GREEK TEAMS RUN OFF FOUR TOURNEY TILTS

Kappa Sigma, Acacia, and Pi Alpha Alpha Victors In Monday Night Games

GAMES FAIRLY CLOSE

Pi Kappa Alpha Noses Out Alpha Sigs, 11-10; Acacia Wins From Pi Kaps 19-12

To-day's Results

Kappa Sigma 23, Tau Kappa Epsilon 9.

Acacia 19, Pi Kappa Phi 12.

Pi Kappa Alpha 11, Alpha Sigma Phi 10.

Class B

Kappa Sigma 9, Farm House 2.

No Games Tuesday

Kappa Sigma, Acacia and Pi Kappa Alpha emerged the victors in Monday's tussles of the interfraternity basketball tourney.

Kappa Sigma continued their victorious record by taking an easy tilt from Tau Kappa Epsilon, 23 to 9. In one of those "any-bodies" games, the Pi Kappa Alpha won from the Alpha Sigs 11 to 10. Acacia won from Pi Kappa Phi 19 to 12 thus going into an undisputed lead in league 5. In the only Class B tilt of the evening, Kappa Sigma again turned in a victory by winning over the Farm House seconds.

The Pi Kappa Alpha quintet found tough sliding against the Alpha Sigs but emerged from a basketball, a football game the winners by one point. Gohde and Whelan proved the stumbling blocks of the Alpha Sigs despite the work of Peterson, Alpha Sig center, who scored six of their ten points.

Kappa Sigs Win Easily

Paulson, Owens, Konkright, and Roper took turns in shooting for the Kappa Sigs and Roper had the best luck. But the four scored 22 points and Tau Kappa Epsilon was added to their growing list of victims. Connor, Kappa Sig guard, cannot be overlooked however due to his guarding game which consisted mostly of holding "Cy" Yordy, Tau Kappa Epsilon forward, to three points. Yordy was the whole show for the losers playing a nice floor game.

Joy Storm, Acacia, defeated the Pi Kappa Phi five in a league championship game thus keeping the Acacia in the 1000 percent class. Storm scored 15 points while his team-mates were scoring 4 more, making a total of 19 to the Pi Kappa 12. The floor-work of the Pi Kaps proved superior to the Acacia but they proved mighty cool on the basket while Storm was hot. Numerous attempts of the Pi Kaps to rally were stopped by their inability to connect with the hoop.

In the Class B tilt, Ulstrom and Anderson led a troupe of Kappa Sig (Continued on Page Four.)

Collection of Indian Papers Is Being Made

Norman, Feb. 7.—(Special)—The largest single collection of original documents, letters, and bills of sale, in existence, pertaining to the Cherokee Indians, is being arranged for historical purposes by Prof. M. L. Wardell, assistant professor of history at the University of Oklahoma.

The material is being assembled in letter volumes, and, when the process is completed, it is expected that over 55 large books will be filled with the letters and documents. Included in the collection are many bills of sale for slaves, some petitions for the return of runaways, and several petitions for citizenship.

Most of the letters and documents are written in a clearly legible hand, and the language and punctuation indicate that the Indians of Oklahoma in the early days must have been well educated, Professor Wardell says.

Dr. Waldo Westwater To Speak to Chemists

The 132nd regular meeting of the Nebraska section of the American Chemical Society will be held this evening in Chemistry Hall 208. Dr. Waldo Westwater will speak. His subject will be "Internal Pressure of Liquids and Liquid Mixtures," which is a subject pertaining to the work done by Dr. Westwater at the University of California towards his doctor's degree.

Dr. Westwater has been an instructor in the Chemistry Department of the University for two years, and is a convincing talker. Those who are acquainted with Dr. Westwater will need no urging to attend. All others interested are invited to be present at the meeting.

Schulte Trophies Sent Meet "Winners"

Herewith please accept trophy won by your prowess in the recent inter-fraternity indoor track meet.

(Signed)
Henry F. Schulte.

Such was the letter received by eighteen of the fraternities on the University of Nebraska campus, together with a dainty tea-cup and saucer for not entering the annual inter-fraternity track meet which just closed in the Memorial Stadium.

The loving cups were delivered to the Greek organizations last evening during the dinner hour.

SENIOR WOMEN HOLD ELECTION

May Queen, Maid of Honor, and Mortarboard Candidates Chosen This Week

POLLS OPEN TWO DAYS

Members of the election committee of Mortar Board have called sororities, dormitories, and rooming houses, about the May Queen and Maid of Honor elections, and the Mortar Board nominations which will be held Wednesday and Thursday from 9 to 5 o'clock. Notices of the election have also been posted on the campus in a effort to get the senior women out, as it is desired this year to have a representative vote. The polls will be in the Social Sciences corridor.

