

CLASSES START THURSDAY WITH BIG ENROLLMENT

Late Arrivals Will Bolster List of Students on City Campus

REGISTRATION IS 5,474

First Sessions Are Confined To Checking Rolls and Assignments

Classes for the first semester of the University year of 1928-29 began Thursday morning with 5,474 students registered, exclusive of the College of Medicine in Omaha. Registration, however, will not be complete for several days on account of late arrival of students and changes in registration. The assignment committee has moved its offices into the west end of the Army and will probably be functioning until some time next week.

AIM OF CONVOCATION IS FRESH INSTRUCTION

Choice Program Is Prepared For Proper Initiation of New Students

OCCURS NEXT THURSDAY

Formal initiation of the incoming class of the University of Nebraska will be held in the Coliseum Thursday morning, September 27, at 10 o'clock. More than 3,000 new students will be told of the spirit, traditions, and events of interest which deal with student life. All freshmen will be excused from classes for the occasion.

The Freshman Convocation is one of Nebraska's oldest traditions. It affords freshmen an opportunity to become acquainted with each other as well as acquainting themselves with the different phases of University life. Various student organizations, including the Innocents and Mortar Boards will take prominent parts in the initiation ceremonies.

The University Band will play in front of the Social Science building after which they will lead a parade of freshmen students to the Coliseum. After the meeting in the Coliseum moving pictures will be taken of the freshman class and will be shown at some of Lincoln's leading theatres.

The Innocents will start the program by leading in Nebraska songs and yells which will be followed by a short address of welcome by Fritz Daily, President of the Innocents Society. This will

Board Calls for News Editor Applications

Applications for the position of news editor of the Daily Nebraskan will be received by the Student Publication board until Monday noon, Sept. 24. Blanks may be obtained at the office of the School of Journalism. Material on file need not be resubmitted.

RED CROSS PLANS AID FOR TORNADO VICTIMS

Herbert Gish Leads Campaign to Relieve Sufferers Near Walthill

Beginning a movement to aid homeless families in the Walthill district in northeast Nebraska, which was recently devastated by tornado, Herbert Gish, director of athletics, has been chosen by the Lancaster county Red Cross to collect donations from students and faculty.

Mr. Gish stated yesterday that although donations are being collected nationwide for the relief of the Florida area which recently suffered from a tornado, Nebraska donations would be used entirely for relief in the Walthill district. According to the directors of athletics, Chancellor E. A. Burnett has heartily approved the move for the restoration of homes and property in the stricken area and the collection of donations from those students and faculty who are interested in aiding.

In the recent storms which this district has experienced, many people are left homeless and food, clothing and medical attention are needed. All donations from University students and faculty are to be mailed to the director of athletics, Herbert Gish, in care of the University.

Greek Pledge Listings Should Be Made Today

Fraternities are requested to prepare their pledge lists today. A representative of The Daily Nebraskan will call for them between 5 and 7 o'clock today. Sorority pledge lists will be collected between 6 and 7 o'clock Saturday. Sororities are asked to assist in getting the lists by having the lists ready for the Nebraskan.

CHEER SECTION PLANS ARE BEING PERFECTED

Tickets Go on Sale Soon; Not Many Changes Are Contemplated

Tickets for Nebraska's cheering section for the 1928 football season will go on sale one week from today, September 28, being offered at the same time with the regular activities tickets.

The cheering section will be located in the choicest spot in the east stands. The caps will be similar to those used last year, when the special cheering section system was inaugurated, and these may be used again. A supply of new hats will be on hand, however, and these will be sold for 75c. The price of the tickets will be \$8.50, the same as the regular student activities tickets and the charge for the caps will make the total price for admission.

University Calendar for 1928-29

The calendar of events for the year 1928-29 is prepared and functions should be scheduled as soon as determined upon in order to avoid unnecessary conflicts. Please observe dates marked closed, and also the dates of such traditional events as Military Ball, Cornhusker Banquet, Cornhusker Costume Party, Inter-Fraternity Ball, Junior-Senior Prom, Farmers' Fair, and Varsity Dance.

