TRACK SQUAD LEADS FIELD IN COLLEGE MEET

(Continued from Page One.)

Morton of Doane after a fine pick-up on the last lap. The only injury of the meet was sustained in the 880. Kiery of Hastings received a badly sprained ankle in a mix-up on the second lap.

Art Easter, Nebraska freshman, upset the dope, when he flashed across the tape ahead of Dan D'Aiuto of West Virginia University in an exhibition 60-yard dash. Easter's time was 6.5 seconds, 1-10 second better than the regular meet time.

Both meet and exhibition hurdle races brought the crowd of approximately 300 to their feet. Krause, varsity sophomore, far surpassed his former work to win the 60-yard high hurdles in 8.1 seconds and the 60-yard lows in 7.4 seconds. He beat Frank Dailey, letter man, to take first in the low hurdles. His performances made the season's hurdle prospects look materially better. Krause also finished third in the finals of the 60-yard dash.

Weir in Exhibition
Ed Weir, holder of the varsity high hurdle record and winner of the high hurdles in the Valley meet last spring

was hard pressed by Keiss and Trumble, Cornhusker freshmen in a series of exhibition races. Weir took the first flight of highs in 7.9, Trumble beating Keiss out for second. In their second trial on the high hurdles, however, Keiss led Weir to the tape in 8 flat with Trumble third. Weir topped the lows for first in 7.2 seconds, Keiss again besting Trumble.

Despite the absence of "Perly" Wyatt in the 440, the Scarlet-jerseyed runners were able to take first, third, fourth and fifth. Bob Davenport clipped the corners in fine style and turned in a 53.3 second quarter-mile to win the second heat and the race. Campbell, another Husker sophomore, was boxed at the start of the race but finished strong, coming within an ace of overtaking Hamill of Hastings who made the 440 yards in 53.5 seconds. These men finished one, two, three, both in the second heat and final standing. Tappan, slightly bothered with a game leg, took fourth place with a time of 53.9 seconds. He took the first heat with Lowe, another sophomore, second, but out of the final placing.

Clean Sweep in Two Mile
Nebraska made a clean sweep in the 2-mile run, McCartney striding across the finish line in 10 minutes 15 seconds, Cummings, Hays, and Sprague finished in the order named. Sprague overcame a twenty yard lead in the last two laps to place fourth. He ran the two-mile after he had been knocked over on the second curve in the mile.

Hays ran a nice two-mile after tying for first in the mile with Chadderton. After the mile Hays put on his street clothes. Coach Schulte made him suit up again for the two-mile, which the diminutive harrier took without apparent difficulty. Ballinger of Hastings ran the Huskers a good race in the mile, taking third by nosing out Frink, another member of last fall's cross-country squad.

Ashburn heaved the shot out about two feet better than he has been doing in practice to take an easy first at 42 feet. Hurd's mark of 40 feet 3 inches gave Nebraska second in the shot. Witte was the only Husker to place in the pole vault. He tied for third at 11 feet 1-2 inches. First place was a tie between Whitaker and Dale, both of Hastings. Millin, also of Hastings tied for third.

Getting over the bar at 5 feet 8 1-2

inches, Geer of Doane took first in the high jump. Wally Marrow led the Nebraska jumpers and placed second, after clearing 5 feet 7 1-2 inches. Marrow also placed fourth in the broad jump, Stephens and Andrews winning first and second in it for Nebraska.

Doane Makes Eighteen Points
Doane made 18 of the 39 1-2 points earned by the state colleges, followed by Hastings with 16, Peru Normal with 4, and Cotner with 1 1-2. The bulk of the crowd were supporters of Doane and Hastings. The meet was run off with little delay, being completed practically on schedule time.

The results were:
60-yard dash: Alf, Doane and Stephens, N tied for first, Krause, N; Davenport, N. Time: 6.6.
440-yard dash: Davenport, N; Hamill, Hastings; Campbell, N; Tappan, N. Time: 53.3.
880-yard run: Johnson, N; Lemly, N; Ritcher, N; Morton, Doane. Time: 2:01.1. (Equalled varsity indoor record.)

1-mile run: Hays, N and Chadderton, N tied for first; Ballinger, Hastings; Frink, N. Time: 4:45.
2-mile run: McCartney, N; Cummings, N; Hays, N; Sprague, N. Time: 10:15.

60-yard low hurdles: Krause, N; Dailey, N; Taylor, Doane; Loeffler, N. Time: 7.4.
60-yard high hurdles: Krause, N; Taylor, Doane; Lauritsen, Doane; Fleming, N. Time: 8.1.

Broad jump: Stephens, N; Andrews, N; Seib, Peru; Marrow, N. Distance: 22' 7 3-4". (New varsity indoor record.)

High jump: Geer, Doane; Marrow, N; tie for third between Hockett, Cotner and Hampton, Hastings. Height: 5' 8 1-2".

Pole vault: Tie for first between Whitaker, Hastings and Dale, Hastings. Tie for third between Millin, Hastings and Witte, N. Height, 11' 9 1-2".

Shot put: Ashburn, N; Hurd, N; Hertz, Peru; Park, Doane. Distance: 42 feet.

Results of the exhibition races:
660-yard run: Martin overcame a 25-yard lead accorded Sneathen and Dexter. Time: 1:24.1. (Approaches world's record for indoor track.)

60-yard high hurdles: 1st heat: Weir, Trumble, Keiss, White. Time 7.9. 2nd heat: Keiss, Weir, Trumble, White. Time: 8.0.

60-yard low hurdles: Weir, Keiss, Trumble. Time: 7.2.

