

## GAME REPORTS WILL BE GIVEN AT GRID PARTY

### Giant Graph Is Scheduled to Illustrate Husker, Army Football Contest

### KFAB PROVIDES DETAILS

### Gloomy Gus, Radio Man, Will Supply Cornhusker Fans With Play-by-Play

Cornhusker football fans, not making the long journey back to the West Point plains, will have the opportunity of hearing the Nebraska-Army game play by play, Saturday afternoon at the gigantic grid party planned by the innocents at the Coliseum at one o'clock.

Definite plans for the party were announced by Carl Olson, member of the committee in charge, yesterday. The grid graph which has previously served the football fans desirous of obtaining play by play reports of the game will be working for the last time this year at the Coliseum Saturday afternoon.

Received direct from West Point from Gloomy Gus, the KFAB radio artist, on a leased wire, reports the party will be broadcast over KFAB the Nebraska-Army game play by play, Saturday afternoon at the Coliseum at one o'clock.

Definite plans for the party were announced by Carl Olson, member of the committee in charge, yesterday. The grid graph which has previously served the football fans desirous of obtaining play by play reports of the game will be working for the last time this year at the Coliseum Saturday afternoon.

## Holiday Season Brings Nuts and Christmas Dance

During the Thanksgiving season we are thankful that Christmas comes but once a year. However, the holiday season brings with it a few pleasant things such as family reunions, old acquaintances renewed thru holiday greetings, and a Varsity Party.

Most important of all is the Varsity Party. What could be calculated to impress upon one the spirit of brotherly and sisterly love more than a good old University throw? Just about this time of year when Orphan Annie and her daddy find each other to celebrate Christmas together, one can settle down and expect Varsity Party.

It is alleged that Santa Claus won't bring anything to nice little boys and girls or even Kappas and Alpha Sigas unless they go to the Varsity Party. Whether or not this is true we can not say. But it looks like a pretty good chance to take.

### Who's Ticklish?

Whether you're ticklish or not, you will enjoy the Christmas dance. And speaking of Christmas carols you'd better contract for a ride with somebody in their Christmas carryall for the larger and better Christmas Dance.

From even a critic's point of view, a cynic of course is a place in which dishes are washed, the Varsity Parties this year have been exceptionally good. This time, however, a list will be kept at the gate, and only committee members admitted free of charge. But a dollar isn't very much money around Christmas.

### Benefit Bridge Is Saturday Function

University Girls Will Meet At Cornhusker in the Afternoon

Opportunity for university girls to become better acquainted will be the paramount purpose of the benefit bridge party to be held at the Cornhusker hotel, Saturday afternoon, from 2 to 5 o'clock. Mortar Board, senior women's honorary society will sponsor this annual benefit bridge party.

Door prizes and the individual prizes for each table will be given the guests at the party. Radio reports of the Army-Nebraska game will be received at the Cornhusker Hotel and will be broadcast.

The purpose of the bridge benefit is to sponsor a general get-together for university girls and to give them a better opportunity to get acquainted socially than is offered in the classroom, according to Marjorie Steadant, president of Mortar Board.

Some four hundred women are expected to attend. Tickets may be obtained from Marjorie Steadant, Geraldine Hoikes, Kathryn Douglas, Evelyn Mansfield, Ruth Shalleross, Pauline Blinn, Ruth Davis, Maurine Grayson, Mary Hall, Audrey Hoikes, Dorothy Norris, Esther Heyne and Cathryn Beekmann.

### Christmas Dance Is Next Party Feature

Varsity Committee Has Not Selected Name for Event December 15

Arrangements were made yesterday afternoon for the next Varsity Party, scheduled for December 15, in the Coliseum, at a meeting of the committee held in University Hall. This party will be a Christmas dance, although a name has not yet been selected.

Beck's orchestra will be booked for the party. As yet no fraternity or sorority parties are reported scheduled for that evening. Entertainment will probably be arranged for by the committee in the line of four weeks remaining before the Christmas dance.

