

STUDENTS RECEIVE HONORS

'Arts' College Students Have Opportunities

Dean James Avera That Graduates Fill Many Jobs by Choice

RELIABILITY IS ASSET

Editor's note: The article following is the first of a series that will cover all the colleges of the University. The theme of the series is based upon the conditions in various fields that college graduates must face their first year out of school.

"What are the possibilities for a young man or woman upon graduation from the College of Arts and Sciences?"

In reply to this question, Dr. Herman G. James, dean of the College of Arts and Sciences, answered, "A representative of a prominent Omaha business firm was in my office the other day looking for Arts and Sciences college graduates for his firm."

"He stated that his firm did not care especially for the specialized student but would rather employ a graduate with a good general education such as may be found in the College of Arts and Sciences."

Possibilities Good

"From this, it would seem that the possibilities for a graduate of the 'Arts' college are about as good as those of any other," declared Doctor James. "Of course, it all depends on the person and his personality. But if a young man or woman has made good use of his opportunity and chosen his courses wisely, I would place a four year Arts and Science education against any other in the general field of business. The main purpose of the College of Arts and Sciences, of course, is preparation for some professional course."

Dr. James stated that the "hard knocks" a student will be apt to encounter upon graduation from the College of Arts and Sciences are the same in any other college. A student would not encounter so many "knocks," however, if he avoids a superiority complex and adapts himself to his environment. In most instances an education in the College of Arts and Sciences equips a person for a higher position at the start than the uneducated person.

Reliability Asset

Doctor James believes that one of the assets to be derived from an education is reliability. If a student can be relied upon and has the ability to do things, it would be uneconomical to hold him down to a low position with the uneducated. The purpose of placing an uneducated person at the "bottom of the ladder" is to enable him to acquire an education. This is often done by a slow and rather painful process, however.

Preparation necessary for entering the College of Arts and Sciences is naturally a high school education. Along with this there should be a thirst for knowledge, according to the Arts and Sciences dean.

When asked if he thought a son should follow the profession, his father chooses for him even though he does not like it, Dean James replied, "Absolutely not."

Advice to Sons

"Neither should a son follow his father's profession simply because his father engaged in that sort of work, according to Doctor James. "There are advantages to be derived from engaging in the same business as the father providing the son likes it," stated the dean, "but no one can select a profession for his offspring and expect him to make a success in it if he does not like it."

"Should a young man or woman know definitely what he wants to take up when coming to university?"

"Not necessarily," answered Dean James. "It is desirable, of course, but not absolutely necessary. That is one of the purposes of the university—to help young men and women learn what profession they would like to enter for a life's work."

"What qualities should a person have in order to become successful in this field of work?"

"The same qualities that make a man a decent, desirable member of a society, such as common sense, application and integrity," declared Doctor James. "These are not only to be desired by Arts and Sciences students but by the whole world."

Schulte Issues Call To 'Frosh' Trackmen For Telegraph Meet

Positions are open for the freshman track team which will compete in the Big Six telegraphic this week, according to Coach Schulte. Men are wanted for the javelin, discus, high jump, and pole vault. All men who perform in these events are requested to report at the stadium this afternoon.

"Those wishing to compete have the option of going their events this afternoon, Friday or Saturday afternoons after the high school meet events have been run off. All those who can report this afternoon are urged to do so by Coach Schulte."

GREEKS GATHER FOR BANQUET IN COLISEUM TODAY

Charles Lawlor Predicts Record-Breaking Crowd At Annual Fete

WILL AWARD HAINER CUP

Scholarship Trophy Is to Be Given to Fraternity With Most Points

Fraternity men will assemble tonight at 6 o'clock in the Coliseum for the annual Interfraternity banquet. A record-breaking crowd is predicted by Charles Lawlor in charge of the arrangements for the banquet. All fraternity houses are closing their tables and the ticket sale has been the largest for any Greek banquet.

Award of the Hainer scholarship trophy and scholarship plaques will be one of the features of the evening. A talk by Gov. Arthur J. Weaver, vaudeville entertainment, singing by Harriet Cruise Kemmer and music by Leo Beck's orchestra complete the program.

The scholarship trophy which was donated by E. J. Hainer in 1912 has been presented annually to the fraternity having highest general scholarship ranking. It was first presented in 1914, going in that year to Phi Kappa Psi.