Ruth Ann Coddinton, Cyrena Smith, and Viola Forsell will be in charge of the voting. Senior women will vote for two women, one for May Queen and one for Maid of Honor, the one with the highest vote being May Queen and the one with the second highest Maid of Honor.

Post List of Women

A list of junior women will be posted at the polls and from five to fifteen women may be named by each voter. A list of thirty women receiving the highest number of votes will be considered for membership.

Membership in the organization varies from five to fifteen members at the discretion of the active chapter. Any woman having a low scholarship standing will be automatically dropped from the list.

The identity of the May Queen, Maid of Honor, and the members of the Mortar Board will be revealed on Ivy Day.

CHURCH WORKERS PLAN A CAMPAIGN

Federation of Church Workers Will Entertain Inter-Church Team February 19 to 23

The Federation of Church Workers in the University, which includes the Christian Association secretaries and eight University pastors, has arranged for the coming of an inter-church team to this campus February 19 to 23. The members of this team will be directors of education, young people's work, and personnel in the national societies of the denominations represented. Their names and achievements will be announced in a few days.

All of these national secretaries are persons of notable success in their work with students and are well known as authors, editors, organizers and public speakers. All of them make a specialty of personal conferences for the solution of student problems and guidance in the choice of any form of life work. The major portion of their time during the three days that they are here will be given to these personal interviews.

Visitors Are Specialists

Those of the visiting secretaries who are specialists in the lines of teaching, journalism, science, missions, etc., will address convocations, special groups and classes.

Each visitor has a university student as host or hostess, and these students form an executive committee to promote the whole campaign and arrange for such interviews as other students may desire to have with the secretaries.

The first meeting that the committee will call is a mass meeting of all students at the Temple Sunday afternoon, February 13, to make explanations and arouse enthusiasm for the big objects of the campaign.

43 Religions are Found at University

Hell. That's the place where the majority of University of Washington students are not going if they are susceptible to the teachings of the religions which they profess. Proof of this was shown when each of 5,197 students declared he had been exposed to the prospects of being saved as offered by one of the 43 faiths.

Co-Ed Basketball Players Must Keep Training Rules

"Candy?" "No, thank you," responds the faithful co-ed out for basketball practice. Training rules must be kept for the two remaining weeks of practice and during the tournament period immediately following. After-theater eating has been black-listed and some campus purses are fattened accordingly. The "sand man" rule, setting the bedtime hour at 11:00 o'clock on week nights is now working full force. It had been suspended during examination week by a unanimous vote of the Executive Board of the Women's Athletic Association.

At each practice period a great deal of time is spent on perfecting the pivot combined with a straight pass down the floor. Miss Wheeler, the woman's coach and state chairman of the basketball committee, has originated several plays with this bit of technique dominating. Believing in intensive practice and plenty

of it, each player is put on the floor in different positions until she knows perfectly what is expected of her and what to expect from everyone of her teammates.

Individual teams are put on the floor to practice passes without any interference, the two teams, having been coached alike are pitted against each other. Contrary to first thought, in a game of this character speed and accuracy are absolutely indispensable. Each player knows her opponent's possible choices of action. Last year an exhibition game was given before a group of high school coaches by an All-University squad coached by Miss Wheeler and the unusual spectacle of a fast game played by girls caused much favorable comment. Miss Wheeler specializes in producing a closely guarded game eliminating the common tendency for personal contact and tagging.

Retailers Will Hear Addresses By Faculty Men

Prominent faculty members of the College of Business Administration will speak before the Twenty-first Annual Convention of the Federation of Nebraska Retailers which will be held February 8, 9, and 10 at the Lincoln Hotel.

Wednesday afternoon, Prof. Earl S. Fullbrook, will speak on "The Influence of Good Roads and Automobiles Upon Retail Trade Centers" before a joint meeting of the Nebraska Retail Dry Goods, Ready-to-Wear, Furniture and Shoe Dealers Associations. "Planning Your Advertising" will be the subject of Prof. F. C. Blood's address Thursday morning at a meeting of the Nebraska Retail Grocers and Meat Dealers Association. Prof. O. R. Martin, will speak on "Accounting and Statistical Control" during the afternoon of the same day. The concluding address of the convention will be made by Prof. J. E. Kirshman on "Economic Influences Underlying Price Changes."

The convention will come to a close Thursday evening at a banquet entertaining the delegates and the Nebraska State officers and members of the Legislature.

