Pi Kappa Alpha Farm and House Stay Undeclared In Cage Race

Pi Kappa Alpha defeated Beta Theta Pi, 11 to 8, in the feature of the class A tournament games played in the Coliseum last night. The score was 6-2, with the Betas on the long end of the count, at the half. The Pi Kappa Alpha five rallied in the last half, scoring nine points, while holding the Betas to two, making the final count 11-8. Larson headed the scoring column with five points. This leaves Pi Kappa Alpha the one team undefeated in league I.

Farm House, an undefeated aggregation in league IV, kept its record clean by winning from Pi Kappa Phi in a close game, 19-16. Much, Farm House, connected with five field goals for high scoring honors.

Delta Upsilon overwhelmed Sigma Alpha Mu, and won to the tune of a 36-9 score. Hatcher was high with seven field goals. The Xi Psi quint doubled the count on the Alpha Tau Omegas, and won, 17-8. Beck did most of the scoring for the winners, sinking four field goals and a free throw.

Phi Kappa easily took a game from Delta Theta Phi, winning 26-9. Janulewicz found the basket seven times from the field, and sank a free throw, to score a total of fifteen points for the winners.

In an uninteresting game, Theta Xi edged out a 13-9 victory over Sigma Phi Sigma. Morgan scored six for the winners.

The box scores of the game follow:

Table with columns for team names (Pi Kappa Alpha, Beta Theta Pi, Theta Xi, Sigma Phi Sigma, Delta Upsilon, Sigma Alpha Mu, Phi Kappa, Delta Theta Phi, Farm House, Pi Kappa Phi) and statistics for various players (Manley, Larson, Linn, Burgess, Lindell, etc.) including points, field goals, and free throws.

Expert service guaranteed. 1240 M St. LINDELL HOTEL.

SIX LETTERMEN FORM 1929 MISSOURI TEAM

Tigers Open Season Against Kansas Jayhawks at Kansas City

On the abilities of half a dozen lettermen and the same number of promising newcomers are built the hopes of Missouri fans for a winning basketball team in the 1928-29 season. With less than a week before the Tigers play Kansas in an exhibition game at Kansas City, December 22, Coach George Edwards drilled his men intensively this week. A small group has been in training for more than a month and daily workouts have been the order for almost two weeks, but the men on the football squad did not join the other basketballers until Monday of last week.

Team of Six Footers One complete team of "M" winners and one extra letter man, a center, have been retained by Coach Edwards. A team of six-footers is almost certain for the squad's height is just over the six-foot mark.

John Waldorf, of Kansas City, almost as versatile on the basketball court as he was on the gridiron, joined the squad last week. Other football men in basketball tows this week are Dick Morgan, forward; Mac Gladden, forward-center; H. Campbell, guard; and Oliver Lindenmeyer, guard-center.

Many Veterans on Team Among the cage veterans are Harry Welsh, Herbert Ruble, both forwards; Justin Roach and Waldorf, guards; Marshall Craig and Wendell Baker, centers.

Charles Huhn and Godfrey Thielkas are promising newcomers out for center and guard respectively. The complete schedule: Dec. 22—Kansas at Kansas City, (exhibition). Jan. 2—Butler university at Indianapolis. Jan. 4—Indiana university at Bloomington. Jan. 12—Nebraska at Lincoln. Jan. 15—Kansas at Columbia. Jan. 19—Kansas Aggies at Columbia. Jan. 26—Washington at St. Louis. Jan. 28—Drake at Des Moines. Jan. 29—Iowa State at Ames. Feb. 2—Oklahoma at Columbia. Feb. 6—Washington at Columbia. Feb. 7—Creighton at Omaha. Feb. 9—Kansas Aggies at Manhattan. Feb. 11—Drake at Columbia. Feb. 15—Iowa State at Columbia. Feb. 20—Kansas at Lawrence. Feb. 25—Nebraska at Columbia. March 2—Oklahoma at Norman.