Sept. 17-18—Friday-Saturday, Second semester registration for women students, 8-11 a. m.

Sept. 19—Thursday, first semester classes begin.

Sept. 20—Friday, 5 p. m., university reception for all students.

Sept. 21—Saturday, 10-12 a. m., freshman convocation. Thursday, 2:30-3:30 p. m., tea for University girls. City, Thanksgiving vacation.

Oct. 28—Friday evening, All University Church Night. Closed to classes.

Oct. 29—Saturday evening, Kappa Epsilon Mixer. Army.

Oct. 30—Sunday, 4-6 p. m., A. W. S. tea for Uni. girls, Ellen Smith Hall.

Oct. 6—Saturday evening, Y. M. C. A. Y. W. C. A. party, Army.

Oct. 7—Sunday, All University Church Day.

Oct. 12—Saturday, Montana-Nebraska game. Saturday evening, Varsity Dance, Coliseum.

Oct. 19—Friday evening, Kadet Krawl, Coliseum.

Oct. 20—Saturday, First quarter reports. Saturday, Syracuse-Nebraska game.

Oct. 27—Saturday, Missouri-Nebraska game. Homecoming.

Nov. 10—Friday, 2-5 p. m., Olympics. Saturday evening, Varsity dance, Coliseum.

Nov. 12—Monday, Armistice Day.

Nov. 13—Monday-Saturday, Mid-semester examinations.

Nov. 14—Tuesday, Pittsburg-Nebraska game. "Dads' Day."

Nov. 23—Wednesday evening, Varsity dance, Coliseum.

Nov. 24—Thursday, Thanksgiving Day, Kansas Aggie-Nebraska game.

Nov. 25—Friday, Thanksgiving Day, City, Thanksgiving vacation.

Dec. 7—Friday evening, Military Ball, Coliseum, opening of Formal season.

Dec. 14—Friday evening, Cornhusker banquet for men. Cornhusker Costume Party for women. Army.

Dec. 15—Saturday, Third quarter reports. Evening, Varsity dance, Coliseum.

Dec. 22—Saturday noon, Christmas recess begins.

Jan. 7—Monday, 8 a. m., Christmas recess ends.

Jan. 14-19—Monday-Saturday, Second semester registration for resident students.

Jan. 25-26—Monday-Friday, First semester examinations.

Feb. 1—Friday, registration of new students.

Feb. 4—Monday, Second semester classes begin.

Feb. 8—Friday, Co-Ed Foliole, Temple.

Feb. 9—Saturday, Inter-Fraternity Ball, Scottish Rite Temple.

Feb. 15—Friday, Varsity Dance, Coliseum.

Nov. 25—Friday, Junior-Senior Prom, Scottish Rite Temple.

March 1—Friday, First quarter reports. Evening, Spring Party—Pershing Rifles.

March 15—Friday evening, Varsity dance, Coliseum.

March 22—Monday-Friday, Mid-semester examinations.

March 29—Friday, Good Friday. Closed to classes.

April 2—Easter Sunday.

April 12—Saturday noon, Spring recess begins.

April 18—Thursday, 8 a. m., Spring recess ends.

April 27—Saturday, Third quarter reports.

May 1-4—Tuesday-Thursday, Engineers' Week—Pharmacy Week.

May 3—Friday, Pre-Medical Day.

May 4—Saturday, Entomology Fair.

May 5-11—Monday-Sunday, "Gay, R. Extra" for resident students for first semester, 1928-29.

June 30—June 1—Monday-Friday, Ivy Day, Alumni Day, Class Day.

June 2—Sunday, Baccalaureate Service.

June 3-7—Monday-Friday, Second semester examinations.

