LINCOLN, NEBRASKA, FRIDAY, MAY 2, 1930

PRICE FIVE CENTS

MISS JULIA RIDER CROWNED QUEEN

Delta Gamma, Lincoln, and President of Mortar Board Receives Women's Traditional Honor At Ivy Day Festivities, Thursday Morning.

VIVIAN FLEETWOOD SERVES AS MAID OF HONOR

Latter Is Member of Girls' Honorary and of Alpha Chi Omega; Representative Coeds Usher in May Fete Bearing Ivy, Daisy Chains.

Julia Rider, Delta Gamma of Lincoln and president of Mortar Board, was crowned Queen of the May before a large number of students and alumni, in ceremonies which climaxed the morning's activities of Nebraska's traditional Ivy Day program yesterday. Preceding her to the throne was her maid of honor, Vivian Fleetwood, Alpha Chi Omega of Lincoln, also a member of Mortar Board.

Following the interfraternity sing, which was won by Beta Theta Pi, the procession heralding the approach of the queen started from the Armory and proceeded to the green north of Administration hall, where the throne was situated.

Daisy Chain.

Members of Tassel and two representatives from each of the lower classes in all organized houses on the campus, carrying the daisy chain, led the procession. They were followed by all senior women, dressed in white, carrying the ivy chain. The two chains formed a circle around the green. During this part of the procession the ivy chain was sung by a picked chorus directed by Hermann T. Decker.

Pages dressed in white satin and bearing silver trumpets announced the arrival of the queen. The pages were Paula Eastwood, Kappa Delta of Riverton, Neb., and Helen Griggs, Delta Zeta of Buffalo, Wyo.

Following the pages and offering a vivid contrast to their white costumes, the members of Mortar Board, masked and clad in somber black cap and gowns, marched to the throne and took their places on each side of the steps.

Attendants Next.

Next came the attendants, dressed in flowered net. In this group were two members of each class. The freshman attendants, clad in yellow, walked to their place on the first step of the throne. They were Gretchen Hastings, Alpha Xi Delta of Meadow Grove, and Phyllis Rugger, Gamma Phi Beta of Smith Center, Kans. Next came the sophomore attendants in lavender who occupied the second step. They were Rowena Bengtson, Kappa Alpha Theta of Lincoln, and Maxine Sleeper, Alpha Delta Pi of Omaha.

Mildred Chappell, Alpha Phi of Omaha and Janie Lohnhoff, Kappa Kappa Gamma of Omaha, in blue costumes and representing the junior class, were the next to arrive at the throne. They ascended to places on the third step. Then came the senior attendants, Helen McChesney, Delta Delta Delta of Omaha, and Audrey Musick, Marysville, Kans., dressed in blue, who mounted to the top step of the throne.

Rose Bearers.

Sally O'Shea, daughter of Mr. and Mrs. E. M. O'Shea, and James Harley, son of Mr. and Mrs. J. Burke Harley, scattering rose petals in her path, led the maid of honor, Miss Fleetwood, to the throne. She was dressed in pink chiffon.

James McEachen, son of Mr. and Mrs. J. A. McEachen, bearing the crown, led Miss Rider, the queen, to her throne. She presented a very striking and stately picture dressed in white chiffon. Her train bearers were Virginia Ann Coleman, daughter of Dr. and Mrs. F. D. Coleman, and Brooke Westover, son of Mr. and Mrs. R. N. Westover.

As soon as she had reached her place, the maid of honor crowned Miss Rider queen, thus bestowing upon her one of the chief honors which a woman can win in the university.

After this ceremony the winner of the Ivy day poem contest was announced. She was Elaine Haverfield, Chi Omega of Scottsbluff. Miss Haverfield was escorted to the throne by the pages and there she read her poem.

John Brown, Sigma Chi of Lincoln, senior class president, accompanied by Bob Kelly, Phi Kappa Alpha of Nebraska City, junior class president, then came to the throne. The senior president handed an Ivy plant to the queen who handed it to the junior president and sent him to plant it.

The concluding event of the program was the May pole dance given by ten members of the physical education department. The R. O. T. C. band furnished music at different times during the morning's ceremonies.

William T. McCleery, Hastings, president.

Fred Grau, Bennington, vice president.

Stanley Day, Oshkosh, secretary.

Leroy Jack, Tekamah, treasurer.

Don Maclay, Auburn.

Edwin Edmonds, Sumner.

Alan Williams, Lincoln.

Don Carlson, Cheyenne, Wyo.

Cyril Winkler, Lexington.

George Kennedy, Omaha.

