

ATWOOD TO TALK ON CONSTITUTION AT CONVOCATION

Governor Will Introduce Speaker; Is Author of Three Books.

HEADS NATIONAL GROUP

'Constitution and Present Day Problems' to Be Lecturer's Topic.

Harry Atwood, president of the Constitution Educational Association, will speak this morning at 11 o'clock in the Temple theater at the university student convocation. Gov. Arthur J. Weaver will introduce Mr. Atwood. The subject will be "The Constitution and Present Day Problems."

Mr. Atwood is considered an authority on the constitution, and has written three books dealing with the subject: "The Constitution Explained," "Safeguarding American Ideals," and "Back to the Republic." At his suggestion the new two million dollar D. A. R. auditorium recently erected in Washington was named Constitution hall.

Address Started Contests.

As a result of Mr. Atwood's address made at Los Angeles, Calif., in 1922, the nationwide oratorical contests dealing with the constitution are now being held annually. Mr. Atwood, as president of the Constitution Educational Association, has led the country in national observance of Constitution week, and has also appeared on many lecture platforms throughout the country.

On the platform with Mr. Atwood will be: Judge E. B. Chappell, Chancellor E. A. Burnett, Earl Cline, regent of the university; Mrs. Clinton J. Campbell, president of the Lincoln Women's club; H. H. Wilson, Lincoln attorney; Charles Matson, president of the Nebraska chapter of the American Bar Association; Edgar C. Westervelt, commander of the American Legion; Mrs. W. J. Byers and Mrs. C. E. Abbott, regents of the Nebraska D. A. R.

WORLD FORUM TO BE HELD ON WEDNESDAY

Rev. Ervine Inglis to Talk on Convalescing From Effects of War.

The Rev. Ervine Inglis, pastor of the Vine Congregational church, has been engaged as speaker for the World Forum luncheon, which will be held Wednesday noon in the Temple cafeteria. The Rev. Mr. Inglis will speak on "Convalescing From Our War Sickness."

Rev. Mr. Inglis is a graduate of Grinnell university, and has been pastor of Vine Congregational church of this city for the past six years. He spent seven months overseas in the artillery during the war, and will use this experience as a background for his talk.

World Forum is sponsored by the University Christian associations and everyone is welcome to come. The address will be over at 12:50, making it possible for those having 1 o'clock classes to attend.

METHODIST CLUB TO HOLD SECOND MEETING TONIGHT

Phi Tau Theta, Methodist men's fraternity, will hold its second open meeting tonight at 7 o'clock. Active members of the fraternity will lead the discussion on "What is Religion?" All freshmen men were urged by the Rev. Mr. Fawell to turn out for the meeting at the Wesley foundation.

On Oct. 14 Phi Tau Theta plans an evening program with a group discussion. Oct. 21 members of Phi Tau Theta will have a supper meeting at the Emanuel church. It is planned to secure a speaker for the supper meeting. Kappa Phi and Phi Tau Theta will hold a joint frolic on Oct. 24.

Dr. Pool Conducts Botany Class In Midst of Rockies; Students Study Birds and Formations Too

BY BOYD VON SEGGERN.

Eight regularly enrolled University of Nebraska students were members of a botany class which was conducted by Dr. R. J. Pool at Estes Park, Colo., this summer. This six weeks' course has been offered annually for a number of years and allows six hours credit to be applied as science.

A total of seventeen students were enrolled for the course. The eight undergraduate students included Gretchen Fee, Sioux City; Wilma Walla, Morse Bluff; Helen Pfister, Edgemont, S. D.; Mildred Bertosh, Dodge; Dave Whitworth, Lincoln; Paul Hildebrand, Seward; Ramey Whitney, Chappell, and Boyd Von Seggern, West Point.

Graduates in Class.

Ruth Pilling, Omaha, a graduate of the class of 1930, was also in the class besides several other former students of Nebraska university. Miss Elva Norris, state seed analyst, and Mrs. Sarah Jane James Haase of Detroit, were among the latter.

