

JUDGES PLAN TO INSPECT HOUSES SATURDAY NIGHT

Emphasis Laid on Limitation of Expenditures to Be Strictly Enforced

NEW CUP WILL BE GIVEN

Sigma Phi Epsilon Retain Permanent Possession of 1927 Trophy

House decorations for Homecoming will be judged Saturday evening at 7 o'clock.

Emphasis is also being laid on the matter of expenditures for the decorations.

Gamma Phi Beta was the winner of last year's trophy in the sorority contest.

The committee in charge is insisting on the use of flood lights in the exhibition of the displays Saturday evening.

The change of dates for the judging will not make it necessary to have the decorations in place Friday evening.

A record crowd is expected for Homecoming this year due to the special attraction of the Missouri-Nebraska football game Saturday.

The annual clean, which is always a big drawing card, is causing more than usual interest on the Nebraska campus this year.

There will likely be an unusually large number of "grads" back to see the homecoming decorations.

RIFLE TRYOUTS WILL BE HELD THIS WEEK

Every Student Taking Basic Course Is Eligible to Membership

Pershing Rifle tryouts will be held today, tomorrow and Thursday, October 23, 24 and 25, from 5 to 6 o'clock.

Tryouts will be based on proficiency in the manual of arms, and ability to pass an examination on the history of Pershing Rifles.

Ag College Juniors Vote in Ag Hall 306

Juniors at the College of Agriculture will meet in room 206, Ag Hall, at 5 o'clock to cast their ballots for class president.

PARTY TICKET SALE IS WELL UNDER WAY

Cadet Bandsmen Campaign For West Point Trip; City Zoned Off

Ticket sales for the R. O. T. C. Band Ball to be held in the Coliseum Homecoming night, October 27, started off Saturday morning with seventy-five salesmen canvassing the downtown business and wholesale district.

Hubert Leeper, chairman of the ticket committee, said early today that first returns from the campaign to send the Band to West Point indicate success of the venture.

"The entire business district has been zoned off," stated Mr. Leeper, "and by tomorrow we expect to have that part of the city fairly well covered."

The Band must sell between \$4,000 and \$5,000 worth of tickets to defray its expenses to West Point, and every man in the organization is selling them.

Herb Fleck and his Missouri Quadrangle Collegians, one of the best known musical aggregations in the middle west, have been engaged for the Band Ball.

A concerted ticket drive has been launched on the campus, and because of the fact that the admission price has been restricted to one dollar, a record crowd is expected at the R. O. T. C. Ball Saturday night.

CO-ED TOURNAMENT WILL OPEN TONIGHT

Eighteen Groups in Race; Championship Will Be Awarded by Points

The first Nebraska ball game on the women's intramural athletic tournament, will be played in the gymnasium at 6:45 o'clock, when Kappa Kappa Gamma meets Phi Beta Psi.

This is the first of a series of games to be played over a period of three weeks. Other games scheduled for tonight are: Gamma Phi Beta vs. Alpha Delta Theta, at 6:45; Delta Delta Delta vs. Alpha Phi and Sigma Delta Tau vs. Delta Zeta at 7:15.

Eighteen groups are now entered in the tournament. Teams have been arranged in groups and each team will play every other team in its individual group.

Winners of group championships will compete in an elimination tournament for high honors. Points toward the women's intramural championship award will be given each team entering the tournament.

With each victory, a team wins additional points toward the championship.

The groups competing in the Nebraska Ball tournament are: 1-Kappa Kappa Gamma, Phi Beta Psi, Delta Gamma, Kappa Delta.

2-Sigma Delta Tau, Theta Phi Alpha, Delta Zeta, Alpha Delta Phi.

3-Delta Zeta (2), 1629 R street.

MISSOURI ARRANGES TO RECEIVE TROPHY

Delt-Phi Delt Bell Will Be Presented to Knight Before Game

Student body at the University of Missouri has accepted enthusiastically the plan of a bell award at the Missouri-Nebraska game Saturday, according to a letter received by the Innocents society yesterday.

Frank O. Knight, president of the Missouri Student Government association, said that he would arrange personally for the acceptance of the trophy before the game.

The plan as stated to Mr. Knight of Missouri calls for a presentation of the Delt-Phi Delt bell, now the "Missouri-Nebraska bell," to Missouri immediately before the game Saturday because of their victory over Nebraska last year.

After the game the bell will change hands if Nebraska wins, or go back to Columbia with the victorious Tigers if Missouri adds a fourth defeat to Nebraska's "six-record."