Decorations will be in charge of a professional decorator, selection of whom will be made from bids on a contract. The committee plans to make this dance a typical Christmas party with decorations and entertainment in keeping with the holiday season. Christmas activities start the following week and this party will be the last Varsity dance until early spring, following the closing of the formal season.

### Burnett Is Guest of N. Y. Alumni

Chancellor Burnett, who has been attending the meetings of the association of Land Grant colleges and American Universities, at Washington, D. C., will be present at the banquet to be given in New York at the Hotel Commodore by the Nebraska alumni at the 44th annual meeting of the association at the hotel Saturday afternoon.

The Chancellor has been invited to be the guest of the commandant of the United States Military Academy at luncheon Saturday noon. He will accompany the other Nebraska members on the football special arriving at Lincoln Tuesday morning.

### Reading Hours For Mer Will Begin This Sunday

A series of fortnightly reading hours for men begins this Sunday afternoon in the main lounge of the University club, 1124 N. street, at 5 o'clock. Mr. F. G. Collins, university curator, opens the series with a group of humorous selections. All men students and their friends are invited. The readings close promptly at 8 o'clock.

### Reporter Errs in Polo Scorings Last Monday

Score of the water polo game between the Delta and the Phi Gams was reported as being 6-1 in favor of Delta Tau Delta. This score as stated, however, was erroneous as the Phi Gams won the game 6-1.

### HARRIER CHAMP WILL BE DECIDED SATURDAY

Big Six Meet Is Slated for Coming Weekend on Long Columbia Course

Saturday marks the assembling of representatives from every Big Six school, at Columbia, Mo., to decide the cross-country championship of the conference. Nebraska will be on hand and expects to show its heels to the other harriers in this race. Coach Henry F. Schell has developed a team which he thinks can give any other Big Six school a good race. The men selected to make the trip are: Philip Garvey, of Rushville; Emeric Cummings, York; Louis Etherton, Lincoln; Carroll Griffin, Gibbon; Martin Janulek, Loup City.

The followers of cross-country have Kansas doped to win the meet, while their captain Bernard Frazier is expected to win individual honors. He is expected to have stiff competition from Putman of Iowa State, Miller of Kansas Aggies, and Voughts of Missouri. Frazier ran the fastest Missouri Valley five mile race on record when he won at Manhattan last year in 24.4. Kansas is the only undefeated team in the conference but it has two powerful rivals in Iowa State and Nebraska. Iowa has maintained a higher standing in intercollegiate meets than any other Iowa State athletic teams. Until 1924, when Iowa State finished second to Kansas, the Ames runners had won ten consecutive Missouri Valley championships.

### Costume Party Will Be Held At Christian Church

Christian church will sponsor a costume party, Friday night, at 8 o'clock, at the First Christian church. Carl Rosenquist, class will be in complete charge of the program arrangements. Any costume may be worn to this party.

### Cross Country Tryout Will Be Held Friday

Candidates for the cross-country numerical tryout meet will report at the stadium Friday afternoon in time for the race at 4:30. It was announced Thursday.

### Girl Equestrians Stage Sparkling Exhibitions Of Horseback Riding Art

It's just a matter of form, this horseback riding. At least that was the impression given at the Women's Intramural riding contest Wednesday evening. The affair was unusually exciting, and the riders did fly in great style—but they were all horsefathers.

The first event was a musical chair ride, and such stuff! A portable phonograph was played in the middle of the ring, and chairs placed around it. The girls rode wickerly around until the gong sounded, and then the idea was to get in a chair. It would have been simple, but by some oversight there was always one less chair than there were girls. So somebody got left.

It looked from the sidelines like Saturday afternoon in a barber shop with everybody scrambling for a chair. This race was won by Martha Brinkerhoff from the Delta Gamma barn with Blanche Farrens of Pi Beta Phi second.

