LIGHT PRACTICE HELD THURSDAY

Nebraska Perfects Defense Against Missouri Tactics in Last Session Before Game Saturday; Long Probably Out With Bad Jaw.

"RED" YOUNG IS SLATED FOR GAME CAPTAIN

Norfolk Flash Will Pilot Biblemen in Homecoming Clash; Bengals Board Train for Lincoln Thursday; Take to Field Here Today.

A light signal drill and dummy practice Thursday night comprised the Cornhusker's last workout before the Missouri tilt Saturday. Time was spent in perfecting a defense against the Tiger plays as used by the Nubbins.

Buster Long, still nursing an infected jaw received last week against Kansas, was not in suit last night, and it is highly improbable that he will see any action this week.

Red Young is slated to act as game captain against Missouri.

FRESHMEN WILL TAKE TRAIN FOR MISSOURI TODAY

Husker Yearlings to Mix With Bengals Saturday At Columbia.

WINDUP THIS AFTERNOON

30 to Take Trip; 11 Held Back by Grades, Other Reasons.

BY CLIFF F. SANDAHL. Determined to make a name for the Scarlet and Cream in their

first trip "abroad," thirty University of Nebraska freshmen will board a Missouri Pacific train at 5:30 p. m. Friday, bound for Columbia, Mo., to partake in a little gridiron fest with the University of Missouri yearlings.

The Husker freshmen, under the tutelage of their coach, Harold Browne, will wind up their week's preparation for the big tilt Friday afternoon on the home field. Only some of the fundamentals essential to the proper conduct of a football team in action will be given the players at that time.

Thursday Workout. Thursday afternoon was spent in a good deal of offensive and defensive work. Several squads were used, as in the past, in testing out their relative strengths. Just who will get to start at Columbia is settled fairly well as regards some of the positions, while the others remain in the shade.

From present indications at least five of Coach Browne's former Lincoln high pupils will be on the Missouri sod for the kickoff Saturday afternoon, with the possibility of two more Lincolnites having the privilege. The lineup, as stated by Browne may look something like this:

Possible Lineup.
Kilbourne, Lincoln, left end; Schmitt, Lincoln, left tackle; Bishop, Lincoln, left guard; Jones, of Omaha, center; DeBus, Belleville, Kas., right guard; O'Brien, Omaha right tackle; Armstrong, Lincoln, or Wolcott, Cheyenne, Wyo., right end; Bauer, Lincoln, or Norwood, York, quarterback; Masterson, of Lincoln, halfback; Boswell, Ravenna, or Overstreet, Scottsbluff, at right halfback; Sauer, Lincoln, at fullback.

to go on the trip, eight of whom could not convince their "pr-fa" about the importance of the contest over scholarship, two others who can't leave because of injuries, and the eleventh who is too busy with his outside work to be able to get away.

Kept Out.
Among those refused admittance to Missouri on account of "grades" include Murray, Omaha;

Austin, Lincoln; Owen, Crawford, Mostiman, Falls City; Vlasak, Prague; Rosswick, Grand Island; Scott, College View; Raish, Grand Island. The two injured lads are Bob Elliott, Omaha, who has a bad knee, and Ken White, Kimball, whose ankle is still out of shape. Dale Clark, Vista, is the boy who couldn't leave his work.

Welcome Old Timers

Home coming is a great day to our way of thinking—all the old faces popping in to say hello... the men we've enjoyed serving and the memories we've had doing it... It is a real treat for us and if the classes of 1912, 1921, 1932 differ on what to wear... they agree at least on where to get it.

To a great celebration!

Entrained Thursday.
Missouri entrained for Lincoln Thursday afternoon, and will take a short workout in Memorial stadium Friday afternoon.

The Tigers are in good physical shape. Coach Henry took precaution this week to make sure that no men were injured in any of the practice sessions.

They made 36 wires grow where only one grew before

"No product or process is ever beyond improvement," say Western Electric manufacturing engineers. For example, see what they did with telephone cable... Through

Yesterday, the 100 wire cable—today the 3636. Development work goes steadily forward.

years of patient trial they advanced from a crude 100 wire cable to one only slightly larger which contained 2424 wires—until recently the biggest cable that could be laid in existing conduits... Still further effort produced the 3636 wire cable of exactly the same diameter as the 2424! Thus they have met the challenge of limited space in crowded cable ducts and have supplied facilities for constantly greater use of the telephone... There's a real thrill in this habit of seeking and finding the new and better way!

Absorbing work plus out-of-hours recreation—both are found at Western Electric.
