

PLAYERS OFFER 'CAPONSACCHI' TONIGHT AT 8:20

Hart Jenks, Who Played With Original Cast, Plays Leading Role

PLOT COMES FROM POEM

Arthur Goodrich Dramatizes Browning's Epic 'Ring and the Book'

"Caponsacchi," dramatic presentation of Browning's poem, "Ring and the Book," will be presented for the first time this evening by the University Players in the Temple theater. Additional matinee and evening performances will be offered Friday and Saturday of this week, with evening performances the whole week beginning April 30.

The Players hold the distinction of being the only group, outside of the Walter Hampden New York company, to offer this drama. Hart Jenks, of the original eastern cast takes the leading role. The cast is a large one, and the production will be offered in costume.

Scene Is Pagan Court
The action revolves around the recital of the priest, Caponsacchi, before the pagan court of Italy. He tells of the torturous treatment of the girl, Pompilia, by Guido, her husband. The puzzling and intricate seventeenth-century murder story unfolds in a dramatic manner.

"Caponsacchi" comes to Lincoln, the second place it has ever been presented, fresh from a successful Broadway run of 337 nights. Arthur Goodrich, who transposed the original epic into dramatic form, devoted months to preparing the text in such true Browning fashion that the most noted critics have failed to discern where Browning "left off," and Goodrich has "come in."

Evening performances start promptly at 8:20 o'clock. Student matinees Friday and Saturday start at 3 o'clock. Additional evening performances the week of April 30 start at 8:20 o'clock.

CAMPUS BUILDING NEARS COMPLETION

Construction Work on Andrews Hall Nearly Finished; Roof Girders Are in Place

General construction of Andrews hall is rapidly nearing completion. During the past week the steel supporting girders for the roof have been put in place and with the exception of a small section on the southwest corner, the reinforced concrete roof has been put in.

The third and last floor of the building is complete and carpenters are engaged in building in the partition walls. Skylights provide additional lighting for the third floor rooms. Plumbers are finishing the installation of the major fixtures on this floor.

Second Floor Walls Are In
On the second floor of the building the partition walls have been built in, and workmen are now engaged in putting in the metal lath in preparation for the plasterers. The hall remains yet to be lathed. Room arrangement on the second floor is similar to that on the first.

Wire lathing has been completed on the first floor and plasterers are engaged in putting on the first coat (Continued on Page 2.)

Senior Accepts Y. W. Position in Cleveland

Hazel Olds Will Teach Swimming And Sports in Ohio After Summer's Work

Hazel Olds, who will graduate from the department of physical education in June, has accepted an interesting position for next year in the Central Branch of the Y. W. C. A. in Cleveland, Ohio. She will teach sports and swimming.

Before taking up her regular winter work, Miss Olds will do summer camp work on Lake Erie near Cleveland. Miss Olds is a graduate of Lincoln High and has completed a four year course in the department of physical education for women, which includes training in all sports and gymnastics.

Sigma Tau Initiates Six into Organization

Sigma Tau, honorary engineering society, held its initiation Wednesday, April 25. Theodore Oscar Blaschke, '29, Clairmont J. Herman, '29, John Edward Daxson, '29, Joseph Daniel Novotny, '29, Bob O. Rensch, '30, Karl Schminke, '29, were initiated.

Prof. M. H. Swenk

Prof. Myron H. Swenk, chairman of the department of entomology, who was recently elected president of the Nebraska chapter of Sigma Xi, national honorary scientific society.

DOLAN WILL BEGIN WORK ON PAINTING

Mural in Elephant Hall Will Show Interior of Cave; Drawings Are Reproduced

Work on the painting on the north wall of elephant hall in Morrill hall will be begun the latter part of this week by Miss Elizabeth Dolan. A scaffolding, twenty-six feet high and thirty feet long, has been erected for this work.

With the completion of this mural on the north wall, Miss Dolan will have the greater part of her work in elephant hall completed. At the present Miss Dolan is making a number of preliminary sketches for this new mural.

Scene Depicts Cave
The scene will depict the interior of the cave of a Cro-Magnon, or stone-age, family that lived ages ago in southern France and Spain.

One feature of the scene will be that on the walls of this cave Miss Dolan will reproduce the famous "Galerie des Fresques," the familiar stone-age picture of a great procession of mammoth superimposed upon drawings of bison, reindeer, and horse. In the center of the cave there will be a number of the early Cro-Magnon people grouped about a fire.

When the murals in elephant hall are completed they will offer a wide variety of scenery. The west and south walls display scenes of wild canyons found in western Nebraska, the east wall is a scene of African jungles, and the north wall will be an ancient cave of northern Spain.

