the scrimmage yesterday.

FOUR GAMES IN CAGE TOURNEY ON WEDNESDAY

(Continued from Page One.)

were Wanek, center, and Waterman, forward. Wanek was the only Mu Sig that could compare in height with the other team.

Pi Kappas Run Big Score

Pi Kappa Phi won a 21 to 7 victory over the Delta Chi five. Dormier and Pumphy, Pi Kappas, were hitting the hoop in nice fashion during the second half, bringing their team to the front after the Delta Chi had led to the half 6 to 4. The guarding of Foster, Delta Chi, and Adams Pi Kappa, featured the defensive work of both teams.

The dentists of Delta Sigma won a hard tilt from Tau Kappa Epsilon 8 to 3. Taking the lead early in the game the Delta Sigs kept it throughout but were constantly threatened by the T. K. E. five. Brwer and Miller, of the winners, led the attack of the dent five who led at the half 4 to 1.

College Men Shoot Their Own Meat; Co-Eds Wear Moccasins in Alaska

A college where the boys shoot their own meat and the co-eds wear moose-hide moccasins! That's the Farthest North College, about three miles from Fairbanks, Alaska.

The cornerstone of the first campus building laid in 1915, it was not until 1922, after further appropriations had been made by the Territorial Legislature, that the College opened its doors to students. There were 164 students registered during the past year and the faculty members fourteen.

The plentiful game supply has been a boon to students seeking to reduce the cost of living. Sometimes moose, caribou and bear stalk on the campus, while the nearby valley and mountains hold their own in the matter of steak or chops. And though the co-eds wear moose-hide boots

trimmed with beaver fur, and "mush" dogs, college life is much the same to them as it is to girls everywhere. One of the college girls won the sixteen-mile dog derby in Fairbanks, last winter, and was accorded the honor of christening the "Alaskan," the Detroit-Arctic Expedition monoplane.

The president of this northland college, Charles E. Bunnell, is a genuine Alaskan; he was former judge of the United States District Court with headquarters at Fairbanks for seven years, after practicing law in Valdez.

And so the fingers of the Aurora Borealis that have stretched over so many lonely cabins, now roll their scrolls over a group of modern college buildings. Only now they are understood instead of being merely wondered at!

IMPOSTERS OFFER "U. W." CORRESPONDENCE COURSE

Fraudulently representing themselves as agents of the University of Wisconsin, two men are soliciting enrollments in correspondence courses in the vicinity of La Crosse, Coon Valley, and Westby, according to information that has come to the University Extension division.

In Coon Valley they offered one young man a course, described as equivalent to the four-year residence course at the university, for \$165, and guaranteed a job paying \$6 a day for the first year after completion of the course.

IN THE VALLEY

By JACK ELLIOTT

Showing everything that the name indicates Iowa State's Cyclones played the greatest offensive game of recent years, Saturday night against the Oklahoma Aggies from Stillwater, taking the count 40 to 21. From the first tip-off to the final gun, Iowa State played the Oilers off their feet, and every attempt at an Aggie rally was nipped in the bud.

For the first time in twenty years the University of Missouri and Creighton will meet in athletic competition. The lapse has not been due to a break in relations but merely because good opportunities for meeting have not presented themselves. The first encounter between the two schools will be a baseball game on April 26, 1927.

A hard uppercut to the jaw of Robert Sanders, delivered by Harold Scholz, was responsible for Ames discontinuing boxing, not the absence of a schedule, as announced by college authorities, it was learned. The blow sent Sanders to the mat, rendering him unconscious for five days. The bout was part of a college preliminary meet there in December. Sanders suffered hemorrhages of the spine from the effect of the blow and has not been able to return to school.

Ames had two bouts scheduled with Kansas Aggies and Notre Dame for this season, both of which have been cancelled. Regular practice sessions under the tutelage of "Scotty" Russell, Drake aquatic mentor, are rounding the 1927 Bulldog swimming team into shape for the first dual meet of the season at Ames.

Creighton set a new high mark record for the North Central conference last night when the University basketball team defeated South Dakota State 67 to 16. Looks like the Blue Jays are hitting the pace and hitting it hard this year. They took the count on the Kansas Aggies and lost to the Valley champions by a few points.

A last moment spurt gave the Kansas State Teachers college a 33 to 30 victory over the Oklahoma Aggies

Tuesday night. The Kansas Teachers made six points in the final two minutes of play to win.

The game was a see-saw affair, the score being tied five times. This was the second time that the Teachers defeated the Aggies this year.

The tentative scheduling of a game for 1928 with the United States Naval Academy eleven in the new municipal stadium at Baltimore is being taken by Drake athletic authorities. The stadium at Baltimore has a seating capacity of 80,000.

FOURTEEN ENTER INTERFRAT SHOOT

Annual Greek Rifle Match Gets Under Way in Full Force Wednesday Afternoon

The interfraternity rifle match was in full swing on Wednesday, the third day of competition, according to Capt. Lewis W. Eggers who has charge of the affair. Fourteen fraternities had entered teams yesterday afternoon.

The match began at 9 o'clock Monday morning and will continue until 4:30 Friday afternoon. Fraternity teams are not allowed to practice on the range until the closing hour of the contest. Shooting privileges and equipment are furnished free to teams and contestants.

Awards in the form of plaques will be given to the fraternities which shoot the first and second high scores in the meet. The first award will be the personal gift of Mr. O. J. Fee and the second will be given by Colonel F. F. Jewett.

Fraternities entered in the contest Wednesday afternoon are: Theta Chi, Phi Kappa Psi, Alpha Chi Sig-

ma, Phi Gamma Delta, Pi Kappa Alpha, Mu Sigma, Delta Sigma Phi, Kappa Rho Sigma, Delta Chi, Alpha Theta Chi, Sigma Chi, Alpha Chi Sigma, Tau Kappa Epsilon, Phi Kappa, and Delta Tau Delta.

NEBRASKA STOCK IN DENVER SHOW

Four Carloads Sent From University Ag College; Woods Brothers Will Send More

Four carloads of livestock from the herds of the College of Agriculture were shipped to Denver yesterday where they will compete in the National Western Livestock Show next week.

The shipment included some animals that have won at both the American Royal show at Kansas City in November and at the International at Chicago last December. There were two carloads of cattle, one of hogs and one of sheep. Practically all of the livestock to be shown were bred by the college.

Prof. H. J. Gramlich, head of the animal husbandry department reports that some of the classes have more Nebraska-bred entries than all other states put together. Woods Bros. have sent seven carloads of stock from their Greenwood ranch, indicating in part, some of the interest that Nebraska livestock men have in the show.

Faculty Committee At Ohio Studies Freshmen

Believing that the ills now suffered by higher education are mainly due to the freshman problem, Pres. George Rightmire of Ohio State University has appointed, according to

the Iowa State Student; a faculty committee to study the situation. Efforts are being directed to rescue the Ohio State freshman from mass education and restore the human touch to his schooling. Special appropriations have been made from the new budget to care for the expenses of this work. Special attention will be directed to giving the freshman the right kind of a start to enable him to make the most of his opportunities of higher education.

President Rightmire declared that the freshman question is the biggest problem facing the university of 66-day. What the university helps the freshman to become is the test and justification of a modern university according to Rightmire. With the welfare of the freshman as a primary motive Ohio State University is asking for funds to secure an adequate teaching staff, and for sufficient recitation rooms and laboratories to make the human touch possible.

A total of 20,292 non-resident students was enrolled in correspondence courses of the University of Wisconsin Extension division in the year 1925-26.

The University of Wisconsin was the first university to establish a professional course to train men for athletic coaching and the teaching of physical education.