Red Favorite Color

The way some of the prospective Pauline Reveres were dressed was enough to scare any self-respecting horse. Red hats, green hats, der-

## GREGG M'BRIDE IS AG PARTY SPEAKER

Gregg McBride, sports writer for the Lincoln Star, will speak on the football season and venture a prophesy on the outcome of the Nebraska-Army game as one of the features on the program of the All-Methodist party to be held at the Activities building, Agricultural campus, beginning at 8:00 o'clock tonight.

This is the second All-Methodist party. The first was to be a "Football Party" from beginning to end. A charge of ten cents for refreshments is being made.

A drop kicking contest will be held for the ladies. Before Mr. McBride's talk a pep rally with the singing of Nebraska songs will be held. The party is being sponsored by the boards of the Epworth, Warren, and First churches.

## NEBRASKA CHEMICAL SOCIETY HEARS CLARK

### Illinois Professor Addresses Members Concerning New Uses of X-Ray

Dr. G. L. Clark, professor of chemistry at the University of Illinois, was the principal speaker at the first meeting of the year of the Nebraska section of the American Chemical Society Wednesday night. The meeting was held in the general lecture room in Chemistry hall.

At this first meeting the new officers were elected. Dr. S. Avery, elected chairman of organization, was presented with a gavel by retiring Chairman Professor R. C. Abbott. Dr. F. W. Upton was re-elected National Councilor and Mr. Edgar J. Boschult was re-elected secretary-treasurer. Dr. D. J. Brown, Dr. M. J. Blish and Professor F. S. Buggy compose the executive committee.

"What a Chemist Can Do With X-Rays" was the subject of Dr. Clark's lecture. He showed the method of determining the structure of crystals from the X-Ray analysis. He also discussed the use of X-Ray in detecting imperfections in steel alloys and the like. By means of X-Ray it is possible to determine quickly whether a given sample of steel has been perfectly fabricated or whether it contains imperfections which may cause failure when the steel is put into rails, bridge girders or something else.

Molecular Structure Determined

Dr. Clark spoke also of the use of X-Ray in determining molecular structure of the compounds of carbon. The molecular structure as determined by X-Ray agrees exactly with the formulas which have been used by the organic chemist for sixty years.

Dr. Clark made the statement that a new type of electric motor, would shortly be placed on the market. This motor will be produced from a new kind of steel made possible by X-Ray studies and will be very much lighter in weight for a given horsepower than present motors.

## OFFICERS ARE ELECTED

Dr. G. L. Clark, professor of chemistry at the University of Illinois, was the principal speaker at the first meeting of the year of the Nebraska section of the American Chemical Society Wednesday night. The meeting was held in the general lecture room in Chemistry hall.

At this first meeting the new officers were elected. Dr. S. Avery, elected chairman of organization, was presented with a gavel by retiring Chairman Professor R. C. Abbott. Dr. F. W. Upton was re-elected National Councilor and Mr. Edgar J. Boschult was re-elected secretary-treasurer. Dr. D. J. Brown, Dr. M. J. Blish and Professor F. S. Buggy compose the executive committee.

## Wesley Players' Production Is to Be Presented at University Place

Wesley Players, Methodist dramatic organization, are continuing this week to make the Wesley Foundation, 1417 R street, where they make their general headquarters, their production, hum with their varied and extended activities.

"The Other Wise Man." Dr. Henry Van Dyke's new religious drama, given by the group last Sunday evening before two thousand people at St. Paul M. E. church, Lincoln, will be presented this Sunday evening, Nov. 25, at First Methodist church, University Place.

This drama is particularly appropriate for the Christmas season, and Wesley Players have already received several calls to give it before the holidays, both in Lincoln and out in the state.

Another cast of Wesley Players is busy this week rehearsing "The Supreme Sacrifice," a religious play in three scenes, written by Mrs. Harriett Dell Barr, of Chicago, who has been in Lincoln for the past two weeks organizing the group for their work during the coming year. "The Supreme Sacrifice" will probably be given in Lincoln before long, though no definite date has been set as yet for its production.

