BY GUY CRAIG.
Oklahoma and Kansas still retain their positions at the top of the Big Six heap. Saturday's games failed to make any drastic change in the conference standing. Kansas, minus the services of Jim Bausch, won over Iowa State 20 to 6. The victory was the second in conference competition for the Jayhawks and places them at the top of the Big Six race in a tie with Oklahoma. The Kansas team will journey to Philadelphia this week end to meet Pennsylvania in one of the important inter-sectional games of the week.

Lindsey's Boys Win.
Coach Ad Lindsey's pupils grabbed a tough game from the Kansas Aggies when Mills climaxed the first quarter with a forty-nine yard sprint through the Kansas Aggie left tackle for a touchdown and kicked his goal for the extra point. Most of the game was played in midfield.

The Sooners will journey to Ames this week end in a game which should give them plenty of trouble as far as staying at the top of the conference. The Aggies will entertain Missouri at Manhattan in the first conference engagement of the season for the Bengals.

Tigers About Face.
After losing three of their pre-conference games, the Missouri Tigers did an about face to lick Drake 14 to 13. The Tigers looked better in this game than they have in any of their previous engagements and may have to be reckoned with in the Big Six before the season is over.

Nebraska used practically every member of the squad in showing Montana State under 53 to 7 Saturday. The game, which was scheduled as a "breather" on the Nebraska season, gave Coach Bible plenty of chance to use his first, second and third string outfits. The only injuries suffered were a sprained ankle acquired by Marvin Paul and a split lip received by Chick Justice. Other than these two minor hurts the Huskers came through the fray in fine shape and should be set for Pittsburgh this week end.

JAYHAWKS GET SPECIAL TRAIN FOR PENN GAME

Lawrence, Kan., Oct. 25.—A special train to Philadelphia for the University of Kansas football team, and Kansas fans who want to go to the Penn game, will leave Lawrence at 7:10 p. m. Wednesday, Oct. 29, and will reach Philadelphia at noon, Oct. 31. The train will operate by way of Chicago over the Rock Island and the Baltimore & Ohio railroads. Rate of round trip for a one-way fare has been arranged.

Details for the trip are being apprintended by Dr. F. C. Allen, director of athletics at the university, Fred Ellsworth, alumni secretary, Maurice Breidenthal of Kansas City, Kan., alumni member of the athletic board, and W. J. Miller of Topeka, also an alumni member of the board.

STORY FINISHES FIRST IN ALL-TWO MILE RUN

Jim Story finished first in the second all-university two mile run of a series of such contests that are being conducted by the intramural athletic department. D. E. Sikler was second, Ervin Watson third, L. M. Weaver fourth, H. D. Hartly fifth, C. Battie sixth, and G. Tool seventh.

The third two mile jaunt will be staged this afternoon at 5 o'clock. Medals will be awarded to the six men who turn in the best average time for these three meets. The purpose of such all-university competition is to offer athletic participation to physically minded non-fraternity men and to scout potential varsity material.

Wyoming U Has New Greek Letter Groups

LARAMINE, Wyo.—Alpha Chi Omega sorority and Sigma Chi fraternity installed new chapters on the University of Wyoming campus the week end of Oct. 25. A local sorority, Delta Phi Sigma, became the fifty-fifth chapter of Alpha Chi Omega while the independent club became Gamma Xi chapter of Sigma Chi.

The Benchwarmer by Guy Craig

"PEOPLE who live in glass houses should not throw stones," to quote one of the old Greeks or whoever it was that is responsible for all of these proverbs. The man who concocted this saying must have been a member of some athletic conference.

Are all of these schools who are throwing mud at Kansas free from the blemish of subsidizing athletes? If an investigation is held on happenings in the Big Six, how many schools will receive a clean slate?

Kansas and the Kansas Aggies have already fallen by the wayside, leaving Nebraska, Iowa State, Oklahoma and Missouri to consider. From the evidence presented during the recent discussion over subsidization of athletes in The Daily Nebraskan editorial columns, the Cornhuskers are free from any such blemish.

PAYING athletes is the result, to a large extent, of the alumni. After these old grads get out of school they demand a winning football team. If they have to go out and get a good man and pay him a salary to go to school—all well and good.

But when a row is raised about the man and his amateur standing is under fire, the old alums all throw up their hands in dismay and condemn the school.

