Reports come in from West Point that the Army officials are figuring on a stiff football schedule for next fall with the addition of the Nebraska eleven. Army has three road games and the remaining five games on the West Point gridiron.

Since the signing of the Army-Cornhusker game for West Point on November 24, football fans at New York city are putting in plenty of kicks because Army officials didn't schedule the game for Yankee Stadium which has a much larger seating capacity than the Army Stadium.

Beyond all doubt the Cadet-Husker game will be one of the major football classics on the 1928 football card and football fans throughout the east are already looking forward

to the big clash at the Military academy in West Point.

But in case the football fans of the east demand the game in New York, Army officials may be inclined to transfer the big battle there in order to accommodate the crowd. It is understood that the Army's decision to play at West Point is not final.

Permission to stage the game at New York would have to be obtained from the war department and athletic officials at West Point object to the Cadets making more than three road trips.

C. E. McBride, sports editor of the Kansas City Star at Kansas City, Mo., hands the Kansas university athletic director a gentle rebuke for voting negative on the proposed Army-Nebraska game when Nebraska officials asked the Big Six for permission to schedule a ninth game for the 1928 card. McBride says everyone else failed to see the objective of the Jayhawker institution.

The Valley basketball leaders get into action this week throughout the conference. Last night Kansas met Drake at Lawrence and four second division teams played in the north. Nebraska met Ames last night and tonight goes against the Grinnell five tonight.

Friday night the Valley leaders get into action when the leading Sooner quintet entertain the Washington five. Sooner Aggies meet the Missourians at Stillwater in an attempt to force the Edwards' crew out of third place.

## TRACK MEN TRYOUT FOR K.C. CLASSIC

Huskers Show Class in Preparation For Kansas City Indoor Program, Feb. 18

The varsity track tryouts for the team which will represent the Cornhuskers in the Kansas City Athletic club indoor meet at Kansas City, Mo., February 18, were held Thursday afternoon under the east stadium. The tryouts will aid Coach Henry F. Schulte in selecting the men who will participate in the first important track meet of the season.

Easter, a sophomore, showed up well in the fifty-yard dash, covering the distance in 5.6 seconds. Lowe, Snyder, and Donisthorpe followed Easter to the tape in the order named. Easter ran on the Nebraska quarter-mile and half-mile relay teams in the A. A. U. meet held at Memorial stadium last July.

Trumble Tops Timbers  
Trumble, who came into the national limelight last summer by winning the A. A. U. junior high hurdle event ran the 50-yard high timbers Thursday in 6.8 seconds. Fleming finished second, and Krause third in this event.

Captain Perley Wyatt won the 440-yard dash, in 53.2 seconds. E. Wyatt placed second and Davenport third, although the lead was held by the Husker leader throughout the race. Dexter won the 880-yard run in the fast time of 2 minutes, 2.4 seconds. Johnson, Sprague, and Janulewicz pushed the winner hard but were left behind in the final dash for the tape.

Additional tryouts, in the field events including the broad jump and the high jump, will be held today or Saturday.

The men, fighting in the heavy-weight class, began the bout with a rush, each swinging freely and effectively. ## FRESHMAN CAGERS DOWN AG QUINTET

Yearling Squad Overcomes First Period Lead to Defeat Aggie Team

Nebraska's freshman basketball team won a fast game from the Ag College quintet on the Coliseum floor yesterday, 35 to 24. The game was featured by rough play, Morrison and Fisher, freshmen stars, being taken from the game in the last quarter via the foul route.

Morrison started things, early in the first quarter, when he sank a long shot from the side. The Aggies forged into the lead however, when Phipps and Mauch, forwards, worked the ball down the floor for under basket goals. During the remainder of the first half, the Aggies were never headed, the score standing 15 to 12 at the intermission.

In the third quarter, Morrison again counted with a long basket, and McClay put the Frosh in the lead with two follow-in counters. The freshmen played a faster game in this period, with accurate passing by Fisher and Milhollin featuring. McClay also found his basket eye in the second half, sinking four field goals and two gratis tosses.

Pierce Frosh Defense  
Splitoerfer and Mauch of the Aggie five showed real class in getting the ball through the freshmen defense. At times the yearlings looked powerless against the bullet-like passes of the Aggie stars, but the tight guarding of Morrison and Milhollin spoiled many notes in Freshmen territory.

The box score follows:

## IOWA STATE PLANS OPEN MAT TOURNAY

Meet Will Be Preliminary Tryout For Olympics; Winners to Enter Finals Trials

Ames, Iowa, Feb. 9.—(Special)—The first annual National Collegiate Wrestling tournament which is to be held at Iowa State College, March 30 and 31, is an outgrowth of a feeling on the part of the National Collegiate Athletic association that there is a need for an open meet for the college wrestlers, according to T. N. Metcalf, athletic director at Iowa State, who is chairman of the committee in charge of the meet.

The meet is to be a preliminary tryout for the Olympic games Mr. Metcalf explains. In the past, the independent athletic unions have tried to freeze out the unattached athlete, and have in a good many cases done so, Mr. Metcalf believes. "The college wrestler—the undergraduate—has been the goat," he says.

The purpose of the meet, as prefaced in the general announcement, is: "To afford the means of determining, insofar as it is possible, the individual wrestling championships of the colleges of the United States. This meet is to serve for the individual the same purpose among the colleges that the Olympic Games serve for the nations of the world."

"The Olympic committee has designated this meet as a preliminary Olympic tryout. Place winners will automatically qualify for the final tryouts to be held at Grand Rapids, Mich., on July 5 and 6."

The rules of the National Collegiate Athletic association will prevail. Class weights will be 115-lb., 125-lb., 135-lb., 145-lb., 158-lb., 175-lb., and unlimited class. To be eligible for competition a man must be eligible for competition in his college and conference. Awards are to be individual gold, silver and bronze medals, emblematic of the United States Collegiate championships, and will be awarded to the first, second and third place winners in each class. Hugo Otopalik, Iowa State wrestling coach, is the local manager of the national meet. Last year Iowa State was host to the National A. A. U. meet.
