

SIDES ANNOUNCE TUESDAY BALLOT

(Continued from Page One.)
athletic story of Nebraska while Tom Elliott is a junior basketball and tennis player.

Factions Plan Contest
The "Slippery Seven" were believed to have won the first election skirmish when the "Oily Six" failed to file a candidate for the student council from the agricultural college and when their candidate for the college of business administration was declared ineligible to run by the registrar's office on checking scholastic standing. This practically clinches two of the positions to be chosen for the student council at the Tuesday election for the "Slippery Seven."
With closely contested battles expected for the other positions, cam-

paigned managers for both factions were busy Saturday planning ways of getting the vote out. Both sides expressed confidence as to the ability of their candidates to win if they can succeed in getting the vote out.

Many Interested in Campaign
Interest in the campaign has been raised due to the increased number of things with which the student council has dealt this year than formerly. "Oily Six" politicians are making a strenuous effort to regain the control of the student council they held before the last two elections. Declaring their candidates the best they have ever put in the field, "Slippery Seven" politicians Saturday were working to hold their control.

Realizing the greater interest attached to the election than usual the student council is laying every precaution in their attempts to assure a fair election.

Senior Candidates Listed
Both factions have filed two candidates for the student council to be elected at large from next year's senior men. The "Slippery Seven" nominees are R. Dwight Wallace and Robert Davenport with Donald M. Campbell and Archibald W. Storms carrying the colors of the "Oily Six". Wallace is a Corn Cob, was an Iron Sphinx, belongs to Vikings, and is a member of the Cornhusker staff. He is a student in the school of journalism, hailing from Casper, Wyo., and is a Beta Theta Pi.

Robert Davenport was junior president first semester. He is a track

letter man, member of the N Club and has served on the Varsity Dance committee and the Y. M. C. A. cabinet. He is a Delta Tau Delta from Norfolk.

Donald M. Campbell is a member of Gamma Lambda, band fraternity, of the band, Iron Sphinx, was student manager of debate this year, and is president of the pre-Laws. His home is in Stamford. He is a Sigma Nu.

Archibald W. Storms is a Viking and was a member of the varsity debate squad this year. He is a member of Tau Kappa Epsilon, living in Holdrege.

Senior Women Aspirants
Four girls are candidates for the two positions on the student council to be filled by senior women at large. Ruth French has been a member of the Student Council this year, is a Silver Serpent, has worked with the Y. W. C. A., Grace Coppelock Drive, and as a Big Sister. She is a Sigma Kappa from Holdrege, registered in the Teachers college.

Grace Elizabeth Evans, Lincoln, Chi Omega, and Arts and Science student, has been active in the Y. W. C. A. and is a member of Silver Serpents.

Florence E. Swihart, school of journalism from Omaha, is an assistant news editor of the Daily Nebraskan, a member of Silver Serpents, Theta Sigma Phi, and Pi Eta Phi. Elva G. Erickson, Teachers college student from Virginia, Nebraska, is a Silver Serpent, on the Y. W. C. A. staff, a Big Sister, a member of Pi Lambda Theta, and of Phi Mu sorority.

Four Arts and Science Students
Four candidates have filed for the student council from the arts and science college with one to be elected. The candidates are Perry W. Morton, Lincoln; Charles O. Bruce, Lincoln; Dewey D. Nemetz, Blair;

and George H. Gesman, Omaha. Charles O. Bruce is assistant business manager of the 1927 Cornhusker, is a Viking, a member of the Y. M. C. A. Cabinet, was editor of the N Book issued last fall, and is a member of Delta Upsilon.

George H. Gesman, an Iron Sphinx, Corn Cob, was on the N Book staff, and is a Phi Gamma Delta.

Dewey D. Nemetz is the author of the D. N. articles which appeared in the Campus Pulse of the Daily Nebraskan a few days ago. His efforts to organize the "barbs" were apparently leading to his candidacy for the student council. When asked by a Daily Nebraskan reporter for a list of his activities for publication, he stated, "I don't wish to give out any information about myself other than the fact that I am from Blair and am a candidate for the student council." Nemetz claimed to be running as a non-fraternity candidate.

Larson is Bizzad Candidate
Eldred Larson, Oakland, is the only candidate for the student council from the college of business administration. Larson is an Alpha Kappa Psi, Iron Sphinx, Viking, has served on the Y. M. C. A. cabinet, and is a member of Delta Tau Delta.

