

HIGH POINT MEN WILL LEAD HOUNDS TODAY

Second Race Of Tracksters Is To Have Scent Cast By Last Winners

Contestants in the second hare and hound race of the season will meet at 4:30 at the stadium this afternoon, with their own transportation to the course provided. The race will start as soon thereafter as possible, with Wickwire and Dexter, high point men in the last meet, spreading the scent.

At the last race, there were one hundred and seventy-five entrants. The number will probably be increased this afternoon.

Phi Kappa, with 49 points, and Theta Chi with 46 points, are now leading in total scores. Other fraternity scores range from 33 to 1.

Although interest is warmest among fraternity men, the races are open to every man in school, and wider participation is urged.

PENTATHLONS WILL BE RUN OFF TODAY

Contestants Have Choice Of Three Different Hours To Participate

The second group of events in the selective pentathlon will be run off this afternoon at 3:30, 4:30, and 5:30 o'clock. Contestants may select the time which is most suitable for them. Any man in the University is eligible for this competition.

The events which will take place this afternoon are the 220 dash, the 120 yard high hurdles, and the javelin. Any one of these events will be run off at any time mentioned above.

The selective pentathlon is a contest open to all university men, in which they may select any five events. Their efforts in these events are timed or measured, as the case may be, and scored according to the system used in scoring the international decathlon. The man making the highest number of points in the contest is declared university pentathlon champion.

NEW THOUGHT THEORY IS STRESSED IN BOOK

South Dakota Professor Is Writer of Novel Book On Economics

VERMILLION, S. D., Oct. 8.—Breaking away from all classical schools of thought in economics and studying the actual transaction and customs of present day industrial concerns, R. H. Sparkman, assistant professor of economics at the University of South Dakota, is preparing a text in elementary economics for use by undergraduate students.

Professor Sparkman is writing the text in cooperation with Dr. John R. Commons, professor at the University of Wisconsin. He has been using the manuscript for the text in economics classes at the university and next year he plans to go to Wisconsin where he will devote his entire time to the completion of the book in fulfillment of work for the Ph. D. degree.

"The primary emphasis in this book will be an analysis of the transactions, the customs, going concerns, and institutions relating to general subject of economics," Professor Sparkman said. "The text will be a clean breakaway from all classical and neo-classical schools of thought," he continued. Professor Sparkman has taught at Ewing college in Illinois and at Wisconsin, where he was a graduate fellow in 1925 and 1927.

U. S. C. BASEBALL NINE TOURS EAST

Fifteen University of Southern California baseball players returned home recently after an oriental tour of nearly four months playing leading diamond teams in Japan, Manchuria and Korea.

Highly successful, especially from the standpoint of promoting good feeling between Japanese and Americans, is Coach "Wahoo Sam" Crawford's judgment in regard to the Trojans' great 12,000 mile jaunt, and while every man on the traveling squad is glad to be home again, they all are enthusiastic over oriental hospitality and friendship. As to the victory side of the trip, the Trojans won fifteen out of twenty-seven games, one of the best records ever made by an American university team in the orient. Eleven of the games were played with the Waseda university team of Tokio, one of the best nines in all Japan, the Waseda men having the advantage in this series with six victories.

WESLEYAN RESENTS ATHLETIC CHARGE

DELAWARE, Ohio, Oct. 9.—(IP)—Ohio Wesleyan University will demand that the president of the six colleges in the Buckeye Athletic Association appoint an impartial committee to investigate charges that Wesleyan is practicing professionalism in its athletics.

This is the information given out by William L. Sanders, Wesleyan's dean of men, following a storm of indignation on the Methodist school campus at the rumors which have spread about the Buckeye and Ohio athletic controversies.

Dean Sanders outlined Wesleyan's scholarship plan and asserted that of the 54 students in this school receiving endowed scholarships only seven are athletes, and of the 302 students who are aided either through scholarships or by loans only 52 play on Wesleyan teams.