Robert Kelly, Nebraska City.

Kenneth Gammill, Bertrand, Colo.

Carl Hahn, Twin Falls, Ida.

BETAS TAKE FIRST IN GREEK SING CONTEST

Delta Phi Gamma and Phi Kappa Psi Place Next In Ivy Affair.

NINE GROUPS COMPETE

Beta Theta Pi won the interfraternity sing sponsored by Kosmet Klub on Ivy day morning and possession of the cup, awarded annually for one year. Delta Phi Gamma, otherwise known as Accacia, was second in the contest and Phi Kappa Psi third.

Eleven fraternities were scheduled to enter the contest but only nine took part. These were in order of their appearance, Alpha Theta Chi, Alpha Sigma Phi, Beta Theta Pi, Delta Tau Delta, Delta Upsilon, Delta Phi Gamma, Kappa Sigma, Phi Kappa Psi and Sigma Alpha Epsilon. Alpha Tau Omega and Sigma Nu were entered but did not compete.

Judges of the sing were John Rosborough, director of the Westminster; a capella choir, Herbert Gray, instructor in voice in the university conservatory of music, and Wilbur Chenoweth, organist and composer of Lincoln.

FINAL PREPARATIONS FOR FAIR BEING MADE

Outdoor Dance Pavilion Is Built; Tents for Side Shows Erected.

AG CLASSES DISMISSED

Trucks were running to and from the college of agriculture campus all day Thursday and several forces of men were at work since early morning of that day in preparation for Farmers Fair which will open Saturday noon with a half mile parade downtown. There will be no classes Friday on the farm campus, the entire day being devoted to construction work and final completion of all plans for the fair event on May 3.

Building of the outdoor dance floor was begun Thursday morning. The floor was hauled up in sections by trucks from the state fair grounds.

Schedule Two Dances.

There will be two dances in the evening, the other being in the Student Activities building. A system has been arranged to make it possible to clear the floors quickly after each dance, according to Glen Hedlund, who is managing the dances.

Tents for the side shows are being erected, some of them were being set and staked Thursday afternoon. All exhibits have been started and many of them are already completed. Myrie White, chairman of that department stated.

A fifteen float parade, having as its theme "The Gold of the Golden Rod State," will start from the campus at 11:45 o'clock Saturday.

Miss Julia Rider, who was crowned May Queen at the Ivy day festivities yesterday and her attendant, Miss Vivian Fleetwood, both of whose homes are in Lincoln. Miss Rider is a member of Delta Gamma and president of the Mortar Board. Miss Fleetwood is affiliated with Alpha Chi Omega and was secretary of the Mortar Board for the past year. Both were elected by the senior women of the university.

Approximately thirty-five hundred people witnessed the Engineers night demonstrations of the college of engineering Thursday night. Last night's exhibition was the high point of the traditional annual Engineers week of this year.

Departments of chemical, electrical, mechanical, architectural, civil, mechanical and geological engineering gave demonstrations and exhibitions of the accomplishments of science in their respective fields. John M. Clema was general chairman of Engineer's night.

Chairmen of the various departments were Howard Hubbard, Herbert Kimberly, Francis Young, Victor Nielson, Harold Atken, R. R. Wickmore, and C. D. Schultz.

Explosives Demonstrated.

In the department of chemical engineering demonstrations were made of the manufacture of high explosives and the thermite process with several other exhibitions. The chemical engineering exhibitions were given in the general lecture room Chemistry hall.

In the electrical engineering building demonstrations of telephone typewriters, visible sound, audible light, an electrical foundation, various types of motors and other electrical apparatus, and a frying pan which gets hot on a cold stove were shown.

Model Farm Equipment Shown.

The agricultural engineering display included a model farm equipped with the latest appliances for the efficient use of time and labor, farm electric lighting plants, and samples of iron and wood work made by the students.

A model railroad lift gate, other types of bridges, and model dams were the center of attraction in the display of the civil engineering department. Plaster models, pen and pencil sketches, drawings and the drawings of the Lehigh airports were seen in the architectural engineering display in the Mechanical arts building.

Liquid Air Exhibited.

A liquid air display showing its use for freezing and as an explosive, an exhibition of shop machinery, power equipment, and material testing was shown by the mechanical engineers. The geology (Continued on Page 3.)

DRUGGISTS HOLD OPEN NIGHT FOR PUBLIC DISPLAY

Pharmacy Exhibit, Featuring Scientific Progress, Climaxes Week.

SHOW STUDENTS' WORK

Each Department Presents Numerous Typical Demonstrations.