During the convention of the National Student Federation of America in Lincoln last year Frank O. Knight and James Jensen, last year's president of Nebraska's Student Council, originated the idea of a traditional award to be given each year to the winner of the Missouri-Nebraska football clash.

At that time the Innocents society took up the plan and attempted to get the Delt-Phi Delt bell, but to no avail. This year, however, probably due to increased spirit over the game the two fraternities agreed to give up the bell to the Innocents society.

"I am very much pleased with the success of the Innocents society to obtain this bell and their spirit in offering it as a traditional trophy," wrote Mr. Knight. He continued to state that he would personally supervise the handling of publicity and information on the Missouri campus concerning it.

When he arrives in Lincoln on the day of the big grid clash between two old rivals he will be met by members of the Innocents society. They will plan a presentation and acceptance ceremony before the stands prior to the opening whistle that will start Nebraska's opportunity to regain laurels lost in the past three years.

The bell is being redecorated at present. A large "M" will appear on one side of it and an "N" on the other side. This is in accordance with plans put forth by the Innocents last year.

Druggists Take First Workouts on Family Pets

"Don't send your boy to Harvard!" This has continually rung through Cornhuskerland, but who (including the Delta Zetas), has heard this one, "don't send my dog to Nebraska!"

True, this sounds as clear as the plot of any act on University Night. But the sad, sad story is left to be told. If you ever happen to lose the family pet (not a Phi Gam), meaning a dog, cat, guinea pig, white rat, mouse, or ant-eater, it's a horse on you (in gambler's language), if you can't find him at Pharmacy hall.

Hold your hats and don't stand up. This is not the roller coaster at Capitol Beach, but don't ever get the silly idea that Doctor Lyman has opened a home for stray dogs and divorced cats. The face is science has dealt a death blow. For up there in the attic of Pharmacy hall, far away from green grass, ice wagons, and college girls, nature's pets are penned (no, not written about either).

Druggists Get Them. For all the lads who have paid their fees in advance and signified their intentions of becoming drug store cowboys (behind the counter), these animals have been provided. If the occasion demands, a cat is dissected to determine the cause of its illness. Don't cry, eight lives left. Although the majority of the poor animals, locked in the attic, screaming and barking like a Helen of Troy crying for her release and 12:30 nights, run as high as a Theta's spirits on Saturday night, not all the cats, dogs, and rats are killed.

They are subjected to diets, tested on patent medicines and tried for whooping cough, scarlet fever and other diseases. In all, this gives the budding pharmacist his necessary pre-pharmaceutical work, before he can dish out baneful aspirins over the counter for two-bits a crack. How long this has been going on, no one knows, but unless desperate measures are taken, where are our pledges going to get their three-legged cats, and black and white dogs, and ? ? ? for probation week?

PLAN RECEPTION FOR BIZARD GROUP

Annual "get-together" for students of the College of Business Administration will be held Wednesday evening, October 24, at 7 o'clock in the Y. M. C. A. rooms in the Temple. A combination smoker and feed will be sponsored by the University Commercial club.

An invitation is extended to all students of the College of Business Administration, according to Douglas H. Timmerman, '30, Lincoln, president. First year students are especially urged to attend this gathering.

Tickets for Dinner Are Sold in Ellen Smith

Tickets for the dinner which the Freshman Commission groups are giving for all Freshman girls on Wednesday, October 24, will be available until 1 o'clock today at Ellen Smith Hall.

CO-ED ACTIVITIES ARE RECORDED BY POINTS

Check of the point system files, which keep a record of the activities engaged in by women, is being made by Vivian Fleetwood, chairman of the A. W. S. point system committee, and will be completed in about two weeks.

The point system committee of the A. W. S. board together with the Dean of Women will have final jurisdiction over all points in discussion.

All activities in which women may engage have been classified into three groups. A student may elect only one group A activity, two group B activities, or one from A and one from B, or a student who has one activity in A, two in B or one in A and one in B may accept membership but not an office in a group C activity.

Group C activities evaluated at one point are: membership in the A. W. S. board, member of W. A. A. member of a Y. W. C. A. staff committee in A. W. S.; sport managers of hockey, soccer, basketball, volleyball, hiking, tennis, dancing, and officer of class.

Group C activities evaluated at two points are: chairman of minor committees in A. W. S.; sport managers of hockey, soccer, basketball, volleyball, hiking, tennis, dancing. Continued on Page 2.

EDITORS WILL ARRIVE IN LINCOLN THURSDAY

Engineer Magazine Heads Will Convene Here to Discuss Problems

Delegates who are to attend the convention of Engineering College Magazine associated, to be held on the University of Nebraska Campus, October 25 and 26, will arrive in Lincoln Wednesday evening and Thursday morning.

