## YOUNG WINS TICKET IN FROLIC CONTEST

Winner Makes Close Guess  
On Number Attending  
Kosmet Show

Of more than 580 guesses as to the size of the audience at the Kosmet Midnight Frolic last Friday night, the closest guess of that number of tickets turned in was made by Roy Otis Young, 808 North 25 Street. The crowd which attended the midnight show as checked by the Lincoln theater box office was 1134. By virtue of his close guess, Mr. Young will receive a free ticket to the Interfraternity Ball tomorrow night.

The contest was conducted by Kosmet Klub, sponsors of the frolic, and all persons attending were given the opportunity to estimate the number in the audience and a chance at winning the \$25 ticket to the Interfraternity Ball. All guesses which were turned in by patrons were tabulated, and after being checked and re-checked by members of the committee which was appointed by Kosmet Klub, Mr. Young's estimate was chosen as the winner.

Second closest guess as to the number attending the show was submitted by A. Helmsdoerfer. His estimate was tabulated as 1125. According to the Lincoln theater box-office, the number attending the midnight revue far exceeded the theatre's capacity and several persons were obliged to stand during the performance. No official financial return has been given out by Kosmet Klub, but according to their recent statement, all receipts over expenses will be used in defraying a part of the loss incurred by the Playhouse fire last spring, at which time more than \$3000 worth of personal properties were destroyed.

Pershing Rifles was founded at Nebraska by First Lieutenant John J. Pershing in 1892 when he was professor of military science. This is an organization composed of the basic course R. O. T. C. students. In the last year it has become a national organization with headquarters and Company A at Nebraska. There are also chapters at Tennessee, Ohio, Iowa, Illinois and Northwestern.

## Sad News Sure To Arrive, Says Dean of Affairs

The date for awarding those coveted letters from the Dean has not been definitely set yet, according to an announcement from the Dean of Student Affairs' office yesterday. However it was made clear that the faculty would not dispare that the student body this year has exceeded the expectations of the Dean. The letters of sympathy have been sent to students who have failed to acquire 60 percent of the knowledge offered.

Instructors are required to have their grades in at the registrar's office by Monday, February 11. It will then be just a month before grades will be mailed to students. Meantime the wide student can lie, boast and swell up about his average and even have his monkey on the chapter scholarship report.

Dean Thompson was considering sending out a preliminary report to parents of scholastic deficiencies but because the report would be so preliminary he is undecided as to when they shall be sent out.

Students who are wondering if and why when and then where with regard to grades can receive little enlightenment at Dean Thompson's office. The bad news will come before the good. The flunks, conditions, incompletes and other misfortunes will be awarded before the Phi Beta Kappas will know how good they are.

## WEATHER MAY DELAY WORK ON NEW TUNNEL

Proposed Legislation May  
Provide For Extension  
To State Capitol

### BILL REQUIRES \$525,000

According to Laurence F. Seaton, Operating Superintendent of the University, the heat tunnels now under construction on the campus are scheduled for completion about March 1. However, because of the inclement weather conditions Mr. Seaton fears that it may be March 15 before the last bit of sod is laid in place.

The present work on the heat tunnels is hoped to be only a starting point for more extensive work later on. A bill has been introduced in the state legislature which makes provision for a central power plant to light and heat both the new capitol and the university buildings. If this bill is ratified the tunnel now under construction will be extended up 14th street to the Capitol.

### Bill Given to Committee.

This bill is now in the hands of the Finance Committee for approval of the \$525,000 appropriation which will be needed to carry on the proposed work. The governor has already indicated favorable interest in the bill, and members of both parties are supporting it.

At present there is no certainty as to the fate of the bill as there is some opposition to it. If the Finance Committee refuses to make the appropriation, the bill will automatically be killed, otherwise it will be submitted to the House and the Senate for ratification.

## Pep, Spice, Fun Are on Deck for Annual Follies

Pep! Spice! Fun! Every number on the program of the Co-ed Follies, to be given at the Temple Friday overflows with all three and together they will make that entertainment, in the co-ed's own language a "wow." And How! The best talent in each sorority will be selected to present an original skit and presented to a committee which selected eight skits to be given in the follies—for women only.

Alpha Chi Omega has called its skit, the first on the program, "Salvage of the Semester," which might mean most anything. The campus reeks with rumor and suggestions but the Alpha Chi's are silent.

Sigma Kappa's will give an "Indian Tableau" and we have heard

### SPECIAL TICKET SALE WILL END SATURDAY

## HUSKERS DEFEAT JAYHAWKERS IN CLOSE CONTEST

Nebraska Scores Win Over  
Kansas Second Time  
During Season

### BLACK USES RESERVES

Scarlet and Cream Tossers  
Trail First Period But  
Stage Comeback.

By William Daugherty.  
Lawrence, Kas., Feb. 7. — (Special)—A rallying Husker team came back with a desperate fight in the second half to overcome a seven point lead, and to win from the University of Kansas Big Six basketball entry here tonight by a score of 37-31.

Kansas took the lead early in the first half and led 19-12 at the midway mark. The entry of Krall, Holm, and Munn, into the Nebraska lineup as the second half started gave the team an offensive drive that swept the Jayhawkers into the dust before the period was half over.

Scoring 17 points while holding the Kansas without a field goal. The Huskers held a 29-23 advantage early in the second half. Kansas took time out, and the tide looked to be turned for a time, when Cox and Thomson netted two goals and a charity toss to make it 29-23.

After three attempts, Grace sank a bucket and the Huskers were off again. Munn netted two from the field, and Fisher added another basket, while Kansas was held without a field goal until just before the gun, when Thomson tallied for the Jayhawkers.

The game was quite a dignified affair in the first half with but one foul chalked against the Kansas and five against the visitors. In the second frame, however, the participants grew less discreet, and at times mauled each other about quite heartily. The roughness was due entirely to hard playing, however. As the game opened Nebraska took the lead after Kansas in vain had sought the ring from afar in three attempts, when Grace rimmed the goal.

Bishop knotted the count with a tip-in shortly after. Grace and McClay tallied two more baskets for the biggest lead. Nebraska held in the first half. Thomson tossed from beneath the basket and Cox followed in his own missed free throw.

Readers Draw Paper's  
Notice to Foggy Story

In a news story carried several weeks ago in the columns of The Daily Nebraskan, an article written for the Inter-collegiate by Ruth Shallicross, senior Arts and Science student, was reviewed, creating somewhat erroneously the impression that a complete severance of all social relationships had taken place. The attention of the Nebraskan has been called to this story, and also to the faulty impression that was created in the review by errors in the quotation.