Palladians Will Hold Meeting Open to All

Palladian Literary society has an open meeting Friday, October 12 at 8:30 in Palladian hall third floor Temple building. Members in the Arts and Science College and School of Fine Arts have charge of the program. All students are welcome.

ALPHA PHI PLEDGE IS SERIOUSLY HURT

Josephine Berggren Falls in Faint; Breaks Jaw in Three Places

Oppressive heat of the room is thought to be the reason that Miss Josephine Berggren, Wahoo, pledge of Alpha Phi lies at St. Elizabeth hospital with a triple fracture of the upper jaw this morning.

During the pledging ceremony in the basement of the Alpha Phi house last night Miss Berggren fainted and fell on the hard cement floor of the room. The air in the room was close and this is given as the reason.

The injured girl was immediately moved to a hospital where Dr. W. W. Carveth was placed in charge. He stated that her condition was serious, but not critical.

Mix, Rogers Are Given Praise in College Humor

"Both Tom Mix and Will Rogers are wealthy and unspoiled," says Jim Tully in the November College Humor. "Both have a genius for common sense, and eyes that see far into life. Neither man has the least shred of pretense. And in a nation that worships money, they each earn a half million dollars a year."

"Will Rogers and Tom Mix are the same type of men. Their stature, build and contour of features are about the same. Their words and thinking are mixed with the salt and blood of life. With hearts as open as old-fashioned ranch houses, they are free of the cheap veneer which spoils so many shallow people in Hollywood."

"What about your old pal, Tom Mix, Will? I asked. "Oh, they ain't none better than him. He's a great fellow. I've known him thirty years. You hear about new Western stars supplanting Tom, as they say, but they ain't done it yet. Tom's like Henry Ford—he's smart."

"Tom Mix says of Will Rogers, 'In all the time I've known him, I ain't never known him to do an unkind thing to nobody; he's four square an a yard wide, is Bill. He reminds me of men like Mark Twain and Walter Whitman; they didn't have a lot of education, but they both had a lot of sense, and some day people are going to remember Will just like they remember them.'"

"A great, genuine affection exists between these two men who have gone so far on the road to fame."

SCHULTE SPEAKS AT NOON LUNCHEON

Coach Schulte was the speaker at the meeting of the Junior Chamber of Commerce on Tuesday noon. He told of his trip with the American Olympic team to Amsterdam.

Roy Withers, recently elected president, presided for the first time at this meeting. He appointed D. Dirks as the song committee chairman and announced that the division will be made into twenty groups each with a captain.

Gayle Grubb and Clyde Davis furnished the music.

Scores of S. M. U. Rooters at Army

Dallas, Texas, October 9.—(IP)—Five special trains and scores of automobiles carried rooters for the Southern Methodist University football team to New York and West Point Saturday to attend the first football game between the southerners and the Army. This was one of the largest crowds ever traveling so far to witness a football game in the United States.

The first fraternity to invade the European continent is Alpha Omicron chapter of Kappa Beta Phi, women's national legal sorority. Recently installed at the University of Paris, the group is also known as the Association of Women Jurists of France. It is the oldest and largest legal sorority.

BOBCATS DRAW GOOD AUDIENCE OF HUSKERS

Ticket Sales of Montana And Missouri Games Shoot Up

Ticket sales for the Nebraska-Montana football game in Memorial stadium Friday, October 13, have been steadily on the increase for the past week and early predictions give promise of a good sized crowd being on hand to boost the Cornhuskers in their initial game on the home field this season. A rough estimate shows that there have been something like 9,000 tickets already taken and more are being sold every day.

Tickets for the annual Nebraska-Missouri tussle are being sold like the proverbial "hot-cakes" and it is anticipated that before the stadium gates swing open at 2:50 on the afternoon of October 20 that nearly every available seat in the stadium will be taken. This game is being looked forward to with great interest by all Cornhusker fans and its outcome will be watched throughout the country.

