

SOCIETY

Genevieve Brehm, Lincoln, Phi Mu, was presented by Emory Fahney as Queen of the Farmer's Formal on Friday evening in the Activities building. Elm boughs were built up around the sides of the room to resemble a corral and the idea was carried out with three stalls on the stage of the gymnasium.

Ladders formed a barricade which had to be climbed over before the guests could enter the ball room where straw stacks were one of the features. Luncheon was served in an improvised barn. Sponsors for the affair were Chancellor and Mrs. E. A. Burnett, Dean and Mrs. W. W. Burr, Mr. and Mrs. P. T. Prescott and Dr. and Mrs. F. C. Kelm.

Walter Ebers was in charge of the decorations, Cyril Winkler, the entertainment, Clifford Jorgenson, chaperones, and Boyd Von Seggren, publicity.

Bernice Geisler is bride of Paul Mousel. Miss Bernice Geisler, Lincoln, became the bride of Paul Mousel at the home of her parents Saturday evening at 8 o'clock. Miss Ruth Mousel was the bride's only attendant. Miss Geisler is a member of Alpha Omicron Pi and Mr. Mousel, Sigma Nu.

Alpha Delta Thetas who attended the game at Lawrence Saturday included Gladys Lemke, Anna Hood, Helen Wilson, Maurine Lunt, Edythe Perry, Emma McLaughlin, and Ruth Hackman.

Miss Alma Karel of Clarkson was a Friday guest at the Alpha Delta Theta house.

Theta Xi Mother's Club Entertains. The Theta Xi Mother's club held its second meeting of the year Wednesday afternoon. Plans were made for a tea, honoring the out of town mothers, to be held Dec. 3. The club now has a membership of thirty-five.

Alice Bauman, West Point, was called to her home Wednesday because of the illness of her mother.

Among Phi Beta Phi members who motored to Lawrence for the game Saturday were Ruth Scott, Katharine Weller, Lucille Gray.

HELEN LOHMEIER WINS PRIZE FOR SELLING CANDY
Helen Lohmeier received the award for the highest sales in the W. A. A. concessions at the Pittsburg game. Mildred Williams was also given a box of candy for the second highest sales. Daisy Schoepel was third with seventy cents less to her credit than Miss Williams.

Other high salesmen among the two hundred girls who sold were Myra Biggerstaff, Catherine Jensen, Betty Jacobs, Hilda Hill, Dorothy Cook, Margaret Cook and Viola Rickenbow.

Axis Club Meets.
The nature study section of the Axis club met at the university museum Thursday evening to study rocks which are commonly found in the vicinity of Lincoln.

To Teach in High School. Emma Beckmann, a fellow in the department of history, will finish the year as an instructor in history at the Lincoln high school.

DR. STRONG TO GIVE ILLUSTRATED LECTURE

Professor of Anthropology Will Speak on Arctic Conditions.

Dr. William Duncan Strong, professor of anthropology, will give an illustrated lecture on the "Caribou Hunters of Northern Labrador" at the Temple Theater Thursday evening at 8 o'clock, under the auspices of the Lincoln League of Women Voters. During the evening motion pictures will be shown.

For four years Dr. Strong did research work among the Indians of the Pacific coast from Alaska to Mexico, working with them and carrying on excavations of prehistoric sites. Dr. Strong came to the university a year ago from the Field Museum of Natural History in Chicago, where he was assistant curator of North American Archaeology and Ethnology.

In 1927 and 1928 Dr. Strong was anthropologist for the Rawson-MacMillan sub-Arctic expedition of the Field Museum to Labrador and Baffin Island. Dr. Strong was the first white man to live with the Naskapi Indians in the winter time.

The public is invited to the lecture and may secure tickets in the book section of Rudge and Guenzel's store or in the state league office on the fourth floor of the building. Students may get tickets at the College Book store.

