

HUSKERS FLOP LONG STANDING JAYHAWK JINX

Closely Fought Game on Lawrence Court Results in 27-24 Win for Nebraskans

PAGE MAKES 11 POINTS

Elongated Husker Center High Point Man for Huskers. Petersen Scoring Ace

Aided by frequent successful scoring efforts by the lanky Ted Page the Nebraska Cornhuskers succeeded in hammering the University of Kansas cagers for a 27 to 24 win in a closely fought game on the Lawrence court last night, the victory being the first the Scarlet and Cream has been able to hang up against the Jayhawkers since 1919. Page, Husker center, accounted for eleven of his team's points counting four times from the floor and three times from the free throw line. Petersen, the opposing center, was high point man of the game, however, caging seven field goals and a free throw.

Othmer and Andresen entered the scoring column with two field goals each, while Captain Smaha and Holm found the hoop for two points each during the evening.

Huskies Headed But Once

The Cornhusker quintet was headed but once during the game and that lead came just before the first half ended when Petersen, Jayhawker center put two baskets through the net. But the Kansas lead was short-lived as Holm came back sinking one from the middle of the floor just as the gun ended the first period of the game, putting Nebraska in the lead 17 to 16.

Ted Page, Husker center was able to get the tip-off from Petersen, giving the Nebraska five the advantage of working their plays down under the basket for short shots.

Victory Unique

The Nebraska win last evening was unique in that it was the second recent athletic contest in which the Husker coaches have succeeded in registering victories over former "teachers." In 1925 the Husker football team, led by Coach Bearg a former pupil of "Bob" Zuppke, defeated the Zuppke-coached Illinois by a decisive margin. The present Nebraska basketball mentor Coach Black, is a product of the "Phog" Allen system at the University of Kansas, a system which was apparently unable to cope with the Husker attack in the Wednesday night contest.

The victory over Kansas will count in the Missouri Conference standing.

COUNCIL MEETING HELD WEDNESDAY

Discuss Possibility of Student Representation on Athletic Board. Also Regulation of Dances

The matter of student representation on the athletic board will be thoroughly investigated by a committee from the Student Council according to reports from the Council meeting held Wednesday afternoon in Temple 204. Erwin Domeier, chairman of the general committee on athletics, discussed the matter of student representation at other colleges and universities and presented the conclusions reached by the members of the standing committee, which resulted in the recommendation of the special investigation.

Other matters to be considered by the Council, are that definite action be taken in regard to the regulation of social functions on nights of varsity dances, and that honorary organizations on the campus be asked to present to the Council reasons for their existence. These matters will be discussed at length at the next regular meeting of the Council Wednesday, February 2.

BOOK EXCHANGE WILL BE OPENED

Y. M. C. A. to Establish "Market Place" Where Students May Buy and Sell Books

"By students—for students," is the slogan adopted by those in charge of the Student Book Exchange which will be opened Friday, in the Y. M. C. A. rooms at the Temple. "It is not a cooperative scheme which we are proposing," declared C. D. Hayes, Y. M. C. A. Secretary, "it is more on the plan of a brokerage."

"The Book Exchange is being established to help students get rid of books for which they have no further use, and get books which they need," he continued. "There will be no profit for any one concerned. The 15 percent which is to be taken from the sale of the book is merely to cover expenses of publicity and getting a man to be in charge of the place when volunteer help is not available."

Owners Set Prices

The books will be left at the Exchange and the owners will set a price on the book, with the advice of those in charge, according to Mr. Hayes. They will be given a card stating exactly what transactions have been made, and a duplicate of this card will be kept in the office. When the book is sold the student receives his price, less the fifteen percent due the Exchange.

Books will be received at the store, beginning Friday morning. The Y. M. C. A. office urges that students who desire to sell books, especially those that were used the last semester of last year bring them in as soon as possible. According to Mr. Hayes, the idea of the Book Exchange is in use in many schools of the East, and it is being worked successfully and to the greatest satisfaction of the students.

After six weeks of intensive and rigorous debate drill and arduous preparation, the Husker debaters are ready to open the season tonight, discussing the question, "Resolved: That the government of the United States should be changed to include the principle of parliamentary responsibility."

Nebraska's debaters, trained in the same "Think-Shop" which has housed mental conflicts for over a quarter of a century are ready to meet South Dakota with the same rapid-fire, clear, keen-cut, analytical arguments and slashing refutation which has characterized Nebraska debaters since the advent of Professor M. M. Fogg in 1901. Professor H. Adelbert White, formerly of Washington and Jefferson, and a national vice-president of Delta Sigma Rho, national debating fraternity, who has succeeded the late Professor Fogg in the debate work, has coached the team, but only in an advisory manner as has been the custom in intercollegiate debate circles in this region for several years.