June 8—Saturday, Fifty-eighth Annual Commencement.

"FALL FROLIC" HEADS LIST OF SCHOOL PARTIES

Coliseum Is Picked as Place To Stage Varsity Parties During Season

SIX PARTIES SCHEDULED

Chairman Issues a Request For Cooperation of the Greek Societies

"Fall Frolic," first varsity party of the 1928-29 season will take place in the Coliseum on Saturday evening, October 13. The "frolic" will start what is being looked forward to as the most successful season for varsity dances. There will be five other parties held at the Coliseum during the course of the present school year.

Committees have not yet been selected to handle the varsity dances, but a call for applicants will be made during the next few weeks. The Coliseum is considered more adaptable to varsity dances this year because of the changes that have been made in the ground surrounding it. The building is now a part of the campus and parking facilities have been improved.

The support of Greek letter organizations on the campus is urgently requested by Jack Elliott, varsity party chairman. It is hoped that fraternities and sororities will not schedule house dances or other parties on the dates listed below as varsity dance evenings. The schedule, headed by the "Fall Frolic," for the coming season follows:

October 13.
November 10.

FRESH WOMEN WILL WEAR GREEN BUTTONS

Badges Will Distinguish the New Girls From Those of Upper Classes

According to the Mortar Board, the honorary senior women's organization, green buttons will again be worn by the lady freshmen. This will mark the fifth year that the "green button" has distinguished the freshmen from the upper classwomen.

A greater significance of the button will be that it will bring the members of the class of '32 in closer contact, and a closer relationship combined with friendship. The buttons may be obtained from the Rudge & Guenzel department store, free of charge.

FRESHMEN ARE SLOW TO SECURE "N" BOOKS

One Thousand Are Distributed, But Majority Still Uncalled For

Altho approximately one thousand "N" books have already been given out to the newly enrolled members of the University, there is still a great majority of freshmen who have not received them. These books are distributed by both the Y. M. C. A. and the Y. W. C. A. Mr. C. D. Hayes and Miss Erma Appleby, General Secretaries of their respective organizations, being in charge.

According to Mr. Hayes, "Since these books contain everything that a new member of the University should know, it is essential that each and every newly matriculated student have one."

Jayhawk Fraternities Pledge 292 Neophytes

Fraternity rush week at Kansas University which began Friday, September 14, and ended Sunday evening at 10:30 p. m., resulted in the pledging of 292 men by 13 of the social organizations. Beta Theta Pi and Sigma Alpha Epsilon lead with the pledging of 21 men each, while the Acacias are at the bottom of the list with 9.

Social Work Conference To Hold Meet at Omaha

The Nebraska Conference for Social Work will hold its annual meeting in Omaha November 11-13. Mrs. Hattie Plum Williams of the sociology department of the University of Nebraska is a member of the program committee. Miss Anna B. Cameron, sociology instructor in the extension department, is executive secretary of the organization. Miss Cameron said that details of the meeting had not yet been arranged.

They Control the Huskers' Fate

When the Nebraska Cornhuskers dash upon the Ames field in two weeks for the opening game of the schedule that is thought to be the hardest ever handed to a Nebraska football team Co-Captains Elmer Holm and "Blue" Howell will be in the lineup to take their share of the burden. On the sidelines Coach Ernest E. Bearg will be controlling the destiny of his team. This picture of the Cornhusker mentors was snapped at a recent practice. From left to right: Back Captain Howell, Coach Bearg, and Line Captain Holm.

Husker Tackle Wears Unique Football Gear

Marion Broadstone, a promising candidate for lineman position on the Cornhusker football squad, is the possessor of a unique football helmet.

Broadstone finds it necessary to wear glasses. That is a handicap which was considered a difficult one to overcome a few years ago. Old style spectacle protectors were impractical and dangerous. But a new helmet has been devised which offers complete protection and fairly satisfactory vision.

