### SCARLET SQUAD **DEFEATS TIGERS** FOR 39-33 SCORE

Nebraska Holds Slight Edge Throughout the Closely Fought Game

WITTE AND GRACE STAR

Huskers Have Two Point Lead at End of First Half of Playing

Tiger basketball championship hopes were wrecked at Columbia last night by a Scarlet-clad clan from Nebraska, the final count standing 39 to 33 in favor of the Huskers. The game was closely played throughout, with the Nebraskans holding a slight margin of advantage most of the time.

Dutchman" Witte was the bulwark of Nebraska offensive strength and was tied with Harvey Grace for scoring honors, each of the blonde-heads getting 10 tallies apiece. Witte sunk five field goals, while Grace got four from the floor two charity chances starred in the defensive department of the game, and spoiled no small number of Tiger attempts to ring baskets.

Lead at Half The score at the half stood 17 to

15 in favor of Nebraska. Waldorf, Missouri forward, led his cohorts in scoring with twelve counters. The big boy was going hot all evening, and was striving to avert disaster every minute he was in action.

Coach George Edwards inserted Morgan on the Missouri lineup late in the game in hopes that he might be able to pull the fat out of the fire, but the fates decreed otherwise." Missouri's inability to locate the

basket from the free-throw line was one of the main reasons for their defeat. Out of 16 opportunities to shots, the lavender shirts made only five of them good. Oklahoma's claim to the Big Six

#### HOUSE ENDS LIFE OF HOVIS PLEDGE "B-r-r" sighs the fair co-ed BILL IN DEBATE

Legislature Kills Measure To Postpone Pledging For One Year

VOTE STANDS 49 TO 36

Active Debate Ensues When Defenders Give Last Arguments

The deferred pledging bill, after having passed the house in committee of the whole Thursday, was killed by the same body Monday at third reading. The vote on pass-ing the bill was 36 for and 49 against. The session was marked by frequent house calls through the efforts of Representative Hovis of Lexington to get all of the members to vote.

The bill is definitely killed now. It was introduced by Mr. Hovis, chairman of the committee on education, and was reported to the house as a committee measure. Several members of the committee were known to have opposed it.

Opposition is Strong

At third reading the vote on ad vancing the bill was 46 for and 36 against. The law requires a major ity, 51 in the house, for a bill to pass. However, the opponents of the measure apparently had done some effective work in the meantime and the vote was strongly against the measure. Fifteen members of the house were not in accordance at third reading and frequent excursions through the capitol building by the sergeantatarms failed to bring in any of the absent members. Supporters of the bill charged the absent members with staying away purposely.

The bill provided expulsion as the penalty for any first year student who should join a secret organization or he pledged to one during the freshman year and ap-plied to all higher institutions of learning supported in part or in

whole by public funds. **Gushing Favors Bill**