SECOND SEMESTER ELECTIONS COMING

Regular Election of Class Presidents and Ivy Day Orator to Be Held February 15

The regular second semester election of all class presidents and the Ivy Day orator will be held Tuesday, February 15, in the Temple lobby. Candidates must file their names in the Student Activities office, Coliseum, not later than Friday, February 11. A completed filing list will appear in the Daily Nebraskan the following Sunday.

All students, providing they satisfy entrance requirements, desiring office holding and voting privileges, are classified as follows: freshman standing, 24 hours or below; sophomore standing, 24 to 52 hours, inclusive; junior standing, 53 to 88 hours, inclusive; senior standing, 89 hours and above. Seniors must be candidates for graduation. A minimum scholastic average of 75 per cent for the preceding semester, and no standing delinquencies are additional qualifications.

Members of the Student Council will supervise the election and polls. Richard Vette is chairman of the standing committee on voting, assisted by Sylvia Lewis, Byron Weeth, and Esther Zinnecker. Members of the election committee, the Council faculty advisor, and the registrar's office will furnish further information.

Swezey Will Lecture On "Eclipses of the Sun and Moon" Tonight

Professor G. D. Swezey of the department of astronomy will hold his usual monthly lecture at the University observatory Tuesday evening. The observatory will be open from seven to ten and all those who come will be permitted to look through the small telescope if the weather is suitable. The lecture will begin at eight o'clock and will last about a half to three quarters of an hour and will be held in the lecture room of the observatory. The subject will be "The Eclipses of the Sun and Moon."

This is the first lecture of this semester and a large attendance is expected by Professor Swezey. Throughout the last semester the lectures were very well attended and at times the lecture room was over crowded. Several lectures were given again the following evening so that all could hear them.

Tickets for "Hobo" Party On Sale Today

Junior women may get tickets today for the hobo party to be held Thursday from 6 to 8 o'clock in Eilen Smith Hall. Tickets may be obtained from the members of Silver Serpent, who are sponsoring the party, and at the College Book Store until 5 o'clock this afternoon, when all tickets must be checked in at Eilen Smith Hall.

A program and dancing with Cleo Slagle's Red Jacket Orchestra furnishing the music, will entertain the "bums" assembled until the typically hobo lunch is served. May overalls, odd shoes, worn shoes, faded shirts and red bandanas feature in attire, and informality underlie the spirit of the event, and no junior woman forego the opportunity to attend this unique social affair!

REVIEW THESIS OF FORMER PROFESSOR

A review of the thesis which H. C. Hanson wrote for his doctor's degree in botany, which he received from the University of Nebraska a year ago, is published in the January issue of "Ecology," the official journal of the Ecological Society of America. The thesis was "An Ecological Study of the Vegetation of Arizona." Dr. Hanson was an instructor in the department of botany here last year, but is now professor of ecology and investigator in grazing at the Colorado Agricultural College at Fort Collins.

Dr. Condra Will Make State Geological Map

Dr. G. E. Condra, director of the Conservation and Survey Division of the University has gone on an extended trip through the state to map the Pennsylvania formations of Nebraska.

MISSIS GREGORY AND KOENIG VISIT HERE

Miss Helen Gregory of New York City, assistant director of the National Visiting Teacher's association, called on Mrs. Hattie Plum Williams, chairman of the department of sociology, while she was in Lincoln last week. Dr. Margaret Koenig of Little Rock, Ark., a former student here, was another visitor at the department of sociology. She is now in charge of the child hygiene division of the Arkansas state department of public welfare.

JEWETT MAKES ASSIGNMENTS FOR SEMESTER

R. O. T. C. Cadet Officers Are Assigned to Duties for Second Semester

TAKE EFFECT AT ONCE

Assignments Made Are for Re- mainder of School Year Effective at Once

Col. F. F. Jewett yesterday published a special order announcing assignments to duty of all R. O. T. C. cadet officers. The assignments will take effect immediately, and will be carried throughout the second semester. The cadet colonel and his staff, commanders of battalions and companies, and those second in command of companies are made public.

The list of men assigned to duty and the organizations with which they are to work is as follows:

Commanding Officer—Col. Judd W. Crocker.

Regimental Executive Officer—Lieut. Col. William Cejnar.

Regimental Adjutant—Capt. August C. Holmquist.

Personnel Adjutant—Capt. Fred M. Chase.

Intelligence Officer—Capt. V. Royce West.

Plans and Training Officer—Capt. Edward T. Morrow.

First Battalion, Commanding Officer, Maj. John A. Boyer.

Adjutant—Capt. J. Donald Bell.

