

MIZZOU FOOTBALLERS PICK ALL-STAR TEAM

Nebraska Places Five Men On Tiger's Stellar Opponents

HOWELL NOT SELECTED

The lettermen of the football squad of the University of Missouri have selected an all-opponent team, consisting of the best players they have played against this year. Naturally the teams which defeated Missouri placed the greater number of men, with Nebraska and New York getting the lion's share. Nebraska placed five, New York U. three, Drake, two, and Kansas, one. Oklahoma is not on the list, but its team was an evenly balanced one and no outstanding stars came to light in the Missouri-Sooner game.

McMullen Named Guard.
The selections for the guard and end positions were the hardest to place with the final results showing Barrabee of New York on one end and Delmedge of Drake on the other end. One guard position went to McMullen of Nebraska by an unanimous vote while Shannon of Kansas was close pressed by Holm of Nebraska for the other guard.

Lassman of New York gets a tackle berth by a wide margin. He was the main cog in the New York defense against Missouri and easily deserves the place. Broadstone of Nebraska was selected over Holliday of Drake by a narrow margin for the other tackle job. James, another Nebraska man, was chosen for the pivot job; Pearson of the Kansas Aggies being a close second.

While the whole season's play might not justify the placing of some of the men, they were chosen on this team because of the way they played against Missouri.

Blue Howell Absent.
In the backfield one man is conspicuous by his absence. Blue Howell was omitted from the selection because the Missourians were more impressed with the line plunging of Russel and the educated toe of Sloan than they were with Howell's running attack. In the game against Missouri, Sloan missed a 60-yard drop kick by only a few feet and later made one from the 5-yard line, either one being a notable achievement.

For the fullback position, Ken Strong was the unanimous choice. Strong also made most of the all-American selections.

At quarter, King of Drake was placed first. Against Missouri, he repeatedly ran back punts for long gains after he would seem to be surrounded. He handled the team well and deserves his position.

The all-opponent team:

Player	Position	School
Delmedge	le.	Drake
Lassman	lt.	N. Y. U.
Shannon	lg.	Kansas
James	c.	Nebraska
McMullen	rg.	Nebraska
Broadstone	rt.	Nebraska
Barrabee	re.	N. Y. U.
King	qb.	Drake
Russell	rh.	Nebraska
Sloan	lh.	Nebraska
Strong	fb.	N. Y. U.

Montana Kalmis—That the women students were better able than the men to ward off sickness was proved by the November report of the health service of the University, which shows that 297 more men than women were ill during that period.

Rocky Mountain Collegian—By defeating Denver university 7-0, the University of Colorado took undefeated right to the state championship this year.

Thursday night, Nebraska's winter sport—King basketball will open the season on the Coliseum floor with the Nebraska basketball team pitted against the South Dakota five. Coach Black is rounding out his court squad this week in an attempt to find a scoring aggregation to send against the Rabbits. Seven lettermen from last year comprise the material with which Black is working but the crop of sophomores out for a position on the Scarlet quint this season, are giving the 1928 team members plenty of competition. Jensen and Macley, both centers, look promising for the pivot position which was held by Glenn Munn last season. Munn could be developed into an exceptional pivot ace by virtue of his enormous height but the thoughts of his performance against the Oklahoma Sooners last year, are anything but encouraging. We hark back to the days of Ted Page, Vic Holt, Peterson and other Missouri Valley centers and then wish we could see the day when the big boy on the Husker team could come through with such basket slinging and floor work.

Kansas university has released its monthly, weekly or some statistics in regard to the rating of the Big Six schools. Nebraska appears at the top of the list by winning 73 games and scoring the highest total of points. The tabulations seem to be quite complicated but after figuring it all out, it proves quite interesting to know that the Cornhusker school is showing the way for its sisters in the Big Six conference. According to the report, Nebraska has won 73 games from its rivals in the Big Six since the teams began playing each other back in the old Missouri Valley.