## SEMI-FINAL GAMES ARE BEING PLAYED

Kappa Kappa Gamma and Phi Mu teams were victorious in the semi-final games of the Nebraska Ball tournament which was played last night. The Phi Mu defeated the Tri Deltas by winning two games 15-10 and 15-11. The Kappas lost two out of three with the scores running 10-15, 15-12 and 15-6.

The championship games will be played at one o'clock Saturday. There will be no consolation game. It is planned to have an interclass tournament, since so much interest has been shown by the coeds in this new game which has been the feature of all the intramural contests.

The first rounds of both the mixed doubles and the girls' doubles in the tennis tournaments are still being played, and arrangements may be made to use the Coliseum courts from 8:30 to 3:30 o'clock any day by calling the men's athletic office.

## Mallette Is Appointed Student Assistant Aide

Kenneth K. Mallette, '30, Omaha, has been appointed student assistant director of Physical Education in connection with the instruction in floor gymnastics, according to Dr. R. N. Clapp, Professor of Physical Education.

## Dr. Adolph Publishes Interesting Review

An interesting book review appears in the November Journal of Chemical Education by Dr. W. H. Adolph. Dr. Adolph is associate professor of chemistry at Nebraska.

## 'SWEETHEART' OF CAMPUS WILL BE SELECTED TODAY

### Men Students of University May Cast Votes in Front Of Social Sciences

### CAMPAINING A FEATURE

### Fraternities and Sororities Form Cliques to Support Favorite Lady

University of Nebraska men will select the "Sweetheart of Nebraska" today when they drop their choices into the ballot box within the Lincoln theater's automobile "Ark," which will be parked in front of Social Sciences building from 9 o'clock this morning until 4 o'clock this afternoon. Kosmet Klub members, who are sponsoring the election, will act as judges of the election.

All male students of the university are eligible to vote, according to Lydie Twiney, president of Kosmet Klub, and the balloting will be done by signature only. Any feminine student of any college of the university is eligible for the honorary title which will be bestowed on "the most popular girl on the campus" as selected in the election today.

Campaigning for the office took on a more serious aspect Thursday and several groups have declared their intentions of backing their favorite candidate to the man and promise extensive electioneering until the polls close at 4 o'clock. Students of the College of Law, who have adopted the custom of wearing black hats this year, are convinced they have enough votes among them to put one of their own classmates at the top of the list when the ballots are counted. Certain sororities are putting their entire electioneering support behind one candidate.

### ENGLISH SCHOOL ASKS AID IN MAKING STUDY

Dean LeRossignol Receives Letter Seeking Business Research Figures

Dean E. LeRossignol, Dean of the College of Business Administration, has received a letter from R. W. Ferguson, honorary secretary of the Association for Education in Industry and Commerce, at Birmingham, England, asking his aid in the preparation of a research report.

The association has been asked by a government committee to prepare a memorandum on the teaching of salesmanship in England, including not only the art of becoming a good commercial traveler, but also the higher problems of sales control and sales research as they affect large firms engaged both in manufacture and in wholesale and retail trade.

They are obtaining the views of the directors and officials of large business firms in England, and data on the teaching of business in this country. They asked that a copy of the University of Nebraska syllabus be sent to them.

Business Teaching Increases

In speaking of the teaching of business in England, their letter mentioned that the subject has received far less attention in England than in America, although these subjects are now being seriously tackled by such institutions as the London School of Economics, Manchester College of Technology, and Birmingham university, which have long been noted for their conservatism.

They included with their letter two previous publications of the association, one of which was a copy of the address given by the president of the association, Lord Riddell.