M. C. Thomas, Former Student, Is Co-Author

Graduate Works With Three Others To Write 'What Feathers' To Be Out May 1

Macklin C. Thomas, who graduated from the College of Arts and Sciences last year, is one of four authors of a book entitled "What Feathers." Mr. Thomas, while in school was active in school publications, he was contributor to the Prairie Schooner, literary magazine, and is editor of the Argvwan the first semester of last year.

"What Feathers," published by The Pendragon Press, of Syracuse, New York, is a collection of stories and verses. The book will be released on May 1.

Johnson Makes Comment
A critical comment, by A. E. Johnson says that Mr. Thomas has prepared himself precisely. There is a "bite" to his work, and the lover of sharpness and economy in writing may possibly prefer the fourth bird to the other three.

Another comment, by the Schenectady Union-Star, remarks that the authors, without making a deliberate effort to do so, have kept well away from the dullness and conventionality that is sometimes associated with the tutorial atmosphere.

Officers Are Elected By Educational Group

New officers have been elected by members of Pi Lambda Theta, women's honorary educational organization. The incoming officers are, president, Clara Olson, Lincoln; vice president, Ruth Rieschick, Fall City; recording secretary, Dorothy Packwood, Tecumseh; treasurer, Hazel Davis, Lincoln; corresponding secretary, Gertrude Goering, Lincoln; keeper of records, Iola Garrison, Lincoln.

Graduate Was Youngest Attorney
Lawrence Kohl, a graduate of the University of Nebraska, who was admitted to the bar in Kansas twenty-five years ago, was said to be the youngest attorney in the United States. He was twenty-one years and eighteen days old.

ORGANIZATION HEADS DISCUSS PARKING RULES

Presidents of Campus Groups Are Opposed to Plan Started by City

SURVEY IS CONTINUED

Excess and Speed of Traffic Is Cause of Statements Made Yesterday

Five more University students, representing fraternities and sororities on the Nebraska campus, expressed their disapproval yesterday of the parallel parking rules on streets near the campus. The expression of opinion was solicited by The Daily Nebraskan in an attempt to determine the feeling of representative students on traffic problems in connection with the University.

"We are very much opposed to parallel parking," stated Margaret Moore, president of Alpha Omicron Pi sorority. "It makes speedways of streets that should be quiet, residential sections." This statement was made in regard to parallel parking on S and R streets, the Alpha O house being situated on S.

The second question asked by the Nebraskan reporter concerned 16th street as a "through street." "We think that there are altogether too

BUCKINGHAM WILL SPEAK TOMORROW

Educator From Ohio State Will Give Three Talks to Students And Teachers

Dr. B. R. Buckingham, director of the bureau of research at Ohio State university, Columbus, Ohio, will speak at a special Teachers college convocation, Friday, April 27, at 11 o'clock in the Temple theater. He will speak on "Individualizing Instruction."

At 4 o'clock, in Social Sciences auditorium, he will talk to elementary teachers in the city on "Verbal Arithmetic Instruction." Friday evening at the Grand hotel, Dr. Buckingham will be the honor guest at a dinner which is being sponsored by Pi Lambda Theta and Phi Delta Kappa. He will speak on the "Great Experiment," following this dinner.

Two Nebraska Schools Of Agriculture Will Meet in Competition

Two schools of agriculture in Nebraska, the Nebraska School of Agriculture at Curtis, and the University School of Agriculture at Lincoln, will meet in competition in a dual contest at the high school judging contest held in Lincoln Thursday and Friday, April 26 and 27.

These are the only two state high schools of agriculture. The Lincoln school was started about twenty-five years ago and the Curtis school is ten years old. This is the second annual contest between these two schools.

Many Events Included
There will be events in livestock judging, dairy judging and grain judging and identification. Four classes will be judged in the livestock contest, one class of cattle, one of hogs, one of horses and one of sheep. There will be three classes in the dairy contests, one of Holsteins, one of Jerseys and one of Guernsey class.

A silver cup will be presented to the winning team in dairy judging. Ribbons will be given the winning teams and high individuals in the other contests.

Newton Will Be Here For Interviews May 9

D. B. Newton, representative of the Drave Contracting company of Pittsburg, Pa., will be here Wednesday, May 9, to interview seniors of the College of Engineering concerning obtaining employment with his company. The interview will be held in M. E. 203. Application blanks are here, and seniors may obtain them from Jiles W. Haney, M. E. 202.

Prof. J. D. Hicks Leaves For Des Moines Meeting

Prof. J. D. Hicks and John L. McKinley of the department of history, and Mrs. Clarence S. Paine of the State Historical society will attend the meeting of the Mississippi Valley Historical association this week-end at Des Moines, Iowa. Professor Hicks is the chairman of the program committee and Mrs. Paine is secretary-treasurer of the association.

The University of Nebraska was granted a charter from the national organization of Phi Beta Kappa in 1896 through the efforts of Chancellor Canfield who was in office then. The corresponding scientific society of Sigma Xi entered the University in 1897.

