

SIX MILE PARADE IS PLANNED BY LEGION

Gigantic Spectacle Will Begin at 9:30 O'Clock Friday Morning.

With the line of march for the gigantic parade which will be held in connection with the American Legion's spectacle, the "Siege of 1918" definitely decided, arrangements for the show are rapidly nearing completion.

Some difficulty was encountered in deciding upon the routing which the parade would have. Officials in charge of the show were at a loss to route the parade due to the length and the great number of floats. It is estimated that the parade will be more than six miles long and that the first floats will be disbanding at the end of the march as the last float commences their journey.

Headed by American Legion, city and state officials the parade will start at Fifteenth and N streets at 9:30 o'clock Friday morning, July 3 and will proceed west to Fourteenth and N thence south to L, thence west on L to Thirteenth, north on Thirteenth to O, west on O to Ninth, north on Ninth to P, east on P to Fourteenth, thence north to Q returning west to Thirteenth, south to O and straight east on O street to Nineteenth where the parade will be disbanded.

It is estimated at "Siege of 1918" headquarters that the parade will continue most of the morning hours. Local police officers have indicated their willingness to assist in the production of this spectacle, a like production of which has never been seen in Lincoln.

Thousands of people are expected to witness the parade from sidewalks, office and store building windows and from parked automobiles. It will be necessary for all traffic in the downtown section to be curbed during the time that the parade will be held.

The schedule for the formation of the parade has also been formulated by the "Siege of 1918" headquarters and by division commanders. From Fourteenth to Sixteenth streets and from K to N will be roped off during the morning which will facilitate and expedite the formation of each section.

Division one under Trev Gilispie will form on Fifteenth street between K and N; division two under Adjutant General Paul will form on the north side of M street, east of Fifteenth; division three will form on the north side of M street west of Fifteenth; divisions four and six, under Richard Faulkner and John Curtis will form on the south side of M street on the east and west sides of Fifteenth street, respectively.

Division five has been allotted the north side of L street, east of Fifteenth. Nathan Gold is in charge of this division. Division seven, under Clifford Cunningham has the south side of the same street and divisions eight and nine, under Claude Gillette and Dean Burr, have been given the west side of L street from Fifteenth as their assembling ground.

This section of the city is expected to be a beehive of industry long before daylight. Hundreds of entries in the parade will have their floats ready for the long

march many hours in advance. The children with their many pets and dogs, are especially interested in the parade and will probably be at the place of formation hours before the parade actually starts.

Al DuTeau, general chairman of the parade will meet with his general committee Friday noon at the Cornhusker hotel when a detailed list of entries will be made public. DeTeau explained that all are requested to enter some kind of a representation in the pageant and that no entry fee of any nature is expected.

500 ATHLETES SWARM TOWARD LINCOLN FOR A.A.U. CHAMPIONSHIPS

(Continued from Page 1.) meet therefore will have an opportunity to see a feature picture being filmed. The crowd will be asked to co-operate during the staging of a comedy race between Brown and the fleet Frank Wyk-off.

The Illinois Athletic club team which will include Ray Conger, Harold Osborn, Anton Burg and other stars will reach Lincoln Wednesday or Thursday. The New York A. C. team also is due in Thursday, nearly forty men making the trip from New York city for the big meet.

PREVIOUS RECORDS ARE SURPASSED AT FRIDAY NIGHT STUDENT PARTY

(Continued from Page 1.) The attendance is an amplification of the truly progressive spirit which characterizes teaching staffs in high schools of our state.

Following the function members of the Student Executive committee were quick to express their appreciation of the student response. As a group they had the following comment to make:

"We have only the highest of compliments to offer summer students for their co-operation—not only in the matter of attendance but for the manner in which they entered into the spirit of the party. Their response to our organized circle and mixer dances was genuine and enthusiastic and it is this spirit which is making our parties a success. After our sports picnic on July 10 we again intend to use the roomy, well ventilated colesium for another all student party."

As a high spot of Friday's entertainment a tap dance duo, Roberta Wahrman and Ross McConaway, from the Marrow New York School of Dancing, was presented. This feature was given during intermission and at other times various novelties by the orchestra furnished variety for the evening's program.

N. S. T. A. CONVENTION SPEAKERS ANNOUNCED

(Continued from Page 1.) meeting time next fall. District presidents are working toward completion of the convention plans and they have announced that if any members of the association have a speaker in mind whom they would like to have secured, they should write the state secretary who will attempt to make arrangements.

The speaking list as it now stands, a few vacancies existing, follows:

Miss Laura Zirbes, expert in elementary and primary education, University of Ohio; Charl Williams, field representative of the National Education association; John W. Cooper, United States representative of education; G. W. Strayer, professor of school administration, Columbia university; Mattie Moore Mitchell, dean of women, Teachers college, at Pittsburgh, Kas.; E. W. Butterfield, state commissioner of education, Connecticut.

J. W. Rogers, president of the National Physical Education association; Nellie Lee Holt, professor of religious education, Stephens college, Columbia, Mo.; Ruth Bryan Owen, daughter of the late William Jennings Bryan; Thomas Skale, Austrian soldier, playwright and author.

Prof. C. A. Fullerton, Iowa State Teachers college; Miss Frances Zuill, professor of home economics, University of Iowa; Dr. Griffith Taylor, department of geography, University of Chicago; Grace Greeves Truax, rural school lecturer; L. W. Brooks, director of secondary education, Wichita; Dr. G. W. Shepherd, director of education and co-operation, University of Oklahoma.

Presidents of the six Nebraska districts of the Nebraska State Teachers association will have charge of the programs in their respective sections with the aid of district members of the executive committee. District presidents and committeemen follow:

evening at Antelope park. Playground ball and other games were played and a picnic lunch was served.

Another picnic will probably be held within the next two or three weeks, according to Rev. Henry Erek, student pastor. Plans for the next event will be announced the latter part of the week.

Personal Phonograph Records

Now you can make records of your playing, singing or speaking as easily as you talk into the telephone. The studio is private and sound proof and the microphone is like those used in radio broadcasting. Your own standard phonograph plays the record the moment you have finished. They are permanent, non-breakable and can be mailed anywhere.