Dental students will find only one name on the ballot also, that of Roland Downing, Pi Psi Phi of Beaver Crossing. Gordon Hedges, Farm House member and Indianola student, is the only candidate for the council from the agricultural college. Hedges is circulation manager of the Cornhusker Countryman, is a member of Corn Cobs, Iron Sphinx, Vikings, and Oikia Club.

George Healey, Lincoln and Bernard M. Spencer, Talmage will run for law college representatives on the student council. Healey was assistant news editor of the Nebraskan first semester this year and was a member of the varsity debate team last year. Spencer is a student football manager.

To Represent Journalists
Munro Kezer, Fort Collins, Colo. and William C. Mentzer, Jr., Cheyenne, Wyo., will stage an out-of-state candidates' race for representative for the student council from the

school of journalism.

Kezer has been on the varsity debate squad for two years, took second place for the best news story published in the Daily Nebraskan the two semesters the award has been made, was a Green Goblin, is a reporter for the Daily Nebraskan, and has recently been elected to Vikings and Sigma Delta Chi. He is a member of Lambda Chi Alpha.

William C. Mentzer, Jr., is assistant managing editor of the Cornhusker, is an Iron Sphinx, Pershing Rifle, and president of the sophomore class. He is a member of Phi Delta Theta.

Three Engineers Try for Place

Three candidates will contest for the engineering college seat in the student council. Karl Schminke, Nebraska City, is an Iron Sphinx and member of the Math Club. He is taking chemical engineering and is a member of Alpha Chi Sigma. Fred Lange of Lincoln is secretary of the Math Club. Maxwell Hamilton, Holdrege, is a member of Tau Kappa Epsilon. Eugene Bach, Axtell, is the only candidate for the student council from the college of pharmacy.

Contests are scheduled for only two of the four posts to be filled by junior women from the colleges. Marjorie Sturdevant was the only candidate filed from the arts college and Mildred Orr was the lone Fine Arts candidate. Marjorie Sturdevant is pledged to Theta Sigma Phi, is treasurer of the Y. W. C. A., is a Xi Delta, on the staffs of the Daily Nebraskan and the Cornhusker, and a member of Phi Omega Pi. Mildred Orr is a Delta Delta Delta from Wichita, Kansas.

Candidates from the college of agriculture are Zeta Tate Allingham and Ruth Davis. Zeta Tate Allingham is from Omaha, is a Mystic Fish and an Alpha Omicron Pi. Ruth Davis is an Alpha Delta Theta from Blair, is on the Y. W. C. A. staff, and participated in the Grace Coppelock drive.

Teachers college candidates are Faith McManus, Omaha, and Esther Heyne, a Sigma Kappa from Wisner.

Publication Board Candidate
Ralph Bergsten, candidate for senior publications board member, besides being business manager of the Cornhusker, is a Viking, a Corn Cob, on the Y. M. C. A. Cabinet, is a member of the Ad Club and was recently elected to Sigma Delta Chi. He is an Alpha Tau Omega.

Dorothy Nott is a Theta Sigma Phi, Big Sister, Daily Nebraskan reporter, and on the Y. W. C. A. cabinet.

Tom Elliott is a member of the student council, Vikings, is captain-elect of the basketball team and is on the tennis team.

Other publication board positions attracted only two applicants apiece. Reginald Miller, Lincoln and Allan Reiff, Omaha, are opposing each other for the junior publication board position.

Miller was president of the freshman class first semester last year, was a member of the varsity debate squad, is an Iron Sphinx, Viking, and is on the Cornhusker and Awgwan staffs. He is a member of Delta Sigma Lambda.

Allan Reiff was a basketball manager, is on the Daily Nebraskan and

Cornhusker staffs, is a member of Vikings, Pershing Rifles, and Phi Gamma Delta.

Candidates for the sophomore publication board position are Ralph Jefferies and John Hedge. Jefferies was a freshman numeral winner in football last fall. He is an Alpha Sigma Phi from Omaha. Hedge, from Lincoln, is a Kappa Sigma. He was president of the freshman class and has worked with the Y. M. C. A.

Large Crowd Attends Livestock Program

(Continued from Page One.)
steers and heifers with various kinds of feeds, showing efficiency and economy of grain.

Exhibit Sanitary Hog House
During the lunch hour there was an exhibit of a sanitary hog house with sow and litter and a showing of different breeds of sheep, ending with a parade of thirty head of college livestock.

Following the lunch, the crowd gathered outside of the Student Activities building, where W. H. Dunman, landscape gardener for the University, had prepared for the planting of a tree, in keeping with Arbor Day. The planting was in charge of Charles Graff, Bancroft, President of the Nebraska Improved Livestock Breeders' Association, and D. M. Hildebrand, Seward, President of the Nebraska Livestock Feeders' Association. In a short dedication address, the idea expressed was that one of the stockman's best friends was a tree, for the reason that a successful stockman realizes the value of both shade and windbreak.