IMPORTANT MEETING OF W. A. A. IS CALLED

All Girls Planning To Sell Candy and Programs Must Be Present

Every girl who plans to sell candy or programs for the W. A. A. must attend the special meeting to be held in room 101 in the west end of the women's gymnasium at 5 o'clock on Wednesday. If this is not possible see Eloise Spencer in the W. A. A. office before Wednesday evening. This meeting is very important for at this time a complete list of girls who plan to sell is to be checked over for John K. Sellock.

Girls whose names do not appear on this list will not be admitted to the stadium without tickets. At this time also, arrangement as to sections in the stadium will be planned for, so that definite assignments may be posted by Thursday morning. Final selling instructions will also be given.

110,000 LETTERS SENT TO FARMERS

The College of Agriculture of the University since its establishment has given systematic instruction in agriculture to 9,713 students, as made known by A. A. Jeffrey, agricultural editor of the Missouri College of Agriculture. Of this number 4,426 were in the regular four-year course and 5,287 in the two-year winter course.

Mr. Jeffrey added that in the last ten years more than 35,000 Missouri farm men and women have been given instruction during Farmer's Week. These students represent every county in Missouri, thirty-six states of United States, and ten foreign countries.

A Campus Hoover club has been organized at the University of Idaho. The group has outlined a working policy and is being affiliated with the nation-wide Hoover Club.

Rooter Rehearsal Is Set for 5, Thursday

The first rehearsal for the cheering section will be held Thursday evening at 5 p. m. All students holding tickets in the section are required to be present to run over the stunts for the Montana State game, Saturday. All are requested to bring their tickets to enable them to locate their seats. It is vital that everyone be present for the rehearsal to insure the success of the cheering section.

Mineral Stored In Gasoline to Keep Preserved

Vermillion, S. D., Oct. 8.—A mineral so unstable that it must be kept stored in gasoline has been presented to the geology department at the University of South Dakota by Herbert V. Lee, Canton, recent graduate of the university, according to E. P. Rothrock, state geologist and professor of geology. Pisantite, an iron copper sulphate is the name of the mineral specimen which is on display in the geology department. The mineral forms in abandoned mines and caverns, Mr. Rothrock explains and hangs from the walls of the underground passage ways as stalactites. The formation is interesting because of its instability, and the fact that it quickly crumbles to

powder on exposure to the air. The specimen is light green in color and has a crystalline though porous texture. The dampness of the caves in which the mineral forms keeps it from crumbling while in the process of formation, Mr. Rothrock pointed out.

The College of Agriculture at Missouri through its eleven departments and the extension service receives and answers approximately 11,000 letters in a year. The farmer desiring information on any subject pertaining to his operation, knows that he can get accurate, unprejudiced information from the College of Agriculture.

Mr. Jeffrey says that more than 400,000 bulletins and circulars are distributed by the college every year. Most of these go out in response to definite requests by individuals ordering them. The number of publications leaving the mailing

rooms of the College of Agriculture in a single day frequently exceeds 1,600. All of these publications are free to residents of Missouri.

John Masefield is said to be engaged upon a poem dealing with some of the legends of the Knights of the Round Table.

The Athlete's Friend

It's strenuous business for the athlete to keep up with his work and at the same time get the sleep the coaches demand. Many have discovered a way to do it. They use a Remington Portable for all their writing. It helps them get better marks because of the neatness and legibility of the type-

written reports; and the great saving of time as compared with the drudgery of writing by hand is a welcome relief. Remington Portable is the smallest, lightest, most compact and most dependable portable with standard keyboard. Weighs only 8 1/2 pounds, net. Carrying case only 4 inches high. Easy Payments.

Sheaffer successor to ink, makes all pens write better, and the Lifetime pen writes best.

Identify the Lifetime pen by this white dot

First everywhere

A recent questionnaire gives Lifetime pens an unquestioned first in forty-one per cent of America's leading schools—leaving fifty-nine per cent to the rest of the pen makers. Here are the reasons: real economy through the lifetime guarantee of faultless service; surpassing beauty, and a nib which at once responds to LIGHTEST TOUCH yet is capable of making three clear carbons of notes, letters and confidential papers. With the Titan pencil it makes the college equipment of efficiency.