Phi Beta Kappa Will Hold Banquet Tonight

The annual Phi Beta Kappa banquet will be held at the Lincoln hotel this evening, April 26, at 6 o'clock.

Dean LeRossignol will give the principal address. His subject will be "Value of Scholastic Honors."

COUNCIL NAMES DAVENPORT AS ELECTION HEAD

Larson, Kezer, Sturdevant, Drayton Will Assist Him at Polls

VOTE WILL BE TUESDAY

Appointment of Robert Davenport, '28, Norfolk, as chairman of the election committee for the spring elections to be held Tuesday, May 1, was announced by James H. Jensen, president of the Student Council at its meeting Wednesday afternoon in the Temple. The three student members of the Student Publication board will be chosen along with seventeen representatives to the Student Council at the election.

Serves Third Time
This will be the third time this year that Davenport has served as chairman of the election committee. He directed the first and second semester elections of class officers. Other members of the committee which will have charge of the conduct of the election are: Eldred Larson, '29, Oakland; Muro Kezer, '29, Fort Collins, Colo.; Marjorie Sturdevant, '29, Lincoln, and Maurine Drayton, '29, Orchard, the four members of the present council who were recently selected to hold over for next year.

Similar handling of the Tuesday (Continued on Page 2.)

DR. RIEPMA TALKS TO WORLD FORUM

'The Price of Becoming an American' Is Topic of Minister at Weekly Meeting

"We are all the same, a republic of aliens," stated Dr. Sears Riepma, pastor of the Second Presbyterian church before the World Forum yesterday noon. Concluding the series of talks before World Forum this spring, Doctor Riepma spoke on the subject, "The Price of Becoming an American."

"Some of us came to this country early, others later," he continued. "The native citizen of the United States has learned nothing and has been fed nothing but American ideas and citizenry. The foreign born person must not criticize American ideas of citizenship or American people will object."

Want to be Citizens
"We who are foreign born, do, however, choose to become American citizens. As a general rule, the people who apply for citizenship are honest and hard-working. It is said that most of us came to America for 'loaves and fishes.' True, but we soon forgot that idea after having been in this country.

"American citizens have divided themselves into two classes. The larger group of us are social doctors, pathologists who attempt to better social conditions. I interpret citizenship differently. I believe in

Ag College Is Host to High School Judgers

Thirty Schools Send Teams to Take Part in Contests Held Today, Tomorrow

An invasion of more than 300 embryo agricultural experts will be made on the College of Agriculture campus, Thursday and Friday, April 26 and 27 according to Prof. C. C. Minter, who has charge of the general details of the annual high school judging contest.

Entry lists from thirty schools have been received so far and several more schools are expected to send in entries before the contest starts Thursday morning. From the schools entering the contest, there will be 224 teams, comprising the ten different contests.

High schools entering teams in the annual judging contest at the Col. (Continued on Page 2.)

Jillson Is Omitted From List of Rifle Lettermen

A mistake was made in the list of men receiving letters on the Nebraska rifle team in yesterday's issue. The corrected list of those receiving letters follows: Otradvsky, 372.343; Hager, 369; Jillson, 364; Dwyer, 362.06; Clifton, 361.7; Webster, 358.7.

The error came when Jillson, placing third, was omitted from the list and the men advanced one place in the order of their placing.

Edgar Armstrong

Student Dies From Fractured Skull; Jones Suffers Broken Wrist

INQUEST WILL BE TODAY

Collision Occurred at Noon at 17th and K Streets; Driver Not Held

Inquest into the death of Edgar Armstrong, 21, St. Paul, who was killed in an auto wreck yesterday noon, will be held this morning at 9:30 o'clock in Wadlow's Mortuary, according to Max Towle, county attorney.

Charges of manslaughter have been filed against Patrick Ryan, driver of the automobile which collided with the car in which Armstrong and Jones were riding, by H. S. French, senior in the College of Law and member of Alpha Tau Omega fraternity.

NEED IS FELT FOR NEW POWER PLANT

Operating Superintendent Declares Present Heating System Is Inadequate

Nebraska university is in need of a new power plant, stated F. L. Seaton, operating superintendent of the University. Due to the number of new buildings that have been added in the last few years, the present generators and boilers are greatly over-taxed.

On cloudy days it is necessary to buy electricity from outside sources because of the inadequacy of the present plant, he said. Aside from this, Mr. Seaton stated that there might be some danger in having the supply of coal cut off since the tracks now used are merely temporary ones, having been used for the building of the stadium.

Located Behind Coliseum

It is hoped that a new plant can be built back of the Coliseum which would insure continued railroad service and at the same time be a much more suitable place for such a building. Much of the machinery in the present work could be made to serve in other University buildings. One new boiler and two new stokers recently installed could be transferred to the new plant while the old boilers could be used at the College of Agriculture and School of Medicine at Omaha.

