Does the table in YOUR fraternity parlor look right, Does it live up to the standard set by a brand new house? Or does it need just a touch to make it fit? A pair of silver peacocks? An Indian vase? A laquer box? You'll find them at George Bros. And as for furniture. Walter Johnson's Sugar Bowl 1552 "O" St. B-1319

It may be awful cold outside but JUST THE SAME it is none too early to begin thinking spring and feeling spring. Of course a trip or two to Morrill Hall rather wears down one's morale but you'll feel better for the mental gymnastics.

> Blue Like Your Eyes, Sarah

'Course you're going tonight, but the old black satin won't stand the strain. Green and rose and tan frocks dancing rose and tan frocks dancing next to you will make it all too apparent that the wind may blow outside, but it's sure enough spring inside. Sure you can have a new dress—\$16.75 if you go to Sternberg's (1317 O.) You ought to wear blue for your eyes which reminds me of a darling one I saw at Sternof a darling one I saw at Stern-berg's. Tucked, it was, should-er to hip and all the length of close, trim sleeves. Two flounces for a skirt, a ripple of georgette
—but see for yourself, dear.
You'll be wearing it tonight.
And don't forget Sternberg's
style show at the Orpheum tonight. It will give you a lot of
good ideas for the spring wardrobe.

Sunday Snapshots Where Do They Go?

It is just as easy to drop Sun-day's snapshots to be finished on the way to Monday's show. And when you can get such finishing done as is done at the Sugar Bowl (1552 O Street) doesn't it pay to go a step far-ther? Or did you forget to get out the kodak last Sunday? There may seem to be plenty of time before the crowd is scattered for the summer, but time for ME slides away more swift-ly even than the allowance. So next Sunday, or Saturday, dust off the kodak and take advantage of the sunshine. Next summer when it is as hot as the present is cold, it will seem good to see the old crowd. The picture will be all the better if you have them finished at the Sugar Bowl.

> Wild Winds Blow And-

A marcel won't last a minute when the wild winds blow. Then you'll appreciate having "natural" curly hair. Comb it. It falls back into place. Take it to a party in the rain? It only looks the better for damp weather—that is if you get your permanent wave at Mrs. Tripp's Ways Shoppe just south of Q on Wave Shoppe just south of O on 14th street. Mrs. Tripp uses Nestle's Circuline method and the result is a flat natural wave. Nor is the right kind of a permanent harmful. It makes hair so much easier to take care of that your shampoos need not come so often, and too frequent shampooing results in lifeless, colorless hair. Make your appointment now. Phone B3653.

Jimmy,s Frat And Their "Lady Friends"

Jimmy's frat has found some-thing new to do. This Satur-day night we are going to a show first and THEN at eleventhirty we are all going to the Golden Candlestick for food. Sandwiches, coffee, and pie. Thirty-five couples and the en-tire room to ourselves. Doesn't it sound good? Oh, of course everyone knows that the Golden Candlestick closes at seven-thirty, but Jimmy discovered that the place can be scheduled for a party later. So we are going there tomorrow. Wish you were going? It would work just as well after a house dance. So tell the boys about it. They'll think it fun, too. The Golden Candlestick. You can get any record you want there.
