

On The Campus

BY MARY NICHOLS, CAMPUS EDITOR

Fall Parties, House Dances, and Dinners Hold Week End Attention.

A week end which should be a quiet one, following the busy activities of homecoming, promises a number of events instead. It is, apparently, freshman week—the outcome of the clash between the Missouri and Nebraska freshmen will determine the fate of their green caps and buttons. Anticipating a victory, they are entertaining for upperclassmen; upperclassmen are giving parties for them.

Faculty Host at Banquet
Foreign students at the University of Nebraska will be guests of the faculty at the International Fellowship banquet, held at the First Christian church, Friday evening at 8 o'clock. Ben M. Cherrington, internationally known,

will address the group on "A New Day in International Relations." Representative of the seven nations having students on the Nebraska campus will talk: James Cuneo, Argentina; Emilio Del Rosario, Philippines; Shun Cho Myung, Korea; Claude Gordon, Jamaica; Jack Solomon, Poland; and Anatole Mezer, Russia. Preparations have been made for 200 guests.

Unusual Decorations at DU Party.
Two hundred couples will attend the fall party, given by members of Delta Upsilon, in the rusticated ballroom of the Cornhusker hotel, Saturday evening. A cavern, beneath overhanging rocks, the balcony, will comprise a part of the unusual decorations. Chaperons for the party are Mr. and Mrs. W. C. Harper, Mr. Melvin Van den Bars, and Mrs. C. M. Phillips.

Alpha Sigma Phi Fall Party.
Members of Alpha Sigma Phi will entertain 150 couples at a fall party at the Cornhusker ballroom on Friday evening. There will be no special decorations for the occasion. Mr. and Mrs. Ray E. Ramsey and Mr. and Mrs. Bernard F. Oakes will chaperone.

Theta Sigma Entertain at Dinner.
Theta Sigma Phi, honorary journalistic sorority, was hostess to fourteen girls at a Dutch treat dinner at the Temple cafeteria Thursday evening at 6 o'clock. Orchid and green, the sorority colors, predominated in the table decorations.

P K A and Alpha Chi Hold Joint Dinners.
On Friday evening, part of the members of Alpha Chi Omega will be hostesses to half of the members of Pi Kappa Alpha, and the other members of Pi Kappa Alpha will entertain the other Alpha Chi at dinner at the chapter house. Twenty guests will be present at each house. Mr. and Mrs. F. C. Blood, Mr. J. A. Guilford, and Mrs. T. C. Mockler, will be chaperons at the fraternity house.

Seven Groups Plan House Dances.
Freshmen of Alpha Xi Delta will honor upperclass members with a house dance on Saturday evening. The chaperons will be Mr. and Mrs. Victor Toft, Mr. and Mrs. Gordon M. Baker, and Miss Lulu Runge. Sigma Delta Taus will give a house dance that same evening with Rabbi Ogle, Mr. and Mrs. Charles F. Shire, and W. Zolley Lerner as chaperons. On Friday evening Kappa Kappa Gamma will entertain with a dance at the chapter house. Mrs. Miller, Mrs. Van Decar and Mr. Melvin Van Den Bars will serve as chaperons. At the Delta Tau Delta house dance Miss Gladys G. Smits, Dr. and Mrs. W. C. Becker, and Mr. and Mrs. J. A. White are to be the chaperons on Friday evening.

Phi Delta Thetas have chosen Saturday evening for a house T. Decker and Mrs. Hermann T. Decker and Mr. and Mrs. Robert B. Bennett are to be the chaperons. Mr. and Mrs. Roy E. Cochran and Mr. and Mrs. Walter Ernst will attend the Alpha Tau Omega house dance as chaperons, and Phi Alpha Deltas will have Mr. and Mrs. Ira P. Cromer and Mr. Lester B. Orfield as chaperons at their Saturday party.

Y. W. FINANCE DRIVE MAKES GOOD START
(Continued from Page 1.)
Stanley and Evelyn Snively, captains; Kathryn Williams, staff; Ruth Pilling, Henrietta Barnes, Dorothy Silverman, Betty Sain, and Sarah Vance, captains; Uniola Adams, staff; Berniece Lieberman, Alice Weed, Mary McCall, Mary Bab, and Ruth Roberts, captains; Ruth Schill, staff; Berniece Hoffman, Marie Broad, Romona Jorgenson, Jean Hinman, and Elizabeth Riemers, captains; Virginia Guthrie, staff; Viola Heyne, Leona Dybbro and Toby Goldstein, captains; Evelyn West, staff; John Whitney, Esther Gaylord, Lois Hunt, Florence Anderson, and Dorothy Weaver, captains.