The committee on arrangements, consisting of Ralph Raikes, '30, Ashland, chairman; Carl Olson, '29, Lincoln; George Gillespie, '30, Omaha; and John Clema, '29, Lincoln, have completed all arrangements.

Many of the delegates are members of national fraternities that have chapters on the Nebraska campus. Arrangements are being made whereby it will be possible for these delegates to stay at their respective fraternity houses.

An informal banquet is to be held in the garden room of the Lincoln Hotel, Thursday evening, at 6:30 o'clock. Talks will be made by Leslie F. Van Hagan, chairman of the associated magazines; Dean O. J. Ferguson, and H. E. Pridie of Iowa State College, who will give the main address of the evening.

Business Meetings in M. E. 206. All business meetings of the group will be held in room 206 of the Mechanical Engineering building. These meetings will be in session Thursday and Friday. Officials of the association will discuss on business and editorial arrangements and make-up of the magazines, as well as the most satisfactory magazine arrangements that have appeared during the past year.

Arrangements are made for an inspection trip to the Nebraska State Capitol building Saturday morning, October 27, to be sponsored by the faculty and students of the College of Engineering, to furnish transportation. Many requests have been sent to the committee for making arrangements for attending the Nebraska-Missouri football game Saturday afternoon.

French Scholars Arrive To Attend College Here

New York, Oct. 22.—(AP)—Nineteen selected French students have arrived here to spend the year at American colleges and universities under exchange scholarships.

UNCONQUERABLE NEBRASKA!

An undefeated Nebraska football team Saturday faces an undefeated Missouri squad. A great Husker aggregation, will be set to avenge the three defeats accorded Cornhuskerdom at the hands of Missouri in the last three seasons.

They will face what is probably the most powerful gridiron machine ever developed by Missouri, a team which rolled over Centre college 60 to 0 and which, after fumbling through the opening periods, came from behind to sweep an improved Iowa State eleven to defeat by a 28-19 count.

INTRAMURAL SPORTS PLANS ARE COMPLETE

Schedule of Events Drawn Up; Three Divisions Are Made for Greeks

Plans for intra-mural athletics during the present season are practically completed. The schedule of events was drawn up yesterday by Jimmy Lewis, director of intra-mural athletics, H. D. Gish, director of athletics, and Rudolph Voegler, instructor in the physical education department.

Included in the plan are sports in three divisions, major, intermediate and minor for fraternities. Many events will be open to fill men in school.

In the interfraternity group, the basketball tournament will start November 17th. The mid-winter track meet date has not been definitely set, due to a possible conflict in the dates of the Illinois Relays, and the K. C. A. C. indoor meet, which have not been determined. The baseball tournament will take place in the spring.

For each of the major sports an entry fee of two dollars per fraternity is required.

Water Polo Starts Nov. 1. In the intermediate group are placed water polo, starting November 1, wrestling, starting December 1, three cross-country races, the first of which will be run Thursday, October 25, the hare and hound races, which will be terminated this afternoon, the class B basketball, which starts November 24, and the boxing tournament which opens January 14. For each of these events an entry fee of \$1.50 is charged for each fraternity competing.

In the group of minor sports, only three dates have been definitely set. The handball and horse-shoe tournaments will start January 14. Interfraternity relays will run in the Cornhusker carnival January 25.

The other sports in this group are tennis, rifle shooting, golf, and basketball free-throwing. An entry fee of one dollar is charged each fraternity entering in a minor sport.

Each of these sports yield points which will be counted in the final scoring for the interfraternity all year sports championship. For fraternities who plan to enter all contests a blanket fee of fifteen dollars covers the entire program. If fees are paid separately for each sport, they would total twenty-two dollars.

Entries for the water polo tournament are due Monday, October 22. In addition to these sports for fraternity competition, there are several which are open to all men. Continued on Page 2.

Six Feet High Is Required To Make Ames Club

"The Slim Five" is what they are called at Iowa State college. They average over 6 feet in height and are footedfoot. They comprise the five leading cross-country men on Coach Bob Simpson's Cyclone harrier squad.

Captaining this unusual quintet is Irving L. Christensen, Eagle Grove. The other four are: Richard Carl Behrens, Davenport; Harry Hoak, Des Moines; William W. Bailey, Red Oak, Mont.; and G. Merle Putnam, Carson.

Coach Simpson is now seeking a "Slim Sixth" to add to his flying quintet. The Iowa State college cross-country "Slim Five" smothered the Grinnell harriers 15 to 4 in the dual meet at Grinnell last Saturday. Bailey led the field, negotiating the distance in the good time of 17 minutes 27 seconds.