Influenza Is Still Mystery To Scientists

Influenza, more familiarly known to Americans as the "flu," is one disease that has successfully foiled all attempts of science to penetrate the mystery of its fundamental cause, according to Dr. R. E. Buchanan, head of the bacteriology department and dean of the graduate school at Iowa State college. Contrary to general opinion, influenza has been recognized as a disease by physicians for many years and is not new, according to Dr. Buchanan. The first effort to attribute the cause of "flu" to bacteria was in 1889 when the disease made one of its periodic sweeps of the world. Following the epidemic of 1889, scientists falsely believed that the influenza bacteria had been successfully detected and isolated. Pfeiffer, a German bacteriologist, in 1892 described bacteria which he stated were the cause of influenza. For twenty-six years bacteriologists labored under the impression that the germ had been

discovered. With the pandemic sweep of the disease in 1918, however, Pfeiffer's bacteria were found to be unassociated with the cause of the disease.

Science, therefore, is approximately in the same spot that it was twenty-six years ago in the battle with "flu," according to Dr. Buchanan. However, continual research is being done on the problem and a solution may be offered in the future, he believes.

KANSAS CAGERS OPEN BASKETBALL SEASON

Allen Crew Prepares for Tough Slate During Holidays

Influenza epidemic has had no effect on the members of the University of Kansas basketball squad the entire group working out regularly each afternoon during the vacation to reach competitive form. The first game of the season came Tuesday night, December 18, when the Jayhawk cagers met Washburn college at Topeka. As yet, Dr. F. C. Allen, director of athletics and head coach of basketball has not decided upon any regular starting line-up. The principle problem seems to be in developing a high-jumping center able to rim the goal consistently.

Five Letter Men Back

Five letter men are back this year, although only two have been used on the first five regularly. Dr. Allen has been using "Bub" Thomson and T. C. Bishop at forward positions, Ramsey at center, and Maney and Cox at guard positions several times. This combination has been varied by inserting McGuire at guard, Dodd at center and Hauser at forward. Thomson, Maney, and the latter three are K men.

Four contests are on the program for the Kansas cagers this month. A non-conference game with Missouri is scheduled to follow the Washburn game, and two more will be played against Notre Dame the following week. Then the Jayhawkers will journey to the Pacific coast to engage the University of California in a three-game series, January 3, 4, and 5.

CONFERENCE LETTER MAKES APPEARANCE

Rocky Mountain News Is Edited by President of Local Y. M.

December issue of the Rocky Mountain Intelligencer, the news letter of the Rocky mountain field council, edited by Wendell Groth, president of the Y. M. C. A. cabinet in the University, has been published. It contains information on Y. M. C. A. work in the Rocky mountain district.

An article in this magazine pertains to the World Fellowship Banquet held here on Armistice Day. "At the University of Nebraska the student Christian association, cooperated with the denominations, groups in a World Fellowship banquet on the Friday before Armistice day. Brief talks were made by students from Argentina, China, India, Jamaica, Japan, Philippines and Russia. Extremely vivid was the account given by a German girl of her experiences in the war area during the war and on Armistice day," stated the article.

Reverend Harry Cooper, of the student church at Boone college, formerly of England and India gave the main address. He told of the hatred of war that grew in his mind as he visited the battlefields of Europe last summer.

Cornell's Wild Life Park. Albany, N. Y. Times: Cornell university students will be able to carry on field studies in botany and zoology in wild life preserves owned by their alma mater, as the result of gifts of tracts of wild, primeval country presented by C. G. Lloyd of Cincinnati. His most recent donation, made just before his death, consists of 110 acres containing three interesting glacial "pot holes." Two earlier gifts were of 80 and 400 acres, respectively.

TIGER GRID CAPTAIN OUT FOR BASKETBALL

Injury from Oklahoma Game Hinders Cage Work of John Waldorf

John Waldorf, gridiron captain-elect for next season, reported for practice for basketball at the morning session today. Waldorf was injured in the final game of the season when the Tigers played the Oklahoma Sooners. The injury was to the left shoulder ligaments and Waldorf is working out with the shoulder taped for protection against further injury. Intensive training will be the holiday program for the Tiger basketballers, with two sessions each day until the opening game December 22, with the University of Kansas. Coach George Edwards announced late yesterday that ten men were dropped from the squad with the unexpected opening of the holidays.

