# .... but a mosquito blocked the way

THE Panama Canal diggers had engineering brains and money apienty. But they were blocked by the malaria and yellow-fever bearing mosquitoes, which killed men by thousands. Then Gorgas stamped out the mos-

quito. The fever was conquered. The Canal was completed. The importance of little things is recognized in the telephone industry too.

Effective service to the public is possible only when every seen from purchase of raw material to the operator's "Number, please" has been cared for.

This is work for men who can sense the relations between seemingly unrelated factors, men with the vision to see a possible mountain-barrier in a molehill-and with the resourcefulness to surmount it.
