

**Instructors Scatter for Vacations and Work**

(Continued from Page Two)

partment of chemistry who will also do some investigational work the first term; Miss Louise Mundy of the school of Fine Arts, M. W. Sherer of the training school history department, and Miss Letta Clark of the department of English.

A number of the professors of the University will spend their summer months doing special research work, a great deal of which will be along agricultural lines.

Prof. Paul B. Sears of the department of Botany will be engaged as plant physiologist at the European corn borer laboratory of the Ohio agricultural experiment station at Oak Harbor. This is near the center of the heaviest infestation. Rufus Moore, who will graduate this June, will accompany him as an assistant,

and Mr. Fred Bukey, instructor in Pharmacy, will spend a month at the laboratory, getting some chemical work under way. Their task will be to investigate any features of the corn plant which make it attractive to the insect.

W. H. Werkmeister will spend some time collecting material for a "History of the Germanic Element in Nebraska."

Edwin Gröne of the mechanical engineering department will do research work in concrete and cement testing laboratory.

Miss Matilda Peters will go to Rochester, Minn., for six weeks of study and observation in the dietary department of the Mayo clinic.

Miss Winifred Hyde, professor of Psychology, will remain in Lincoln the first part of the summer doing research work, after which she will travel for the remainder of the summer.

Dr. G. O. Virtue will do research

work on certain aspects of economic history.

Dr. J. E. Weaver will conduct an ecological study, photographing, mapping and collecting specimens. W. E. Bruner will assist him.

Some experimental work in spraying for the control of the codling moth and fruit disease will be done in Richardson county in the commercial orchards, by Francis Coe, instructor in Horticulture.

Prof. J. O. Rankin will teach the first six weeks here, and later will do research work in rural economics.

Prof. H. C. Filley of the College of Agriculture faculty will also conduct research at the college this summer.

Myron Swenk will spend the entire summer directing the insect pest surveys and the experimental and research work of the department of entomology at the college of agriculture and will also talk to groups of farmers over the state on practical control of insects.

Prof. Eugene Pawell will collect specimens for a research in zoology which is now in progress. H. J. Gramlich will also do research on experimental projects.

Prof. Henry Margenau of the department of Physics will finish some spectroscopic research which is well begun. He will also teach the second term of summer school.

J. T. Link, an assistant to Dr. Condra in the department of Conservation and Survey, will remain at the University completing some work on geographic names in Nebraska.

Among the faculty members who will attend conventions this summer are: E. E. Brackett, the American Society of Agricultural Engineers at St. Paul, Minn.; J. B. Burt, the American Pharmaceutical association at St. Louis; A. L. Candy, American Mathematical society at the University of Wisconsin, Madison, in September; E. R. Washburn, Chemical associations meetings in June and September; Dr. T. A. Pierce, also at the Mathematical association meeting in Madison; Hazel Beckwith Nohavee will go to the Phi Mu national convention in Georgia and will have charge of the music for the pageant which will be given; Dr. R. A. Lyman will attend the annual meeting of the American Association of the Colleges of Pharmacy in St. Louis in August. He will also give papers at this and the Pharmaceutical Association meeting held at St. Louis at the same time.

From the College of Agriculture the following faculty members will attend conventions: Prof. C. W. Smith; O. W. Sjogren, who will go to St. Paul, Minn., in June to the annual convention of the American Society of Agricultural Engineers, of which he is president; P. A. Downs; H. T. Davis, who will read a paper at the American Dairy Science meeting at Lansing, Mich.; and Miss Edna Benson of the department of Home Economics; Prof. R. P. Crawford will spend the summer preparing articles for publication. E. B. Engle; Miss Margaret Fedde will meet with the

executive committee of Omicron Nu in New York sometime in August.

Prof. A. R. Congdon will attend the national executive committee meeting of Phi Delta Kappa, of which he is national treasurer, in Cleveland, Ohio. M. J. Blish will go to the annual meeting of cereal chemists which will be held in Omaha in June; O. R. Martin will attend the national convention of Alpha Kappa Psi, professional business fraternity, in Chicago.

A few of the instructors will do some writing, completing manuscripts begun. J. E. Weaver will complete a book on Plant Competition; R. Robert Wolcott will also complete some unfinished manuscripts; Herbert Brownell will complete a book which he has been working on recently; J. E. Kirschman will revise a text; Dean J. E. LeRossignol will spend most of his time preparing a new edition of his Stories of Quebec which will be published this fall.

Among the instructors who will travel are Miss Martha Klett, who will visit the continent of Europe and will stop about five weeks in Berlin; Miss Iola Garrison will continue her graduate work in Chicago and then travel; Prof. J. E. Smay will attend a summer session at Ann Arbor and the remainder of the summer at the R. O. T. C. summer camp; A. E. Bunting will travel in the northwest; Miss Viola Loosbrock will spend the greater part of the summer on the Pacific coast; Mrs. Hattie Plum Williams will take her vacation in August; Miss Ruby Simpson will spend her vacation in Colorado; Miss Helen Reynolds of the Classics department will travel abroad until September; Miss Tressa Emerson, accompanied by Miss Louise Austin, will join a colony of artists in Maine. W. J. Loeffel and C. C. Wiggins will spend the summer in Lincoln.

their presentation of "The Easy Mark." The play marks the formal closing of the sixth annual round-up. The interest in the Alumni association has increased in the last few years as the alumni register indicates. The following list gives an idea of the extent of the association:

D. W. Williams, Washington, D. C., '14; Sam Anderson, Chatsworth, Calif., '03; Thomas V. Garrett, St. Louis, Mo., '24; V. C. Lewellen, Green Bay, Wisconsin, '24; Mrs. E. G. Hendrickson, Ponca City, Okla., '24; Mr. E. G. Hendrickson, Ponca City, Okla., '23; D. T. Lane, Salt Lake City, Utah, '16; Charles E. Glasser, Cleveland, Ohio, '17; Marian Hepperly, Chicago, Ill., '25; Asa H. Hepperly, Chicago, Ill., '25; Mayme Swan, Twin Falls, Idaho, '26; John E. Schatt, Philadelphia, '14; Esther Wood Rice, Boise, Idaho, '08; Francis F. Tucker, Fehchois Shantung, China,

'94; Dean Bickford, Chicago, '23; Robert D. Hawley, Ft. Collins, Colo., '12; Blanche Campbell, Los Angeles, Calif., '23; Bessie Wright, Atwood, Kansas, '24; Dr. William B. Aten, Binghamton, N. Y., '14; Christ Rohrer, Lincoln, '93; K. G. Hearn Aurora, Nebr., '86; C. H. Hohmann, '74, Lincoln.

We can make your Cornhusker negative into a big picture for Mother at a slight cost.

great office in a great learned profession, but it goes without saying that the chancellor must be a man of education and culture. He should, if possible, be a man already recognized nationally as a great academic and administrative leader. He should understand the nature of the great agricultural background of Nebraska. He should appreciate the importance of education in a democracy, and the place and function of a state university, 'the crown of our educational system,' in relation to the elementary and high schools of the state. He should be of an age that will give promise of his constructive leadership for twenty years.

"This goal is not too high; under such leadership the full force of your devotion to the university, and your standing and influence in the community will be made available, and prove irresistible. Under such a chancellor the progressive up-building of the university will be assured for twenty years, and the building of a great university will be accomplished."

Play Closes Festivities

Following the dedication of Morrill Hall yesterday afternoon the alumni were entertained at the Temple theater by the University Players in