Company A—Commanding Officer, Capt. John T. Murchison.

Second in Command—Capt. Donald W. Ingalls. First Lieut. Don C. Mattison.

Company B—Commanding Officer, Capt. Victor Z. Brink.

Second in Command—Capt. Harold W. Zipp. First Lieut. Kenneth A. Simmons. Second Lieut. Arthur L. Converse.

Company C—Commanding Officer, Capt. Phil L. Sidles.

Second in Command—Capt. Maurice C. Lee. First Lieut. Earl W. Dayton. Second Lieut. Clifford T. Holt.

Company D—Commanding Officer, Capt. Horace W. Gomon.

Second in Command—Capt. J. LeRoy Toohy. First Lieut. Bernard Maxey.

Second Battalion, Commanding Officer, Maj. Ted Johnson.

Adjutant—Capt. Paul Frink.

Company E—Commanding Officer, Capt. Paul G. Beyers.

Second in Command—Capt. David F. Foster. First Lieut. Elmer A. Crane. Second Lieut. Palmer McGrew.

Company F—Commanding Officer, Capt. George W. Fitzsimmons.

Second in Command—Capt. Beryl G. Ilgen. Capt. Gordon M. Luikart.

Company G—Commanding Officer, Capt. Carl S. Smith.

(Continued on Page Three.)

VALENTINE "MIXER" WILL BE IN ARMORY

Annual All-University Valentine Party Arranged for Saturday in Traditional Setting

The Valentine Varsity in place of the traditional All-University Mixer will be given Saturday evening in Memorial Hall.

In former years the Valentine "mixer" has been an event of much interest. A large program consisting of one-act plays, jigs and dances was planned. At one party the committee served pop corn balls as refreshments during the evening.

The Varsity dance has taken on a more formal note this season. One feature has been secured for the entertainment during intermission. Punch and wafers will be served throughout the evening. Decorations for the occasion will be carried out in streamer effect leading from a large electrically-lighted heart at one end of the hall.

Few parties have been scheduled for Saturday evening and it is expected that at least five hundred couples will attend the dance. The party is for University students only and others who attempt to attend will be asked to leave.

Paper By Dr. Weaver Recently Published

In the January issue of "Ecology," the official organ of the Ecological Society of America, was published a paper by Dr. J. E. Weaver of the department of botany on "Some Ecological Aspects of Agriculture of the Prairie." Dr. Weaver read the paper at the meeting of the American Association for the Advancement of Science held in Kansas City last December. Ecology is the study of the relations of plants to their environment. Dr. Weaver is an associate editor of the magazine.

Committee to Decide Varsity Party Question

The student organization committee will meet this afternoon to decide the fate of house dances which conflict with varsity parties. A resolution was passed at the Student Council meeting last Wednesday that no fraternity or sorority be allowed to hold house dances on such nights. If this resolution is passed by the Student Organization Committee it will become a rule.

This action has been taken because social organizations have repeatedly disregarded the request of the Student Council that parties not be scheduled on the nights of the Varsity parties.

BEARG SOUNDS FOOTBALL CALL

"Any Man Figuring on Making The Varsity Eleven Must Report For Practice BEGIN ON WEDNESDAY

Spring football for the University of Nebraska Cornhuskers will start on Wednesday afternoon at 4 o'clock, according to a statement issued yesterday by Coach Earnest Bearg, the Nebraska football mentor.

Practice will be held every day for an hour and a half, starting at 4 o'clock. On days when the weather does not permit outside practice, the squad will have blackboard drills inside. Individual work will be the main thing on Bearg's program for the Husker spring practice.

Must Develop Kickers

A place-kicker and a punter will have to be developed to replace "Bobbie" Stephens, who graduates this year. Ends and passers will have to be made by the Husker coach during his spring practice.

There are only fourteen days of autumn practice before the opening game with the Ames eleven on October 1, and the Husker team will be made during the spring sessions.

The football equipment will be issued to grid candidates today and Wednesday, and all men reporting for spring practice are urged to get their togs checked out today in order that the last minute rush will be avoided.

Twenty Lettermen Will Report

Fourteen letter men from the 1926 squad will be lost but about twenty lettermen will report for practice this spring. On account of the short practice time this fall, Coach Bearg said "The varsity of 1927 will be developed during the spring workouts."

With the exceptional freshmen material that will turn out for practice Wednesday, Bearg expects to see many new faces on his team next year. The yearling team of last year was one of the best ever turned out at Nebraska, and nearly all the men on the freshmen team will check out moleskins for the practice sessions during this spring.

"If anyone figures on making the varsity eleven they will have to be out for the spring practice," said Coach Bearg.