The helmet is built like an ordinary one as far as the lower edge of the crown. There the resemblance ceases. Instead of the opening for the face, a heavy shield extends down over the nose. This shield is cut around the eyes to allow the insertion of a pair of optical lenses which correct the accuracy of the wearer's vision. The lenses are made of a special shatter-proof glass which eliminates all danger of breakage.

As might be expected, the headgear limits the vision a trifle, but in spite of the fact it is an efficient protection for a player who finds his vision impaired without glasses.

Broadstone's helmet is one of about two dozen in the country.

HUSKER DIAMOND MEN WILL START PRACTICE

Coach Rhodes Needs Men to Fill Gaps in Lineup of New Baseball Team

Candidates for the positions of catcher and pitcher are wanted for the varsity baseball team, by Coach "Choppy" Rhodes, in a call issued Thursday. Men for other positions on the team are also wanted.

Workouts will be held daily in the Coliseum from 1 to 3 p. m., and all who are interested should turn out at once. All freshmen who would like to play should come out to all workouts.

Nebraska U. has not had a baseball team for the past several years but there is a lot of promising material, as was shown in the annual tournament.

This year the University of Nebraska will play a schedule of games in the new Missouri Valley Intercollegiate Athletic association, commonly called the "Big Six."

Dietsen Is Appointed to Replace Martha Mantz

Herbert Dietsen, of Omaha, has been appointed Lutheran student secretary for the University to fill a vacancy caused by the death of Miss Martha Mantz who held the position at the time of her death.

PRAIRIE SCHOONER IS GIVEN HIGHEST RATING

O'Brien, Harper's, Bookman and The Dial Pay Compliments

Edward G. O'Brien, has rated the Prairie Schooner one hundred per cent in his new anthology, which will appear soon. The Schooner is Nebraska's sole literary magazine, and is edited by the University English department. Besides the Schooner three other national magazines were given the 100 per cent rating. They are Harper's, Bookman and The Dial.

Prof. L. C. Wimberly of the department states that this mention shows that every story in the Schooner is complete as far as literary value. As head of the editorial board, he has taken great care to insure only finished material in the magazine.

In the anthology of Mr. O'Brien, every magazine printed in this country is given a rating. The next rating has been given to the Midland, which is published at Iowa.

Olympic Track Men May Warm Husker Cinders

Believe it or not, Lincoln, the capital city of the state, may be host to a number of Olympic athletes in 1932 if Coach Henry Schulte's present plans materialize.

When he was touring Europe as an Olympic coach and in charge of American athletes, he was looking four years ahead and as a result Nebraska people may get a chance to see some of the best athletes of Europe.

Coach Schulte has suggested to the athletic commissions in such as Germany, Sweden, Finland and France that they break the long cross country ride to the world games at Los Angeles in 1932 by stopping in Lincoln.

According to Schulte, his suggestion has met with the hearty approval of foreign athletes, and he may, if possible, hold a track and field meet here if the European contingent plan to stop in Lincoln.

Geology Graduates Get Industrial Positions

Several geology students who graduated last spring have received positions in the industrial world, according to word sent Professor E. F. Schramm of that department.

Lee Smedley will begin his job about September 24, with the Larga Petroleum Corporation, at Maracaibo, Venezuela, South America. Harold Smedley has found employment with the Sinclair Oil Company, in Tulsa, Oklahoma.

Post Officials Are "Scoofers"

Students of the University of Nebraska are scoofers. The Daily Nebraskan has this from no less an authority than I. Gunnison, superintendent of Station A, the University postoffice.

While an average of ten thousand pieces of mail arrive daily for university distribution, but five thousand pieces are mailed out. By entering the land of approximates and averages we may deduce that while each student receives a letter every day he writes but half a letter in return. It looks like the wicked city has caused some of the boys to forget the girls they left behind.

Continuing with figures, Superintendent Gunnison stated that the receipts of the station average five thousand dollars per month, that four hundred boxes are rented, and that two carriers are required to take care of the University mails.

