

# JOHNNY GOODMAN BEGINS PLAY IN AMATEUR MEET

Omaha Is Seated Sixth in Draw; Jones Leads List of Stars.

## JOHNSON IS CHAMPION

Voight and Jones Play Real Ball for Sunday Crowd in Preliminary.

Johnny Goodman, state golf champion and holder of the trans-Mississippi golf crown, started play Monday with the leading amateurs of the United States for the amateur golf championship of the country.

Goodman is from Omaha and enrolled in the University of Nebraska, returning here to pursue

### Lewis Wants Cross Country Candidates

A call was issued from the athletic office yesterday by Jimmy Lewis for all men interested in cross country. The Nebraska team of six men will run against all the Big Six teams the Cornhuskers meet in football this fall between halves of each game. Different from previous years the course will be the track within the stadium and the distance will be two miles.

his studies at the conclusion of the tournament. His greatest achievement in the golfing world to date was the defeat he registered against Bobby Jones, peer of American golfers, in the national amateur tournament held at Pebble Beach, Cal., last year.

Goodman has been seeded number six in the first ten amateurs of the country. Although Harrison R. "Jimmy" Johnson is the defending champion, he has been seeded No. 2, following Jones. Then come in order George Voight, George Von Elm, Dr. O. F. Willing, Johnny Goodman, Francis Guimet, Cyril Tolley, Don Moe and Jess Sweetser.

### Voight Beats Jones.

As a final display of scoring fireworks preliminary to actual play, Bobby Jones and one of his foremost rivals, George Voight, gave a Sabbath gallery of nearly 5,000 persons a dazzling exhibition of par cracking play Sunday afternoon. Voight turned in a 68 when he holed out a twenty-five foot putt on the eighteenth green for a birdie three, the score being two under par for the hazardous championship layout. Jones narrowly missed a putt of the same length and finished with a 68.

Jones is, of course, the top heavy favorite to win this affair and has set a winning record that may stand for generations, if not for all time. The "seeded" players who are expected to come through the first round include Harrison Johnson, George Voight, George Von Elm, Dr. O. F. Willing, Donald Moe, Cyril Tolley and Johnny Goodman.

### Says Little.

When asked what his chances would be if he were to meet Jones again, Goodman was reluctant to make any statement as to what the outcome would be but said he would like to meet the Atlanta. Sports writers covering the tournament have been giving a great deal of space to the diminutive Omahan and give him a chance to win the tournament, although Jones is given the most consideration.

Johnny has attracted a number of followers, both because of his youth and his playing. He is not yet 21 and is the youngest amateur given any chance in the battle for the national amateur crown.

## The Benchwarmer

### THE ANCIENT custom of holding cross-country races in the fall has passed on, as have most of the other custom, of our predecessors. Big Six athletic officials recently decided that the event was not interesting enough to spectators and in its place they have substituted a two mile team race to be run wholly within the stadium. Under the old system, fans were able to see only the start and finish and it sometimes happened that their attention was taken from the runners by stunts performed during the intermission. Just another little change to give the customers value received. Maybe that is the reason they have boosted the price on some of the games to \$3—a full afternoon of entertainment or your money back.

again the man was clear and had to turn and come back in an attempt to catch the throw, most of them were "slobbers." It would seem that the Nebraska passing attack needs only one thing, a ca-

table pass thrower or two, and they must be developed or else the team had better stick to the old, conventional power plays.

and occasionally carried the ball for short gains. He also split the bars on a try for point and his kickoff went into the end zone. This is a new role for the Beatrice man and he filled it admirably.

## Study Your Needs

Make your education a business—conduct it on business principles. Your study should be as efficiently equipped as the modern office.

Books, you need, paper, fountain pen, note-books. Typewriters mean as much in school as they do in business.

Brief cases are essential. You will find everything you need at our stores.