Dean Burnett Gives Welcome
A short address of welcome was then given by Dean E. A. Burnett, of the College of Agriculture, now Acting Chancellor of the University.

Wm. Dising, vice president of the Cudahy Packing Company, stressed the point of supply and demand in livestock marketing. He stated that high prices restrict consumption as there are many substitutes for beef, and there is a point beyond which it wasn't desirable to increase the price. Packers occupy a middle ground and have to pass on what takes place not absorbing fluctuation in prices.

Poole Speaks On Meat Situation
J. E. Poole of the Chicago Livestock Exchange, America's foremost livestock market reporter, spoke on "The Livestock and Meat Situation." He reviewed the situation in this country, South America, and Canada, giving the relation of production and effect of the tariff on the trend of the livestock market. He warned against the importation of South American beef as a possible source of foot and mouth disease. He also assured the men that the present discrimination in favor of the heavy cattle was only temporary as the demand for this kind of beef was very limited.

Prof. Wm. J. Loeffel showed cuts of beef from cattle killed at twenty-eight day intervals in connection with the feeding experiment from the time of waning until a year old while being fed a full ration of corn and alfalfa hay, making detailed studies of the growth, and effect on the amount of fat at each interval. The object of this phase of the experiments was to determine the length of time it was desirable to feed heifer calves profitably.

Participation in university activities including athletics, raises students' grades, it has been determined in a statistical survey conducted by the dean of the University of Southern California.

FORUM HELD THIS AFTERNOON

University Organizations to Discuss Current Russian Problems

Several international problems will be discussed at a forum meeting this afternoon at 4 o'clock in the University pastor's room, Temple building, sponsored by the Cosmopolitan club, the Y. M. C. A., and the Y. W. C. A. These organizations are the ones who are planning the last forum of this kind for the year.

Mr. J. Sorokin is to talk on "Russia Today." Mr. Edward G. Jennings will represent the American group, speaking on "The Relation Between the United States and Russia." Mr. A. Mozer will speak on the "Present Frontier Problems of Russia." After these talks the meeting will be thrown open for general discussion.

Frontier Problems Important

Frontier problems are now the most important problems in Europe. Mr. Mozer stated Friday in explaining the purpose of the meeting. He will attempt to explain the frontier problems on the Baltic coast, the relations between Poland and Russia, and the relation between Russia and Rumania concerning Bessarabia. This country was seized by Rumania in 1918 and is bone of contention which represents a new Russian-Rumanian Alsace-Lorraine question similar to that of Germany and France. This situation has the seeds in it for another world struggle. All Europe is involved in it now, according to Mr. Mozer.

In relation to these frontier problems Mr. Mozer says that this is the chief obstacle to Russia's entrance into the League of Nations, because the entrance of Russia means ratification of the unjust boundary settlements, and this Russia will never do. If Russia does enter the League he says it will mean a second Brest-Litovsk treaty. This treaty was the first agreement made between Russia and Germany, by which Russia gave up several states to Germany, and at the same time had to pay a very large indemnity. This, in general, is the situation in Russia, contended to Mr. Mozer.

Everyone who is interested in these vital questions is invited to come to this meeting, and should be prepared to take part in the discussions.

ENGLISH DRAMATIST SPEAKS AT TEMPLE

(Continued from Page One)
strange supernatural happenings, he carried his audience back ten years to the days of the war.

In a few weeks Mr. Skeyhill who lives in New York will start writing a new play. While in Lincoln on a short vacation he is visiting Mr. and Mrs. James Duncan.

KAPPA SIGS OUTRUN PHI DELTA THETAS

Last Year Champs Take 14 to 6 Victory In First Game on Interfraternity Baseball Tournament

In the first fraternity league baseball game of the season, the Kappa Sig nine outslugged the Phi Delta team, 14 to 6, in a six inning game last Friday afternoon. The game was marked by frequent errors on both sides, although the roughness of the municipal diamond was the cause of many a miss.

The Phi Deltas started out the first inning by running in two scores, Zimmer and Boyer crossing the home plate. The Kappa Sigs came back however in their half of the inning and managed to pound out four runs. In the next inning the Phi Deltas were held to no score with the Kappa Sigs securing one run. From then on the game was evenly played until the sixth bracket when the Kappa Sig started a hit and run play and proceeded to circle the bases for five counters.