There are now 35 yearling cross-country men working out daily and some 35 aspirants for the sixth variety position. As yet Coach Simpson has no one in mind for the post. He took only "The Slim Five" with him to the Grinnell meet.

The next dual contest will be with the University of Kansas at Lawrence, Kan., on Oct. 27, when the Cyclones and Jayhawk football eleven clash in a Big Six conference game.

Mr. Dacker Will Sing at Fine Arts Convocation

Regular Fine Arts convocation for this week will be given this morning by Herman T. Decker, instructor in music. Mr. Decker will sing a group of songs, the titles of which have not been announced. The program, as usual, will begin at 11 o'clock in the Temple theater.

Which Candidate Will Be Junior President?

Ray Sabata (Blue). Clair Sloan (Yellow). Helen McNeny (sorority combine). George Gant (Ind.)

GIANT RALLY TO BE HELD FRIDAY NIGHT

Plans Made for Annual Bonfire Rally; Will Greet Missouri Team

Nebraska's renowned Cornhusker spirit will continue on its march to support a victorious Scarlet and Cream team toward a Missouri Valley championship when the annual traditional Homecoming Bonfire Rally is held on the drill field Friday at 7 o'clock.

Arrangements have been made for a gigantic pep gathering at the Nebraska campus from which the student body will march to the Lincoln hotel to welcome the Tiger aggregation from Missouri.

The Missouri athletic board has been wired the plans of the rally with a request to have its team on the balcony of the Lincoln, to be introduced to the Cornhusker student body, with a representative to say a few words. The Missouri team will be quartered at the hotel.

The advent of the Missouri-Nebraska bell, which will be presented at the game, Saturday, has added more enthusiasm and sentiment towards the annual meeting of these two ancient rivals.

The Homecoming program will be opened with the rally Friday night, and Nebraska grads, old, young and medium, together with the 1928 student body are expected to flock to the drill field to aid in the pep and spirit and bring a welcome to Missouri.

Saturday's game is a crucial one to Nebraska, according to the. Continued on Page 2.

TEACHERS WILL HEAR LOCAL PROFESSORS

Thirteen University Faculty Members Will Talk at State Conventions

Faculty members of the University will be well represented on the corps of teachers selected to speak at the conventions of the Nebraska State Teachers Association. Thirteen professors will speak at convention to be held at Lincoln, Omaha, North Platte, McCook, Norfolk, and Chadron. These conventions will be held on October 31, and November 1, 2, and 3.

Many prominent educators from over the entire country will comprise the list of speakers on which the University is represented. Coach Henry F. Schulte will speak on the Olympic Games at North Platte. Coach Schulte was assistant coach on the American Olympic team last summer. Dr. D. A. Worcester will speak on "The Permanency of Learning in High School" at Lincoln.

Speakers Listed. The following will speak at North Platte during the convocation: Miss Lucy Hill "Problems of Advanced Typewriting"; Professor Herbert Brownell "Methods in the Teaching of High School Science"; and Dr. F. E. Henzick "What a Teacher has the Right to Expect from her Superintendent."

At Lincoln, Professor L. C. Wimberly will talk on "The High School English course for the standpoint of the university professor"; Professor C. C. Campion on "How the University sees the Mathematical Product of the High School"; Dr. L. VanEls "Problems in Disease Prevention"; Dr. C. C. Weideman "How to Teach Community Needs"; and Dr. N. A. Bingson "Geographic Aspects of some Latin-American Problems."

Dr. H. C. Koch will speak at McCook on "The Place of Science in a Small High School." At Omaha O. H. Werner will have as his topic, "English Zero."

With the conventions scheduled, for six different towns, every teacher will have an opportunity to hear some of these educators talk.

JUNIORS WILL ELECT OFFICER AT FIVE, TODAY

Voting to Be Done at Mass Meeting in Auditorium of Social Sciences

Members of the junior class will hold mass meetings in Social Sciences auditorium and Ag Hall, 306 at 5 o'clock this afternoon to elect a class president for this semester. The Student Council will be in charge of conduct of the election and identification cards will be required by those who vote. Voting will be done by validated ballots.

This election is being held as a result of the disqualification of all candidates for the office at the regular election. According to an election clause in the Student Council constitution all candidates who spend money in campaigning are disqualified. It was found that both candidates for the office of junior president had spent money, and as a result, the election was thrown out.