Each captain has from two to five girls assisting her to solicit. The total number of workers in the campaign exceeds two hundred girls.

NEBRASKA POSSESSES FOSSIL COLLECTION
(Continued from Page 1.)
beds of shale, limestone, and coal extend into Oklahoma.
Dr. Moore expressed surprise that so valuable and large collection of fossils should be kept in Nebraska hall, as he considers the building unsafe for housing such a collection.
Later in the year Dr. Moore expects to visit the University of Nebraska again, and at that time he will give a lecture on the event of his trip through the Grand Can-

'PUTTING OUT THE CAT' AND LOCKING UP IS OLD STORY TO HOME ECONOMICS GIRL

Recognizing its responsibility to train the girls of Nebraska to become homemakers, the department of home economics of the University of Nebraska takes an active part in such training work. One part of this responsibility is discharged thru the use of a home management house located on the city campus where girls put into practice the points they have learned in the classroom. Girls in home economics spend six weeks in the house under special supervision, studying standards of efficiency, experience in phases of management related to the home, and care and management of a young child.

In order that the girls may get the most benefit from the limited time spent within the home management house a rotation system is used so that each week one girl is in charge of special phase of the home, changing each week so that all get an opportunity to be in charge of the divisions which include the care of the baby, administrative duties, social develop-

Drill Field Receives Manicuring So Professors May Have Parking Space

Cadet soldiers will no longer step in a hole or trip on a rock and say bad words under their breath as they enjoy their weekly afternoon pastime. Neither will university professors come dashing into their classes, to the great chagrin of students therein, just as the ten minute period is about up. It's all been brought about by the leveling off and graveling of a portion of no man's land, in other words University of Nebraska's drill field.
The bushes along the south side of the field have all been removed and the space occupied by them leveled off even with the rest of the field. Numerous holes in the ground have been filled in. Part of the south side of the field is being graveled and will be used as a parking space for university professors and associate professors. Ninety professors said they would like to park their cars in the space but it will only accommodate seventy-five so it looks like first come, first served. But then since professors do not, like university students park their car in a space and needlessly leave it there all day thus keeping out others who are running the wheels off their vehicles in an attempt to find a space, it is thought that the entire ninety or even more can be accommodated.
Two carloads of gravel have already been dumped in the space and two more are yet to come. And if there is enough left over the cinder walk across the drill field and the cinder section of Twelfth street will also be graveled.

It was on this trip that his party was lost for three weeks, reported wiped out by flood waters, and finally found.
If you want enemies, excel others; if you want friends, let others excel you.
—Colton.

REPRESENTATIVES WILL MEET TO PLAN FOR CAMP

Twenty representatives of Nebraska schools and colleges will meet Saturday and Sunday, Nov. 9 and 10, to plan for the student Y. M. C. A. and Y. W. C. A. camp meeting at Estes Park, Colo. The camp will be held some time in June, the dates to be set at the meeting.
The camp conferences in Estes Park will be a ten day affair, in charge of the Nebraska chapter this year.

Delta Sigma Pi Holds Initiation Thursday
Alpha Delta chapter of Delta Sigma Pi, international comm-

cial fraternity, held formal initiation Thursday evening in the club rooms of the Men's Commercial club in Social Sciences hall.
Six men received the pledge. They were J. Russell Andrews, Vincent J. Eggleston, Frank H. Smith, George Wragge, Clyde S. Yost and J. L. Young.

DEMING WILL SPEAK TO KIWANIS GROUP
The feature of the regular Friday luncheon meeting of the Lin-

Under New Management Lighthouse Inn
39 & South

coln Kiwanis club to be held in the Chamber of Commerce building will be an address by H. G. Deming, professor of chemistry in the university. "Molded Products" Deming's subject will deal with the relation of chemistry to commerce.

Key Town selling —a new telephone idea

Commercial development men of the Bell System have originated a new use of the telephone which is proving economical and efficient for modern salesmanship. From important central towns the salesman makes periodic visits to customers and prospects by telephone.

To conceive this idea, to make it practical by selecting Key Towns on a basis of most advantageous rates to surrounding points, and to sell it as a business practice—all this illustrates how telephone service is as open as any commodity to constructive imagination.

Key Town selling is one of many indications of the steady demand, present and to come, for more and more telephone service.
