NO GAMES WEDNESDAY

Coliseum To House Concert Tonight; Play Starts Again Thursday

TUESDAY'S RESULTS Beta Theta Pi 12, Alpha Theta Chi 11, Delta Sigma Phi 21, Alpha Gamma Rho 10, Kappa Sigma 31, Delta Sigma Delta 6, No games Wednesday.

Calvert's free toss in the last thirty seconds of play to win for Beta Theta Pi over Alpha Theta Chi proved the climax to an evening of exciting games of the interfraternity basketball tourney Tuesday.

In the Beta Theta Pi-Alpha Theta Chi contest the lead was held by the Betas most of the contest but due to the basket shooting of the Dwyer and the fouling of the Betas the Alpha Theta Chi managed to keep well on their heels and with thirty seconds remaining they tied the score.

Delta Sigma Phi emerged the victors over the Alpha Gamma Rho 21 to 17 despite the work of Roth, Alpha Gamma Rho forward, who scored five field goals and proved the high-point man of the contest.

With every member of Kappa Sigma entering into the scoring list, they soon compiled a total of 31 points while their opponents, Delta Sigma Delta, were scoring six points.

Alpha Sigma Phi took an interesting contest from the Theta Chis by a score of 30 to 8. Peterson and Halbein lead the Alpha Sigs to victory while "Chief" Elkins starred for the losers.

Assignment Committee Adjusting 4,000 University Registrations

The Assignment committee, that group upon whose decision rests the fate of every registration schedule in the University, is probably the busiest organization on the campus at the present time.

Contrary to rather prevalent opinion among students, this committee does not work in a mechanical, arbitrary fashion, cutting up and changing students' schedules with no regard for the conditions under which many of them are attending school.

The greatest concern of the Assignment committee is to equalize the sections in each course. The College

KANSAS POINTING TO HUSKER GAME

Jayhawkers, After Suffering First Setback of Year, Drilling Hard

Lawrence, Kan., Jan. 18.—Spurred by defeat Saturday night at the hands of the Ames Cyclones, 12 to 15, the University of Kansas basketball squad renewed practice this week for the second home game of the series, with Nebraska here Wednesday night.

The Jayhawkers, five times Missouri valley champions, had won their first four games of the season, and started the scoring in the Ames game, but were soon tied, and did not regain the lead. Both teams repeatedly missed the basket, and the scores were unusually low, especially for Kansas.

49th Kansas-Husker Game The game Wednesday will mark the 49th time that Kansas and Nebraska have met on the basketball floor. Kansas has won 29 of the 48 games and Nebraska 19, but the aggregate scores are closer than the number of games. Kansas has scored 1868 points to 1118 for the Cornhuskers.

Semester quizzes begin at the University the last of the week, and after the Nebraska game, the Jayhawkers will have no contests until they go to Columbia Jan. 29 to meet Missouri.

Kansas-Nebraska scores from the first of the season are as follows:

Table with columns: Year, Kansas, Nebraska. Lists scores from 1902 to 1926.

BALL TICKETS PUT ON SALE

Pan-Hellenic Ball Plans Are Announced; Tickets Are Limited to 300

Plans for making this year's Pan-Hellenic ball the best party of the season were laid before representatives of the thirty-eight fraternities of the campus at a meeting Tuesday night.

The ball, which is under the sponsorship of the Kosmet Klub, will be held Saturday, February 5, at the Scottish Rite temple.

Three hundred tickets were distributed among the fraternities for sale at \$4.00 each. The number has been strictly limited to 300 by the Kosmet Klub in the belief that this is the largest number that can be comfortably cared for at the Scottish Rite temple.

Fraternity representatives will check their tickets in Sunday at the Temple Theater. Seniority within fraternities will govern the right to obtain tickets.

Each fraternity was given from eight to ten tickets according to its size.

Jack Crawford to Play Robert Craig, representing the Kosmet Klub, explained to the fraternity representatives how the Klub had been able to secure Jack Crawford and his ten piece band for the Pan-Hellenic.

Crawford's orchestra has just finished a six month's engagement on the Pacific coast, playing in one of the finest ballrooms in San Francisco.

Their original contract was for six weeks but they were so popular on the coast that their engagement was extended until the present. They are to stop in Lincoln on their way east where they will play at a new ball room just opening in Milwaukee, where they have a year's contract.

"They could have been obtained only at a prohibitive price," Mr. Craig explained, "if it were not for the fact that they can stop off here on the way east." Gregg Watson then told somewhat of the reputation of Jack Crawford and his orchestra.

They have with them paraphernalia for presenting from twelve to fifteen acts of vaudeville during the evening.

It was for this reason that the ball will be held at the Scottish Rite temple where facilities make it possible for all to get close to the orchestra, and get the full benefit of the music and vaudeville.

There will be no intermission during the ball. The orchestra will start playing at 8:30 and the ball will continue until 11:30 or 12:30 if permission can be secured.

The contestant who swims the greatest number of laps in 10 days is declared the winner.

FIRST DEBATE IS THURSDAY

Nebraska Teams Ready For First Match of The Season; South Dakota Opponent

Nebraska's varsity debaters are putting the finishing touches on their work preparatory to the opening debate with the University of South Dakota in Memorial Hall at 7:45 Thursday evening.