Botany 13c, as it is catalogued, is an intensive training in the

'OPEN HOUSE' AT OBSERVATORY SET FOR THIS EVENING

"Open-house" at the university observatory, Tenth and K streets, will be held from 4 until 10 o'clock tonight. A lantern lecture at 8 o'clock on "Other Stars Than Ours" will be given by Prof. G. D. Swezey. Should weather conditions permit, evening visitors will be shown the andromeda nebula through the telescope immediately preceding and directly after Professor Swezey's talk.

The university observatory is open to the public on the first and third Tuesdays of every month. The lecture and telescope observations planned for this Tuesday will be the first of the current year.

FACTIONS CAST EYES TOWARD FALL VOTING

Kappa Sigma Declares Is Still in Yellow Jacket Fold.

WON'T SWITCH PARTIES

By POLITICUS.

Kappa Sigma fraternity, said to have indicated possible "change of political color" is still in the yellow jacket fold.

Refutation of any desire to join the opposing camp was made emphatically by the fraternity following appearance recently of rumors to that effect.

An official statement has been issued by the Kappa Sigma fraternity, reading:

Make Statement.

"The report that Kappa Sigma will join the blue shirt political faction before the coming fall elections is without adequate foundation. This fraternity was a firm supporter of the yellow jacket platform last year, and will assume the same attitude this season.

"Active political participation is planned by Kappa Sigma fraternity during the coming term. More active men than usual have returned this year which greatly increases the strength of the chapter as a political power.

"With this added help the fraternity expects to push vigorously all yellow jacket policies and this faction can readily depend upon Kappa Sigma support to the utmost."

Faction Served.

So with this group back in their fold, the yellow jackets have taken on new impetus, prior to the fall campaign, according to Neal S. Gomon, faction leader. The rumors that were current about Kappa Sigma's turning away were not exactly refuted by the yellow jacket promoters; hence they feel somewhat relieved.

Meetings will be held by both factions, supposedly, this week for the purpose of lining up their slates for the elections to be held a week from this Tuesday.

It has always been the custom of the political bodies to hold their meetings a sufficient length of time in advance to enable a check on all eligibility requirements.

Scholastic Hurdle Difficult.

The scholastic hurdle has always been the most difficult one to overcome. It is not a matter of grades—whether the tentative nominees are Phi Beta Kappa prospects—but it is a matter of having enough hours tucked away to meet the rules set down by the university authorities.

For instance, there's the matter of having twenty-seven hours the previous two semesters, besides having twelve hours the immediate semester before. And, too, each candidate must be carrying at least twelve hours at the time he is put up for office.

The student council last spring laid down a rule that all members of that body must have an average above 75 percent. Whether this will include candidates for all offices remains to be seen.

Pershing Rifle Group Acts as Firing Squad

Pershing Rifles furnished a firing squad last Friday to serve at the military funeral of the Rev. M. O. Fivecoate, Lincoln Civil War veteran.

Four men selected from the local Pershing Rifles society, headed by a commander, fired three volleys as last rites.

LITERARY GROUP HOLDS MEETING WITH STEPANEK

Sigma Upsilon, honorary literary fraternity, held its initial meeting of the year at the apartment of Prof. Orin Stepanek, Sunday night. Seventeen members and eight invited guests were present. Several members and guests read original manuscripts and excerpts from the works of prominent authors. Luncheon was served at the close of the meeting.

Hayes Attends Meet of Y. M. C. A. Groups

C. D. Hayes, general secretary of the university Y. M. C. A., attended a weekend conference of the student Y groups of this part of the state at Crete Sunday. A. J. "Dad" Elliott, who conducted a series of meetings for freshmen here last week, led the conference.

Mr. Hayes and Marlo Smith represented the downtown Y at the conference and Don Pilger and Clifford Jones were sent from the agriculture college Y.