Entire Coaching Staff Ready

The entire coaching staff will be on hand to take the gridsters through the opening paces. The staff includes "Choppy" Rhodes, Oakes, Black, Weir, and Scherer.

Captain "Jug" Brown of the 1927 Husker eleven is playing on Coach Black's basketball team and will not be out for practice until after the close of the cage season. "There should be three teams on the field of equal calibre," said the Nebraska pilot, "and I will be out as soon as the basketball season is over."

WORLD FORUM WILL HEAR LE ROSSIGNOL

Dean of Business Administration College Will Discuss Capitalism at Luncheon

"Is Capitalism Passing Away?" will be discussed by Dean J. E. Le-Rossignol of the College of Business Administration at World Forum at the Grand Hotel Wednesday noon. Tickets are on sale today in Social Sciences, and at the Y. M. C. A. and Y. W. C. A. offices.

Dean Le-Rossignol's subject deals with the essential elements of socialism. The theory of Marxian socialism includes the passage of the capitalistic system by the evolution of new organisms. The socialists believe that the concentration of wealth and the gradual doing away of the middle class are phases in the disappearance of capitalism.

Discussing these fundamentals, Dean Le-Rossignol will present his conceptions of modern economic life and change in regard particularly to capitalism and socialism.

PIONEERS WILL SHOW WARESON HUSKER FLOOR

Grinnell Quintet Will Meet Coach Black's Five on Coli- seum Court Tonight

HOLD BUT ONE PRACTICE

Cornhuskers Take Floor With But One Workout Since In- vasion of Oklahoma

Returning from their basketball trip to Oklahoma, Coach Black and his Husker cagemen held the only practice session, last night, before the clash with Grinnell on the Coliseum floor this evening.

One hour of basket shooting and perfecting free throws followed by thirty minutes of fast scrimmage with Coach Bearg's freshmen team was the program for the Scarlet and Cream cagers last night. In the first period the varsity had things much their way, but when Black sent in his second five, the frosh held the varsity to an even break.

Brown Hurts Knee

"Jug" Brown, Husker forward received an injury to his knee on the Oklahoma trip, but the injury is not serious and he will probably appear in the line-up tonight against the Pioneers. "Jug" hurt his knee in the football game at St. Louis when the Huskers met Washington last fall.

Page, the six foot, seven inch Nebraska pivot-man, who ran roughshod over the Oklahoma Sooners at Norman last Friday was hitting his usual stride in the final workout last night, and was getting down under the basket for his favorite tip-in shots. Page is known throughout the Missouri Valley for his ability to get under the basket for a pass from his team mates and to tip the ball through the net. Three times against the much reputed Oklahoma Sooners did the big Nebraskan tip the ball in from under the basket, and three did he register from back on the court.

Captain Clark Smaha, who is in fourth place in the high scoring column, is the Nebraska basket threat man. Clark has featured in six games for a total of 56 points for the Nebraskans. He follows "Lefty" Byers, the Kansas Wildcat basket-tossing. Page, the Husker center, is in the first ten with a total of 44 points.

The same line-up will probably appear against the Pioneers as started against the Oklahoma five. Clark Smaha and Kenneth Othmer will be at forward, Ted Page at the center position, and Roy Anderson and Holm at the guard posts.

The Grinnell line-up will be Coggershall and Captain Chase at forwards, Niblo at center, and Davis and Fall at guard.

NINE DAYS REMAIN BEFORE DEADLINE

Pictures Taken After Deadline Date Cannot Appear in Social Group Panels

"Make your appointments for pictures early and avoid the rush," is the advice of W. F. Jones, Jr., editor of the 1927 Cornhusker to fraternity and sorority members who have not had their pictures taken for their group pictures. "There are only nine days left to do your picture shopping," he said, "as the deadline is February 15."

The panels must be made up and sent to the engraver, so that pictures taken after the deadline date cannot appear in the fraternity or sorority groups.

Those who wish to use last year's picture should make it known to the photographer and make a payment of fifty cents for an extra print. Appointments can be made at either Hauck's or Townsend's. The price of a new picture is one dollar and fifty cents.

Mrs. E. L. Hinman Is Vespers Speaker Today

"How a College Grew out of a Loaf of Bread" will be the sub- ject of a talk by Mrs. E. L. Hin- man at the Vesper service to- night. The college in question is a young men's school at Constanti- nople. Mrs. Hinman is well in- formed about the institution since she was born in that far eastern city.

Louise Austin is to lead the meeting. Special music for the occasion is being arranged by Mabel Ludlum, chairman of the Vesper choir.
