## GAMMA PHIS BLANKET CHI O'S IN SPEEDBALL

### Winners Advance in Tourney By 6 to 0 Decision Over Latter Group.

In an evenly matched and hard fought game, Gamma Phi Beta last night eliminated Chi Omega team No. 2 from the intramural speedball tournament by a score of 6-0. In the first quarter, the Chi

Omega team was by far the more aggressive of the combatants, and the play took place entirely around Gamma Phi goal. Attempts to score, however, were unsuccessful. And the quarter ended 0-0.

The second quarter found the Gamma Phi team warmed up and going strong, and although the work of the goal keeper, Margaret Buol, was admirable, Charlotte Goodman, Gamma Phi, sent a beautiful kick through the posts for the only score of the quarter. The half ended with the Gamma Phi team leading a 3-0 score.

Chi O's Rally. Rallying in the third quarter with a passing attack, the Chi

Omegas several times threatened to tie the score, but the swift and accurate booting of Alice Buffett, Gamma Phi goal keeper, prevented successful efforts.

The fourth quarter action was fairly evenly matched, but the Gamma Phi team had a slight edge on their opponents in reserve wind and enthusiasm, and Martin Sterricker succeeded in kicking another goal for the last score of the game.

Although few members of either team had previous knowledge of the game, team play was generally good, although there were no outstanding players.

Paddle tennis practices continue this week in the woman's gymnasium.