Admission to the debate this evening will be fifty cents. Management of the debate has been placed in the hands of Donald Campbell, '28, Stanford. He will be student manager for all the debates this year.

CONFERENCE IS FORUM SUBJECT

Eloise Keefe and Joe Hunt Describe Milwaukee Meeting at Wednesday Luncheon

"Our philosophies are of no value unless we can apply them to our daily lives," declared Joe Hunt, '29, Scottsbluff, in his talk before the World Forum at the Grand Hotel Wednesday noon. His speech was preceded by a talk by Eloise Keefe, '28, Lincoln. Both discussed the recent student conference at Milwaukee.

"It was a conference and not a convention," Miss Keefe emphatically stated in pointing out the significance of the conference. She called attention to the variety of students represented at the conference, students from all states and of all nationalities. The idea of a "Universal Spirit—a Universal God," Miss Keefe stated "was emphasized."

Among the questions discussed at the conference, Miss Keefe called attention to several of the more important. "Can we build a life on the philosophy of get yours while the getting is good?" Miss Keefe asked. "Are we doing our part toward promoting world fellowship?" She pointed out that the conference broke through feelings of racial superiority and racial distrusts. All the students were imbued with interest in important religious and social problems.

Joe Hunt declared in opening his address that students have a right to question everything. "They have a right to question the moral standards of their fathers." He explained, "I am not going to say that I'm not going to drink just because I'm told not to drink. However, I'm not going to drink because I know that I can't develop my fullest personality if I do."

Cannot Follow Our Fathers

"The danger of living up to the moral standards of our fathers," he said, "lies in the fact that we cannot remain static. We either go forward or backward. We need to question and to see the reasons for moral standards. Progress is measured in what each generation can add to what has been given them by the preceding generation."

There will be no meeting of the World Forum next week. Meetings will be resumed the second semester.

The Greek cage teams took a rest Wednesday because of the program by the Detroit Symphony Orchestra in the Coliseum. Play will be resumed tonight at 7 o'clock.

Kappa and Alpha Tau Omega, none of the three having lost a game. These teams have not played each other yet, however, and when they do the standings in that league will show considerable change. The other five with perfect records are Sigma Phi Epsilon, Phi Gamma Delta, Kappa Sigma, Delta Tau Delta, Pi Kappa Alpha, Pi Kappa Phi and Alpha Sigma Phi.

Sig Eps Look Good

In League 1 Sigma Phi Epsilon looks like a cinch to go to the final series. Alpha Gamma Rho is the strongest competitor, but barring hard luck, it appears that the Sig Eps will be champions in that league. Phi Gamma Delta holds much the same position in League 2 and should be the winner. The competition in League 3 looks like a loose battle between Kappa Sigma and Delta Tau Delta. Pi Kappa has a nice team but can hardly expect to cop the league title.

Two Teams

Pi Kappa Alpha and Alpha Sigma Phi have a run-away in League 4, but it is doubtful which one of the two will come out on top. Pi Kappa Phi now leads in the fifth division. Pi Kappa Psi is in second place and has a chance to tie it up.

The triple tie in the sixth league might turn in any one of the three team's favor. Alpha Tau Omega, though, is hardly in the class of the others. The Sig Alph team is generally considered the best in the league.

Annual Charter Day Radio Program Being Formulated by Alumni Office

The alumni office of the University of Nebraska is busy getting the plans for the annual Charter Day in shape. A radio program will be broadcast from the local station, and this, together with material to be used by various sub-associations, is being planned out. The sub-associations meet in honor of the day in the many cities of the United States in which there are alumni of the University.

Charter Day has met with general approval for reunions of University men and women in their various homes since it is a winter-time date and is favorable to good radio reception and easy nights for attending meetings.

According to the plans that have been formulated so far the radio program will be more lively and appealing to the alumni this year than ever before. The program will start promptly at 8:05 p. m. central standard time, and will be broadcast through station KFAB, the Nebraska Buick station at Lincoln, radiocasting on 340.7 meters and an output of 5,000 watts. The station is easily heard in all parts of the United States if the night is favorable to radio reception, so alumni will have little difficulty in hearing the program.

The band, glee club, University quartette, soloists, and instrumental favorites will provide the musical entertainment of the evening. An effort is being made to have many of

Every day he asks a question from different students picked at random on the campus.

Today's Question: Do you think the Daily Nebraskan should print news other than school news?
Herbert Morrison, '29, Oberlin, Kansas, Pre-Dental.
