CAMPUS HOUSES PREPARING FOR ALUMS' RETURN

Homecoming Day Saturday
Will Be a Gala Event
at Nebraska

JUDGE HOUSES FRIDAY
New Cup Will Be Presented
to Winning Group in
Fraternities

Plans for Homecoming are nearing completion according to John Trout, chairman of the committee on fraternity and sorority house decorations. Homecoming will open Friday night with a giant rally at the drill field north of Social Sciences building. Judging fraternity and sorority house decorations will be another feature of Friday night's festivities. The big attraction of Saturday will be the Mizzou-Cornhusker football game at Memorial Stadium.

House decorations will be judged Friday night at 7 o'clock instead of Saturday night as was previously announced. All fraternities and sororities entering the decorations contest are required to turn in their expense accounts Friday evening before 6 o'clock to John Trout at the Sigma Nu house, 625 North 16th street.

The ruling of the committee that no house shall spend more than twenty-five dollars for decorating will be rigidly enforced. Each house will be required to use flood lights for their decorations as the judging will be done at night.

A new cup in the fraternity section has been offered by Fenton B. Fleming. Sigma Phi Epsilon won permanent possession of the first cup offered. The fraternity winning the new cup three consecutive times will gain ownership of it.

Gamma Phi Beta, winner of last year's sorority trophy, will again enter the contest. Sigma Phi Epsilon, four times winner of the fraternity section and permanent possessor of the fraternity cup will withdraw this year.

The change of dates for the judging will necessitate the placing of decorations before Friday evening. It is expected that nearly all fraternities and sororities will have decorations of welcome for their returning alumni although some of them will not compete for the cups.

The annual clash between the University of Missouri and the Cornhuskers is expected to draw a record crowd. Missouri has three times beaten Nebraska in as many years and it is expected that many of the alumni will come back "home" to see Nebraska take the best.

Smith and Hoover Clubs to Fight It Out in Heated Argument at Nebraska

The greatest political storm in the history of the University of Nebraska is fast gathering. From one side comes the fierce war-cry of "Who but Hoover" and from the other side we hear the notes of "East Side-West Side. All around the town, "Smith" or "Hoover" is the password for anything now, and woe to the man or woman who makes a mistake!

But this threatening war, famine, or whatever it is, must come to a head sometime. Steps have already been taken to bring all these troubles to a complete and unquestionable close. After the final event is over, there will never more be doubt in the minds of the university students as to who is the only, gifted, and logical man for president of the United States.

This decisive event will be in the form of a debate to be held Thursday, November 1, by members of the Hoover-Curtis club, and members of the Al Smith club. Powerful combings of three