Factions Enter Candidates. The two political factions have put up men for the office. Ray Sabata is the Blue Shirt candidate and Clair Sloan the Yellow Jacket. In addition to these men Helen McNeny has filed for the office, backed by what is rumored to be a new sorority combine. The Daily Nebraskan has been unable to find additional facts concerning the "feminine faction." The sororities alleged to be combined for political purposes are Alpha Phi, Alpha Omicron Pi, Kappa Alpha Theta, Delta Delta Delta, Delta Gamma and possibly others.

A non-fraternity candidate has filed, probably from the faction which caused the upset at the last election. George Gant is the only candidate not a member of some fraternity or sorority. Those interested in student elections followed the account of non-fraternity intervention in the last election. Opinion has it that Gant represents the faction that had its beginning a short time ago.

The names and activities of candidates were listed in Sunday Nebraskan. Considerable comment has arisen over the mass election, and the possibilities of its outcome. Two new factions will try their strength against the established Blue Shirts and Yellow Jackets.

Y.W.C.A. CONVENTION ADOPTS NEW PURPOSE

Constitution of Nebraska Student Association is Rewritten

With the adoption by the 1928 convention of the Y. W. C. A. of the new statement of purpose, and alternate basis of membership for student associations, it becomes necessary for every student association to re-write its constitution. The new purpose and other changes in the constitution of the student Y. W. C. A. at the University of Nebraska will be presented for approval by the members, at the Vesper service which will be held this afternoon.

Article II of the new constitution, dealing with the purpose of the association will read: The Young Women's Christian Association of the University of Nebraska, a member of the Young Women's Christian Association of the United States of America, and a participant in the World Student Christian Federation, declares its purpose to be:

We, the members of the Y. W. C. A. of the University of Nebraska unite in the desire to realize a full and creative life through a growing knowledge of God.

We determine to have a part in making this life possible for all people.

In this task we seek to understand Jesus and to follow Him.

Article III, dealing with membership. Continued on Page 2.

Cornhusker Will Give Trip to West Point to Best High-Pressure Artist

(By Bill McCleary.) There may be Republicans who won't write on a "L. Smith" typewriter and students who don't know the difference between training tables and time tables, but every pipe-smoking, pipe-taking collegian will be interested in an offer announced by the 1929 Cornhusker student body.

The student who sells the highest number of Cornhuskers will have his, or her, expenses paid to West Point, New York, for the Army-Nebraska game. This information was divulged by Bruce Mathias, business manager of the year book. There may not be any Delt-Phi Delt bell on this game, but judging from the movies and other luxuries plenty belles will view the "old Army game."

An hostelry may be just another livery stable to you, but if you win the prize you get to stay at the Hotel Thayer, supposedly the smoothest hotel in all West Point. How any excitement-loving Cornhusker can turn down this offer is a mystery to us and our man Watson. A little salesmanship will take you a long way if you win the trip back to West Point.

Contest Starts Monday. The contest starts, as all good contests must, next Monday, October 29. It comes to a close November 3, at which time the winner will be announced. We neglected to mention that the trip will be made on a fast train, (you speed-requiring college students.) If you don't believe in Santa Claus and think this is all a baloney drop down to the Cornhusker office and interview Bruce Thomas. He will confirm this statement and give all requested information regarding the contest and prize. You won't be the first one either because quite a few have already entered the race.

Colorado Bacteriologist Presents Methods for Preventing Tularemia

Precautions for prevention of tularemia, or "rabbit fever," a serious disease communicated to persons in Colorado and throughout the nation by the handling of carcasses of diseased wild rabbits, were given in a radio talk over station KOA, Denver, recently, by Dr. W. G. Sackett, bacteriologist of the Colorado Agricultural College.

"The disease is not communicated from person to person, but by the bites of infected insects and by handling carcasses of sick rabbits with bare hands, or by eating insufficiently cooked, infected rabbit meat," said Doctor Sackett.

"Here are three recommendations for avoiding contagion: No Specific Cure. 1. Shoot only such rabbits as are able to get up and go, for a cotton tail or a jack rabbit that can be run down by a man on foot and knocked over with a stick is sick and should be left alone.

2. Always wear rubber gloves when skinning and dressing your game. 3. Cook all meat thoroughly. There is no specific treatment or cure for tularemia other than rest in bed with careful feeding and nursing. While there have been a few deaths, the majority of cases recover.

"The symptoms of tularemia are something like this: In two to five days after handling the rabbit meat or having been bitten by a fly or tick, the patient becomes suddenly sick with chills, shifting bodily pains in the back and shoulders, fever with a temperature of 101 to 103 degrees and great weakness.
