

'Business' Will Be Subject of Lecture

(Continued from Page 1)
 March 28. The last lecture of the series will be given on April 4. "Self-Analysis", as related to the choice of a vocation, will be discussed on that date with Dr. Charles Fordyce, Professor W. F. Bradford, and Clark A. Fullner, as leaders.

The purpose of this series of lectures on "Vocations" is to assist the students who have not as yet been able to determine what shall be their life calling. The first session was held last Wednesday when C. Petrus Peterson, city attorney of Lincoln, spoke on "Law." Interest manifested at that time warranted the holding of more lectures on this topic, according to F. W. Leavitt, president of the church federation, who has charge of the project.

STUDENTS ATTEND MEETING

Six Present at Seward Endeavor Services Sunday

"Elements of Success in Young People's Work, and Student Views of Christian Activities" were the topics discussed by University students at Christian Endeavor and evening services at the Federated churches of Seward, Sunday evening.

Students who made the trip, accompanied by Dean R. Leland, and F. W. Leavitt, congregational pastor, were Eloise Keefe, Lois Dwigrens, Perry Morton, Carolyn Leavitt, Paul Hummel, and Mildred Hawley. A short musical program was given by some of the students. A supper was served to the visitors by the members of the Federated churches of Seward. According to Mr. F. W. Leavitt, student congregational pastor, he intends to sponsor more trips to nearby towns to present programs.

Harold Keith, sports editor of the Oklahoma Daily has picked an All-Missouri basketball team for his paper and in doing so selected four Sooner basketballers to grace the mythical team. The Sooners have played an exceptional brand of ball all season and went through the Valley undefeated. Stars like Holt and Churchill were known throughout the middle west, but—

We think Harold rather overlooked the boy Wright from Oklahoma Aggies who entered the Aggie school last year, and played with the Oklahoma Farmers this year for the first time. Wright was one of the outstanding forwards in the Missouri Valley all season and in selecting our team we would put "Ab" right up there in the front ranks. Of course we all differ in opinions.

The annual Missouri-Kansas track meet at Convention Hall in Kansas City last week gave Valley coaches a side line on what the Tigers and Jayhawkers have in the line of cinder path artists. Mizou was able to edge the Kansas crew out by a narrow score and from all pre-season indications, the Missouri track team is going to cause a stir in Valley track circles this spring. With Oklahoma, Missouri, and Kansas with a formidable aggregation on the track this season, things are going to be plenty exciting when the members of the Missouri Valley get together for the last indoor Valley track meet at Des Moines this Friday and Saturday.

Vic Holt, Oklahoma center has finished the court season with a total of 222 points accumulated during the season. This is a new mark for individual high scoring aces in

the Valley to shoot at. Browning of Missouri still holds the individual record he made back in 1922 when he made 237 points during six games.

Thompson of Kansas came through in the final games to win second place with "Ab" Wright of Oklahoma Aggies in third. 197 points were scored by Thompson, the Kansas sophomore ace, while Wright sunk 193 for the season.

"Chief" Davis, the 175-pound grappler on Coach Johnny Kellogg's wrestling team is showing Valley mat fans some real exhibitions in the wrestling game. The big boy went two extra periods against Hawkins of Missouri last week and then pinned the Tiger wrestler to the canvas. Davis shows a tower of strength as the timer ticks out the last few minutes. In the meet against Missouri Davis stayed on his feet for almost nine minutes and then began a terrific offensive that almost won the match for him.

But evidently the timers wanted to see Davis perform some more that evening, and he did, much to the satisfaction of the Nebraska fans.

NEBRASKA MAN HONORED

Reedy Elected President Colorado Society of Engineers

Oliver Thomas Reedy, a graduate of the University in 1898, has been elected president of the Colorado Society of Engineers, according to word received at the alumni office. Mr. Reedy has been president of the Colorado section of the American Society of Civil Engineers, and the Denver chapter of the American Association of Engineers. He is now senior assistant highway engineer in the Colorado state highway department. His elder son, Calmer, will enter the University as a student in civil engineering next fall.

"Customs of India" Is Feature of Meeting

Charles Swann's speech on "Customs of India" was the feature of the Cosmopolitan Club meeting held in the Temple Friday evening for the Delian literary society. On the same program Emilio Del Rosario gave solos entitled "Flower Song" and "Goodbye Maiden," and Tad Nishikawa played a flute solo.

In discussing India Mr. Swann said that there is great possibility of developing that country economically, but that irrigation is necessary in many places. India is rich in gold and diamonds, and coal, old and natural gas are also found there. These resources have not been developed because they are in remote regions.

'NATION'S TRAFFIC' WILL GIVE PRIZES

Contest is Conducted to Induce New Ideas of Control and Cut Down Death Toll

Students and members of the faculty in all departments of the University of Nebraska are eligible to compete in a \$10,000 Traffic Contest being conducted by Nation's Traffic, the national publication devoted to street and highway traffic published in St. Louis. The contest is intended to induce new ideas on traffic control and regulation and to cut down the tremendous death toll taken in motor vehicle mishaps.

