'RACES OF CENTURY' WILL FEATURE A.A.U. TRACK MEET JULY 4

Wykoff, Tolan, Leland and Bracey Will Appear in 100-Yard Dash.

Conger, Putnam, Hill and Dawson Among Those Striving for Honors.

Two events which stand out as "races of the century" when the national A. A. U. track and field championships are hold at the University of Nebraska Memorial stadium, July 3 and 4, are the i00yard dash and the mile run.

In the century, which will carry with it the national sprint championship, will be such runners as Frank Wykoff, national collegiate champion, and Olympic squad member who is seeking recognition for a world record of 9 4-10 seconds; Eddie Tolan, world recordholder and national champion; Cy Leland and Frank Bracey, Olympic sprinters; Karl Wildermuth, former national champion and world indoor recordholder.

Others who will be at the marks for the 100-yard classic include Emmett Toppino, southern intercollegiate champion; Smokey Joe Medel, North Central champion; Joe Klaner and Ralph Sickel, Big Six conference champion; Payson Glass, Missouri Valley conference champion, and possibly Percy Williams. Olympic champion.

The field for the mile run is even more attractive with the event figured to bring world record or near record time.

Entries already have been received from the first four finishers in the National Collegiate meet at Chicago - Ray Putnam of Iowa State, national collegiate champion: Ralph Hill of Oregon, intercollegiate recordholder with a mark of 4 minutes 12 4-10 seconds; Glenn Dawson of Oklahoma, Big Six champion; Ray Pearson of North Dakota, North Central conference champion.

Added to this quartet is the great Ray Conger, national champion; Leo Lermond, who scored for Uncle Sam in the Olympic games; George Lermond, former West Point miler; Sid Robinson, crack Indiana runner; Carl Coan, University of Pennsylvania ace and winner of the Baxter mile in 4:13.

Late entries of interest to Nebraskans include Max Egbert of Benson high, Nebraska high school shot put champion, and Harry Lewis, former Omaha Tech high jumper. Lewis holds the Nebraska interscholastic record at 6 feet 2 inhoes and is said to be clearing 6 feet 7 in practice this summer.

Lewis will not lack for competition in the high jump event as Harold Osborn, world recordholder: Anton Burg, national champion; and Joe Spitz, world indoor

recordholder, will be in the event.

The work of installing the equipment for lighting the stadium for the Saturday night meet is in progress and will be completed by the end of the week.

Weslevan Dean Gets Post in New Mexico

Dean H. C. Gossard, who was director of personnel work and instructor in education at Nebraska Wesleyan university, has accepted the presidency of the New Mexico normal university, succeeding President Frank Carroon. Mr. Gossard came to Wesleyan in 1927 from the University of Wyoming at Laramie.

CUSTODIANS REGISTER FOR ONE-WEEK COURSE

Special Group to Study Care Of School Plants; Study Begins Today.

Registration for the special one week course on operation and care of school plants will be held at 9 o'clock Monday morning, June 22. in the auditorium of Social Sciences building. The course, for which no credit is given, is open only to those who are supervising or operating school plants.

"School administrators have long since begun to appreciate the necessity of having properly qualified men in charge of the care and operation of buildings," stated Prof. A. A. Reed, director of ex-tension division. "The health, "The health, safety and morals of children are involved as well as the efficiency of instruction. It is in recognition of this need of better training for those who take care of school buildings that the new course has been devised."

The course will combine theory and practice. Emphasis will be

placed upon the content and pro-cedures in different phases of heating and ventilation, maintenance and sanitation. Other phases which will be considered include safety and fire protection, selection and purchase of janitor supplies and care and repair of school furni-

Dr. Charles Reeves, author of outstanding expert in school building maintenance, will be one of the speakers during the session. Others will include Dr. H. H. Linn, assistant superintendent in charge of business affairs in the operation of school buildings at Muskegon, Mich.; R. R. Park, assistant superintendent of the operation and maintenance of the Lincoln public