Warns Laundry Makers. The superintendent issued the usual warnings pertaining to laundry for infractions. All old stamps must be removed. If this is not done the offender is haled before the superintendent of mails at the central office and required to remove the stamps in his presence.

BOOK EXCHANGE SETS NEW SELLING RECORD

Calls for Text Books Are Greater Than Supply in Some Lines

Totalling the greatest amount of sales since its origination two years ago, the Student Book Exchange today completed its first day of sales with an apparent shortage of books for many different subjects. According to Mr. Wilbur Mead, head of the Book Exchange committee, "many different classes of books were sold out after the first morning classes were dismissed."

Students are quick to take advantage of the decided reduction from the original cost of these books which are received from students of the University who set their own price. Except for a small commission taken by the book exchange committee, the money received for each book is turned over to the owner as soon as his respective book is sold. The students buying these books not only benefit themselves by the practice of economy, but they also help buy books for those students who are financially unable to buy their own books year after year.

According to Mr. C. D. Hayes, General Secretary of the University Y. M. C. A., "Approximately 7000 books have been sold by the committee since its origination."

Mr. Hayes further advises, that since there is such a demand for books which have already been completely sold out, all those students who still have books of their own for which they have no further use, should turn them in as soon as possible in order that others may take advantage of these bargains.

Contributing Editors May Make Application

Applications for contributing editors of The Daily Nebraskan will be received in the editorial office until Wednesday September 26 at 5 o'clock. Announcement of the staff of contributing editors who will write editorials or The Daily Nebraskan will be made as soon as possible after that date.

STUDENT TICKETS GO ON SALE TOMORROW

Buyers Will Be Permitted to See All Athletic Events Of the School

PRICE IS NOT CHANGED

Student athletic tickets may be obtained at the Student Activities office in the University Coliseum on Friday, September 28, as was announced Wednesday by John K. Selleck, athletic business manager.

Although the price for students remains \$8.50, baseball has been added to the program thus admitting each student purchaser to all home baseball games, as well as the home football games, basketball games, wrestling contests, and track meets. Quite a number of baseball games are to be scheduled on the home diamond, and will be announced later.

Students Only Can Buy. This special price is for students only. Outsides must pay \$11.00 for season football tickets alone, while students are admitted to all contests for only \$8.50. To make sure that only students take advantage of this special offer, purchasers of student tickets must present their university identification cards. These cards will be punched when the owners receive tickets, preventing the sale of more than one book to a student. This new plan will increase instead of decrease the total receipts from tickets sales, as the positive identification will prevent the purchase of student tickets by outsiders. One person may purchase tickets for a group, however, by bringing the identification cards of each member of the group.

The sale of tickets for the official cheering section also begins September 28. Each student buying a seat in the cheering section must also buy an official roster card, which will be on sale at this time. The size of the seating section is do not increase this year to 200 seats.

STYLE OF GREEN CAPS IS CHANGED THIS YEAR

Button and Class Numerals New Features; Sale Now in Progress

Green caps for freshmen will soon make their appearance on the Nebraska campus with slight alterations in style over previous years. Following one of Nebraska's oldest traditions, freshmen will be required to wear this headgear until the day of Olympics at which time it is decided as to whether they must continue to wear the caps or whether they may discard them.

Green tickets have been issued during the three days of registration and will be sold during convocation Thursday, Sept. 27.

Is Old Tradition. The wearing of the green cap at Nebraska became a privilege which few students wish denied or thrown aside. The wearing of these caps is one of the oldest and most honored traditions on the Nebraska campus and one which has been followed faithfully by freshman classes for many years.

The style and design of the cap has changed from time to time although the prevailing color has been green with decorations of red buttons or strips. The Innocents society, having charge of the green caps, has modeled the cap this year from that given to the Husker forward line eleven on the gridiron and followers of the Scarlet and Cream warriors are anxiously awaiting the opening whistle of the season.