## TRAVIS IS SPEAKER AT METHODIST LUNCHEON

### Ray Magnason Also Talks On Impressions of Lincoln Churches, Pastors

First Methodist Student Luncheon was held Thursday noon at the Hotel Nebraska. According to Rev. W. C. Fawell, who together with the Methodist Student Council, is sponsoring the idea, the luncheon and the interest in this noon program assured its being continued as a regular monthly affair for the remainder of the school year.

Ray Magnason spoke following the luncheon, on "My Impressions of Lincoln Methodists." He made an appreciative estimate of the ministers and then introduced Jim Metzger who dramatized modern preaching in a Mother Goose rhyme fashion.

Dr. F. E. Travis spoke next on "My Impressions of a University Student." He mentioned his relation to the students who come from the fifty or sixty towns—near the university. Students, he said, are a favored group with a special privilege and responsibilities. They have before them a real challenge to match their privileges with the opportunities for service to community and nation.

## Presentation of 'Esquimonia' by Joint Kappa-A.T.O. Forces Features Revue

### Dancers and Quartet Give Act Appearance of Big Time Show for Klub's Turkey Day Frolic

"Esquimonia" being the title of the Kappa-A. T. O. skit for King Kosmet's Royal Revue Thanksgiving morning might indicate a new malady since the flu epidemic or again it might just be the adopted name for the Kappa annex.

Anyway, to clear up the problem like an Inquiring Reporter, the A. T. O.'s spurred on by their previous success with the Kappas concerning stage productions, have written a new act, which shows a great deal of talent in consideration of the fact that the Kappas do live on a through street.

This is a hot number with an Alaskan appearance, just like dating a stray Greek. And could anything Alaskan be given without the old barroom seen when Dangerous Dan gives Lou the once-over. We have discovered the identity of Dan by his full growth of whiskers but Lou is still a mystery. Perhaps they're keeping her hid. (No chance of breaking up rehearsal.)

Quartet Is Harmonizing

Since meals have been served at the large house on K street, the boys have been learning lots of songs and a quartet promises some sweet harmony that will make the sorority girls glad they arose before breakfast. And oh yes, there are a couple of tap dancers. Rumor has it that they have been borrowed from the Elks show or

## ALPHA CHI SIGMA ENTERTAINS CLARK

Alpha Chi Sigma, professional chemical fraternity, was host to Dr. G. L. Clark of Illinois University Wednesday evening for dinner at the chapter house. Dr. Clark spoke briefly on the new Catholic Foundation at the University of Illinois.

Among the faculty members present were Chancellor Emeritus Avery, Dr. R. C. Abbott, Dr. W. H. Adolph, Dr. B. C. Rren, Dr. D. J. Brown, Dr. C. W. Ackerson, Professor G. J. Frankforter, E. B. Engle, Dr. H. M. Harshaw, Dr. B. C. Hendricks, R. W. Sandstedt, Dr. E. R. Washburn, and Dr. F. W. Upton.

Dr. Clark gave an address in the main lecture room of Chemistry hall later in the evening.

## SYDNEY TEAM ARRIVES TUESDAY FOR DEBATE

### Three Speakers Will Meet Nebraska Team on the Same Evening

Debating Hastings College at Hastings on Monday evening, the Sydney, Australia, debate team is expected to arrive in Lincoln Tuesday morning for their debate with the University of Nebraska that evening. To accommodate the students from near-by high schools it is planned to begin the exercises at 7:45 o'clock.

Following the plan of the Cambridge team last year, an audience forum and questions will follow the debate. Since many were not able to speak last year on account of the shortness of the time, new plans have been made to add to the interest of this feature. The early start will give more time, and the chairman will allow each person speaking from the floor only two or three minutes. Timekeepers will ring the bell, so that others may have a fair chance to speak.

Teams Will Be Questioned

Both teams will answer questions asked by the audience. If one team does not like the reply given by the opponents, a member of that team may have a chance to answer the original question.

Ballots will be distributed to the audience before the debate begins. These will have two parts numbered in duplicate, so that any

They have before them a real challenge to match their privileges with the opportunities for service to community and nation.