The team to debate at Vermilion will leave this noon. Both debates will be on the question, "Resolved: That the government of the United States should be changed to include the principles of parliamentary responsibility."

Split teams will be used in both debates, an innovation in Nebraska debating circles. This arrangement will make possible an audience vote on the question. A ballot will be taken before the debate and another afterward in regard to audience sentiment on the question.

The debate will be followed by a rapid-fire open forum discussion as has been the custom for several years.

Talent Is Unusual The debate in Memorial Hall tomorrow will present an unusual array of forensic talent.

All three of the Nebraska debaters are former members of the "Think-Shop" and two of them have spoken on Nebraska Varsity debate teams before. Two of the three South Dakota speakers have also represented their school on the debate platform in former years.

George Johnson, Law '29, Lincoln, Nebraska-Iowa 1925, and Evert M. Hunt, '28, Lincoln, "Think-Shop" member last year will speak for Nebraska on the affirmative in the local debate.

South Dakota is sending Maurice Nelles, who debated here last year on the Child Labor question, as their affirmative speaker at the debate here. Nelles is a senior in the school of engineering at South Dakota, president of the debating board of control and of the radio club, a member of A. T. O., and a varsity debater for the second year.

Frost on the Negative Lincoln Frost Jr., '27, Lincoln, Nebraska-South Dakota 1926, will be Nebraska's representative on the negative in the home debate.

The South Dakota representatives will be Charles Christopherson and Elmer Thurow. Christopherson is debating for his first year. His father is one of South Dakota's representatives in the House at Washington.

Thurow, who is a junior in their school of law, is participating in his second year of intercollegiate debating.

Nebraska is sending a team of new men, but men who won their places in competition with the veterans, to South Dakota. John P. McKnight, '29, Auburn, will speak on the affirmative. Archibald Storms, Pre-Law '28, Holdrege and Charles Hansen, '27, Wolbach, will debate on the negative.

Professor Hill Says Diplomatic Relations Make the World Better

"The post-war period has seen attempts to raise the moral standards of international intercourse," declared Professor N. L. Hill of the department of Political Science, Tuesday afternoon in his talk over the radio.

The speaker stated that this was only with questionable success, but that "The Covenant of the League of Nations requires that all members shall register with the Secretariat every treaty which they shall make and that no treaty is to be considered as binding unless that requirement is made."

The obvious intention is to secure publicity for all international agreements. During the past six years the League has published about twenty-five volumes that have contained over 700 treaties of all kinds.

Mr. Hill's lecture follows: Secret Diplomacy "Members of the International Community of States develop among themselves either a spirit of neighborliness or a petty animosity. Contacts with each other are unavoidable and it follows that nations will fraternize over the back fence or they will throw stones at each other's window-panes and quarrel. To some extent the friendliness of nations is dependent upon the frankness and openness of their intercourse or in other words the standards of their diplomacy which is the medium of their communication. True not all will be engendered by misunderstandings, but sometimes an argument will disappear if both parties will place all of the cards on the table for free inspection. It has been said that the diplomacy of today is the "evil spirit of modern politics." The statement is challenging and suggests a careful inquiry into the whole matter.

Y. M. C. A. BOOK STORE WILL BE OPENED FRIDAY

Co-operative Book Store Will Save for Students, Says Head of Committee

BOOKS NEEDED SOON Second Hand Books Will Be In Demand for Second Semester This Week

A student Co-operative bookstore, will be launched and put into operation before Friday in the Temple by the University Y. M. C. A., was the announcement given out Tuesday by Secretary Hayes.

The Student Book Exchange, as it will be called, will sell second hand text books for a student at any price which he desires, less a discount of fifteen per cent for handling charges. Students, both men and women, may make use of this store.

This system, according to Mr. Hayes, Secretary of the University Y. M. C. A. is being used in many universities today, and not only aids the student to receive more for his second hand books but others may buy them cheaper than otherwise.

Want Books Now Mr. Hayes urges that all students immediately bring in their books for sale and as soon as they are sold the exchange will turn over the proceeds to them. Books used for the second semester of last year particularly are expected to be turned in to start business Friday morning.

Joe Hunt, '29, Scottsbluff, is chairman of the Book Exchange committee. He has sent the following letter to all fraternities and sororities: January 19, 1927

Dear Friend: As one student to another let me ask you if it wouldn't be a fine service to students to arrange it so that every one selling a used text book could get a good price for it—and so that every one buying a used text book could do so at a real saving.

A plan to accomplish this has long been in successful operation at other Universities. Now Nebraska students are to have the advantage of such an arrangement, promoted here by the University Y. M. C. A.

The Student Book Exchange will begin operations in the "Y" Rooms in the Temple building Friday, January 21. Bring in your used text books that will be in demand for the second semester and leave them with the Exchange to be sold for you at the price you name. After the sale is made the proceeds will be turned over to you, less fifteen percent for operating costs of the Exchange.

Will you kindly read this letter to your group and post it on your bulletin board.

Sincerely yours, Joe Hunt, Chairman Book Exchange Committee