"Oh, to think that my alma mater should stoop so low and take such measures to win games!" they cry. What a bunch of silly rot.

Kansas seems to be caught in just such a position and we can only guess as to the outcome of the affair. Suspension of Meissinger by Aggie officials has left the matter entirely in Kansas officials' hands.

IF KANSAS should withdraw from the Big Six they might possibly enter the newly formed Missouri Valley conference. The other thing left for them to do would be to schedule games on an independent basis. This might prove difficult, as Nebraskans learned in their attempt to "go it alone."

It is pretty hard to find seven or eight teams that are willing to schedule games on a home and home basis. Then, basketball, track and baseball would offer almost insurmountable difficulties.

Kansas authorities are acting slowly, as well they may. It is a problem which is not to be decided on the spur of the moment.

ROSCOE KROGER, after playing football Saturday, went to his home in Grand Island, Sunday he mounted a motorcycle and ran into a barbed wire fence. He cut an eight inch gash in the groin. He can barely walk. He will not play Saturday.

And they say football is a rough game! Motorcycling should be placed in the same category.

It may be that Kroger was practicing a few of his line tactics on the fence.

ACCORDING to Dean T. J. Thompson, Nebraska's representative at the Big Six conclave, the ruling against Kansas was not a drastic move on the part of that body.

"Kansas was aware of the feeling of the committee a year ago. The conference made no stipulation to Kansas authorities in the Bausch case. Everything is up to them now," Dean Thompson declared.

The Big Six football championship, providing Kansas wins, may also come up for debate, Dean Thompson intimated.

This seems to be a queer way of doing things. If the Kansas football team goes ahead and wins the championship they should be allowed to keep it unless they are immediately declared ineligible for the trophy, but allowed to play out their schedule.

HOAG, MARIO WILL BATTLE AT TENNIS

All-University Title Lies Between Two; to Play Last of Week.

Art Hoag and Roberto Mario are the two men who will drive and chop tennis balls across a net the latter part of this week in battle over the All-University singles tennis championship. Hoag eliminated Eddie Beagler 6-3, 6-3, Monday afternoon to go into the finals.

Beagler was decisively outclassed. Hoag has a fast serve on both the first and second balls and can drive or chop as the occasion demands. He repeatedly caught Beagler off balance, stroked his shots deeper and displayed an admirable eye for placements. Beagler was right on to play in the semi-finals by out-stroking Leonard Conklin last Friday 6-3, 5-7, 6-1.

From Philippines.
Mario found his way to Nebraska from the Philippines where tennis is one of the most popular of sports. Dope whisperers point to him as favorable varsity material. Mario marched to the finals with little difficulty disposing of Durish in the quarter-finals, and then defeating Miller 6-4, 6-1 in the semi-finals. A strong serve and an accurate drive that he can execute from nearly any position make his strokes hard to judge and harder to return.

Hoag, who is State Junior Singles champion and a joint holder of the doubles championship, lives in University Place and attended Wesleyan high school. He is considered one of the best tennis prospects that ever entered the university.

Aggies, Druggists and Engineers Head Soccer

Inter-college soccer nears an end with the Aggies, Pharmacy, and the Engineers still holding even chances to finish first. The Agricultural team played the druggists to a 1-1 tie last week. This undecided battle will be fought to the finish Tuesday afternoon at 4:30 on the drill field. The winner of that game will cross shins with the engineers on Thursday afternoon at 5:00 for the championship. Fourteen official intramural medals will be awarded the victorious team.

'Y' Groups Plan Joint Party for Halloween

On Friday, Oct. 31, the university Y. M. C. A. and the Y. W. C. A. will hold a joint Halloween party in Ellen Smith hall at 8 o'clock.

George Robinson is general chairman of the party. Margaret Leonard is in charge of the decorations and Mildred Gish is planning the refreshments. Howard Miller is arranging for the entertainment. He states that good music is being arranged for.

This is the second joint party of the two organizations this year.

K. U. HOMECOMING IS NOVEMBER 15

Jayhawks Plan Celebration On Date of Nebraska Game at Lawrence.

Lawrence, Kas.—The committee in charge of the general decoration plans for the homecoming this year at the University of Kansas announces that not only will prizes be given to the best decorated fraternity and sorority houses, but also to the best decorated houses other than the Greek letter. Three loving cups will be awarded. Nov. 15, the date of the Nebraska-Kansas football game, is the date for homecoming this year.

