

HUSKERS DEVOTE MONDAY SESSION TO K. U. STRIFE

Only One Man, Kilbourne, On Sick List Before Homecoming Tilt.

KREIZINGER IN SUIT

Bible Predicts Jayhawkers Hard to Beat, Despite Defeat by Aggies.

The Nebraska Varsity continued Monday afternoon its preparation for the Kansas Jayhawk battle on homecoming. In games so far this season Kansas has had a little hard luck, but they always play one of the best games of the season against the Huskers and the results will be hard to forecast.

The Cornhuskers will be in full strength for Saturday's tilt, having only one man on the sick list. Bruce Kilbourne has been at home with an infected tooth and bad tonsils, but Kreizinger, who was injured in the Oklahoma game will be back in the game fully recovered.

The first string really showed their worth in the varsity-freshman game last Saturday, scoring two touchdowns at leisure in the fourth period of the game, after the second team had been held scoreless for two quarters.

According to Coach Bible, who coached the K. U.-Kansas Aggie game Saturday the Jayhawkers have a very strong team and will be hard to beat. "The Jayhawkers didn't seem to get going against the Aggies but when they do they will certainly give any team a good fight," Bible added.

Kansas Line Heavier.

Kansas has a heavier line than Nebraska and the Huskers may have to take to the air as did the Kansas Aggies. Only once did the Aggies make a first down with ease through the K. U. line which centers around three veterans.

The last game Kansas won from

205 Pound Tackle

EARL FOY - TACKLE

A tough spot in the University of Kansas line this season is Earl Foy, 205 pound veteran right tackle. Foy's home is Hutchinson, Kas. He is playing his third year of varsity football for Kansas and has also lettered in track in which sport he puts the shot and throws the discus. Foy is having a good year this season and his play is expected to be a big factor in the K. U. offense and defense.

Nebraska was in 1916. Since then there have been two ties, one in 1920 when the Jayhawkers held them 20 to 20 and again three years later a scoreless tie was the result. All in all Nebraska has won 26 games, lost 9 and tied 2 with Kansas.

A crowd of nearly 20,000 is expected to attend the homecoming feature next Saturday. Many alumni will be back.

W. D. A. F., the station of the Kansas City Star, will broadcast the game, this being the big game in the conference this week end.

Varsity Scrimmages.

Two varsity teams spent an hour in hard scrimmage against the nubbins, besides a little dummy practice on plays that didn't work so well against the freshmen last Saturday.

The same lineup, with the exception of Kreizinger, who is replacing Boswell, that started Saturday, constituted the first string in last night's practice.

Denver Man Interviews

Two Nebraska Teachers Prof. E. G. Plovman, director of research and extension at the University of Denver, interviewed Dean J. E. LeRoussignol and Prof. T. Bruce Robb of the college of business administration for the purpose of obtaining greater coordination among western universities in business research.

AGGIE WIN FEATURES SATURDAY CONTESTS

Review Shows Kansas State In Race With Huskers for Championship.

COLORADO TAKES MIZZOU

Victory of Kansas Aggies over the University of Kansas was the feature in the Big Six last week. Displaying a powerful offense and defense, the Aggies pushed over two touchdowns while holding the Jayhawkers scoreless to win 13 to 0.

The Kansas Aggie win was not as much an upset as first thought when one takes into consideration the one sided triumph of the Aggies over Missouri and the defeat of Kansas by the Haskell Indians. The win Saturday places the Aggies at the top of the Big Six together with Nebraska, and names the Kansas State team as the one which must be defeated for the conference championship.

Claude Blanton of Texas proved the deciding factor in the Longhorns' 3 to 0 victory over Oklahoma. Blanton was sent in for one play in the final period and booted the goal which proved to be the deciding factor in the close contest. The Sooners, immediately after the kick, threw passes on nearly every play, but the Longhorn defense stopped any scoring along that line.

Missouri traveled out to Boulder only to drop a close contest with the University of Colorado 7 to 9. The Tigers' running attack was completely checked by the Silver and Gold eleven and Missouri took to the air to make her touchdown and extra point. The defeat Saturday was the second suffered by Missouri at the hands of Colorado.

