SCHULTE PLANS VARSITY-FROSH TILT SATURDAY

Leading Husker Track Stars Are Due to Make First Appearance Here

COACH WILL SPLIT TEAM

Letter Athletes Constitute Two Squads; Yearlings Make Up Third

Local Cornhusker track fans are to be treated with an extra dish Friday afternoon when Coach Henry F. Schulte's scarlet and cream cinder performers make their initial appearance on the Memorial stadium outdoor oval. Varsity versus tri-color representatives are scheduled to take part in a three-way affair for the benefit of local followers in a series of individual competitions in an extra effort to put the finishing touches to the preparation for the coming relay schedule.

The Nebraska mentor has divided his varsity candidates into two teams and leaders of the tri-color events will make up the third group of the three-cornered affair. The meet promises to be well worth watching as all Cornhusker material will vie for honors.

Many Compete

Friday's meet will serve as a preliminary try-out for the Kansas relays, which appear on the Nebraska schedule April 20, at Lawrence, Kas. Following the good showing at the Texas relays, Husker track stock has been mounting upward and the Nebraska representatives bid fair to break into the scoring column.

Those competing on the two varsity teams are:

100-yard dash—Varsity A: Lowe, estor. Varsity B: Easter, Eller. These same four will compete in the 220.

440-yard dash—Varsity A: Campbell, Mays. Varsity B: Wyatt, Currier.

880-yard run: Varsity A: Janulewicn, Mousel. Varsity B: Trus, Dexter.

Mile and two-mile run — Varsity A: Griffin, Garvey. Varsity B: Etherton, Batie, Wendt.

Low hurdles—Varsity A: Krause. Varsity B: Thompson, Lamson.

High hurdles: Varsity A: Fleming, Arganbright. Varsity B: Thompson, Lamson.

High jump—Varsity A: Bevard, Cook. Varsity B: Benbrook, Krause, Jackson.

Pole vault—Varsity A: Ossian. Varsity B: Krause, Witte.

Broad jump — Varsity A: Tomson, Rowley. Varsity B: Young, Criswold, Kenagy.

Shot put—Varsity A: Rowley. Varsity B: Ashburn.

Discus—Varsity A: Rowley. Varsity B: Ashburn, Gilbert.

Javelin — Varsity A: Bevard. Varsity B: James.

Tri-color representatives will be named today and will make up the third team. The meet will start promptly at 3:00.

COACH BLACK FAVORS BASKETBALL TIP-OFF

Sport Mentors in Convention At Chicago This Week Debate Question

"Abolition of the tip-off in basketball would detract from the life of the game, and make it less spectacular," declared Charles T. Black, Nebraska basketball coach, in talking of the proposed change in the rules, as advocated by Sam Barr, Iowa University coach. The question of whether the tip-off shall stay in the game will be decided at the meeting of the National Association of Basketball Coaches, Friday and Saturday, in Chicago.

"If the change is made, the team scored upon will be given the ball under the basket. This would give the small team a chance, but it would also give the tall team more complete control of the ball when it is scored upon than under the present system," continued the Nebraska coach. "With the tip-off as it is now used, the small team has a chance to get the ball even if their center is losing it."

Coach Black went on to explain that under existing rules, the team which has absolute control of the tip-off is conceded an advantage of from eight to ten points. If the center is getting the tip, but can not give it to his team mates, the advantage is cut down to five or six points. If there were no such control of the tip, the size of teams would make less difference than it does now. "I don't think the change will be made, though, and if it is, it won't make much difference to Nebraska basketball."

CYCLONES AWARD LETTERS TO MANY

AMES, Ia., April 4.—Twenty-four major "I" awards, three minor letters and one major manager award were given to varsity athletes, participants in swimming, wrestling and basketball at Iowa State college, at the annual winter sports dinner held in the men's dormitory last night.

Besides the varsity awards numerals were given to thirty-one freshmen who distinguished themselves in the winter quarter sports. Ineligibility because of failure to return to school or poor scholarship cut the original recommendation of thirty-nine freshmen numerals down to the thirty-one, which were actually awarded.

'A' TEAM WALLOPS 'B' PLAYERS ON DIAMOND

University Baseball Squads Stage Wild Game at Landis Field

A hit and run fest in the third inning which gave the "A's" ten runs before they were retired featured the regular practice tilt of the varsity baseball squad yesterday afternoon at the Landis yard. Bittner was the "B" hurling victim, and although he was touched for a flock of hits, he had poor support. The final count stood 13 to 5 in favor of the "A's".

Hank Armatis was doing the tossing for the "A's" and was doing a nice job of it, keeping the few hits that he allowed well scattered, except in the fourth frame when the "B" batsmen garnered four bingles for two runs.

Ullstrom was the most deadly stickman getting a triple in his first trip to the platter, and following with a pair of singles, giving an average of .750 for the afternoon.

Great Third Inning

The third inning orgy was a conglomeration of heavy stick work, walks and bungling. Bittner allowed six hits and issued three walks, while his team-mates were chalked up for three errors. Every "A" got to bat at least once, and five of them fot a second trip to the plate.