Ask Faculty Check List for Directory

Directory list of all faculty members will be posted in Social Sciences hall today, according to staff members. Faculty members are requested to check the list carefully, and correct any mistakes in the names or addresses.

Study Out of Doors

By far the greater part of the time was spent out of doors. Two regular class periods were conducted, however, a lecture being held each morning and another in the evening.

The regular order of events called for three full day excursions during the week. These trips (Continued on Page 2.)

Pershing Rifles Is Both Campus Tradition and National Society; Founded Here by Famous General

BY JACK ERICKSON.

Nebraska military cadets who display their adeptness in the Pershing Rifle try-outs Thursday and Friday of this week will be aspiring to membership in an organization which is both a campus tradition and a national institution.

The Pershing Rifles society, in its present form, is an outgrowth of a crack military squad organized here by General John Pershing in 1892 under the name of "Varsity Rifles." In 1894 the name of the society was changed to Pershing Rifles in honor of the founder and after remaining as a local military honorarium until 1924 it became national after a request for membership by a group at the Ohio State university. Since 1924 it has annexed ten chapters in different parts of the United States.

Drilled Before Guard.

Pershing Rifles, as a society, made one of its initial fame accruing acts in 1898 when, under the captaincy of Col. W. H. Oury, the new head of the military department, a company drilled before the national guard in an attempt to add recruits to the Spanish-American war list.

The national headquarters of Pershing Rifles society will always remain at the University of Nebraska, according to specifications in the constitution. In addition the University of Nebraska will have the national major general and the national major adjutant. At present, Carl J. Hahn is acting in chief command as national major general. William Comstock is now serving as national major adjutant of Pershing Rifles. The recently elected captain of Company A, second regiment of the "Rifles," is Claude S. Gillespie, also of this university.

Has Eleven Chapters.

Since the expansion of the Pershing Rifles society, following its national charter and reorganization in 1924, the following universities have been given chapters: Ohio State university, Indiana university, University of Iowa, Washington, University of Washington, (Continued on Page 2.)

WILLIAMS, POSPISHIL CHOSEN FOR DEBATE

Selection of Team to Meet English Here Oct. 24 Is Completed.

Lloyd Pospishil of West Point and Alan Williams of Lincoln were selected in the debate tryouts last week to meet the team from England on Oct. 24 or later, depending upon the English team's travel schedule.

Those who tried out were Frank B. Morrison, Earl C. Fishbaugh, Ted T. Feidler, Alan G. Williams, Carl J. Marold, Lloyd Pospishil, Clarence P. Cooper, Felix Walther and John P. McKnight.

Judges for the debate were all former college debaters. Lloyd E. Chapman, assistant city attorney of Lincoln, is a veteran debater from the University of Iowa; Prof. Thomas J. Fitzpatrick of the department of botany was a member of the Iowa State debate team in his college days, and Byron E. Yoder, Lincoln realtor, is a former Nebraska debater.

Of the two men chosen at the tryouts, Alan Williams is 'beginning his third year as a member of the University of Nebraska debate team while Lloyd Pospishil has debated for Nebraska one year previous to this. He won the long freshman debate cup two years ago.

BURR OPTIMISTIC FOR FUTURE OF NEBRASKA

Dean of Agricultural College One of Speakers At Omaha Luncheon.

OMAHA, Neb.—(Special)—Agriculture had its inning when prominent individuals from farm circles located in all parts of the state were present at a public affairs agricultural luncheon at the Omaha Nebraska's basic and paramount industry.

Carl R. Gray, chairman of the chamber's agricultural committee and father of the dairy development movement in the state, presided. Gray, in his introductory remarks predicted Nebraska's aggregate farm crop valuation for this year with livestock totals less a percentage for home raised feeds, would be more than \$600,000,000.

Other speakers on the luncheon program included W. W. Burr, dean of the University of Nebraska college of agriculture, Prof. H. J. Gramlich, also of the college of agriculture, and George Jackson, secretary of the Nebraska state fair board.