The Kansas-Nebraska and Oklahoma-Kansas Aggie games will hold the spotlight as every Big Six team goes into action in conference competition this Saturday. The four most powerful teams in the league will meet to give fans an idea as to the probable result of the race.

Taking past performances into account, Nebraska holds the edge over Kansas altho the Jayhawkers are represented by a team that is thought not as yet to have shown its true power. Kansas has one of the largest teams in conference history and the homecoming game for Nebraska will be a tough one.

Oklahoma has already lost two games this year, and with the strength shown by Kansas Aggies in their win Saturday should go down before the powerful attack of the Aggies. The Sooners, however, stand a good chance of upsetting the dope bucket.

Missouri, with a fairly strong team, should have little difficulty winning from Iowa State. The Cyclones to date have shown nothing which could be used to keep them from the cellar position again.

CUNNINGHAM RESIGNS ARTS GROUP POSITION

Prof. H. F. Cunningham announced yesterday his withdrawal from the administrative committee of the school of fine arts.

Back in K. U. Line

FRANK PETE BAUSCH

The University of Kansas first string center this season is Frank "Pete" Bausch, 200 pounder, from Wichita. Bausch lettered at center for Kansas in 1929, but was out of competition last season because of injury. He was named as all-conference second team center in 1929 and is fitting in nicely at center in the vacancy left by graduation of Charles Smoot, all-Big Six center last year.

THE CLOTHES LINE

A New Clothes Line Every Day—that's our motto. There, there, don't be alarmed—we mean to say every Sunday. (Of course, if you just insist.) Yes, every Sunday and we don't care what the neighbors think.

And what's going to hang on the Clothes Line? Now, please, no insinuating remarks, for blushing isn't the best thing we do. Well, we plan to cover a lot of territory—everything from hats to heels. What the well-dressed coed wears on the campus. Tricky attire we see in the shops. How to have the wardrobe you think you need without bringing papa to complete financial ruin. Different personality types around school and the clothes they select. How to determine your personality type and dress up to it. Now doesn't that sound alluring? Yes, it doesn't. And that's only a sample.

To begin with let's be general. Someone told us it pays to be particular, but we don't believe everything we hear, do you? Anyhow let's be general and discuss broad topics like silhouette (well, some of 'em are broad) color, and materials.

The smart figure to cut this season is a Roman numeral V. In other words look as much as possible like an inverted pyramid. Broad shoulders, trim waist, slender hips. Once you've made your shoulders appear broad, half the battle's won, for the rest of you just naturally tapers. There are numerous ways to achieve this broad-shouldered effect. You might steal the shoulder pads from the boy friend's football uniform.

Or if you think he might miss 'em you can resort to any number of diverting devices. Go in for collars folded to strike out beyond the shoulders, or yokes and sleeve-tops in sharp contrast to the rest of the dress, or sleeves raglan or slightly leg o' mutton.

So much for silhouette. When it comes to color the palette is yours. Help yourself. Only use discretion. Avoid the obvious greens and yellows and reds of past seasons. Appear in the strange new yellow-greens, the geranium reds, the mustard yellows. And of course the omnipresent black and brown.

Be radical about materials this season, if you would be fashion-wise. If they are rough they must be very rough, if smooth extremely smooth. This accounts for the popularity of fabrics as widely different as rough woolsens and shiny satins. Among the woolsens there are clever mesh weaves and diagonals that look extremely smart.

If there is any information about fashions that you are seeking, just write to The Clothesline. We won't be able to tell you anything, but we do love to get letters. Be sure to enclose a stamped, self-addressed envelope. We collect stamps.

Pi Mu Epsilon Announces Meeting Tuesday at 7:30

Pi Mu Epsilon, honorary math society, will hold a meeting Tuesday evening at 7:30 in M 305. Prof. Gaba will speak on Probability, and Hubert Arnold will speak on Geometry. Everyone who expects to attend is asked to sign his name on the paper posted on the bulletin board in AM building.

NEBRASKA STUDENT WINS DAIRY HONORS

Cleo Hoy Has Grand Prize Guernsey at St. Louis National Show.