Squad Is Out

The squad of twenty-four men was out to fourteen, including six lettermen and eight sophomores. The lettermen are Roach, Ruble, Baker, Welsh, Craig and Waldorf. The sophomores held for the practice session are Hugh Morgan, Gladden, Thielkas, Terwilliger, Hitter, Lindenmeyer and Campbell.

Practice sessions will start at 10 o'clock each morning, Coach Edwards said. The exact time of the afternoon practice has not been announced but will probably be 3 or 3:30 o'clock. The influenza epidemic has not touched the cagers and will not interfere with any of the coach's plans.

The extra holidays enable the squad to receive more practice. It is customary for the cagers to remain in training during the holidays, as the season opens directly following the opening of school.

BIG SIX HOLDS MEET OF OFFICERS IN K. C.

Schedule Arrangements, and Baseball Occupies Major Part of Time

After making several changes in rules, and adopting schedules for 1929 competition in the Big Six conference the representatives of the conference adjourned in Kansas City, Mo., Saturday night. Arrangements for track, swimming, football and basketball schedules, together with the appointment of officials were the main issues of the closing session.

The conference indoor track meet will be held at Convention hall, Kansas City, Mo., March 6, and the Kansas-Missouri dual indoor meet at the same place, February 22. Chester L. Brewer, director of athletics at Missouri University, will be in charge of the Big Six meet.

No Big Six freshmen will be allowed to run attached in the Kansas City Athletic Club's invitational indoor meet, the athletic directors of the schools decided.

No Decision for Freshmen No decision was made on the scheduling of freshman inter-school competition as Dean S. W. Beyers of Iowa State and W. G. Manley of Missouri were not present at the meeting of faculty representatives. The athletic directors recommended that each school be permitted to schedule two freshman football games and the matter is now up to the faculty representatives for their action.

Alumni of the various Big Six schools will be seated in groups, one from each school, at the conference athletic events in Convention hall, thus allowing concentrated cheering for the favorite teams, it was decided at the meeting Saturday.

An assessment of \$360 against each school was levied to provide operating expenses for the conference. The basketball guarantee was raised to \$400 with a 50-50 split on all proceeds over \$800. This re-

JAPANESE SLUGGERS WILL MEET HUSKERS

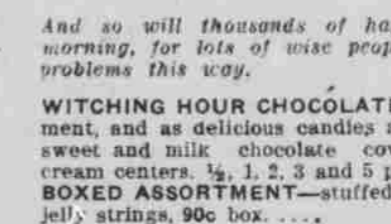

Nebraska Baseball Schedule Shows Signs of Being International

University of Nebraska baseball schedule for the 1929 season took an international turn Tuesday, according to the announcement made public yesterday by H. D. Gish, director of athletics. The Osaka Mainichi team of Osaka, Japan, has been booked for a game in Lincoln on Wednesday, May 8.

According to Japanese students on the campus, the Osaka team is one of the strongest aggregations in Japan. They are coming over early in the spring and their schedule includes such prominent teams as Yale, Harvard, Princeton, Columbia, New York university, and Fordham.

Director Gish also stated that arrangements have been made for the Nebraska baseball team to practice and play on the diamond at the College of Agriculture.

Objections. Missouri Pacific Magazine: Teacher—"Jennie, can you spell horse?" Jennie—"I could if I wanted to, but don't you think it is rather old fashioned?"

A pencil put Peary on top of the world

OTHER explorers had great personal courage, unlimited energy and vision untrammelled; and failed. But Peary had one thing more. He had the grasp of every detail—as seen in the care which guided the pencil in his frost-cramped hand. After each day's march he calculated a methodical course to make sure of the next day's progress to the Pole. To face each day's reckoning as if it were the most important of all days is characteristic of men in the telephone industry. That viewpoint, expressed in the varied terms of applied science, laboratory research, financing and management, guides Bell System men in their respective fields of public service.