The problem of expediting traffic and making it safer should especially appeal to engineering students but there are subjects included in the contest on which other students may prepare plans. Students and faculty members at many universities have entered plans in the contest.

Cash Awards Given
 Fifteen cash awards will be made. First prize will be \$2,500 and the second \$1,500. The next three awards will be of \$1,000 each, with the sixth prize \$750 and the others ranging in amounts from \$100 to \$500.

Judges in the contest will be twenty

traffic experts of national recognition who will be aided in an advisory capacity by a traffic conference to be held simultaneously with the awarding of prizes. The contest closes April 30 and the Committee of Awards will announce their findings in May.

The subjects to be written on are as follows: Text for uniform traffic ordinance, plan for regulating movement of traffic with signals and signs, plan for the solution of municipal parking problems, typical city plan to better traffic conditions, curriculum for adult education, plan for handling traffic violators, plan for regulation of pedestrians, curriculum for juvenile education, plan for reducing railroad crossing hazards, plan for traffic police organization, street lighting plan to aid traffic, plan for motor vehicle registration and identification, and plan for handling tourists.

A bonus of \$100 will be given for the neatest and most carefully prepared manuscript and another of the same amount for the most helpful idea or suggestion. Information regarding the contest may be obtained by writing Nation's Traffic, Title Guaranty Bldg., St. Louis, Mo.

BETTER SEED DAY PLANNED

Twenty-Three Nebraska Counties Emphasize Varieties

County-wide "Better Seed" days are being planned in twenty-three Nebraska counties during the first three weeks of March. Sources of good seed of the best varieties of farm crops and best methods of handling these crops on Nebraska farms will be emphasized at each of the meetings.

County extension agents have charge of the better seed days. P. H. Stewart and D. L. Gross, extension service crops and soils men of the College of Agriculture, will be at the various meetings.

Farmers and seed dealers have been invited to make exhibits of the seed they have to sell. Those who need good seed this spring have been invited to come and buy. The exchange should be beneficial to both parties, those in charge believe.

PRINCETON RECEIVES OLD STRASSBURG BIBLE

Princeton, N. J.—(IP)—A four volume folio Bible, printed in Strassburg in 1480 has been given to the Princeton University library.

One Percent of Students Are Religiously Minded

Princeton, N. J.—(IP)—Only one hundred out of ten thousand college undergraduates today can be said to be religiously minded, according to President Ernest Hatch Wilkins, of Oberlin college, who gave the opening address at the gathering of college presidents here recently to discuss the problem of undergraduate religion.

According to Wilkins ten per cent of the student body feels itself definitely opposed to religion, eighty per cent cares little one way or the other, and ten per cent are "religiously minded." The president declared that this is nothing about which to become alarmed, for the students are showing their sincerity in the manner in which they attack their blens of life.

"Well" said the prodigal son, "I guess I'll go home and chew the fat with the old man."—Utah Chronicle.

8 million a day — IT HAD TO BE GOOD TO GET WHERE IT IS

College Graduates will share our future profits

R. B. KING

While I was attending High School and College, I spent my spare time working in grocery and clothing stores. Upon completion of my college course at Illinois Wesleyan University in 1915, I was very anxious to connect with a mercantile establishment offering chances for advancement.

Through a friend I learned something of the plan of the Kresge Company and was introduced to the local Kresge manager. I was soon sold on the idea and began work in a Kresge stockroom. Here, my education was continued in a very practical way and advancement has come as fast as I have been able to assume larger responsibilities.

I have not had a minute's regret, although my parents and friends were rather inclined to think I had made a mistake, they could not see why I wanted to start at a low salary and apparently throw away the immediate benefit I might have gained from my college course.

However, my efforts have been amply repaid and I feel that any man who gives his best efforts to the Kresge Company will not be disappointed. With the company growing as it has and with its fine executive personnel it will undoubtedly continue to grow, thus enlarging the opportunities. Only a man's ability will limit his advancement.

R. B. KING

in Executive Positions

JUST what the future holds for you will depend largely on the seeds you sow during the first few years after your college days are over. Some men will follow the easy path, the line of least resistance. They will select the soft snap jobs, the kind that pay fairly well now but hold no future. Others will be willing to begin at the bottom and work their way to the top. These are the men who will be tomorrow's leaders in every field of endeavor.

If you are of this energetic type the Kresge Company offers you a future rich in opportunity. We will train you to manage one of our stores. You will be started on the lowest rung of the ladder. You will be gradually advanced until you are thoroughly trained in every phase of store management. Then you will be given a store management and a share of the profits.

Write to our Personnel Department today and we will arrange an interview with a graduate of your own college who has already found success in the Kresge organization.