Tenth annual Pharmacy night, featuring exhibits made and displayed by students in the college, was held last night in Pharmacy hall from 7 to 11 o'clock as the climax of Pharmacy week. Each class was in charge of several extremely interesting exhibitions which were so arranged that all departments of instruction were represented. "The Pharmacopoeians," pharmacy college orchestra, played during the exhibition.

The purpose of Pharmacy night is to familiarize the visiting public with the nature of the pharmacist's work, training and the scientific side of his profession, to show the advances made in the various lines of pharmacy and to develop leadership and initiative among the students in the college.

Nebraska was the first school to inaugurate a Pharmacy night exhibition. The event has been more successful every year, and many schools now have such an affair.

'HAMLET' OPENS TONIGHT ENDING PLAYERS SEASON

Shakespearean Offering in Temple Begins At 7 O'Clock.

HART JENKS LEADS CAST

Broadway Guest Artist Is Starred With Miss H. Alice Howell.

The curtain will rise on the first performance of the University Players' Shakespearean offering, "Hamlet," this evening at 7:30 o'clock at the Temple theater.

Witt Hart Jenks, who has just completed his second season with the Fritz Lieber Shakespearean Repertory company after having played three years with Walter Hampden on Broadway, as the guest star and many faculty members of the dramatic department and alumni in the cast, the closing production of the Players' season promises to surpass all previous undertakings.

Miss H. Alice Howell, director of the Players, as Gertrude, Hamlet's mother, will have leading feminine role. Miss Howell has appeared in former university plays as Lady Macbeth, Candida, Madame X and Widow. This is, however, Miss Howell's first appearance.

Pharmacopoeia

An exhibition of pharmacopoeial testing to determine the purity of a product was in charge of Wilmer Griess, Carl J. Wieland analyzed water softeners, Armin A. Grosse made alkaloidal test, Earl Carico made organic tests and Evans Moses made alcohol tests. Food and drug analysis were made by Estel Locke, chairman, Clyde J. Wilderson and Harry F. Manson.

Results of a series of experiments conducted by Stanley Madison.

HEADS INNOCENTS

WILLIAM T. MCCLEERY, New president of Innocents men's honorary group, who was the first man to be tapped at the annual Ivy day ceremonies, on Thursday afternoon. McCleery is a junior from Hastings in the school of journalism, affiliated with Beta Theta Pi. He was the author of "Sob Sister," recently produced Kosmet Klub show.

ENGINEERS NIGHT ATTRACTS CROWD OF 3,500 PEOPLE

Great Numbers View Public Display As Climax to Annual Gala Week.

7 DIVISIONS EXHIBITED

Students in All Sections Prepare Interesting Demonstrations.

HONORARY GROUPS SELECT MEMBERS

Innocents Tap McCleery, Grau, Day, Jack, Maclay, Hahn, Edmonds, Williams, Carlson, Winkler, Kennedy, Kelly and Gammill as Successors.

BARBS ARE REPRESENTED ON BOTH SOCIETIES

Mortar Boards Masque Misses Pickard, Roberts, Williams, Nemecheck, Wahlquist, Joyce, Gaylord, McAnulty, Hatfield, Diamond, Wiggernhorn.

BY CLIFF F. SANDAHL

Editor's note: The following article by Cliff F. Sandahl, last semester's editor of The Nebraskan, is printed in place of a purely factual news story on the selection of Innocents and Mortar Board members. He expresses here his present opinion as to the merit of the respective new members of the Innocents society and his general idea as to the part the Innocents should play in the university.

The Innocents society at the University of Nebraska is a representative group.

No longer can charges—heretofore more or less justified—of the society's being unrepresentative of the student body be hurled at the highest honorary in the university.

Every man tapped at the impressive Ivy day ceremonies Thursday afternoon was deserving of the honor. A more virile group of young men could not be picked that could even approach the quality of the thirteen men honored then.

No "Fast Ones."

Just a look at the list is all you need to know that no "fast ones" were pulled this year. All have definite accomplishments to their credit.

Here they are:

Bill T. McCleery, Hastings, president; Fred Grau, Bennington, vice president; Stanley Day, Oshkosh, secretary; Leroy Jack, Tekamah, treasurer; Don Maclay, Auburn; Edwin Edmonds, Sumner; Alan G. Williams, Lincoln; Donald Carlson, Cheyenne, Wyo.; Cyril Winkler, Lexington; George Kennedy, Omaha; Robert Kelly, Nebraska City; Kenneth Gammill, Berthoud, Colo.; and Carl Hahn, Twin Falls, Ida.