IOWA STATE WILL ARGUE WITH KENT

Discussion on Influence of Press Will Be Broadcast from WMAQ; Radio Fans to Vote

Ames, Iowa, Feb. 12.—Special: The Iowa State College debating team is now polishing up its best arguments to be used in debating the Kent College of Law at Chicago, at 8:45 p. m. next Friday evening on the question as to whether the press exerts a harmful or beneficial influence on the community. The debate will be broadcast from WMAQ, Chicago Daily News broadcasting station, and all radio listeners have been asked to write to the Daily News, telling which team they think did the most effective debating. Voting on the debate is to be completed in eight days and results are to be published in the Daily News.

Iowa Has Opposite Side
The Iowa State team this time is upholding the contention that the press exerts a more harmful than beneficial influence, just the opposite of the question from what Iowa State took against the University of Sydney in their debate here last fall.

Dewitt F. Sampson of Hampton, leader of the Iowa State team, is a senior in industrial science. He has taken part in ten intercollegiate debates and is a member of the national honorary forensic fraternity, Sigma Delta Rho.

Walter W. Wilcox of Wyoming, who will open the debate for the affirmative, is a junior in agricultural economics. He had had considerable experience in class debates and farm bureau debates.

Raymond K. Monohan of Geneva, the third member of the team, is a junior in animal husbandry. He took part in the debate with the University of Sydney. In the summer of 1925 Monohan was a member of the international junior dairy cattle judging team from the United States. Monohan was high individual scorer at the Wembley exposition. After touring in England the team visited fairs and expositions in 13 countries on the continent. At present Monohan is part owner in a Hampshire hog business.

When I get MY new spring outfit, my boy friend isn't going to hesitate a minute. He'll say, "Come on we're stepping out tonight." Where will I get it? And where will we go? Listen—

Have You Danced A Hole In Your Favorite Shoes?

They were my favorite slippers, and a small round hole started back at me from their two small (?) soles. Ruined, I supposed forever. Then in came Sarah, proudly displaying a pair of slippers. Old? Yes, but they LOOKED new. And when I asked how she told me about the special thin leather that the City Shoe Rebuilding Co., uses for folks like us who like thin soles, I should say I did go right down and I found out something that even Sarah didn't know. They specialize in all kinds of fancy repair work. And it is right on the way down town.—241 No. 12th.

Mr. Austin Gave Me The Tip—

and he got it straight from the chef. They are having roast goose and chicken at the Idyl Hour today for only sixty-five cents. Elice and I go there a lot on Sundays and for lunch, for besides having food that has become a tradition, it's not far from the campus which means a lot to those of us who live here. You can always find the crowd at the Idyl Hour, and what is college life without the crowd? That's why Jimmy and I are going there for supper tonight. Oh, of course there's another reason—you can't get the same T-bone steak anywhere else in town for the price, and OH! those T-bones! Makes my mouth water now. But this noon we're going to have roast goose and chicken. At the Idyl Hour.

Your Party For George Washington

When the party is getting old—say about 10:30—people begin to wonder what time it is and how long before they can go home unless something happens to pep it up. But if you have favors and decorations—something individual—the party just gets better and better as the evening wears along. Nobody even thinks of the time. Nobody leaves the floor until the very last strains of music have died away. Long after the party has become a thing of the past, people say "Remember what a good party that was?" It would be so very appropriate to decorate in honor of George Washington this week, and you can be sure that your decorations and favors are different if you get them at George Bros.

Have You Seen Them?

Clever? I should say they are. They're the most collegiate wearing apparel that I have seen in quite some time. LEATHERETTES, Duro Gloss, in all colors of the rainbow, and in coca brown—which is not in the rainbow. What are they? Water proof coats that completely outclass the ordinary "slicker" in Ben Simon's ready-to-wear department. You can have one either all one color or with white facings and pippings. Nor do they give you that cold, clammy feeling because they are finished on the inside, but NOT with rubber. And while you are there, take a look at spring coats—sport coats and dressy ones. I'll tell you more about them later, but just one hint. Black and white lead all the rest.

Start The New Semester Right

You can't expect to make the grade this semester, if your fountain pen doesn't do its duty. If it is scratchy, or doesn't function at all, don't blame that pen. The fault is yours, not the pen's, because you didn't get the right one. Now at The Sugar Bowl (1550 O Street) they have a pen with a life time guarantee. Great big ones that hold most a bottle of ink at \$7.00 and the smaller sizes at \$5.00 and \$6.00. Stop in and see them on the way to the show this afternoon; it's right on the way. And don't forget the photograph developing that the Sugar Bowl does. You can get your favorite magazines there, and the house will appreciate the donation.

Talks of eating at the
Central CAFE

"Sausages, Cakes and Coffee 40 cents", written across the Breakfast menu of the Central Cafe attracts many orders. The items printed in the menu, many of them, are just as appetizing and some of them less expensive; but the one pen-written line seems to catch the eye—and it makes a great many sales. The experts on psychology and advertising and selling might explain this in scientific terms.

In our last breakfast talk we mentioned the first three Combination Breakfasts with Toast, Eggs and Meat, and Coffee or Milk at 25 cents; with the choice of varying from toast to Cakes at 5 cents extra, or with Waffles instead of Toast at 15 cents extra.

But a good many persons—and by no means all of them vegetarians—avoid eggs and meat for Breakfast. So other combinations are made for their convenience.

Combination Breakfast No. 4 gives you a bowl of Oat Meal with Pure Cream; Toast (two slices and two pieces of Butter) and Coffee or Milk for 25 cents. Or you may vary this with Cakes instead of Toast for 30 cents; or Waffles instead of Toast at 40 cents.

Combination Breakfast No. 5 allows your choice of Prunes, Figs, Apple Sauce or Grape Fruit; Toast and Coffee or Milk at 25 cents. The usual variation to Cakes or Waffles is permitted instead of Toast.