Says Dollar Worth More.

Burr was optimistic for the future of Nebraska agriculture saying that the state was located in the most fertile agricultural belt in the world and that the purchasing power of the Nebraska farm dollar would be above the average for the past five years.

Gramlich emphasized confidence in the state's business and the Nebraska farmer upon whom business so clearly depends. Livestock, he advocated, was one of the most important industries in the state since a tremendous amount of the crops raised here are being fed.

Jackson traced the development of Nebraska from its earlier days when he arrived and became a citizen of the commonwealth and praised the progress made in its comparatively short existence.

Thirteen of Nebraska master farmers were guests at the luncheon—Nebraska's agricultural "400," as Chairman Gray introduced them.

BUSINESS FRATERNITY INITIATES INSTRUCTORS

Swayzee, Cuneo, Snyder, Mott Are Honored by Delta Sigma Pi.

Special initiation services will be held at the Lincoln hotel by Delta Sigma Pi, professional fraternity of the college of business administration, for four faculty members who have been added to the college teaching staff this semester.

Those to be initiated are C. O. Swayzee, who came to Nebraska from the extension department of Columbia university; A. R. Mott, who came here from Michigan university; J. A. Cuneo, former member of the romance language department, and I. V. Snyder, who is manager of the Northwestern National Insurance company of Lincoln.

After the initiation services a dinner will be given in honor of the new members.

HAYES ATTENDS MEET OF Y. M. C. A. GROUPS

C. D. Hayes, general secretary of the university Y. M. C. A., attended a weekend conference of the student Y groups of this part of the state at Crete Sunday. A. J. "Dad" Elliott, who conducted a series of meetings for freshmen here last week, led the conference.

Mr. Hayes and Marlo Smith represented the downtown Y at the conference and Don Pilger and Clifford Jones were sent from the agriculture college Y.

FROSH WHO NEED CAPS REQUESTED TO LEAVE NAMES

All freshmen who have not yet obtained their characteristic headgear may obtain them by leaving their name at either the Daily Nebraskan office or the Cornhusker office before the end of this week.

The names will be given to Ben Simon and Sons, and upon the arrival of the green, each man will be notified at what time he may call for the cap.

An effort is being made to see that no freshman man shall be denied the privilege of wearing the official cap as specified by the University of Nebraska.

COLLEGES FAIL TO FEEL "HARD TIMES"

Survey By United Press Shows Enrollment May Advance.

MINN FOUR HAVE DROP

MINNEAPOLIS, Minn.—Drouth and the business depression instead of decreasing the enrollment in American colleges this year, are likely to be marked by the heaviest attendance in years, a survey by the United Press indicated today.

Only four schools in the comprehensive list included in the survey reported a decreased enrollment of any considerable size and only three of them attributed it to business depression. The University of Mississippi reports fifty fewer students than last year.

Indiana university reported 187 fewer students than at this time last year and officials there ascribed the decrease to "hard times." The University of Illinois gave its new student enrollment as 545 less than in 1929 but offered no explanation.

"Studies of enrollment show that periods of prosperity and depression just about cancel each other," said Glenn Frank president of the University of Wisconsin. "If these periods have any effect on college enrollment the tendency seems to be for prosperity to slow up and for depression to speed up registration."

Among the schools reporting increased enrollment with amount of their increases were: Beloit college, 105; University of Wisconsin, slight gain; University of Nebraska 164; Knox college, Galesburg, Ill., total of 656 students (largest in history) Temple university, 13,053 for total (largest in history of the school) and Purdue university, 343.

MISS POUND GETS APPOINTMENT TO IMPORTANT GROUP

Appointment of Miss Louise Pound to the department of English to serve as a member of the national council of the International Institute of Intellectual Cooperation, was announced today. The institute was recently founded at the request of the Pan-American union to collaborate with the Inter-American central council and other national councils in studying and solving problems of the intellectual life in the Americas.