Winners since then have been: Phi Kappa Psi 1914, 1915 and 1916; Kappa Sigma 1917; Sigma Nu, 1918; Sigma Alpha Epsilon, 1919; Delta Tau Delta, 1920; Phi Gamma Delta, 1921; Alpha Tau Omega, 1922; Alpha Sigma Phi, 1923, 1924; Beta Theta Pi, 1925, 1926; Zeta Beta Tau, 1927; Sigma Alpha Mu, 1928.

Award Plaques

Fifteen scholarship plaques are also awarded at the Interfraternity banquet. These are given on a little different basis than the Hainer cup or the awards at Honors convocation. Standings are based on the number of delinquencies in proportion to hours carried by the fraternity.

Fritz Daly, president of the innocents, will be toastmaster for the evening. The main speaker of the evening is Gov. Arthur Weaver, who will tell the assembled fraternity men something of the relations of the University and the state. James Musgrave, president of the Interfraternity council, will introduce Prof. E. F. Schramm who will make the scholarship awards.

The committee in charge of the banquet promises something unusually good in the way of entertainment. The banquet will be served by Miller and Paine. Although most tickets have been sold there will be some available at the door.

Guests at the speakers table include Dean T. J. Thompson, Chancellor E. A. Burnett and Dean W. C. Harper.

New Uniforms Are Necessary For Musicians

"New Uniforms for the R. O. T. C. Band" is the slogan for the campaign which the military department will wage this spring and next fall. The old band uniforms are wearing out and Colonel Jewett is making efforts to get some new ones.

The present uniforms were purchased by the University about eight years ago. Almost any style expert will agree that eight years is a long time to wear one suit.

A committee composed of Colonel Jewett, John Selleck and Harold Holtz, secretary of the alumni association, has been appointed to take charge of a campaign to raise funds for purchasing the suits. This is the same committee that acted last fall to send the band to West Point last fall.

The committee hopes to provide some permanent source of income for the band. This income will be used for keeping up equipment and to permit the band to take one long trip every three years. The athletic department gives the band a short trip every year.

"We would like to be able to plan ahead," said Colonel Jewett. "Last fall we had to make a few last minute efforts to send the band to West Point. If we could have a permanent source of income we could keep a regular fund for that purpose."

The new uniforms, if they are purchased, will be of the same color as the ones now used, according to Colonel Jewett.

Henzlik Accepts Offer Of De Kalb High School

De Kalb, Missouri, has asked Dr. F. E. Henzlik, professor of school administration, to speak at the high school commencement there this June. Doctor Henzlik has chosen for his subject: "A Square Deal for the Boys and Girls."

Politicians Return to Quiet Routine After Mammoth Student Election

Non-Fraternity Leaders Are Undaunted Despite Huge Majority of Votes Cast Against Them on Tuesday

(By the Rag Man.)

Following the greatest student election the Nebraska campus has ever known, Greeks and Non-Fraternity factions have settled down to college routine. With the announcement of results following Tuesday's election the power of the Non-Fraternity machine is reported to have gone down in the estimation of some, yet it succeeded in getting approximately half of the student body to the polls.

What the fraternity reaction will be, following the temporary combine, is in doubt. Evidently the Blue Shirts and Yellow Jackets will once more take stands on opposite sides of the traditional "fence," but the experience of union may make

a difference in the faction alignment.

Non-Fraternity leaders are apparently not discouraged with the landslide effected by the Panhellenics on Tuesday. Fraternities and sororities may feel that they overestimated the magnitude of the Barby voting strength, and the outcome may be a Non-Fraternity election next year. At any rate the Nebraska student body was stirred by the possibility of the traditionally passive Barba entering into politics with a vengeance.

Statistics show that Non-Fraternity men and women outnumber Greek-letter students, although not "two to one" as The Omaha Bee-News reported. Approximately 65 percent of the women in the University are Barba, and 55 percent of the men are Non-Fraternity. Full voting strength of this faction would defeat the Panhellenics, but the difficulty of reaching each rooming house is considered the Barba's greatest handicap.

WEAVER, BURNETT VIEW Cadet Corps in Parade

Gov. A. J. Weaver and Chancellor E. A. Burnett reviewed the R. O. T. C. regiment at 5 o'clock yesterday afternoon. Governor Weaver complimented Colonel Jewett and the staff officers upon the excellent showing made by the cadets, and selected Company L as presenting the best line in the parade.

Annual inspection will take place May 21 and 22. At this time the entire regiment will be reviewed and inspected to determine whether the Nebraska unit will be allowed to retain her "blue star" rating for the next year.