Patrons and patronesses will be Chancellor and Mrs. E. A. Burnett, Governor and Mrs. A. J. Weaver, Mayor and Mrs. Don Love, Dean and Mrs. John D. Hicks, Dr. and Mrs. A. E. Sheldon, Mr. and Mrs. W. E. Hardy, Mrs. E. F. Pettis, Dr. Inez C. Philbrick, and Mrs. H. H. Wheeler.

CHRISTIAN STUDENTS ANNOUNCE PROGRAM

Discussion of "What is Success" to Feature Sunday Meeting.

Students of the First Christian church young people's department under the leadership of Lloyd L. Pospishil have planned their regular Sunday program for this week. At 9:45 o'clock Sunday morning the department will assemble for the church school program. The church school classes will meet as usual at that time.

The regular morning worship service of the church will be at 11:00 o'clock and all students have been invited by Dr. Ray E. Hunt, pastor, to attend the service. The sermon subject will be "Thinking Peace."

The usual social hour will be at 6:30 p. m. Miss Ethel Jones will lead the group in games. Light refreshments will be served by a committee under the direction of Miss Evelyn Smith. The discussion hour will follow the social hour.

Dean J. K. Shellenberger of Colner college will lead the group in a discussion of the subject "What is Success?" Dean Shellenberger is professor of sociology and philosophy at Colner college.

The Sunday evening service of the church led by Dr. Hunt, will include a symposium on the question of world peace. Mrs. E. L. Hinman will discuss the problem from the viewpoint of a woman; Homer Kyle, assistant attorney general, from the point of view of an ex-service man, and Lloyd L. Pospishil from the view of the present student generation. The church choir will render special music.

Jaws of Ancient Mammoths to Be Shown at Museum

Two jaws from large mammoths are in preparation by the museum staff for exhibition. According to Mr. Schultz, in charge of the work, the specimens are the largest of which they have been able to find any record. One of the jaws, from Lincoln county, Nebraska, is from the mammoth archdiakodon. The other jaw is part of the skeleton of which the tusks are already displayed in the central hall of the museum as the largest set of tusks known. This specimen is from Atwood, Kas.

Both of the jaws are of an early type, a fact determined by the number of ridges in the teeth. They have ten ridges each, whereas the later species sometimes have as many as thirty. The ridges are caused by the constriction of the tooth, which appears to be made of plates of hard material alternating with softer layers. A mastodon jaw is also being cleaned and treated for display. It comes from a hill in Kansas, just across the Nebraska border, where a whole herd of the animals seems to have been buried at one time. All the skeletons from the hilltop appear to be those of young animals.

ENGINEERS ALUMS VISIT ON CAMPUS

Graduates of the college of engineering who visited the campus last week were Robert F. Cameron, M. E. '17, lubrication engineer for the Standard Oil company of Kentucky; Wilford C. Wiggins, C. E. '22; Nathan M. Dodd, E. E. '25, and Fred Chase, M. E. '28.

To Go to Washington

Dean G. E. Condra, Frank G. Hays, and E. Nieschmidt, of the Conservation and Soils division of the university, will attend the convention of the National Soil Survey association, Nov. 18 and 19, at Washington, D. C.

Dean Condra is a past president of the organization, and Mr. Hays is chairman of its committee on soil correlation. Mr. Nieschmidt will speak on "Soil Survey Work in Russia."

BETROTHAL OF STUDENTS REVEALED

MISS AILEEN McMONIES.
Of interest on the campus is the betrothal of Aileen McMonies, Lyons, to George Koster, Lincoln. Miss McMonies is a member of Alpha Phi and Mr. Koster, Sigma Alpha Epsilon, is actively identified with the varsity football squad.

MISS MINNIE NEMECHK.
Miss Minnie Nemechek, Humboldt, has informally made known her engagement to Wendell Groth, Lincoln, at the Phi Mu house. Miss Nemechek is very active in college circles, being treasurer of Mortar Board, vice president of the Y. W. C. A. and a member of the student council. Mr. Groth is affiliated with the Acacia fraternity and at present is doing field service for the Y. M. C. A.