The Golden Tornado of Georgia Tech is hard at it as the practice days draw short for the coming Tournament of Roses in the Rose Bowl on New Year's day at Pasadena. The Georgia Tech eleven closed their season in the south, meeting Georgia university. It seems that the football fans of Georgia are anxiously awaiting this game on the western coast. Two special trains will carry the followers of Georgia Tech to Pasadena and many busses and cars will make the trip from the south for the New Year's day classic. The Bears from California are anticipating a hard afternoon with the Golden Tornado eleven and Coach Price is having a hard time convincing his California Bears that the west is not supreme in the football kingdom. After the great triumph of Stanford over the Army and Southern California over Notre Dame, the lads of California are under the impression that they will duplicate the feat of their sister teams in California.

And now we have a new one in the line of all-star games with the post season game at Dallas between an all-star eleven from the Big Six and another team of picked stars from the southern conference. Coach Ernest E. Bearg, who coached the winning Big Six eleven, will coach the all-star football team from this conference. Coach Bearg will take several Nebraska footballers to the south for the New Year's battle. Blue Howell and Dan McMullen will find their gridiron workout in the far west on the All-Star eleven from the east.

The Minnesota Daily—A library of 700 volumes, including official documents and council proceedings, has been left to the University by the will of the late W. H. Eustis.

LAM CHIS AND BETAS DECIDE CHAMPIONSHIP

Both Teams Have Gone to Finals in Past Two Seasons

EXPECT LARGE CROWD

Beta Theta Pi and Lambda Chi Alpha will meet tonight in the "Y" pool to decide the inter-fraternity water polo championship. Phi Gamma Delta and Pi Kappa Alpha will battle to decide third and fourth places. The meet will begin at 8 o'clock.

Beachers have been installed at the pool, and between one hundred and fifty and two hundred spectators may be accommodated. Twenty-five cents admission will be charged, with the proceeds going to pay the expenses of the swimming team.

Final is One Week Late.
The Beta-Lam Chi battle was originally planned for last Wednesday night, but was postponed on account of the influenza.

Under the direction of Rudolf Vogeler, instructor in physical education, the tournament has been run off on the elimination plan. The teams that will meet tonight were winners in the semi-finals. Tonight will be the second time that the Betas and the Lambdas Chis have fought for first place, since they comprised the finalists in last year's water polo tournament.

Points to apply toward the all-year trophy will also be at stake tonight. Forty-five points will go to the winner, with the three following places receiving thirty, twenty and ten points respectively.

IOWA CAGE SCHEDULE GETS ADDED GAMES

Cyclones Will Meet Simpson College in First Game Of New Season

A return game with Simpson college and a pre-season tilt with Iowa State Teachers college were added to the Iowa State college cage schedule yesterday. The Cyclones will engage the Simpson cagers on New Year's night, and will clash with the Tutors on Saturday, January 5.

Coach Louis Menze is putting his Cyclones through some fast paces in preparation for Thursday night's battle, when the Simpson college quintet invades Iowa State to pry the lid off the 1928 season. Captain Lester Lande, star forward, who has been ill since last Friday is back in the lineup. If sickness does not cripple the squad in the next two days the prospects are good for Iowa State to put her full strength on the local hard-boards. So far the squad has not suffered much from the "flu" epidemic rather prevalent on the Iowa State campus.

Glenn Woods, who has been getting the call at the pivot position in scrimmages so far, is being shifted to a forward berth, and Fred Ludwig, is replacing him at center. Both are good shots and have fair height. Just which combination will prove the better will be determined Thursday when the Cyclones see action, according to Coach Menze.

Ann Arbor, Mich.—The Coliseum which was practically destroyed by

fire three years ago is now being rebuilt. One of the new features will be the ice plant which will provide a skating rink for the students. The Coliseum will be ready for occupation by the end of the month.

Daily Texan—The course in Esperanto which has been added to the curriculum of the University of Texas is meeting with great success and has now been extended to a correspondence course. According to Professor A. Kenngott, esperanto is not a mere project or even an experiment, it is an established fact.

OMIGOSHI!
Three quarters of the current argument against prudery of modesty in clothing leads ultimately and inevitably to wearing no clothes at all.—G. K. Chesterton.