Governor Weaver presented the Headquarters company with the trophy won by that aggregation during the recent marksmanship meet.

GASSEM ARRANGES FOR GIANT LAW BARBECUE

Chairman Plans Events for Annual Student and Faculty Frolic

Law barbecue will be held Wednesday evening, May 15, according to an announcement made yesterday by Edwin "Squire" Cassem, general chairman of the committee on arrangements. The barbecue will be staged at the Elks club and will commence at 7:30 o'clock.

It was formerly intended to hold the annual law event Tuesday evening, May 7, but due to the absence of Dean H. T. Foster from the city it was postponed. Dean Foster is attending the American Law Institute in Washington, D. C.

All Lawyers Invited.

The law barbecue is an all-law college affair and the faculty as well as members of the local bar will be guests. A snappy piano team will furnish music. Also included on the program is a boxing match between "One Round" Adams of Omaha and some contender who has not been selected.

The committee on arrangements announced that they have a blank contract with the Omaha boxer. A fast "go" is assured, according to Cassem.

"Moreover, we promise some highly important indictments against certain noteworthy characters who will be brought to justice in the course of the evening," declared Cassem.

STUDENT COUNCIL ENDS TERM AT FEED

Student Council banquet, an annual affair in honor of the outgoing members of the council, was held at six o'clock last night at the Woodburn party house. This is the last time the body meets as a group as the newly elected members take office ten days after their election.

A short toast was given by Douglas Timmerman, who acted as the toastmaster. Responses were given by Eldred Larson, retiring president of the council, Bruce Thomas, senior man-at-large, Joyce Ayres, who will hold over on next year's council, Helen McChesney, who also holds over, and Irene Davies, senior woman-at-large.

Coed Baseball Teams Are Scheduled to Play

Delta Gamma and N'Ergettes were winners of the intramural baseball games played Wednesday. Twenty-two teams are entered in the tournament, representing both sorority and nonsorority groups.

PREPARATIONS FOR BIZAD DAY ARE CONCLUDED

Dean Le Rossignol Issues Invitation for Students To Attend Frolic

PARADE BEGINS AFFAIR

Athletic Contests at Park, Followed by Dance, Feature Activity

"Bizad Day is a time when students and faculty of the College of Business Administration play and eat together and good fellowship is promoted in a fine way. It contributes much to the morale of the college and deserves the loyal support of every student. I have no doubt that everybody will feel at the end of the day that their time and money have been well spent."

Dean J. E. LeRossignol

Final preparations for Bizad day are being completed, according to Walter Lemkuhl, general chairman for the event. Ticket salesmen are to report this morning at 7:45 o'clock in the Commercial club rooms. If it is impossible for any of the men to attend the meeting, their tickets should be checked in by 2 o'clock this afternoon.

Parade First

The first event of the day will be a Bizad parade which will form at 9 o'clock in front of Social Sciences. All students in the College of Business Administration will take part in the procession, which will proceed down O street and out to Antelope park where the morning's program will take place.

Bizad golf tournament will begin at 9:30 o'clock at Antelope park. The matches will be played in foursomes, and each contestant will get a chance for the large off at 12 o'clock in the evening, which will be held at the Lindell. The winner of the banquet must be present at the time of the draw.

Continued on Page 4.

'Y' STUDENT COUNCIL WILL GIVE LUNCHEON

Members of Field Division Propose Promotion of Estes Park Trip

Members of the Rock Mountain field student council of Lincoln and vicinity will hold a luncheon Friday at 12:30 o'clock at the Temple cafeteria. William E. Braisted is acting as field secretary in place of F. C. Stevenson, now general secretary at Hastings and has charge of the meeting.

After a devotional period, led by Prof. C. H. Patterson, the council members will discuss the present status and plans for collecting the World Student Christian federation pledges. Dean H. C. Gossett will lead this discussion.

Estes Park delegations, their prospects and further promotion, will be talked over. Selection of members for the field council meeting at Estes June 17, will be taken up. The vacancy in the Nebraska territory of the position of field secretary will also be dealt with.

Any miscellaneous business on hand will be disposed of, it is hoped by the committee, in time to permit an adjournment at 2 o'clock.