DR. BRUMBAUGH TO SPEAK HERE TODAY

Methodist Foreign Worker Will Discuss Christian Progress in Japan.

Dr. Thoburn Taylor Brumbaugh, director of the Wesley foundation in Japan, will spend the week end on the campus as a guest speaker of the Wesley foundation. Dr. Brumbaugh is recognized as an outstanding educational evangelist throughout Japan. He was educated at Ohio Wesleyan and Boston universities.

He served in the United States army during the World war, seeing service in France and Belgium. In 1923-24 he was the Methodist student pastor at Harvard. He began his work in the Wesley foundation field at Sapporo, Japan, at the educational center of government university and high schools, in 1927, after serving as a missionary and attending a Japanese college several years previous.

Speaks Sunday.
Dr. Brumbaugh's schedule for Sunday is as follows: University class, Warren M. E. church, 10 a. m., morning worship; address, Epworth M. E., 11 a. m.

Methodist student council will be host to the student volunteers, the Cosmopolitan club and others who are interested in meeting Dr. Brumbaugh, at the Wesley foundation parsonage, from 3:30 to 5 o'clock Sunday afternoon. He will speak informally on Japan, and will answer any questions regarding the student work as he has seen it in Japan.

Berenice Hoffman, president of the council, assisted by representatives from each church in the council, will receive the guests who care to meet Dr. Brumbaugh at that time.

To Talk at St. Paul.
Dr. Brumbaugh will address the Epworth league Sunday evening at St. Paul M. E. church, Twelfth and M streets, at 8:30. At 7:30 he will deliver an Armistice day address at Trinity M. E. church, at Sixteenth and A streets.

The Methodist students are interested in the coming of Dr. Brumbaugh because he is making a visit of seventy universities with the idea of creating a spirit of international goodwill between students of Japan and America.

Phi Tau Theta, the Methodist men's group, has kept in touch with Japan through a small investment that has made possible an extension of the student work in Japan.

IOWA 4-H BOYS CAPTURE PRIZES AT AK-SAR-BEN

AMES, Ia.—Iowa 4-H club members who exhibited fat barrows at the Ak-Sar-Ben livestock show in Omaha won four firsts, two seconds and one fourth in various breed classes, according to a telegram received here from John S. Quist, agent in club work of the extension service, Iowa State college.

Clark Vannata, Fremont county, won first and second in the light Hampshire fat barrow class, and Virginia Mackay, also of Fremont, won first and fourth on heavy barrows of the same breed. Clarence Stammer, Crawford, won first and second on his Chester White barrows. Harold Maesler, Carroll county, won first in the class for light Poland Chinas.

Mr. Quist is superintendent of the 4-H swine show at the Ak-Sar-Ben.

Rudge & Guenzel Co.

FIGURES BY AGRICULTURAL COLLEGE INDICATE FARMS ATTRACT MORE GRADUATES THAN ANY OTHER VOCATION.

(Continued from Page 1.)
teaching profession is a close second with 150 entering that field.

25 Women Dietitians.
Twenty-five girls have become dietitians and approximately the same number are assistant county agents. Two women graduates have gone into each of the research and nutritional fields, seven are either managing or assisting in the management of cafeterias, and 19 are classified as being miscellaneous.

During the eleven year period 37 more women have graduated than men, although present enrollment indicates that the figures will soon be reversed. According to records in the office of Dean W. W. Burr freshmen men students outnumber women by 55 while the entire college enrollment indicates a difference of 89 between the sexes, men leading.

Many Women in Extension.
A rather surprising fact was brought out, Mr. Doubit showed, when it was discovered that there are nearly as many women going into county extension work as men. The figures are 29 men and 24 women. The new Capper-

Ketchum bill is largely responsible for this, it was explained, many positions for women being opened, he said.