Robertson replaced Armatis in the fifth canto and was ineffective, being wild from the start, and not able to steady himself before the end of the game, which was called at the end of the fifth inning. Pochop got his chance to work in the fourth by replacing Bittner. The stocky portsider was looking the best that he had thus far in the season.

The summary follows:

BLACK SANCTIONS HIGH SCHOOL TRACK MEETS

Athletic Secretary Approves Twelve Tournaments And Field Days

Twelve high school track and field meets have been sanctioned by Walter Black, secretary of the Nebraska High School Athletic association. They are the following:

April 12—Napoleon invitation; April 16—Grant relay carnival; April 19—Seven Valleys meet at Callaway; April 26—Clay county meet at Clay Center; April 26—Southeast Nebraska meet at Beatrice; April 26—Wesleyan invitation meet at Lincoln; April 27—Beaver City invitation meet; April 29—Madison meet at Dunbar; May 4—Mid-State league meet at Columbus; May 4—Saunders county meet at Wahoo; May 4—Central Nebraska invitation meet at Hastings; May 10—South Platte Valley meet at Ogallala.

Tennis Meet Planned

High school tennis championships are to be held on the university courts Friday and Saturday, May 10 and 11. These same days the interscholastic track and field championships will be run off at the Memorial Stadium.

In the bulletin issued from Secretary Black's office attention is also called to the division of the receipts from the recent high school basket ball championships held at the Coliseum. The entire amount was turned over to the association and from this the association retained fifteen per cent to create a reserve fund and carry on the necessary work.

Tourney Pays Expenses

The remaining eighty-five per cent was given to the competing teams to defray expenses. Sixty-six per cent of the railroad fare of each team amounting to more than $100 was refunded.

Besides this the University paid all running expenses for the tournament. Last year under the per cent basis the expenses of all teams entered were underwritten by the University. Under the new plan the teams share the profits as they are made or fail to be made.

Future tournament plans will be discussed at the meeting of the Association May 11. Secretary Black is meanwhile formulating plans to present at the meeting.

JAYHAWKS ANNOUNCE AWARDS FOR RELAYS

Officials Receive Treasure Chest of Prizes for Athletic Victors

WATCHES ARE OFFERED

Lawrence, Kans. April 4.—(Special).—A small treasure chest of gold wrist watches, gold, silver and bronze medals, golden bronze plaques and silver loving cups has been received by the University of Kansas athletic office for distribution to winning relay team members and individual event winners in the seventh annual Kansas relays which will be held here the afternoon of April 20.

Gold watches go to members of winning relay teams in University and College class relay races and to first place winners in the individual events. Silver and bronze medals go to members of second and third place teams.

Athletes of universities and colleges of the middle west, far west and southwest are directing their outdoor training efforts to reach peak form for the relays. The Kansas games are the next big national track and field event on the spring sports card and will again draw more than a thousand entries from more than one hundred institutions.

Many Plan to Attend

The numerous middle western institutions which sent teams to the Texas and Southern Methodist relay carnivals last week flashed to excellent records in relay and open field and track events, and at the same time southwestern athletes also performed in a manner indicating that they will be serious contenders along with northern schools for honors at the Kansas games.

Although numerous institutions that did not send teams to the southern meets will send entries to the Kansas games and doping winners is more or less guess work, yet the performances of some of the western conference and Big Six athletes in the south will make them prevailing favorites here April 20.

GIRLS ARE PAIRED FOR NET TOURNEY SINGLES

First Round Games Are to Be Over by April 13, Says Committee

Entries for the girls' singles in tennis were closed Wednesday. Over one hundred girls have entered the tournament. The first round is to be played off by April 13. Iowa State Announces Decreased Enrollment

AMES, Ia., April 4.—Spring enrollment at Iowa State college totals 3,430, according to announcement by the registrar. At the end of the spring quarter in 1928 the total enrollment was 3,548. By the time all late registrations are completed, the enrollment for this quarter probably will equal that of last year, according to predictions.

Coed Bowlers Receive Praise On Alley Skill

"Girls make better all around bowlers than boys," says E. O. Krepps of the city Y. M. C. A. bowling alley. During the recent girls bowling tournament Mr. Krepps had a good chance to make observations and draw his conclusions. All seemed to be in favor of the girls. He was surprised at what consistent bowlers the girls made, considering the reputed fickleness of a woman's mind.

"The girls come down to the bowling alley knowing that they are ignorant of all parts of the game, but are willing to be taught and determined to learn. Boys, on the other hand, have their mind made up on just how to handle the ball in order to knock down all ten pins and can correct their faults only through experience," Mr. Krepps observed.

Girls Get Discouraged

Girls are very easily discouraged at the beginning but once they learn, they are enthusiastic bowlers, he pointed out. Taking bowling very seriously during a tournament games, girls are not only concerned about their own score of their teammates. Girls are consistent players and even on "off days" they are consistent in the fact that they try.

Many girls who have become acquainted with Mr. Krepps since the intramural bowling tournament, say it is due to his efforts in teaching them how to bowl, that such remarkable scores were turned in at the final game. Alpha Delta Pi, the champion of the bowling tournament, ran up a score of 609, the highest score made at any time during the tournament.