Cameron States Views Concerning 'Gasoline Gypsies' Preying on Charity

Welfare Enthusiast Reveals Fact That Transients Are Dependent Upon Goodwill Of Nation's Residents

In her speech yesterday from KFAB Miss Anna Cameron, instructor in social work for the extension division of the University, told of the means taken by social agencies to decrease the number of transients.

This is the open season for "gasoline gypsies." In the spring whole families tear the country in cars, paying expenses by soliciting at social agencies in the different towns. They give all kinds of excuses for applying for aid. Rather than give these vagrants the money to continue their journey, social agencies should get in touch with agencies in the towns to which the families are going or

from which they claim to have come. Miss Cameron said. A number of agencies have signed an agreement to follow this policy.

Nebraska communities are taking a more scientific attitude in dealing with the conditions of vagrancy. They are less inclined to believe the stories told them and more inclined to investigate the true conditions according to Miss Cameron.

UNIVERSITY GRANTS AWARDS FOR STUDY

More Than Five Hundred Men and Women Accept New Recognitions in First Annual Convocation for Acknowledgment of Ability

BEGINS CUSTOM TO BE OBSERVED YEARLY

Faculty Lauds Action of Committee in Establishing Special Day for Confering Scholastic Prizes; Fling Speaks on 'Culture'

University of Nebraska turned out en masse last night for the first annual Honors Convocation held in Grant Memorial hall to honor students who have achieved the highest scholastic honors of the University. Five thousand persons crowded the hall to capacity to witness the University's first recognition program that has ever been tendered students for proficiency in scholarship.

'Rag' Men Cast Varied Opinions Of Film Classic

Members of The Daily Nebraskan staff when interviewed yesterday were almost unanimous in declaring that "Gentlemen of the Press" is an interesting and enjoyable sound picture but they were equally unanimous in protesting that the picture does not truly represent the typical newspaperman. The staff members were guests of the Rialto theater Tuesday night at the showing of "Gentlemen of the Press."

Only two of the would-be journalists failed to commend the show. Neal Gomon and Gene Robb were anything but enthusiastic about it.

Joyce Ayres: "I thought it was very good. It gives a fellow a little insight into the workings of a metropolitan paper. Of course, it is exaggerated."

Phil Blake: "I would say in spite of the fact that we are invited to get out of the business even 'Wicklund Snell' was probably so fascinated by the game that he would be unwilling to leave it even under the tragic circumstances which he encountered."

Maurice Akin: "I enjoyed the show very much."

Maurice Konkel: "I thought it was a good picture. The scenes in the newspaper office were especially good."

Bill McCleery: "I enjoyed it very much."

Don Carlson, Charles Wahlquist and Edward Dickson agreed that "Gentlemen of the Press" was an enjoyable show.

Florence Seward thought that the show was very good and that the reporters were "typical."

Catherine Elizabeth Hanson said she was disappointed with the show, because it might have a tendency to discourage students who desire to make journalism their life work.

INSTRUCTORS GET ALL EXCITED AS DAY OFF PROMISES BIG PICNIC

Believe it or not! What Ho! Hear Ye! The instructors of the faculty are planning a picnic, a real honest to goodness—we could say something stronger if the occasion allowed—picnic with eats and baseball for the gent, and eats and eats for the ladies. There are no professors allowed, so it will be a very silent—77—picnic. Scene: Auto club, but in case of rain, the Roberts' have been designated as the rendezvous.

The committee in charge consists of Karl Arni, instructor in economics; Pauline Gellatly, assistant instructor in dramatics; Magnus Hestnes, instructor in mathematics; Helen Morehead, and Mary Olesen, instructors in physical education, and Richard Werner of the department of mathematics.

INTER-RACIAL STAFF SPONSORS PROGRAM

Inter-racial staff of the university Y. W. C. A. sponsored the broadcasting of a varied program from KFOP, Rudge and Guesel station, Harriet Horton, chairman of the inter-racial work, was in charge of the program, one of a series of bi-weekly broadcastings sponsored by the departments of the university association.

Evelyn Cauer gave a piano solo, "Dew Fairy," and Thelma Hammond read two selections, "Appreciation" and "Just Whistle a Bit."

Hollywood Film Book Lauds Nebraska Man

Weldon Melick, 37, now in Hollywood, California, writing subtitles for motion pictures has received very favorable comment in the Hollywood Filmograph.

"The Quitter," the picture for which Melick wrote the subtitles was roasted mercilessly but the reviewer said of the Nebraska man's work: "Melick's titles fairly sparkled at times with wise cracks and side-splitting smiles."
