## COACH BIBLE

We're proud to know you and to do your work. We've followed you through a fine season—pulled for you, prayed for you, and cut your hair. May your future be as bright as your showing this fall. We will always extend a hearty welcome to you and to your friends—the same welcome with which we greet all Nebraska students. We can always offer you the same high standards of expert workmanship which have identified our shop in the past—in your minds and in the minds of all other Cornhuskers who appreciate the value of superior personal appearance.

## The New, Modern Way to Heat Your Car— TROPIC-AIRE The Original Fan-Equipped Hot Water Heater

YOU'LL have no use for robes and blankets!  
No longer need you drive while stiff with cold,  
nor nearly freeze your hands and feet. Tropic-Aire  
gives you a great, steady, unailing supply of clean  
heat, circulated thruout the car by electric fan. It  
keeps your car as warm as toast!

Just turn on the switch. The fan requires no more  
current than a tail-light. You can use it all summer,  
too. The hot water is easily turned off.

Drive comfortably this winter. Insist on a genuine  
Tropic-Aire. There's a model for every car. Have  
your dealer or garage install one for you today.