Bearg Stresses Passing. The work of Eno and Broadstone in the line in Thursday's night practice was one of the outstanding features of the evening session. Both Eno and Broadstone are regular starters with the Husker forward line eleven on the gridiron and followers of the Scarlet and Cream warriors are anxiously awaiting the opening whistle of the season.

The names of all freshmen buying caps will be taken and a check will be made to see that all freshman men have them.

Foreign Nations Arouse New Athletic Interest, Says Olympic Coach Schulte

"Europeans, especially the Germans, are steadily building up national athletics," says Coach Henry F. Schulte, who coached on the Olympic team this summer.

He continues, "There are reasons for this. One is that the abolishment of compulsory military training gives the men a chance to put some of their time and effort into athletic training. The other reason for the rise of athletics in Europe is that the people believe that athletics are good for the nation. The government of each country is backing athletics to a great extent. Each town has its athletic fields, such as tennis courts and football fields. In each meet there are contests for the younger men, and many of these show great possibilities."

"Although Germany leads in this new athletic interest, other countries are not far behind. Large crowds attend each game, showing that the people are vitally interested in the athletic events."

Coach Schulte also says that the people who attend the games are very intellectual concerning the finer points of athletics. The announcer does not have to tell that

RECEPTION WILL FORMALLY OPEN SOCIAL SEASON

Art Gallery of Morrill Hall Is Picked for Staging Get-Together

BURNETT WILL BE HOST

Representatives of School Organizations Will Be Present Also

Chancellor and Mrs. E. A. Burnett, assisted by the University faculty, will hold a reception for new students in the art gallery of Morrill hall Saturday morning. From 8 until 10 o'clock new students will have an opportunity to become acquainted with deans of all colleges and their wives. The reception for new students is an annual affair, sponsored by the chancellor.

Representatives from all fraternity, sorority and other university organizations have been invited to the affair. They will assist in presenting the new students to those in the receiving line. This line will be made up of college deans with their wives, and will be headed by Chancellor and Mrs. Burnett.

Although the reception itself will take place in the art gallery, other departments in Morrill hall will be open to those attending the reception. The complete University museum and art exhibits, occupying parts of each floor in Morrill hall will be on display as an attraction to those attending the University for the first time.

HUSKERS SCRIMMAGE FIRST TIME IN SECRET

Bearg Sends Men Through Workout in Preparation for Early Game

BACKS, TACKLES SHINE

Cold weather hit the Cornhusker camp last night and with it the gates to stadium field were closed while Coach Ernest E. Bearg put his football charges thru the initial scrimmage of the season. The forty minutes scrimmage period was the first secret practice of the season.

In the offensive backfield were Blue Howell and Clair Sloan at the halfback posts, Franh at full and "Red" Russell at quarter. This combination of backs, has the power and drive of a steam roller and although the season has just opened, Coach Bearg has a backfield of speed, power and drive.

Prepares for Big Season. Passing, signal drill and line drives were the headlines of the evening session on the practice field. Dutch White, Husker half-back, was handling the greater share of the passing as the Nebraska eleven opened its season of intensive training for the opening of its first year in the Big Six conference.

Coach Bearg has but two more weeks to get his Scarlet and Cream gridiron eleven in shape for the Iowa State Cyclones. The Cornhusker eleven will not be seen in action on Memorial Stadium field until October 13 when the Montana State footballers come to Lincoln for the opening game. The Huskers have never met the Husker eleven on the gridiron and followers of the Scarlet and Cream warriors are anxiously awaiting the opening whistle of the season.

The work of Eno and Broadstone in the line in Thursday's night practice was one of the outstanding features of the evening session. Both Eno and Broadstone are regular starters with the Husker forward line eleven on the gridiron and followers of the Scarlet and Cream warriors are anxiously awaiting the opening whistle of the season.