Cleo Hoy of Lincoln, student in the University teachers college high school, had the grand champion Guernsey heifer at the national dairy show in St. Louis Friday. The heifer competed with the best Guernseys in the world. This is the first time, dairymen say, that a 4-H club member has ever won a purple ribbon in the open classes at the premier dairy show of the world.

Cleo went to St. Louis last Saturday to show his heifer in the 4-H club contests Monday and Tuesday but came back home Wednesday, leaving the heifer in the care of O. H. Liebers and the herdsmen with the sixteen Nebraska 4-H club entries. Cleo showed the heifer to first place in the 4-H division of the show and also helped the other Nebraska entries win first as a Guernsey group.

Cleo is a member of the Jaymaea dairy calf club led by Guy Talbot. He showed his calf at the state fair and has been active in other parts of the program in his club. The outstanding winning at St. Louis heads up a fine record for the Nebraska dairy club members. L. I. Frisbie, state club leader says. The Cornhusker entries, sixteen in number, are bringing home more premiums in the 4-H club division per animal entered than those of any other state in the union. The sixteen calves won a total of over \$500 in cash awards in addition to the placings in the open class.

ENGINEER FACULTY MEETS

Three Conferences Arranged On Teaching; Worcester To Lead Discussion.

University instructors of engineering have arranged for three conferences upon the subject of teaching. The conference leader will be Prof. D. A. Worcester, professor of educational psychology. The meetings, which will be held in Mechanical Engineering building 204, are designed to assist instructors in the organization and presentation of their work, both in laboratory and recitation. Attention will also be given examination methods and results. The first conference will occur at 5 o'clock Monday evening, Oct. 19; the subject—"Process of Learning." Other conferences will be held Oct. 26 and Nov. 2.

After all, it's a Townsend photograph that you want.

Jayhawk Guard

ERNEST CASINI - GUARD

A new man in the University of Kansas line this season is Ernest Casini of Jeanette, Pa., who has been starting at left guard in the three opening games. He weighs 178 pounds and his play has already shown he will be a valuable cog in the K. U. line as he gathers experience.

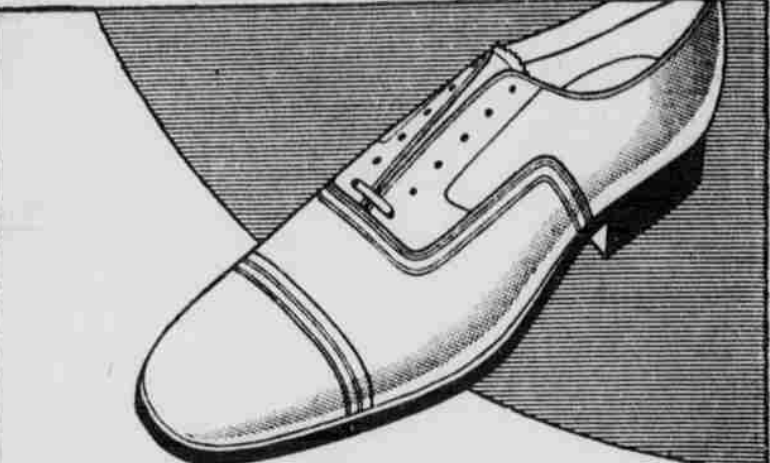

'UNKNOWN WARRIOR' PRESENTED NOV. 14

University Players Sponsor Bringing Play Here Next Month.

"The Unknown Warrior," a play which has been presented with signal success in London, Vienna, Paris, Berlin, and Stockholm, will be brought to Lincoln audiences on Nov. 14, under the auspices of the University Players.

Maurice Brown, who plays the stellar role, is the founder of the little theater movement in America, the discoverer and producer of "Journey's End," and the owner of two prominent theaters in London. With but one exception, the original cast which put on the play for the first time in London will present "The Unknown Warrior" in Lincoln.

Mr. Brown's purpose in taking the play on the road is a gesture of gratitude to the little theater movement in the United States, which, he says, has taught him all he knows. Mr. Brown is a personal friend of Miss H. Alice Howell, director of the University Players.