## FLING WILL ADDRESS WORLD FORUM MEET

### Professor European History Is To Speak On Kellogg Peace Proposal

World Forum meetings will be continued again next Wednesday, November 28, when Dr. F. M. Fling, professor of European history, will talk on the Kellogg peace pact to outlaw war. The luncheon will be held at 12:15 o'clock at the Hotel Nebraska, and the talk will be over in time for those who have 1 o'clock classes.

Dr. Fling is considered one of the most thorough students of international affairs and of world peace. He was one of the advisers of the Wilson party after the war and this summer he attended a session of the League of Nations, besides other peace conferences.

World Forum meetings were discontinued a few weeks ago for a brief period after the first series of talks were completed. According to C. D. Hays, general secretary of the University Y. M. C. A., there will be other talks in the next few weeks on the general subject of international affairs.

Tickets for the luncheon go on sale today and can be obtained at the Y office in the Temple, or at Ellen Smith hall. The price is 35 cents, but 40 cents will be charged for those buying tickets at the door Wednesday. The ticket sales will continue until Tuesday at 5 o'clock.

## Local Telegraph Firms Say Many Wires Sent

The local telegraph companies report that they are already receiving pep telegrams to be delivered to the team at West Point Saturday. The team has been criticized in connection with last Saturday's game, so probably some encouragement in way of telegrams sent to West Point will pep them up.

## Smithsonian Institute Has 200,000 New Snails

Washington, D. C. (IP)—Dr. Paul Bartsch has brought to the Smithsonian Institute about 200,000 snails, many alive, as a result of four months of exploration in Cuba. The snails will be studied in their relation to past geological formations and fauna.

## MANY GIRLS TURN OUT FOR HOCKEY

In spite of rain and snow and consequent slippery fields eighty-five girls turned out for W. A. A. hockey practices this year, and from this number four class teams were picked. The freshman class is captained by Gertrude Koolen; Dorothy Zimmerman is captain for the sophomores, Betty Keiso for the juniors and Harriet Rogers for the seniors.

Annual W. A. A. interclass hockey tournament, two weeks late because of weather, got under way at four o'clock Tuesday evening with the junior class team and the sophomore class team battling for the puck. Though the junior class was at a disadvantage being short one player, the final score after a hard scrimmage was 3 to 6 in favor of the juniors.

Wednesday afternoon at 4 o'clock saw the freshmen and the seniors on opposing sides of the field. The seniors played with a short team, starting out with five players and ending up with eight. The score was 6-1 for the seniors.

On Thursday afternoon at 4 o'clock the freshman class team exhibited one of the finest games of hockey against the sophomores that has been played for some time. The freshmen won the tilt 6-1. The tourney will continue next week with the junior-senior game on Monday at 4 o'clock and the sophomore and senior game will be played Tuesday afternoon. Championship team will be announced as soon as possible.

Supper sport will take the place of hockey for Nebraska coeds as soon as the winning hockey teams are decided. Gen Clayton hiking leader, announces another hike for Saturday morning, starting from the gymnasium for a twelve mile trek around the Lincoln loop. Bulletin board signs give fuller details of this projected hike.

## ARMY EXPECTS HARD GAME WITH HUSKERS

### Coach Jones Is Pessimistic Over Outcome of Battle With Westerners

West Point, New York, November 22.—Army's football team learned considerable in the Carleton game Saturday and made real progress toward coordinating and smoothing out attack formations. This experience was badly needed as the Nebraska game next Saturday at West Point is certain to force the Army team to extend itself to the limit.

Captain "Biff" Jones, head coach, is extremely pessimistic about the outcome of the contest as the strenuous games against Southern Methodist, Harvard, Yale and Notre Dame have taken heavy toll on the team. All the players are in fair physical condition and Frank Wandie, the Army trainer, is devoting all his energy to keeping them fit. As the Stanford game will be played a week later it is evident that the condition and development of the Army reserves will be a most important factor.

