## PREVIOUS RECORDS ARE SURPASSED AT FRIDAY NIGHT STUDENT PARTY

Six Hundred Attend Third Mixer of Season to Set New High.

Sports Picnic Will Be Held At Agricultural College July 10.

The sports picnic and dance originally announced for next Friday will not be held until a week later, July 10, on account of the A. A. U. games and students going home to spend the Fourth. Details of this affair will be published in later issues of The Summer Nebraskan.

Raising their own record of a week ago and shoving all previous tabulations into comparative oblivion an unprecedented number of 600 summer session students attended the third all-university dance held at the coliseum last Friday evening.

Two weeks ago when a total approximating 500 summer school students attended the second party sponsored by the Student Executive committee those in charge were highly pleased. An all time record, they said, had been set, and the attendance merited use of the coliseum for another party. That all time record has now been overshadowed by another one, far more imposing.

"Exceedingly gratified am I to see this continued co-operation on the part of summer students," Professor Lantz has commented. "It is an indication that they are by no means as blind to the advantages of wholesome recreation as some people might have us believe. (Continued on Page 3.)"