Besides the house decorations, the committee plans to have flags and pennants which will adorn the available flag poles on the campus. The electric K. U. sign will probably be used on top of Fraser hall, and in addition some plan for decorating the lamp posts along the main campus drive will be worked out.

A radio rally will be held Friday, before the game Saturday at which time a suitable program will be presented. A football game is scheduled between two professional fraternities which promises to be a good scrap. The annual student mixer has been planned also for Friday night.

SMOKING RUINS VOICE, SAYS FRIEDA HEMPEL

Advices Those Who Aspire To Opera To Abstain From Tobacco.

MADISON, Wis.—Women who aspire to Grand Opera or concert careers, and all those who have well considered opinions as to the relative value of the fifty-seven varieties of cigarettes, will have to choose between singing and smoking, is the advice of Frieda Hempel, who will sing in Madison, Oct. 29.

The prima donna warns prospective singers that vocal chords are not lubricated to advantage by inhaling.

"Smoking most certainly ruins the voice," says Miss Hempel, "and the would be operatic star must decide between her art and her acquired pleasure. 'I say 'acquired' because it certainly is not natural. Careers are often very fragile things and are almost sure to go up in smoke if you blow your own rings."

Jenny Lind would doubtless have been horrified at the very thought of girls smoking, career or no career. Miss Hempel is also of the opinion that there will be more home grown and home developed opera stars within the next few years, and that Europe will no longer play the leading part in their training.

"There is no need of dashing off to Europe the moment one begins to practice scales," says the soprano. "Some of the greatest teachers in the world are right here in America, and most of them are Americans. I do not underestimate the good that Europe can do. Europe has centuries of music behind it and Europeans go to the opera as we go to the movies."

"Singers undoubtedly receive aspiration by even a short visit. But..." and Miss Hempel emphasized the short and effective word into a warning... "let them go well equipped that they can intelligently appreciate and discriminate; otherwise, the mass of music may confuse rather than broaden their view. And above all, let them leave their cigarette case at home, or better still, bury it where they will never find it again!"

Homecoming Stamp Sellers to Report
Upperclassmen taking charge of the "N" stamp sales in the houses must report to the A. W. S. office this afternoon between 3 and 5 o'clock. Freshmen teams should also complete their sales check-up at the same time.

'Y' FINANCE DRIVE NETS \$339 TOTAL SINCE THURSDAY

Three hundred and thirty-nine dollars is the total amount pledged in the finance campaigns of the University Y. M. C. A. of both campuses to date, according to C. D. Hayes, general secretary of the University Y.

The agricultural college group is continuing their drive with a follow-up committee. The total pledged there thus far, is \$208.

At a meeting of the team captains and workers in the downtown drive Thursday evening \$131 was pledged. The teams and captains will meet tonight at 6 o'clock in the Temple cafeteria for the first report. The drive closes Thursday.

K. U., Missouri Vie for New Grid Trophy

COLUMBIA, Mo.—A large silver loving cup will be a new objective of the University of Missouri and the University of Kansas in their annual fall football classic this year. The cup, a donation of the Missouri university Pan-Hellenic council, will be awarded to the winner of the game played at Columbia, on Nov. 22.

BIBLE STRESSES PASS IN MONDAY WORKOUT

Coach Begins Preparation For Pittsburgh Invasion Here Saturday.

A long passing drill featured the Cornhusker practice Monday night as Coach D. X. Bible began preparing for the Pittsburgh invasion this Saturday.

Long, Young and Brown were doing the passing with fair success.

Roscoe Kroger, varsity tackle, will be out of practice for some time due to an injury received while riding a motorcycle Sunday. The extent of his injuries have not been determined, but it is doubtful if he will see any more action this season. The remainder of the forty men used in the Montana State game are in good physical shape. Justice is nursing a cut lip, but will be out for practice tonight.

Tickets for the Pittsburgh-Nebraska game are being sold at the rate of about a thousand per day, but there is no indication of a sell-out as first expected.

An article explaining Latin-American revolutions and dealing with their underlying causes has been written by Dr. H. M. Stokes of the department of political science and last Sunday was published in the Omaha World-Herald.