All this week the reserves will receive constant attention. As now made up, the backfield consists of Gibner at quarterback, Piper at fullback with Allan and Hutchison halfbacks. Of this group only Gibner and Hutchison have made their letters. Allan has been on the squad for four years and Piper for three years but neither have

## ROYAL REVUE WILL PRESENT LARGE CAST

### Five Acts and Four Curtain Skits Are Booked For Turkey Day Show

Five large acts and four clever curtain skits including a cast of one hundred and eighteen people will be the Turkey Day treat that Kosmet Klub will offer in "King Kosmet's Royal Revue" which will be presented November 29, at 10 o'clock in the morning at the Orpheum theatre. Lynn Twiney, president of Kosmet Klub announced Thursday.

The large cast will be one of the largest which has ever appeared in a university show and will include some of the outstanding theatrical talent on the campus. Song and dance, burlesque and shuffles, witty dialogue, good orchestra and something doing every minute, is the way Lowell "Jiggs" Miller, director of the revue, describes it.

People who are in the audience to see the review will be the first to find out who the "Sweetheart of Nebraska" is, since her initial appearance will take place when she enters into King Kosmet's Court during the production. A warming up rally before the Kansas Aggie-Cornhusker grid argument which will take place in the afternoon is included on the program.

Five Acts on Program

Delta Gamma and Sigma Chi will take the stage with about twenty in the cast in one of the five main acts. Ralph Ireland has been directing this presentation. The other four acts will be presented by Alpha Tau Omega and Kappa Kappa Gamma; Gamma Phi Beta; Alpha Phi and Kappa Sigma; and Phi Gamma Delta and Alpha Omicron Pi.

Curtain skits will be presented by Bill Newtons, Warren Chiles, Emerson Smith, Bill McCleery, Don Carlson, and another by "Danis and the Struble Twins."

## THE INQUIRING REPORTER

Each day until the identity of the "Sweetheart of Nebraska" is revealed the Inquiring Reporter will collect student opinions on the project. He will ask different questions each day from students picked at random.

The Question for Today

"What do you girls think of the plan of having the men students elect a 'Sweetheart of Nebraska,' who will be introduced for the first time at the Kosmet Klub Thanksgiving Show?"

The Answers

"It is a good idea, but I believe there are too many elections of this kind on the campus. Instead of pushing one girl for all offices such as Honorary Colonel and 'Sweetheart of Nebraska,' the sororities should back a different girl for each position."—Betty Thornton, '29, Lincoln

"The title seems to be a worthy one but the honor of being 'Sweetheart of Nebraska' should increase each year if the plan becomes a tradition."—Marion Wilkerson, '30, Omaha

"It's a cute idea."—Lorraine Gamble, '28, Knoxville, Iowa

"Sweet! But you aren't going to vote for... aren't you?"—Margaret Lavelle, '31, Omaha

## HUSKER SPECIAL HALTS AT ALBION FOR SHORT STAY

### Team Engages in Workout Amidst Snow Flurries And Wintry Gales

### MORALE OF MEN IS GOOD

### Beary Says That Army Must Play Best Game to Turn Back Cornhuskers

On Board Cornhusker Special, Albion, Mich., Nov. 22.—Greeted at Albion by an infant blizzard, Nebraska's mighty Cornhuskers hopped off the special train to limber up and run through signals, Douch's scrimmage was light and Coach Ernest Beary had his linemen running through blocking tactics.

Punting practice was also given much attention by the assembled coaches, Rowley, Witte, and Sloan getting off many efforts for substantial yardage.

Spirit among the team members and accompanying fans was especially good and hopes were running high to give the Army a decisive beating.

"Win or lose, the Army will know they've been in a real game," stated Coach Beary at the close of the short practice. "We are going to give them all we have and then some." Beary indicated that the usual lineup would start, possibly including Rowley.