The Mortar Boards, who heretofore seem to have taken qualifications a little more seriously than the Innocents, this year selected eleven representative women to assume the duties of their organization for the coming year.

The following are the new Mortar Boards:

Sally Pickard, Omaha, president; Ruth Roberts, Omaha, vice president; Katherine Williams, Dunlap, Ia., secretary; Minnie Nemecheck, Humboldt, treasurer; Betty Wahlquist, Hastings; Charlotte Joyce, Weeping Water; Esther Gaylord, Lincoln; Ruth Hatfield, Lincoln; Helen McAnulty, Lincoln; Ruth Diamond, Lincoln; Miriam Wiggernhorn, Ashland.

McCleery Capable.

Who could have been a better choice for president of Innocents than Bill T. McCleery?

No sane minded student of this institution should question the qualifications of this man. His record alone can dispel any misapprehensions that may arise. He has not been an "activity man"—out after everything just for "honor." Everything he has done has been done in the most efficient manner and all his honors have been gained on merit.

Aside from his work on this newspaper which began the very first day he was in school, Bill has written two Kosmet Klub plays—both of them exceptionally well received—in the newly elected presidency of Sigma Delta Chi, national journalistic fraternity, and is one of the foremost leaders in the student council. He is affiliated with Beta Theta Pi.

The vice president, Fred Grau, has likewise proved his worth. He is president of the interfraternity council and is really trying to place that organization on a sound footing. Being an agricultural student, Fred has spent most of his time on that campus and has there displayed his leadership in a number of organizations aside from the student council, as agricultural college representative. His fraternity is Delta Phi Gamma.

Day Deserving.

Stanley Day, Alpha Tau Omega, is equally deserving of the secretary's position. He has shown himself to be an industrious and conscientious worker and has displayed qualities of leadership in his various capacities as executive. He has been president of the Corr's Club, captain of Pershing Rifles, aside from a number of other responsible activities.

The giving of the treasury's job to Leroy Jack, Phi Delta Theta, is another admirable trait which the Innocents of last year displayed in their selections. The amount of time and work that Leroy has put in on the business side of The Daily Nebraskan ever since he was a freshman would seem almost incredible.

MATTSON ADVOCATES NEW UNION BUILDING

Ivy Day Orator Points Out Value of Institutions In Other Schools.

MAKES PLEA FOR UNITY

Russel Mattson, Omaha Ivy day orator, in his address Thursday afternoon at the Ivy day exercises, advocated a new union building to house all men's activities. Campus spirit and traditions would be strengthened through such a common meeting ground, he declared.

An extract of his address follows:

"A union building somewhere in the plan of our new campus would be most appropriate and fitting. It would contain comfortable and spacious lounging rooms, study rooms, and house a university cafeteria, permitting Hamlet to give his soliloquy without the accompanying clatter of pots and pans. Hotel accommodations would be provided for graduates returning to the city. As in other schools it would be the center for all activities of the men students. The result will be a community of interest and a unified student body. The building will not be for southsiders, for northsiders, nor for the unorganized, but every Cornhusker will be on a parity of common spirit.

"Some time ago Professor Schramm gave a dinner for several fellows at the University club, promulgating a plan to sell ten spirit on the campus, proposing (Continued on Page 3.)

FARMER'S FAIR EVENTS.

11:45—Parade down "O" street

1:00—Concessions and exhibits

1:00—Flower show; quilt show.

1:15—Pet and rabbit show.

1:15—Miller pony ride.

1:30—Pageant.

2:00—Side show opens.

2:15—Livestock parade.

2:30—Snorphenum and Follies.

2:45—Horse show.

3:00—Parshing Rifles exhibition.

3:00—5:00—Nurse school.

3:30—Polo game.

4:15—Horse pulling contest.

4:30—7:00—Tea room open.

Evening.

6:00—Style show.

6:30—Pageant.

7:45—Snorphenum and Follies.

8:00—Dances on two floors.

8:30—Mention pictures.

11:30—Lights out.

90,000 Tickets Are Printed for Use in Saturday Farm Fete

Ninety thousand tickets have been printed for Farmers Fair. It was announced by Russell B. Balle, who heads the tickets committee for the twelfth annual farm fete on May 3.

There are 25,000 general admission tickets, 20,000 dance tickets and 40,000 tickets for a crowd of 10,000 people, drawn to the 1929 fair. Preparations are being made for even concessions. Other tickets have been printed for the polo game, cost by the College Book store. The tickets were printed free of more visitors this year, more, more assert. Additional parking space for cars has been laid out.
