

**CAMPUS PHOTO
MAN TAKES SNAPS
OF WEST SCENES**

A. F. Larrivee, photographer for the conservation and survey division of the University of Nebraska, is spending two weeks in the North Platte valley of Nebraska and Wyoming taking motion pictures and still pictures to complete such subjects as water power and irrigation.

The work is being done in cooperation with the agriculture and colonization department of the Burlington railroad.

**GIANT MAMMOTH
ALMOST CAUSES
BULGING WALLS**

Mammoth tusks and skull so huge that they could not be placed in the work room were received the first part of the week at the state museum located in Morrill hall.

A special car had to be secured for shipment from Trenton where the specimen was excavated, as it was too large to go in the door of an ordinary box car.

For the present it has been placed in elephant hall and will be displayed in one of the cases within a few days.

**Feminine Touch Rates
High in Short Stories**
(Continued from Page 1.)

Shakespeare, Chaucer and American literature courses was far above that of the men students.

In his own course in seventeenth century literature, offered this past school year, the Nebraska savant had an enrollment of forty co-eds to seven men students. The same proportion holds true, he said, with his courses in poetry and other cultural subjects.

Aside from his regular teaching load on the university faculty, Dr. Wimberly finds time to read all the manuscripts that are sent in for publication in the Prairie Schooner. He, together with several colleagues on the instructional staff, founded the quarterly, which is now in its fourth year and is published on a noncommercial basis.

**Professors Have
Large Plans for
'Long' Vacation**
(Continued from Page 1.)

stone, returning for study, shortly before the opening of school.

P. G. Johnson, also, intends to take a trip to Yellowstone, after a brief visit to Scottsbluff. Other members of the Teachers College staff intend to visit this national park, are Minnie Schlichtling and Ethel Fitzsimmons, who intend to drive there, shortly after the close of summer school.

Other members of the teachers college staff intend to leave to more widely separated points. Professor R. D. Moritz, director of the summer session, is planning to spend two weeks at Vining, Minn., with his family. The time will be spent in camping and fishing, he declared.

Prof. E. W. Lantz has made plans for quite an extensive touring trip to the Pacific coast by way of the Lake Tahoe route. He will return by the southern roads.

Dr. K. O. Broady intends to leave shortly for Chicago. He will make this city the base for operations during the remainder of the summer.

Dr. W. H. Morton hopes to take a vacation trip to the Minnesota lakes, before making a lecture tour to the institutes of five counties in northwestern Kansas.

Prof. A. R. Congdon will leave soon for a tour to the Atlantic coast, where he will visit his son, who is now at Cape Cod. While touring thru the east, he intends to call on Dr. H. M. Martin, who recently left the department of animal pathology at this university to accept a position with the state department at Harrisburg, Pa.

Dean J. D. Hicks stated that his plans were indefinite at present, but that he hoped to make a trip to Evergreen, Colo., where he will join friends.

L. E. Aylsworth will leave on an extensive touring trip with his family. They intend to travel to the eastern coast by way of Canada, then drive down the coast to Washington, D. C., and return by the southern route.

Dean R. A. Lyman has formed rather elaborate plans for his "long" vacation. His journey will include stops at Yellowstone, his boyhood home in Oregon and many points along the Pacific coast. He intends to return shortly before the opening of the fall term.

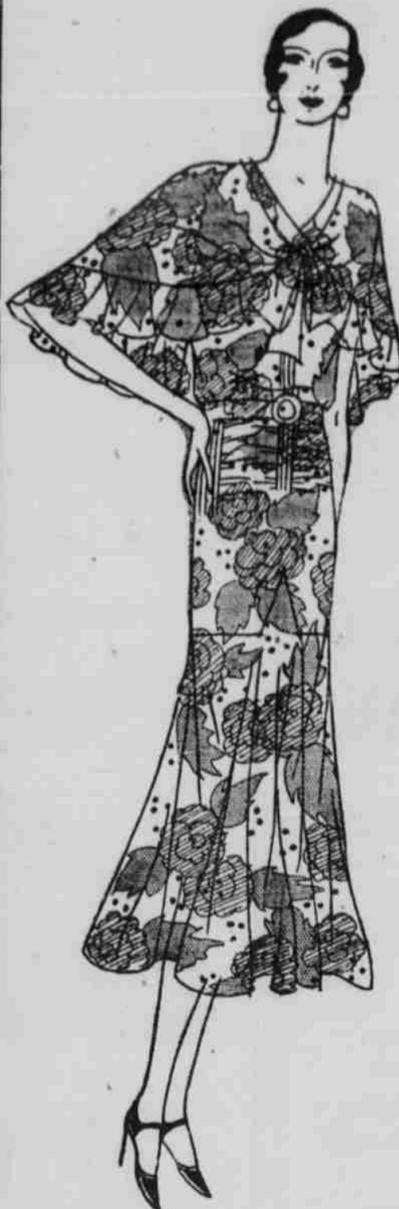

LOST: Red Parker fountain pen with clip, gone in or between Andrews, Social and Teachers, July 17. Reward. F6164, 1300 South Twenty-third.