Regarding the invitation which was extended her by W. R. Castle, assistant secretary of state of the United States, Miss Pound had little to say. "I am not fully acquainted with the particulars as yet," she said. "I know a little something about the problems that will be undertaken, but as to the time and place of the first meeting I do not know."

SHERMAN WRITES DISCUSSION FOR FRICK BULLETIN

Dr. Lucius A. Sherman, chairman emeritus of the department of English, has contributed a discussion of character education to the bulletin of the Henry C. Frick Educational Commission.

The Frick foundation is for the purpose of organizing the cultural wealth of the world for the benefit of children in the schools. The essay by Dean Sherman has been issued in the "School Betterment" series as number three of volume two. It will be followed by other studies by Dr. Sherman and others in connection with the national campaign for enrichment of both child and adult education.

In the initial work by Dr. Sherman, the author seeks to discuss the broad applications of sense impressions, the individual reactions of men, and the process of learning by experience in regard to the highest emotional and ethical life.

COMMERCE CLUB TO HAVE FEED TONIGHT

New Men Invited to First Meeting At Temple Building At 7:15.

The Men's Commercial club of the college of business administration will entertain the men of the college at a free pie feed at the Temple building tonight at 7:15 o'clock.

Each semester the Commercial club entertains the men of the college. For the first semester, a pie feed has been the custom. Last year, more than one hundred men attended the affair, and as many, if not more, are expected to attend tonight.

All freshmen of the college have been sent special invitations, according to Donald Ekeley, president of the organization. The aim of the club is to provide an opportunity for the new men to get acquainted with the older men and the faculty members of the college.

DR. WAITE GOES TO EUROPE WITH AMERICAN PUBLIC HEALTH GROUP; PARTY VISITS POINTS OF INTEREST

Dr. Herbert H. Waite, professor of bacteriology and pathology at the University of Nebraska, was a member of the European delegation of the American public health association which spent about two months in sight seeing and scientific investigation in Europe this summer.

The party of more than one hundred of the nation's foremost authorities on public health left New York on June 14 on the S. S. Adriatic, sailing for Liverpool.

Lectures Feature Voyage.

During the voyage the time was spent in both instruction and amusements. Lectures on various aspects of public health occupied much of the time. Professor Waite taking his turn with a five minute talk on "Laboratory Procedure and Epidemiology." A spelling bee, treasure hunt, costume party and deck and table games entertained the delegation during the voyage.

The delegation was welcomed to England by a group of English scientists. They continued to London by sight seeing bus, visit-

Bible Praises Reception

Appreciation of the cordial hospitality accorded the Texas Aggies during their two day visit on the University of Nebraska campus was expressed Monday by Head Coach Dana X. Bible.

A former Texan himself, having been coach at the school which the visitors represented, Bible was doubly pleased with the ovation given his former associates and friends.

"It is indeed gratifying to me," the mentor declared, "to see Nebraska having such a wonderful spirit. Especially was I grateful for the kindness shown the Texas Aggies here last week end. Such demonstrations give added interest and prestige to the institutions involved."

27 GIRLS CHOSEN FOR VESPER CHOIR

Several Last Year Members Return; Alene Neely Heads Try-Outs.

From a list of fifty aspirants, twenty-seven girls have been chosen to make up the Vespers choir this year. Try-outs were held the past week in Ellen Smith hall by Alene Neely, director of the choir. A number of members of last year's choir have asked to return this year, also.

Those selected are: Altos: Louise Buddin, Romona Friedrich, Pauline Gourreau, Leona Jacobson, Fern Johnson, Leone King, Bernice Loutzenheiser, Margaret Lyman, Jean Marshall, Iona Pierce, Mary Ann Secler, and Fern Wunnsberg; sopranos: Ardis Arhott, Jean Alden, Florence Gebhart, Denice Johnson, Betty Ladd, Priscilla Monnich, Opal Marcy, Virgine McBride, Willa McHenry, Elaine Nicholas, Lucile Reilly, Mary Seely and Margaret York.