The present horsepower of the plant is four-hundred kilowatts or about twenty-four hundred rated boiler horsepower. Mr. Seaton stated that in a modern concern, three boilers, each of eight-hundred horsepower could be made to produce forty-eight hundred horsepower. He explained that the new boilers were capable of doubling their rated capacity, which would make an adequate (Continued on Page 3.)

Home Economics Will Show Many Exhibits

Clothing, History of Leather, Style Show, Design Work, Will Be On Display at Fair

Home economics exhibits for the Farmers' Fair, which is to be held at the College of Agriculture campus on May 5, will be displayed in the Home Economics building. They will consist of various exhibits from the different departments.

The clothing exhibits will not only include displays of garments made in the department but will contrast old and new costumes as to style and materials. Preceding the pageant a style show will be given. A film portraying the history of leather will be shown in connection with the usual textile exhibit.

Displays Old, New
The room in which the display will be shown will be divided in two parts in order to show both new and old ideas. One will include antiques, the other the latest in home furnishings.

The design exhibit will be turned into a workshop or studio. Girls will be at work demonstrating the different kinds of work carried on in these classes.

A nursery will be a part of the child care exhibit. This also will include a display of old and new clothing for children. Bulletins will be published and distributed to those who are interested.

Fordyce Will Speak At Beatrice Friday

Prof. Charles Fordyce, chairman of the department of educational psychology and measurements will speak before the Nebraska Vocational Guidance association at Beatrice Friday, April 27. The subject of his address will be "The Use of Vocational Tests in Counseling Youth for Life Careers."

ED ARMSTRONG, 21, IS KILLED IN AUTO ACCIDENT

Student Dies From Fractured Skull; Jones Suffers Broken Wrist

INQUEST WILL BE TODAY

Collision Occurred at Noon at 17th and K Streets; Driver Not Held

Inquest into the death of Edgar Armstrong, 21, St. Paul, who was killed in an auto wreck yesterday noon, will be held this morning at 9:30 o'clock in Wadlow's Mortuary, according to Max Towle, county attorney.

Charges of manslaughter have been filed against Patrick Ryan, driver of the automobile which collided with the car in which Armstrong and Jones were riding, by H. S. French, senior in the College of Law and member of Alpha Tau Omega fraternity.

Sedans and Roadster Collide

Armstrong, a freshman in the College of Law and a member of Alpha Tau Omega fraternity, received fatal injuries and Merle Jones, 22, a fractured wrist when the roadster in which they were riding collided with a large sedan driven by Patrick Ryan, 1438 D street at the intersection of 17th and K (Continued on Page 3.)

SCIENTISTS BEGIN SESSIONS TONIGHT

Several Faculty Members Are to Speak at Fremont Meeting This Week-End

Nebraska Academy of Sciences, in joint session with the Nebraska section of the Mathematical Association of America, will hold its thirty-eighth annual meeting at Midland college, Fremont, Thursday, Friday and Saturday of this week. The first of the three-day series of programs will begin at 8 o'clock this evening.

University of Nebraska faculty members and advanced students from the departments of science and mathematics will make the larger part of the addresses at this meeting. The programs are all open to the public, and, according to Prof. E. F. Schramm of the department of geology, it is expected that a considerable number of Nebraska students will attend.

Professor Schramm called attention (Continued on Page 2.)

'Bizad Day' Tickets Go on Sale Tuesday

Plans for Annual Event of College Of Business Administration Near Completion

Final plans for "Bizad Day," annual frolic for students in the college of Business Administration, to be held May 11, are nearing completion. All students in that college will be excused from classes on that day. Tickets will go on sale May 1.

A number of changes have been made in the committees in charge of festivities for the day. Marshall Keyes will be chairman of the program committee and George Holt has been appointed to head the refreshment committee.

A skit will be presented by the "bizad" faculty during the dance in the evening.

Fair Pep Rally Will Be Held This Evening

Purpose of Meeting Is to Instill Enthusiasm; Hauke Will Be in Charge

There will be a Farmers' Fair pep rally at 7:15 o'clock Thursday evening in Ag Hall at the College of Agriculture campus. This is for the purpose of stirring up more enthusiasm for the Farmers' Fair which will be Saturday, May 5.

Geo. Johnson, secretary of the Nebraska State Fair, will be the principal speaker. The rally will be in charge of Arthur M. Hauke, manager of the Farmers' Fair, Grace Morton, department of home economics, and D. F. S. Keim of the department of agronomy will give short talks. Besides this there will be a skit prepared by some of the students, songs and yells.

Louise Pound Is Asked To Contribute Articles

Dr. Louise Pound, professor of English, has been asked to contribute articles on "American Dialects and American Ballads" to the next edition of the Encyclopedia Britannica.