Nebraska's band led three hundred Cornhusker rooters in a progressive rally through the streets of Albion.

Except for a few minor bruises, the Husker squad was reported in excellent physical shape for the coming combat this Saturday. While the band paraded through the streets, the Huskers took out the kinks on a snow covered and wind swept gridiron.

## ARMY EXPECTS HARD GAME WITH HUSKERS

### Coach Jones Is Pessimistic Over Outcome of Battle With Westerners

West Point, New York, November 22.—Army's football team learned considerable in the Carleton game Saturday and made real progress toward coordinating and smoothing out attack formations. This experience was badly needed as the Nebraska game next Saturday at West Point is certain to force the Army team to extend itself to the limit.

Captain "Biff" Jones, head coach, is extremely pessimistic about the outcome of the contest as the strenuous games against Southern Methodist, Harvard, Yale and Notre Dame have taken heavy toll on the team. All the players are in fair physical condition and Frank Wandie, the Army trainer, is devoting all his energy to keeping them fit. As the Stanford game will be played a week later it is evident that the condition and development of the Army reserves will be a most important factor.

All this week the reserves will receive constant attention. As now made up, the backfield consists of Gibner at quarterback, Piper at fullback with Allan and Hutchison halfbacks. Of this group only Gibner and Hutchison have made their letters. Allan has been on the squad for four years and Piper for three years but neither have

## ROYAL REVUE WILL PRESENT LARGE CAST

### Five Acts and Four Curtain Skits Are Booked For Turkey Day Show

Five large acts and four clever curtain skits including a cast of one hundred and eighteen people will be the Turkey Day treat that Kosmet Klub will offer in "King Kosmet's Royal Revue" which will be presented November 29, at 10 o'clock in the morning at the Orpheum theatre. Lynn Twiney, president of Kosmet Klub announced Thursday.

The large cast will be one of the largest which has ever appeared in a university show and will include some of the outstanding theatrical talent on the campus. Song and dance, burlesque and shuffles, witty dialogue, good orchestra and something doing every minute, is the way Lowell "Jiggs" Miller, director of the revue, describes it.

People who are in the audience to see the review will be the first to find out who the "Sweetheart of Nebraska" is, since her initial appearance will take place when she enters into King Kosmet's Court during the production. A warming up rally before the Kansas Aggie-Cornhusker grid argument which will take place in the afternoon is included on the program.

Five Acts on Program

Delta Gamma and Sigma Chi will take the stage with about twenty in the cast in one of the five main acts. Ralph Ireland has been directing this presentation. The other four acts will be presented by Alpha Tau Omega and Kappa Kappa Gamma; Gamma Phi Beta; Alpha Phi and Kappa Sigma; and Phi Gamma Delta and Alpha Omicron Pi.

Curtain skits will be presented by Bill Newtons, Warren Chiles, Emerson Smith, Bill McCleery, Don Carlson, and another by "Danis and the Struble Twins."

## THE INQUIRING REPORTER

Each day until the identity of the "Sweetheart of Nebraska" is revealed the Inquiring Reporter will collect student opinions on the project. He will ask different questions each day from students picked at random.

The Question for Today

"What do you girls think of the plan of having the men students elect a 'Sweetheart of Nebraska,' who will be introduced for the first time at the Kosmet Klub Thanksgiving Show?"

The Answers

"It is a good idea, but I believe there are too many elections of this kind on the campus. Instead of pushing one girl for all offices such as Honorary Colonel and 'Sweetheart of Nebraska,' the sororities should back a different girl for each position."—Betty Thornton, '29, Lincoln

"The title seems to be a worthy one but the honor of being 'Sweetheart of Nebraska' should increase each year if the plan becomes a tradition."—Marion Wilkerson, '30, Omaha

"It's a cute idea."—Lorraine Gamble, '28, Knoxville, Iowa

"Sweet! But you aren't going to vote for... aren't you?"—Margaret Lavelle, '31, Omaha