BARBS PICK TWO MEN FOR COUNCIL PLACES

Stanley Mengler and Gordon Williams Selected to Fill Vacancies.

Stanley Mengler, Alexandria, and Gordon Williams, Lincoln, have been elected to the University of Nebraska barb council, according to Alan G. Williams, president.

These men will fill the vacancies caused by the failure of two members selected last spring, Kenneth McGill, Tekamah, and Wilson Rogers, Vermillion, Kas., to return to school this fall.

Mengler, aside from his activities with the nonfraternity students in a political way, has also taken an interest in the social affairs sponsored by the barb council. With his election to the group he will assume control over the events together with his associates.

The other newly chosen member is a brother of the barb leader, Alan G. Williams. Gordon entered the University of Nebraska this fall as a freshman and as yet has not affiliated himself with a fraternity. Whether he will follow in his brother's footsteps and remain a barb is not known at this time.

RODGERS CHOSEN NEW YELL KING

Nelson Twins, Harold and Howard, to Aid in Front of East Stand; Clark Powell, Arthur Pinkerton, Byron Bailey Named Assistants.

FINAL SELECTION MADE BY INNOCENTS SOCIETY

Cheer Leaders Schooled This Year by Rudy Vogeler. Don Warner: Gymnastic Stunts Will Have Part in Program; Instruction Continued.

Ralph Rodgers, 32, Lincoln, was named head varsity cheer leader at a meeting of the Innocent society Monday evening. The Nelson twins, Harold and Howard, were selected to assist him in leading cheers in the east stand of the stadium. They are juniors in the university and hail from Lincoln.

Other cheer leaders named to lead yells in the west stand are Clark Powell, 32, Omaha; Arthur Pinkerton, 33, Omaha; and Byron Bailey, 33, Lincoln.

Final selection of cheer leaders was made Monday evening by the Innocent society following a series of tryouts beginning immediately after the opening of school. Cyril Winkler was in charge of the cheer leading "school" and was assisted by Rudy Vogeler and Don Warner, former varsity cheer leaders.

More Schooling Planned.

Warner, who conducted the cheering at the rally last Friday and at the game Saturday, will continue to school the new cheer leaders. Gymnastic stunts with the cheer leaders taking part are planned for some of the games.

The new head varsity cheer leader is a member of Sigma Chi fraternity, the "N" club, quarter miler on the track team and sports editor of The Cornhusker. He assisted in cheering leading last year in the west stand.

The Nelson twins are members of Pi Kappa Alpha. Powell is a member of Delta Tau Delta and Pershing rifles. Pinkerton is affiliated with Sigma Alpha Epsilon and was president of the freshman class last year. Byron Bailey is a member of Alpha Sigma Phi.

The other newly chosen member is a brother of the barb leader, Alan G. Williams. Gordon entered the University of Nebraska this fall as a freshman and as yet has not affiliated himself with a fraternity. Whether he will follow in his brother's footsteps and remain a barb is not known at this time.

DR. WAITE GOES TO EUROPE WITH AMERICAN PUBLIC HEALTH GROUP; PARTY VISITS POINTS OF INTEREST

Dr. Herbert H. Waite, professor of bacteriology and pathology at the University of Nebraska, was a member of the European delegation of the American public health association which spent about two months in sight seeing and scientific investigation in Europe this summer.

The party of more than one hundred of the nation's foremost authorities on public health left New York on June 14 on the S. S. Adriatic, sailing for Liverpool.

Lectures Feature Voyage.

During the voyage the time was spent in both instruction and amusements. Lectures on various aspects of public health occupied much of the time. Professor Waite taking his turn with a five minute talk on "Laboratory Procedure and Epidemiology." A spelling bee, treasure hunt, costume party and deck and table games entertained the delegation during the voyage.

The delegation was welcomed to England by a group of English scientists. They continued to London by sight seeing bus, visit-
